for the residue of his term ending on the 30th June, 1981 under Section 24-A (3) (v) of the University Act.

6. The Faculty considered the following proposal moved by Prof. M. C. Jain Kagzi Dean, in the meeting of the Faculty itself:

"Prof. Shiv Dayal of Chandigarh was appointed as member of the B.O.S. in Law by the Faculty of Law, dated the 29th October, 1977. Since his appointment as a member of the Board, he seldom could find time to attend the meeting of the body. Now it is learnt that he has left for Lusaka (Zambia) for two years, and is not likely to return before the expiry of his present term. Under the circumstances, it is felt that in order to ensure the help and advice of an external member of the Board, another person should be appointed for the residue of his term. 7. The Faculty considered, the following proposal moved by Dr. S.N. Dhyani in the meeting itself :

"In view of unprecedented admissions at LL.M. level at Jaipur, LL.M. classes may be opened at Ajmer to reduce such a great rush at Jaipur, as the Government College, Ajmer is one of the old and best Colleges in the State and it would neither violate the rules nor would it lower academic standard. The number of seats should, however, be limited.."

Resolved to recommend that the request whenever received for opening of LL M classes at Government College, Ajmer be considered on merit consistent to the need and the academic standards in this regard

8 The Faculty considered a proposal moved in the meeting itself for enlisting the co-operation of the Faculty members of sister universities in the state of Rajasthan for co-ordinating the course contents for various law examinations.

Resolved that the following persons *be invited* as special invitees to attend the meeting of the B O S in Law till the present term of the B O S. in Law extends.

ESTABLISHMENT SECTION

Section-'A'

(2) With reference to Syndicate Resolution No. 39 dated 16th/17th December, 1979 followed by its subsequent Resolution No. 19 dated 12.1.1980, the Registrar reported that (i) the case could not be taken up for hearing on the 16th January, 1980 for which day the case was listed as the petitioner sought for its adjournment for a forth night, (ii) the University Legal Advisor has intimated that the Hon'ble Judges made an observation to the effect that inspite of the fact that no stay orders have been issued by the Division Bench of the High Court, the University is not taking any steps to place the recommendations of the selection Committee before the Syndicate as required under the Act of 1974.

The Syndicate, therefore, considered the whole matter including whether the recommendations of the Selection Committee be considered by the Syndicate under the circumstances.

Having considered the matter, the Syndicate decided that the recommendations dated 12.8.1979 of the Selection Committee for the post of Reader in Accountancy and Business Statistics be considered.

Resolved that the aforesaid recommendations of the Selection Committee be approved (Vide Appendix-II).

Resolved further that the letters of appointment be issued immediately.

N.B.—Dr. H.C. Bhartiya gave a note of dissent (Vide appendix-III).

(3) The Syndicate considered the recommendations of the Selection Committee (constituted under Section 4 of the Rajasthan Universities Teachers and Officers-Special condition of service Act) for the following posts which met on the dates mentioned against each :

S.No.	Name of the Post	Date	Appendix No.
1.	Reader in Hindi	7.2.1980	IV
2.	Reader in Philosophy and Reader in Indian Philosophy (Special Assistance Programme in Philosophy)	9.2.1980	V
3.	Lecturers in Philosophy and Lecturer in Philosophy of Law/Philosophy of Science (For special Assistance Programme in Philosophy).	9.2.1980	VI

Resolved that (i) the aforesaid recommendations of the Selection Committee be approved, (ii) letters of appointment be issued to the persons concerned immediately and (iii) in case of persons recommended for appointment against temporary vacancies, the letters of appointment may bear this condition clearly outlined.

(4) The Syndicate considered minimum qualifications to be prescribed for the post of Assistant Press Manager in the pay scale of Rs. 750-30-1020-40-1300-50-1350 for the University Press as suggested by the C.R. Pareek Committee appointed by the Vice-Chancellor.

Resolved that the following qualifications be prescribed for the

post of Assistant Press Manager in the University Press :

1. Diploma in Printing Technology from a recognised Institute with Bachelor's Degree from a recognised University.
2. Atleast 10 years experience of having worked in a managerial capacity in a reputed printing press with substantial strength of workers.

Resolved further that amendments to O.359 of the University Hand-Book Part-II incorporating the aforesaid qualifications be brought before the Syndicate at its next meeting.

(5) With reference to its earlier Resolution No. 13, dated 12.1.80, the Syndicate considered a letter dated 10.2.1980 received from the Professor Iqbal Narain requesting for being allowed leave for a period of three years with retrospective effect from January 2, 1980 from the post of Professor in the Department of Political Science to enable him to join as Vice-Chancellor of the University of Rajasthan (*Vide Appendix-VII*).

Resolved that-(i) Professor Iqbal Narain be granted leave for a period of three years with effect from January 2, 1980, and (ii) as ordered by the Chancellor his lien on the post of professor in the Department of Political Science be retained as already resolved vide aforesaid Syndicate resolution No. 13, dated 12.1.1980.

A & F SECTION

Section-'A'

(6) The Registrar reported orders dated 24.1.80 passed by the Vice-Chancellor to the effect that the University has taken a loan of Rs. 8,28,888/- for advancing money @ Rs. 15% interest to the employees for getting themselves registered in the Housing Board for allotment of House and for submitting applications to the U.I.T. for allotment of land.

In this connection the Registrar reported that the University had no funds for advancing the loan and the last date for submission of the application was 30th January, 1980. The Vice-Chancellor had, therefore, to take action under his emergency powers vested in him under Section 13(4) (a) of the Rajasthan University Act to take advance from the Banks @15% interest. This interest will be payable

by the employees and thus there will be no financial liability on the University. The Total amount has to be taken as loan as the amendment of the Statute for advancing money out of University contribution to the employees for this purpose has not yet been cleared by the Senate and the Chancellor. As soon as this amendment is cleared, the amount available in the P.F. Account of each individual employee to the extent of 75% will be withdrawn and refunded to the Bank and the rest of the amount will be refunded to the Bank within one year as far as possible.

The Syndicate, therefore, considered the following resolution as required by the banks concerned under rules for the purpose :

“Resolved that the Registrar be authorised to take a Clean Advance amounting to Rs. 5.00 lacs from the Bank of Rajasthan Ltd., Bapunagar, Jaipur and of Rs. 6.00 lacs from the UCO Bank, Tonk Road, Jaipur for making further advances to the Staff members for getting themselves registered in the Rajasthan Housing Board for allotment of House and for submitting applications to the U.I.T. for allotment of lands on agreed terms and conditions.”

Resolved that-(i) the aforesaid orders passed by the Vice-Chancellor be confirmed, (ii) the Registrar's report be recorded and (iii) the aforesaid resolution as required by the banks be adopted.

NOTE OF DISSENT

10th February, '80

I totally disapprove of the recommendations of the Selection Committee for appointment of Readers in Accountancy and Business Statistics. I maintain that these recommendations should be quashed as they are invalid for the following reasons :

1. The constitution of the Selection Committee itself is illegal and irrational.
 - (a) One of the so called experts, namely Dr. Bishambhar Sahai, who retired as a Lecturer in the revised pay scale of Rs. 700-40-1100-50-1300-assessment-50-1600 from St. John's College, Agra, affiliated to the Agra University, and was working in supernumerary capacity in Meerut College as a retired teacher, was fraudulently nominated on the selection committee by falsely using the designation of 'Emeritus Professor (Commerce) Meerut University, Meerut. That is why his name had been deleted from panel of experts for 1979-80 on 6-10-79 by the Academic Council.
 - (b) Another so called expert Shri S. C. Chaudhary (who had given his consent without which the selection committee could not be constituted) was also fraudulently shown as 'Professor'. He was only a Lecturer in Allahabad for about 5 years, who joined Government of India in an administrative capacity in early forties. He is M.A. in Economics. His academic qualifications for Accountancy is B.Com. with his present assignment, he can at best be deemed to have knowledge of agricultural statistics.
 - (c) The third expert Shri M.C. Shukla is B.A., B.Com., Bar-at-Law. He holds no post-graduate degree in any branch of knowledge, what to talk of a research degree. He retired as a University Professor about 15 years ago, he is completely out of date even in his own field of specialization i.e. Business Organization and Commercial Law. He never had anything to do Commercial Law. He never had anything to do with Accountancy and Business Statistics beyond his B.Com. lessons. His name as a co-author of text-books like Advanced Accountancy and Cost Accountancy has been given by the curtesy of his

erstwhile colleagues. This fact he has publicly admitted in his lectures including those delivered at the University Commerce College prior to his retirement.

I am of the firm opinion that all these three 'honourable' men by no stretch of imagination could serve as experts in Accountancy and Business Statistics for any teaching posts, much less the post of readers where candidates with doctorate degree, published work of recognized merit, experience of guiding research and at least high second class M.Com. in Accountancy with considerable experience of teaching post-graduate classes were to be interviewed.

2. And to add insult to injury this invalidly constituted selection committee has acted illegally in so far as it has not adhered to section 5 (3) of the Rajasthan Universities Teachers and Officers (Special conditions of service) Act of 1974, which reads as follows : "Every Selection Committee shall be bound by the qualifications laid down in the relevant law of the University concerned for the post of a teacher or, as the case may be, of an officer." It is beyond my comprehension how Shri M.L. Oswal was called for interview and considered and recommended by the Selection Committee for appointment as a Reader. He does not hold a doctorate degree and does not have a day's experience of guiding research. He does not have outstanding published research work to his credit to make him eligible for relaxation in essential qualifications (a) and (d). Although he has been registered as a candidate for Ph.D. for about ten years and has changed his subject and supervisor, he has failed to complete his thesis till today.

Lastly, I strongly feel that all such persons who have been responsible for supplying false information should be subjected to appropriate deterrent action if the University at all wants to set minimum standards of morality and dignity. The constitution of such committees and approval of their recommendation will only unbridled manipulations, machinations and sinister designs which are going to destroy the University.

Case No. 8 & 9 :

The Committee considered the cases of use of Unfairmeans in respect of Shri Suresh Kumar Bagaria and Shri Swesh Kumar Chotiya, Roll Nos. 5112 and 5113 respectively of IInd year T.D.C. Commerce, whose case was reported by the Addl. Head Examiner in General English of Ist year T.D.C. Commerce, that he suspects that the two candidates (Roll Nos. 5112 and 5113) have made use of unfairmeans i.e. copied from each other.

Both the candidates were called for personal hearing on the 27.11.79. But, only Shri Swesh Kumar Bagaria, Roll No. 5112 was present before the Committee. After hearing Shri Bagaria, the Committee decided that the Centre Supdt. be requested to supply the seating chart of the room in which Roll Nos. 5112 and 5113 of IInd year Commerce were seated in the General English paper and also to ask the invigilator concerned who was on duty on that day in the said room, to appear before the Committee on 23.1.80. The centre supdt. sent the original Attendance Sheet of Gallery II in which Roll Nos. 5112 and 5113 were seated for their General English Paper examination. The Principal has informed that both the invigilators of this Gallery II had been transferred from his College. Therefore, the invigilators concerned could not be asked to appear before the Committee on 23.1.80.

The Committee, after considering the chart of seating arrangement and other records is convinced that both the candidates (Roll Nos. 5112 and 5113) of IInd year T.D.C. Commerce, are guilty of copying from each other. Therefore, the Committee has resolved to recommend that the present examination of both these candidates be cancelled and they be further debarred from appearing at any examination to be held in 1980.

PERSONAL HEARING 24.1.80.

Case No. 1 & 2 :

The Committee appointed by the Syndicate to consider the cases of use of unfairmeans in the examination by the candidate, considered the cases of the following two candidates of S.K. College, Sikar, whose cases were reported by the University flying squad:—

1. Shri Nathmal Jain, Roll No. 2276 of III & IV Comb. Semester (A.B.S.T.).
2. Shri Kanhaiya Lal Sharma, Roll No. 2268 of M.Com. III & IV Comb. Sem. (A.B.S.T.)

The brief history of these cases is as follows :—

The University flying squad found the answerbook of Roll No. 2276 on the desk of Roll No. 2268 along with his own answer-

book. When the leader of the flying squad tried to take in his possession the answerbook of Roll No. 2276, the candidate bearing Roll No. 2268 did not allow this and created scene in the Examination Room and snatched forcefully the answerbook, a portion of the answerbook remained in the hands of the leader of the flying squad. After this a great disturbance was created in and outside the Examination room and the members of the flying squad were manhandled

The Committee called both the candidates for personal hearing on 24.1.80, and the candidates were present. After hearing both the candidates and looking into the records, the Committee resolved to recommend that .--

1. Only the present examination be cancelled of Roll No. 2276.
2. The present examination of Roll No. 2268 be cancelled and he be further debarred from appearing at any examination to be held in 1980 and 1981.

Case No. 3 :

The case of use of unfair means adopted in the examination by Suwa Lal Jat, Roll No. 8456 of 1st year T.D.C. Commerce, was considered by the Committee appointed for this purpose by the Syndicate. The brief history of the case is as follows :—

The invigilator have reported that when the candidate was asked to show his Admission Card, he said that he did not bring the Admission Card and from his actions it seemed that he intends to run away from the centre. All this aroused suspicion that this is not the proper candidate. Hence, the invigilator reported the matter to the centre supdt. The centre supdt. has reported that when the matter was brought to his notice he immediately reached the Examination room with the Extra Addl Supdt. and had a talk with the candidate. He also called for the Exam. Application form to get the signature tallied. The signatures were different and this created suspicion. Since the student was regular, the centre supdt. tried to call the teachers who teach the class of the candidate in order to ascertain about the candidate. They did not recollect whether the boy was the same or another. The centre supdt. also asked the office to trace out the Admission Form which bears the Photograph. No sooner the Admission Form was made available, the boy ran away leaving the answer-book on the table in the Examination Hall.

The candidate was called for personal hearing on 24.1.80, and he was present before the Committee. The centre supdt. and the invigilators concerned were also requested to be present before the Committee on 24.1.80. The centre supdt. telegraphically informed that due to College Students Union Election on 24.1.80, they

can not attend the meeting on 24.1.80. Therefore, it may be postponed. But, as the candidate was present, he was heard.

After hearing the candidate, the committee has observed that it is a clear case of impersonation. The person, who impersonated, ran away and could not even be identified by the officials of the Exam. Centre (Govt. College, Sikar) : he could not, therefore, called for personal hearing before the unfairmeans Committee.

The Committee, however, is of the opinion that the impersonation was possible only with the connivance of the person impersonated, the candidate Shri Suwa Lal Jat (Roll No. 8456). As such the Committee recommends that according to Rules O.152 clause 4(i) (iv), the candidate, Shri Suwalal Jat, Roll No. 8456 Ist year Com., be disqualified from appearing or passing in any University Examination, for a period of three years including the present one, that is, his present exam. of 1979 be cancelled and he be further debarred from appearing at the two subsequent Exams. of 1980 and 1981.

Further the Committee is of the opinion that there has been a great lapse on the part of the Centre Supdt. in not being able to identify necessary action against him as per rules, rather he (the centre supdt.) allowed the person impersonating to run away, without being caught. The centre supdt. and the Invigilator's concerned were requested to come to Jaipur on 24.1.1980 and assist the Committee in its investigation but none of them could turn up. If the syndicate wants, it may take up necessary action as deemed fit.

Case No. 4 :

The case of use of unfairmeans adopted in the examination by Ramavatar Joshi, Roll No. 39399 of IIIrd year T.D.C. Arts, was considered by the Committee appointed for this purpose by the Syndicate. The brief history of the case is as follows :—

The centre supdt. has reported that on 4.6.79 in the noon-session some other person appeared for examination (Gen. English of Ist year T.D.C. Arts) in place of Roll No. 39399, when he was checked, he ran away and after two minutes the proper candidate came and appeared in the examination till the examination was over.

The candidate was given personal hearing on 24.1.80, and he was present before the Committee. The centre supdt. was also requested to be present before the Committee on 24.1.80, alongwith the invigilator concerned. But, they did not come.

After hearing the candidate, the Committee was observed that it is a clear case of impersonation. The person who impersonated, ran away and could not even be identified by the officials of the Exam. centre (Govt. College, Kota), he could not, therefore, be called for personal hearing before the Committee.

The Committee, however, is of the opinion that the impersonation was possible only with the connivance of the person impersonated the candidate Shri Ramavtar. As such the Committee recommends that according to rules O 152 clause 4(i) (iv), the candidate Shri Ramavtar (Roll No. 39399), be disqualified from appearing or passing in any University Exam. for a period of three years including the present one, that is, his present exam. of 1979 be cancelled and he be further debarred from appearing at the two subsequent Exams. of 1980 and 1981.

Further the Committee is of the opinion that there has been a great lapse on the part of the Centre Supdt in not being able to identify the person impersonating (or getting him identified) with a view to take necessary action against him as per Rules; rather he (the centre supdt) allowed the person impersonating to run away, without being caught. The Centre supdt. and the invigilators concerned were requested to come to Jaipur on 24.1.1980 and assist the Committee in its investigation but none of them turned up. If the Syndicate wants, it may take up necessary action as deemed fit.

The Committee also took the statement of Dr. M.C. Gupta at Jaipur and perused the reports of Dr. M C Gupta and Shri Moan Lal-Joshi (Member Syndicate) submitted to the University Registrar about the incident. The Committee also went through the relevant records available with the Principal S K College, Sikar. After going through all the available records, reports and statements thoroughly, the Committee arrived at the following conclusions -

- (i) The incident took place on the 4th June, 1979 in the Room No. 38 in the afternoon session around 4.30 p.m
- (ii) The trouble seems to have started when Dr. M C. Gupta, Member Flying Squad of University while taking round, questioned an examinee about the possession of two main answer books with him. The examinee concerned appears to have resisted and resented the interruption, when Dr. Gupta took away the answer book of the candidate other than the involved one, the latter shouted at Dr. Gupta. At this stage the involved candidate was joined by some other candidates who created pandemonium which continued for about half an hour. A complete chaos seems to have prevailed during this period. The candidates shouted, talked and consulted each other. The examination had virtually come to a halt. This interruption was compensated by allowing them half an hour more than the scheduled time
- (iii) The candidates who appear to have played a leading role in surrounding, man-handling and abusing Dr. M.C. Gupta could be pinpointed by some of the examination officials who had collected on the spot at the outbreak of the up-roar. The names of these candidates have rightly appeared in the list of the accused
- (iv) The statement submitted by the four accused candidates are strangely enough very similar. They contain almost identical arguments and emphasis on similar points stated in different order. Their charges of the repeated searches by the members of the Flying Squads, the loss of certain personal belongings including gold chains and physical beating by the members of the Flying Squad remain not only unsubstantiated but are malicious and an example of a perverted thinking.

- (v) The evidence as has come before the Committee, indicate that Dr. Gupta had spotted the main answer book of the other candidate (Nath Mal. Roll No. 2276) on the table of Kanhaiya Lal Sharma which became the basis of the entire trouble. It was again here that the answer book of Nath Mal Jain which Dr. Gupta seems to have taken into possession from the table of Kanhaiya Lal Sharma, was snatched by some one in the crowd and as results of which its cover was torn away.
- (vi) Had the invigilators been a little more vigilant the incident would not have occurred. Further, had the Centre Superintendent taken prompt and appropriate action on the spot at the right time the situation would have been different.

The Committee feels that the involved answer books should have been sent separately to the University along with the detailed report of the incident.

The Committee feels that the four examinees reported by Dr M.C. Gupta and Shri Moti Lal Joshi have grossly misbehaved. They are guilty of creating disturbance and adopting violent posture in the Examination Hall. The occurrences of such incidents are shameful for any student worth the name and are greatly harmful to the interests of the student community at large.

APPENDIX-X

(Ref Res. No. 14 of the minutes of the meeting of the Syndicate dated 10th Feb., 1980).

Minutes of the Committee appointed by the Syndicate to consider the unfairmeans cases in the Examinations, 1979, held on 17th January, 1980.

The following were present :-

|----|-------------------------|----------|
| 1. | Dr. G.C. Patni | Convener |
| 2. | Dr. T. Bhattacharya | Member |
| 3. | Dr. K.C. Sharma | Member |
| 4. | Dr. N.K. Sharma | Member |
| 5. | Dr. I C. Saxena | Member |
| 6. | Dr. S.R. Sharma | Member |
| 7. | Principal V.B.L. Mathur | Member. |

The Committee considered some cases of use of unfairmeans, including the cases of the following candidates of the Rajasthan, College Centre, Jaipur :-

1. Nahanu Ram Mina, Roll No. 30111, IInd year T.D.C. Arts.
2. Nirmal Tak, Roll No. 30119, IInd year T.D.C. Arts.
3. Jayant Gupta, Roll No. 1227 of B.A. Honours, Part-II.

The recommendations in respect of these three candidates are enclosed herewith.

Sd/-
Convener

Recommendations of the Committee appointed by the Syndicate to consider the cases of Unfairmeans used at the 1979 Exams.

The Committee considered the three cases of the Rajasthan College Centre relating to the following students :

1. Nahanu Ram Mina, Roll No. 30111, IInd year T.D.C. Arts..
2. Nirmal Tak. Roll No. 30119, of IInd year T.D.C. Arts.
3. Jayant Gupta, Roll No. 1227 of B.A. Honours Part-II.

The first answerbooks together with the reports of the cases and the materials found in possession of the candidates have been stolen. Hence no direct evidence in these cases is available.

All the three candidates were given personal hearing.

The cases have two aspects, one relating to theft of the answer books for which F.I.Rs. were lodged with the Police and the Committee has no jurisdiction to take cognizance of this aspect.

The second aspect is that of using unfair means in the examination hall. This has been considered by the Committee on the basis of the statements given by the candidates before the Committee and other evidence.

The first two candidates namely Shri Nahanhu Ram and Shri Nirmal Tak have confessed that it is true that the flying squad did recover relevant material from their possession though they did not make use of it.

The third candidate namely Shri Jayant Gupta denies the charge. He says that some telephone numbers were written on his admission card. But the statements of the invigilator and the Additional Supdt. of the Centre leaves no doubt of the fact that the written material on the admission card was not the telephone numbers but some matter relevant to the paper concerned.

Hence the Committee recommends that the present examination of each of the above three candidates be cancelled.

Dear Sir,

During the course of deliberations in the meeting of the Committee appointed to deal with and make suggestions of the problems relating to the affiliated colleges, it has been observed that provisions of Statute 37 of the University Hand-Book Part-II should be amended so as to enable the University to impose an usual affiliation fee of Rs. 500/- on an institution which continues to apply for extension of provisional affiliation year after year without caring to fulfil all the conditions for permanent recognition

If the amendment to S 37 is not carried out expeditiously, it would take one year before the Senate will meet again. So, in order to prepare the amendment for the next meeting of the Senate, this amendment may kindly be put up in the next meeting of the Syndicate for approval. The draft of the amendment is attached.

With regards,

Yours sincerely,
Sd/- (L.L. Joshi)

Enc. : As above.

DRAFT AMENDMENT IN THE UNIVERSITY HAND-BOOK
PART-II

(I) S.37 (1) :

Add the words "Or for extension of provisional or temporary affiliation" after the words "whether for the first time" appearing in the first sentence of the Statute, so that the amended sentence may read as follows :

"A college applying for affiliation whether for the first time or for extension of a provisional or temporary affiliation or in additional subjects or for additional courses of study..."

(II) O.80 :

Delete the words "for Post-graduate courses" from the last sentence of the last paragraph of the Ordinance so that the amended sentence may read as follows :

"The above fees shall also be payable to the University with every application for extension of provisional affiliation."

III—Medical Curriculum—Objectives and Instructions

- (1) The objective of producing a medical graduate in modern scientific medicine capable of functioning independently and effectively both under the rural and urban setting shall be kept in view throughout the course of Medical Education. Emphasis should be placed on fundamental aspects of the subject taught and on common problem of health and disease avoiding unnecessary details and areas of sophistication.
- (2) The importance of social factors in relation to the problem of health and disease should receive proper emphasis throughout the course and to achieve this purpose, the educational process should be more community based than hospital based.
- (3) Emphasis should be placed on cultivating logical and scientific habits of thought, clarity and independence of judgement, ability to collect information and to co-relate them and to develop habits of self-education.
- (4) The educational process should be placed in a historic background as an evolving process and not merely as an acquisition of a large number of disjointed facts.
- (5) There should be less emphasis on didactic lectures. Major portion of the time of the students shall be devoted to lectures demonstration, group discussions, seminars, clinicopathological conferences etc.

(6) The under-graduate medical education in clinical subjects should be primarily based on out-patient teaching, emergency departments and within the community including peripheral health care institutions. The out-patient departments should be suitably planned to provide training to undergraduates in small groups.

(7) Throughout the medical course, it is desirable that one hour a week should be assigned for inter-department teaching in which teachers from all departments of the college will participate by rotation so that during the Pre-clinical period, teachers from the clinical departments will spend one hour a week with the Pre-clinical students and during the clinical period teachers from pre-clinical and other departments will spend one hour a week with the clinical students. In these sessions the main emphasis should be on the applied aspects of the subject concerned with a view to bring about integration of teaching of the departments.

(8) Beside, clinics should be organised in small groups of not more than 10 students so that each teacher can give personal attention to each student with a view to improve his skill and competence in handling of the patients.

(9) Careful records of the work should be maintained which will form the base for his internal assessment.

(10) The importance of population control and family planning should be emphasised throughout the period of training.

4. The Basic concept of under-graduate medical education should be health oriented teaching instead of the traditional disease oriented teaching. For this there should be more flexibility and it is necessary to remove the artificial compartmentalisation of the curriculum into non-clinical, paraclinical and clinical subjects at least as an overall view, even though for the sake of convenience different parts of the training programme may be devoted predominantly these groups of subjects. To achieve this objective it will be desirable to expose Medical students to health problems throughout the period of undergraduate training.

- 5 (1) Travelling allowance is a compensatory allowance and is so regulated that it is not on the whole a source of profit to the recipient.
 - (2) (i) A person's claim to Travelling Allowance shall be regulated by the rules in force at the time of journey in respect to which the claim relates.
 - (ii) No revision of claims of T.A. is permissible in cases where a person is promoted or reverted or is granted an increased rate of pay with retrospective effect in respect of the period intervening between the date of promotion or reversion or of increased rate of pay and that on which it is notified unless it is clear that there has been an actual change of duties. Claim for revised T.A. is, however, permissible in cases where correct rate of pay has been determined and authorised in accordance with rules in force with retrospective effect in place of provisional payment.
 - (iii) A competent authority may prescribe the limits of the sphere of duty and a place as a head-quarter of a University employee. In case of doubt, the competent authority may decide whether particular absence from headquarter is to be treated as journey on tour for the purpose of these provisions.
6. (1) For the purpose of calculating mileage allowance, a journey between two places is held to have been performed by the shortest of two or more practicable routes or by the cheapest of such routes, provided that when there are alternative railway routes, and the difference between them in point of time and cost is not large

(usually not more than 5%), mileage allowance should be calculated by the route actually used.

- (i) The shortest route is that by which the traveller can most speedily reach his destination by the ordinary mode of travelling.
- (ii) For journey on tour the road routes between the places and in respect of persons of categories A and B mentioned below shall be treated as the shortest if the journey is actually performed by their own cars or in a University vehicle :

Place	Category of Officers
Jaipur & Bundi	Category A & B
Jaipur & Kota	—do—
Jaipur & Tonk	—do—
Ajmer & Tonk	—do—

- (2) If a person travels by a route which is not the shortest but is cheaper than the shortest, his mileage allowance should be calculated by the route actually used.
- (3) A competent authority may, for special reasons which should be recorded, may permit mileage allowance to be calculated, on a route other than the shortest or the cheapest provided that the journey is actually performed by such route.
- (4) (i) Where a person performs journey by road in a public conveyance or in his own car between the places connected by rail, he shall be entitled to mileage allowance as admissible for road journey limited to rail mileage allowance unless road mileage allowance works out to be less than the rail mileage allowance. In case of Officer entitled to travel by rail in air-conditioned class, the expression 'rail mileage' allowance for the purpose of this sub-rule includes mileage allowance admissible in respect of journey by rail in air-conditioned class also, if air-conditioned accommodation in train is provided on that route.
- (ii) For the purpose of this provision a journey performed between places not directly connected by rail but which can be reached by rail upto rail terminus and then by bus or any other means of public conveyance shall be treated as journey partly by rail and partly by road unless the mileage allowance calculated by road works out to be less than mileage allowance calculated for journey partly by rail and partly by road.

- (5) A journey on transfer is held to begin or end at the actual residence of the University employee concerned. Any other journey is held to begin or end in any station at the duty point in that station. The term 'duty point' means the place or Office of employment of the University employee at the headquarters, or place or office, visited by the University employee on duty at an outstation and where there are two or more points at an outstation, the point farthest from the railway station in case of journey by rail or road, and from air booking office in case of journey by air, shall be treated as duty point; in any other case, journey may be treated to have commenced or ended at the place of residence of University employee at that station.

1. श्री जे०डी० शर्मा से प्राप्त हुये प्रस्ताव :

- (i) The Senate Unanimously requests the Vice-Chancellor and the Syndicate to be a Custodian of the University Statutes and Ordinances and to ensure that they are faithfully observed in letter as well as in spirit. The Senate specifically invites the attention of the Vice-Chancellor particularly to the observance of the following Statutes and ordinances :—
- (a) O.66 : Pay scales of teachers.
 - (b) S.30 (6) : P.F. Rules for non-Govt. Colleges.
 - (c) S.30 (4) O.67 : Implementation of the Provision for 'Agreement'.
 - (d) O.67-A : Age of Superannuation.
 - (e) O.71 : work load of teachers, supacifically with regard to 3 practical periods to be treated equicalent to 3 periods of theory.
 - (f) Provision of Library and Laboratory grants to affiliated colleges as per University Conditions inforce from time to time.
 - (g) Giving 6 periods per week for the Compulsory subjects particularly the languages, as per Univer-sity Rules.

I presume that the Vice-Chancellor and Syndicate do not find themselves helpless in enforcing any of the above mentioned University Statutes and Ordinances. I also hope that the University Administration will shed its apathy and take up cudgels against erring Colleges and their managements.

- (ii) O.66 may be revised to lay down the revised U.G.C. Pay scale for Colleges (including B.Ed. & Sanskrit Colleges) teachers, Librarians and P.T.Is. It is further propsed that the aforesaid ordinance should specifically lay down that the Additional D.A. and other financial benefits admissible to teachers and other employees shall not be less than those admissible to University/ State Government employees of equivalent status.
- (iii) S.25 (2) be amended to provide that the member of the teaching staff in the Governing Body/Management shall

be elected by the teachers from amongst themselves without any qualifications of Caste, Creed or sex and shall not be a nominated puppet of the Management.

(iv) S.26 (3) be amendd to read as follows :

“Any change in the constitution of the Governing Body/Management shall be subject to the approval of the Syndicate”.

(v) The Senate resolves that the conditions of service with regard to selections/appointments Pay scales and allowances, in service promotions and retirement benefits, like provident fund and gratuity etc. for teachers and other employees in non-Govt.-Affiliated colleges be made and brought at par with the teachers and the Non-teaching staff of the similar categories in the University.

(The introduction of the same conditions of service in the Non-Govt. affiliated colleges as in force in the University will eliminate the duplicacy and sometimes even the triplicacy of rules as practised in the non-Govt.-affiliated Colleges which is the bone of the privates colleges. This will also protect teachers from exploitation by unscrupulous management and will also help the University to exercise better control over these colleges. The system is already prevalent in Delhi University).

(vi) The Senate resolves that the University should adopt a model composition and constitution of Management be enforced in such colleges :—

(The adoption of a model and uniform composition and constitution of private management will simplify and systematise the management of private colleges. The University of Meerut has already done some thing in this direction through provision in its Act)

(vii) The Senate resolves that temporary or provisional affiliation to a new college should in no case be extended beyond three years. After the expiry of that period the college should be granted only permanent affiliation provided it fulfils the norms of the University provisional or temporary affiliation should not be made a permanent affair.

(viii) The Senate resolves that all colleges which have had so far temporary/provisional affiliation in a faculty/

subject for more than five years be asked to seek and granted permanent affiliation.

They should not be allowed to continue with provisional affiliation

Resolved that (i) the Registrar's report *be recorded* and (ii) the orders passed by the Vice-Chancellor *be confirmed*.

31. The Registrar reported the orders dated 7th February, 1980 passed by the Vice-Chancellor approving the insertion of the following nota-bena No 3 to O.65-VII (A) (6) of the University Hand Book Part-II (on the recommendations made by the Dean, Faculty of Medicine and Pharm.) in consultation with the Secretary, Medical Council of India, New Delhi so as to make all such candidates as have passed their M.D. and M.S. “पूरक परीक्षा में प्राप्तांको पर अब तक यह नियम था कि यदि कोई छात्र पूरक परीक्षा में 7 % या इसमें अधिक अङ्क प्राप्त करता है तो उसके द्वारा प्राप्त समस्त अङ्क उसकी श्रेणी निर्धारण में जोड़े जाते थे, तथा 75% में कम अङ्क व न्यूनतम 36% अङ्क प्राप्त करने वाले परीक्षार्थियों के श्रेणी निर्धारण में केवल 30% अङ्क जोड़े जाते थे। लेकिन अब यह कर दिया गया है कि चाहे जितने भी अङ्क प्राप्त किये जाये केवल 36% अङ्क ही जोड़े जाते हैं अतः आपसे निवेदन है कि पुराने नियम को पुनः बहाल करें।”

In this connection the Registrar apprised the Council the following para third of O 93 of the University Hand Book Part II which contains provisions of determining the division of the candidates having passed the supplementary examination :—

In this connection the Council observed that the Scheme of holding a competitive test for admission as recommended is not workable and, therefore, it *resolved to recommend* that the recommendations be referred for consideration to the Committee appointed by the Academic Council vide its Resolution No. 16 dated 19.1.1980 under the Chairmanship of Prof. B.L. Saraf (now under the Chairmanship of Prof. R.C. Mehrotra) for suggesting measures for strengthening the Honours courses.

34. The Registrar reported that :

- (i) The Senate vide its Resolution No 8, dated the 26th August, 1974 appointed a Committee to scrutinise the proposals received from the members of the Senate,
- (ii) the meeting of the Committee was held on the 14th March, 1980,
- (iii) the recommendations made by the Committee have been accepted by the Vice-Chancellor vide his orders dated the 4th April, 1980.
- (iv) The Committee has recommended that the following proposals received from Shri Netra Pal Singh Student-Member-Senate be referred to the Academic Council for Consideration :

1. नौडरेशन प्रणाली को समाप्त किया जाय ।
2. विश्वविद्यालय परीक्षाओं के प्रत्येक प्रश्नपत्र में 60% थ्योरीटीकल तथा 40% ओब्जेक्टिव प्रश्न दिये जायें ।
3. स्नातक स्तर पर 50% परीक्षक बाहर के विश्वविद्यालयों से नियुक्त किये जायें ।

Resolved to recommend that the aforesaid proposal Nos. (1) and (3) be not accepted and status quo be maintained, and (ii) the consideration of the proposal No. (2) be dropped.

35. With reference to its Resolution No. 4(a) (ii) dated the 15th May, 1979, the Registrar reported orders dated the 3rd February, 1980 passed by the Vice-Chancellor to the effect that (i) 1979 edition of all the syllabuses prescribed for the various University Examinations of 1981 be got printed in English version only due to

non-availability of Hindi version of the Syllabuses in various subjects for the under-graduate and Post graduate examinations and (ii) for future the guidance may be sought for from the Academic Council in this regard.

In this connection the Registrar further apprised the Council that most of the Boards of Studies have not given Hindi version of the syllabi.

Having considered the matter, the Council *resolved to recommend that* the (i) Registrar's report *be recorded*, (ii) the orders passed by the Vice-Chancellor *be confirmed*, (iii) in view of the aforesaid information, all the syllabi for the examinations of 1982 be got printed in English version only, and (iv) for future, the Boards of Studies concerned *be requested* kindly to translate the syllabi at their own level by entrusting the task to its own members.

36. With reference to its Resolution No. 20 (I) dated the 6th October, 1979 the Registrar apprised the Council that the Committee constituted as per provision of the Act to recommend names of atleast six experts for each Selection Committee out of the panel recommended by the Academic Council and which met on 21.1.1980, was of the view that the panel of the subject of E.A. F.M. should be redrawn because only 13 names had been suggested out of whom persons marked at S. No. 9, 11 and 12 are not University Professors and it left a very limited choice for the Committee.

The Council, therefore, draw a revised panel of experts (*Vide Appendix-X*).

37. The Registrar reported the following orders dated 5th/6th December, 1979 passed by the Vice-Chancellor Committee in exercise of the emergency powers vested in the Vice-Chancellor under Section 13(4) of the University Act :

1. (i) Candidates who have failed at the LL.B. First Year, Second Year and Third Year Examination of 1979 but obtained at least 30% marks in external assessment (i. e. 26 marks out of 85) and 36% marks in the external and internal assessment of

Actual marks obtained by the candidates in the papers in which they re-appear in the second attempt be taken into account for working out the result. For a pass in the examination, the existing rules will apply and a candidate will be required to obtain a minimum of 30% marks (i. e. 26 out of 85) in the external assessment of each paper, 36% marks in the internal and external assessment of each paper taken together and 48% marks in the aggregate of all the papers prescribed for the Examination.

- (ii) Failures of LL.B. 2. Candidates who have passed LL.B. First Year Examination be permitted to re-appear at the same examination for improvement of performance in

accordance with the existing facilities available to the students under the provisions of O.169-E; and the candidates who have passed the LL B. Second Year or LL B. Third Year examination be permitted to re-appear at the same examination for improvement of division in accordance with the existing facilities available to the student under the provisions of O.169-F.

3. (i) For both under-graduate and post-graduate examinations in the Faculties of Arts, Fine Arts, Social Sciences. Science (including Agriculture), Commerce and Sanskrit Studies, candidates appearing at the examinations of 1980 be required to put in a minimum attendance of 45% instead of 66% as provided in O 144, the rest of the provisions in the said Ordinance remaining the same.
 - (ii) If on account of bonafide illness supported by a medical certificate or certified by the Principal/Head of the University Department concerned from his personal knowledge or any other reasons deemed sufficient by the Vice-Chancellor, the total attendance of a student in any of the above Faculties falls short of the required minimum attendance, the Principal/Head of the University Department concerned may condone a shortage not exceeding 3% of the total number of (a) lectures delivered and (b) tutorials and practicals taken together done in each subject. If the shortage is larger but not more than 5% of the total number of (a) lectures delivered and (b) tutorials and practicals, his case shall be referred to the Vice-Chancellor for condonation of the shortage in attendance. This will supersede the provisions contained in the existing O.145.
4. (i) Candidates who have passed M.A., M.Sc., M.Com., M.B.A I & II semester combined Examination, 1979 and wish to re-appear in all the papers of I & II semesters combined for

improvement of performance shall be permitted to do so along with the III & IV semesters combined examination of 1980. Candidates who have passed III & IV semesters combined examination, 1979 and wish to re-appear in all the papers of III & IV semesters combined for improvement of division shall also be eligible to do so at the examinations of 1980.

- (ii) Candidates who have passed at the M.A. History M.A./M.Sc. Geography and M.A./M.Sc. - (iii) Candidates who have passed at the M.A. and M.Sc. combined semesters examination in subjects other than those mentioned above and M.Com. and M.B.A. combined semester examination of 1979 in whose case two papers were combined into one and who, therefore, cannot re-appear in any one semester only for improvement of their performance/division as the papers of I & III semester cannot be separated from the papers of II, IV semester shall be permitted to re-appear for improvement of their performance/division, if they so desire, in any two papers of I & II semesters combined or III & IV semester combined, as the case may be, at the examination of 1980. The result of such candidates will be worked out in accordance with the existing rules whereunder for a pass a candidate is required to obtain 25% marks in each theory paper and 36% marks in the aggregate of all the theory papers prescribed for both the semesters combined.

- (iv) Other conditions for re-appearance for improvement of performance/division will remain the same as provided in the existing Ordinances.

Resolved that (i) Registrar's report *be recorded*. (ii) the orders passed by the Vice-Chancellor for the examinations of 1980 *be confirmed* and (iii) for future, the existing provisions shall apply.

38. The Registrar reported that the Vice-Chancellor has permitted one Shri Murari Lal Gupta to appear at the LL.B. III Year Examination as well as at the Diploma in Pharmacy examination vide orders dated 12th March, 1980 in view of the fact that there was no clash in the teaching programme of these two courses. The Head of the Department of Pharmacy has no objection to the candidate's request as the Diploma in Pharmacy examination opens job opportunities for the candidates and desired that the Academic Council may consider this issue for future as O. 168-A of the University Hand Book Part-II does not permit this facility.

In this connection the Council considered a proposal incorporating the 'Diploma in Pharmacy Examination' in the list of Examinations at which the candidates can appear simultaneously with any other main examination.

Resolved that (i) the Registrar's report *be recorded*, (ii) the orders passed by the Vice-Chancellor *be confirmed* and (iii) the facility *be extended* to all the candidates of Diploma in Pharmacy in future also.

Resolved further to recommend that the consequential amendments to O. 168-A of the University Hand Book Part-II *be made* as follows :

O. 168—A

- (i) The word 'and' appearing between the words "Certificate Course in Dramatics" and the words "Diploma in Journalism" at the end of the N.B. of the Ordinance *be deleted*.

- (ii) Add the words "and Diploma in Pharmacy" at the end of the N.B. of the Ordinance.

39. The Council considered a letter dated 6th March, 1980 received from the Director of the Centre for Jain Studies regarding (i) Placing of the Centre for Jain Studies under the Faculty of Arts and (ii) treating the Centre at par with other Departments of the University for administrative and academic purposes and the Director be deemed as Head of the Department.

In this connection, the Council also considered the Resolution No. 2. dated the 11th March, 1980 made by the Faculty of Arts recommending that the Centre for Jain Studies be placed under the purview of the Faculty of Arts.

Having considered the matter, the Council felt that a uniform policy with regard to various matters connected with the working of various Centres established in the University e.g. South Asia Studies Centre, Social Sciences Research Centre, University Service and Instrumentation Centre, Centre for Rajasthan Studies etc.; *be evolved*. For the purpose the Council *resolved that* a Committee consisting of the following persons *be appointed* :

- | | |
|---------------------------|----------|
| 1. Prof. Iqbal Narain, | Chairman |
| Vice-Chancellor. | |
| 2. Prof. Daya Krishna | |
| 3. Prof. Om Prakash | |
| 4. Prof. R.C. Dwivedi | |
| 5. Prof J.M. Joshi | |
| 6. Prof. Rama Kant, | |
| 7. Dr. A.N. Nigam, | |
| 8. Dr. H C. Bhartiya, | |
| 9. Shri Chand Mal Sharma. | |

40. With reference to its Resolution No. 21 dated the 19th January, 1980, the Council *resolved to* recommend that the following consequential amendments be made in the relevant Ordinances of the University Hand Book Part-II :

1. O. 86-A :

- (i) *Clause (1) be re-written as follows :*

"Alongwith his Second Year T.D.C. Examination He

sha'll be required to appear at and pass the First Year T.D.C. Examination of the University in the compulsory subjects of General Hindi and General English if the same were not covered by him at the qualifying examination".

- (ii) In clause (2), *delete* the para beginning with the words—"A candidate who changes the Faculty" and ending with the words—"At the qualifying examination" and *add* the following words in the note after the words—"First Year Examination of the University" —

"With the condition that a candidate passing in optional/core subjects but failing in one or more compulsory subjects of First Year Examination shall also be required to appear and pass in the compulsory subjects in which he failed alongwith the Second Year T.D.C Examination. If a compulsory subject, in which the candidate failed does not form part of the First Year syllabus of the Faculty in which he seeks admission to the Second Year T.D.C. class, he shall be required to change the same and in its place offer another subject permissible in the changed Faculty".

- (iii) Clause(4) *be re-written* as follows :—

"A candidate who has passed the Junior Diploma Course in Secretarial and Business Training Part-II examination of the University or the Diploma Examination in Commercial Practice of the Board of Technical Education, Rajasthan Jodhpur, may be admitted to the Second Year T.D.C. Commerce class on the condition that alongwith his Second Year T.D.C. Commerce Exam he shall be required to appear at and pass the First Year Examination of the University in the compulsory subjects of General Hindi and General English if the same were not covered by him at the qualifying examination."

(iv) In the para appearing under the heading—'(A) uncovered subjects of the First Year T.D.C. Examination of the University' and the note appearing thereafter, *delete* the word—'core' occurring at three places.

2. O.167 :

In clause (B), *substitute* the words—'compulsory subjects of General English and General Hindi prescribed for the First Year T.D.C. Arts Examination' for the words—'subject(s) of the compulsory group prescribed for the First Year T.D.C. Arts Examination.'

3. O.175 :

Delete clause (d) and re-number the rest.

4. O.177 :

It be *re-written* as follows :

"A non-collegiate candidate after passing the First Year T.D.C. examination or the Intermediate examination or an equivalent examination from any other University/Board recognised for the purpose by the Syndicate shall be permitted to take the Second Year T.D.C. examination of the University direct on the same conditions as are prescribed for regular students in O.86—A".

5. O.178 :

It be *re-written* as follows :

"A non-collegiate candidate after passing the First Year T.D.C. examination of the University may be permitted to change one of the optional subjects for the Second Year examination and also one failing compulsory subject of First Year Examination on the same conditions as are prescribed for regular students in O.86—A".

4'. With reference to its Resolution No. 49 dated 8/9th April, 1978. the Council *resolved to recommend that* the following

amendments be made to the Ordinances Nos. 169-E and 169-F of the University Hand Book Part-II consequent upon the abolition of the scheme of Internal Assessment :

O.169-E :

Delete the following clause No.(iii)

“In the case of ex-students who re-appear at the examination, the sessional marks obtained by them at the examination in the immediately preceding year shall be taken into account”.

O.169-F :

Delete the following clause No. (3)

“In the case of ex-students who re-appear at the examination, the sessional marks obtained by them at the examination in the immediately preceding year shall be taken into account”.

42. The Registrar apprised the Council as follows :

- (i) This year there have been some cases of candidates who after passing XII standard examination of 10÷2 scheme or First Year T.D.C. examination from another Board/University sought admission to First Year T.D.C. Sc. and First Year T.D.C. Commerce classes in this University instead of second year T.D.C. class for which they were eligible under the rules. Perhaps they did so with an idea of improving their performance in First Year and then seeking admission to some professional or technical course. Their Admissions have been allowed/regularised this year on submission of an undertaking by them to the effect that if they fail in I year T.D.C. Examination, they would not claim admission to the Second Year T.D.C. class on the basis of the XII standard Examination of 10÷2 scheme/First Year T.D.C. Examination of another Board,University already passed by them.

- (ii) As per O.169-E, a candidate passing First Year T.D.C. Examination of this University can re-appear at the same examination in the immediately following year for improvement of performance but he is allowed to do so only as an ex-student and not as a regular student and his previous performance is treated as cancelled.
- (iii) Allowing admission to a student migrating from another Board/University to the same class which he has already passed or an equivalent thereof amounts to give him an opportunity to improve his performance as a regular student which is denied to the students of this University under the existing rules. Also he has the additional advantage of retaining his previous performance which he can use outside this University.
- (iv) An unscrupulous candidate who fails in First Year T.D.C. Examination or whose performance at the First Year T.D.C. Examination of this University is worse than that of the equivalent examination already passed by him may in spite of the undertaking given by him, seek admission to Second Year T.D.C. class in some other college by concealing information about his appearance at the First Year T.D.C. Examination of this University. It would be difficult to detect such cases

In this connection, the Council considered a question of allowing the admission to the students in a lower class than the one for which the students are eligible to seek admission.

The Council considered the implications of the matter and resolved to recommend as follows :

- (I) the Candidates belonging to the Institutions located in Rajasthan only and passing the '+2' Public examination under the "10+2 Scheme" be allowed to seek admission to either Second Year T.D.C. or the First

Year T.D.C. as the candidates choose to do subjects to the fulfilment of other eligibility conditions,

- (II) Such candidates shall forfeit their right for admission to the Second Year T.D C. Course of the University once they have chosen to seek admission to the First Year T.D C. course.

Resolved further to recommend that consequential amendments to the relevant Ordinances of the University Hand Book Part-II be brought before the Academic Council at its next meeting.

43. The Council considered the recommendations made by Dean. Students' Welfare, University of Rajasthan Jaipur as contained in his letter No. 10785 dated 11th February, 1980 on the representations made by Shri Govind Ram Gupta and other students of LL.M. (*Vide Appendix—XI, XII and XIII*).

Resolved that the matter be referred for consideration to the Faculty of Law and in the mean while status quo be maintained.

44. The Registrar apprised the Council that (i) as per instructions to paper-setters, a paper-setter before accepting the offer, is expected to inform the University if he is an author of a book or a book-let; and, if so, the standard for which the book can be used, and (ii) the past practice has been to allow the authors of standard books to act as paper-setters but if it is found that a book written by a person is not a standard book but is a note or a guide, he may not be allowed to act as a paper-setter.

In view of the fact that it is difficult for the University Office to decide whether a book is a standard book or not, the Council considered whether past practice should be followed or any fool-proof system of implementing the rules, be adopted.

Having discussed the matter at length, the Council *Resolved to recommend that status quo be maintained.*

45. The Registrar reported that :

- (i) The Academic Council vide its Res. No. 8 dated the 15/16th November, 1978 and the Syndicate Res No. 3

dated 4/5th December, 1979 appointed a Committee under the Convenership of Prof. Om Prakash for suggesting revision in the provisions to the University Act.

- (ii) The Syndicate vide its Res No. 13 dated the 26/27th May, 1979 appointed a Committee regarding re-composition of the Research Board and the Committee finalised its recommendations.
- (iii) The Vice-Chancellor passed orders to the effect that the recommendations of the Committee appointed by the Syndicate may be referred to the Act Amendment Committee for consideration,

Resolved to recommend that (A) the existing *Ordinances* 332, 333 and 334 of the University Hand Book Part-II *be deleted*, and (B) the aforesaid proposed draft *Ordinances* 332, 333 and 334 *be re-worded* so as to read as mentioned hereunder, and (C) *re-worded draft Ordinance* 332, 333 and 334 be incorporated in the University Hand Book Part-II :—

APPENDIX—I

(Ref. Res. No. 6 of the minutes of the meeting of the Academic council dated the 25/26/27th May, 1980)

Copy of letter No. Nil dated 5th October, 1979 received from Prof. M.C. Jain 'Kagzi' addressed to the Registrar.

Dear Sir,

I write to inform you that often cases have been presented in which the candidates have sought admission to LL.B. II Year and IIIrd Year classes after having passed Ist year and IInd Year LL.B (A/P) from the Universities of Jodhpur and Udaipur. Under O. 256-D, the Vice-Chancellor is given discretion to permit admissions on the recommendations of the Dean, Faculty of Law on "such terms and conditions as he may lay down."

The experience of working of the above referred Ordinance seems to be satisfactory. However, in the light of certain points raised by the office the matter was discussed in the Faculty of Law vide its Resolution No. 3, dated the 3rd April, 197-. The Faculty of Law laid down certain guidelines. It was resolved that only such candidates be allowed admission directly at the IInd Year LL.B. Course (A/P) and IIIrd Year LL.B. (P), as the case may be, who passed the lower examination from the Universities of Jodhpur and Udaipur. The Faculty also set forth certain conditions to be uniformly imposed.

Subsequently the Academic Council while accepting the recommendation of the Faculty of Law made certain changes in recommendations of the Faculty. The important change effected by the Academic Council was that the transfer facility would not be available to such students who seek admission to LL.B. IIIrd (P) class. The Academic Council further directed that an ordinance on the subject be prepared in consultation with the Dean, Faculty of Law, and be put up before the Academic Council for its consideration.

In view of the above, I wish to submit that the change effected by the Academic Council in the recommendations of the Faculty of Law to the effect of withdrawal of transfer facility in respect of LL.B. III Year (P) be reconsidered by the Academic Council. The experience has shown that the withdrawal of this facility is likely to cause avoidable difficulties in genuine cases wherein transfers of the employees of the Central and the State Governments take place.

Therefore, I wish to submit that the recommendation of the Faculty in this regard may be accepted in toto and the consequential amendment be made in the Ordinance accordingly.

Thanking you,

Sd/—M.C. Jain

महामहिम राज्यपाल एवं कुलपति महोदय,
राजस्थान सरकार, जयपुर ।

विषय :— कृषि एवं पशु चिकित्सा महाविद्यालयों में कृषि वर्ग से हायर सैकण्डरी उत्तीर्ण छात्रों को प्रवेशार्थ प्राथमिकता दिलवाने के क्रम में ।

महोदय,

उपयुक्त विषयान्तर्गत निवेदन है कि राजस्थान में मात्र चार-पांच कृषि एवं पशु चिकित्सा महाविद्यालय कृषि वर्ग के छात्रों के अध्ययनार्थ उपलब्ध है । और इनमें भी नये छात्रों के लिए स्थान सांभित हैं । इन सीमित स्थानों में भी गणित एवं विज्ञान वर्ग के छात्रों को प्रवेश में प्राथमिकता के मिलने के कारण बहुत से कृषि वर्ग से हायर सैकण्डरी उत्तीर्ण छात्रों को निराश होना पड़ता है ।

गणित एवं जीव विज्ञान के छात्रों को प्रवेशार्थ प्राथमिकता के पीछे यह तर्क दिया जाता है कि महाविद्यालय के प्रथम वर्ष में छात्रों को विज्ञान वर्ग के विषय ही पढ़ाये जाते हैं । श्रीमान को जानकारी के लिये निवेदन है कि कृषि वर्ग के विद्यार्थी भी सैकण्डरी कक्षाओं में रसायन विज्ञान एवं भौतिक विज्ञान विषयों का अध्ययन करते हैं ।

कृषि वर्ग के विषयों में बोर्ड द्वारा आयोजित परीक्षा प्रश्नपत्रों में वस्तुनिष्ठ तथा बहुविकल्प वाले प्रश्नों (भाग—अ) का अभाव रहता है । अतः निबन्धात्मक प्रश्नों की सीमित सं० के कारण छात्रों को कम अंक मिलते हैं और इस वर्ग के छात्र विज्ञान वर्ग के छात्रों से पिछड़ जाते हैं ।

उल्लेखनीय है कि विज्ञान वर्ग के छात्रों के लिये मैडिकल वेटरनरी, इंजीनियरिंग आदि के द्वार खुले हैं लेकिन कृषि वर्ग के विद्यार्थियों के लिये तो कृषि महाविद्यालय के अतिरिक्त कोई चारा नहीं है ।

देश का राजस्थान ही एक ऐसा प्रदेश है जहां कि कृषि तथा पशु चिकित्सा महाविद्यालयों में विज्ञान वर्ग के छात्रों को प्रवेश में प्राथमिकता एवं कृषि वर्ग के छात्रों के प्रति उदासीनता वर्ती जाती है । जबकि देश के सभी कृषि तथा पशु चिकित्सा महाविद्यालयों में कृषि वर्ग के छात्रों को ही प्रवेश दिया जाता है । . .

अतः श्रीमान से सानुरोध निवेदन है कि राज्य के सभी कृषि एवं पशु चिकित्सा महाविद्यालयों में कृषि वर्ग से हायर सैकण्डरी परीक्षा उत्तीर्ण करने वाले छात्रों को ही प्रवेश दिलवाने की व्यवस्था करवाने का आदेश प्रदान कर अनुगृहीत करें। यदि इस संस्वरूप में अगले शिफा सत्र से पूर्व आदेश प्रसारित नहीं हुए तो हमें आन्दोलनात्मक रख अपनाने को बाध्य होना पड़ सकता है : विश्वास है कि श्रीमान कृषि वर्ग के विद्यार्थियों की युवा शक्ति एवं समय को आन्दोलन का रख अपनाने से पूर्व अपेक्षित निर्णय से लाभान्वित करने की कृपा करें।

APPENDIX—IX

(Ref Res. No. 33 of the minutes of the meeting of the Ac. Council,
dated 25 26/27th May 1980)

Minutes of the committee appointed by the Academic Council vide its Res. No 39 dated the 27/28th July, 1979 to consider the question of allowing admission to the candidates passing the Senior School Certificate Examination under 10 +2 pattern at the end of 12th year to part II of BA BSc/BCom (Hons) courses held on 3.4.80 at 12. 0 noon in the Vice Chancellor's Secretariate, University Campus, Jaipur.

Present

1. Principal. M. M. Gupta (Convener)
2. Prof. B. L. Saraf

Note :—The Deans of the Faculties of Social Scinces/Arts/
Fine Arts could not attend the meeting.

The committee perused the contents of Academic Council Res. No. 39, dated 27/28th July, 1979 and an explanatory note prepared by the controller of Examinations on the subject. (Vide Annexure I).

The committee resolved tha. the candidates who qualify their 10+2 scheme are also eligible for admission to Honours course at the 2nd year level. However, the candidates will have to appear in a test examination conducted by the University at the Jaipur Centre alone which will be in the subjects of the 1st Year Honours Course. The time duration for such a test, the contents of such a test and the paper setting procedure will be decided by the respective Boards of Studies in the respective subjects. It is recommended that these tests may be limited to a duration of one hour in subjects like Hindi and English or subsidiary subjects belonging to any faculty Further the candidates may not be asked to appear in a test of the Honours subject because they are going to study the same subjects for their honours study during the two years that they are going to be in the Honours class.

The meeting ended with a vote of thanks to the chair.

ANNEXURE—I

Note on the proposal for allowing candidates passing the Higher Secondary Examination at the end of XII year under 10+2 pattern to seek admission to the Honours Pass-2 class and 3 yrs Honours course.

The existing 3 year Honours Course was introduced w.e.f. the session 1976-77. Such candidates as have passed the Pre-University examination of the University or Higher Secondary examination of the Board of Secondary Education Rajasthan (excluding the technical 'B' course) or an examination recognised as equivalent thereto with atleast 45% marks in the aggregate, are eligible for admission to the Honour's Part-I class. There is no provision in the existing rules for direct admission to the Honours Part-II class. A candidate can switch over from Honours course to the Pass course after passing Honours Part I examination but no candidate can be admitted directly to the Honours Part II class. The scheme of examination of the existing 3 years Honours course is as follows :

N.B —While inviting nominations for constituting the Board of Studies in Political Science, Dr. (Miss) Sushila Agarwal dissented stating that Prof. V.R. Mehta be allowed to contest election from Under-graduate constituency instead of as Post-graduate Head. The Dean ruled out the objection stating that since Dr. Mehta is a P.G. Head, the Ballot Paper shall indicate (P.G. Head) against his name also as is done in all other cases.

(3) Under Section 24-A(1)(iv) of the University Act, the Faculty co-opted the following five persons to serve as members on the

The Academic Council at its meeting held on 22nd June, 1978 (res. no. 15) considered a proposal for allowing admission of candidates passing Part I examination of the 3 year Honours Course from other Universities to Part II class of the 3 year Honours course in this University, but did not accept the same. This shows that the Academic Council was not in favour of allowing direct admission to the Honours Part II class of the 3 year Honours course to any student even if he had passed Honours Part I examination of a similar course from some other University, let alone the candidates passing First year examination of the T.D.C. Pass course or the Intermediate examination or an examination recognised as equivalent thereto.

If a candidate passing XII year examination under 10+2 pattern of the Central Board of Secondary Education, Ajmer is allowed admission to the Honours Part II class, the same facility will have to be extended to the students passing First year examination of the T.D.C. Pass course from this University or the Intermediate examination or an examination recognised as equivalent thereto.

Candidates passing First year T.D.C. examination or the Intermediate Examination of a statutory Board or University recognised by the Syndicate, are at present allowed direct admission to the II year T.D.C. class (Pass course) on the condition that along with the II year T.D.C. examination, they shall be required to appear at and pass the First Year T.D.C. examination also in such compulsory subjects as are prescribed for the First year

T.D.C. examination of the University but were not covered by them at the qualifying examination and in such core/optional subjects as they offer in the II year T.D.C. exam. but were not covered by them at the qualifying examination and are prescribed for the First year T.D.C. examination of the University. If the candidates passing the XII year examination of 10+2 pattern or the First year T.D.C. examination or the Intermediate examination, are allowed direct admission to the Honours Part-II class they will have to be required to clear such subsidiary and Honours subjects of Honours Part I examination as were not covered by them at the qualifying examination. It is for consideration whether the students will be able to carry this additional load and whether such facility will be in the interest of maintaining academic standards.

The condition of requiring students of higher classes to clear some papers of lower classes and the facility of appearing in back papers along with a higher examination creates many practical difficulties. It is felt that if students passing XII year examination of 10+2 pattern or the First year T.D.C examination (Pass Courses) or the Intermediate examination are to be allowed admission to the Honours Part II class, they should be allowed to do so only when the aforesaid examination are considered equivalent to the Honours Part I examination and there should be no condition of clearing any papers of Honours Part I examination along with Honours Part II exam. It may be added that such candidates as are allowed direct admission to Honours Part II class, will be given a degree mentioning that they have obtained the degree after 2 years study of the Honours Course.

Sub :—Exemption of papers in which more than 50% Marks obtained in aggregate in LL.M.

Sir,

I may be permitted to invite your honour to consider the above cited subject on the following facts :—

1. That I am a student of LL.M. (Part II) class of Dungar College Bikaner.
2. That in LL.M. (Part II) Eamination, 1979 I secured 152 Marks in three papers viz, 40 in second, 42 in third and 70 in fourth paper out of 300 marks. The University has exempted only one paper whereas in these three papers I have got more than 50% marks in aggregate.
3. Similarly, in LL.M. (Part I) Examination I have already cleared two papers obtaining 103 Marks out of 200 Marks. Now in one paper I have secured 48 Marks in Paper I. The aggregate marks in three papers becomes 151 which are more than 50% Marks.

I request you kindly to consider the case and exempt me in those papers in which I have secured more than 50% marks in aggregate, both in Part I & II Examinations.

A true copy of the Mark-sheet is enclosed.

With humble regards,

Yours obediently,

4. Benefit of carry forward of papers
5. Examination dates

The committee decided to recommend as under in regard to each of the above points.

1. Question of grace marks :

The 1st Year LL.B. candidates covered by the special scheme shall get 6 marks as grace marks for purpose of final aggregation of marks for passing the examination. No grace marks shall be given for enabling them to pass in separate papers (A candidate is deemed to have passed in any paper if he gets 36% of marks. He passes the examination if he makes up 48% in aggregate).

2 Absentee examinees :

If a candidate opts to take up any three papers in any of the special examinations but withdraws his option or remains absent in respect of such paper(s), then he shall be deemed to have obtained the same marks in such paper or papers as he obtained in the earlier examination(s).

APPENDIX—XLII

(*Ref. Res. No. 52 of the minutes of the meeting of the Academic Council dated 25/26, 27th May, 1980*)

Minutes of the Committee constituted by the Academic Council on 6th October, 1979.

The Academic Council vide its resolution No. 8 dated 6th October 1979 constituted a Committee consisting of the following :

1. Prof Iqbal Narain (Convener)
2. Dr. M.L. Mishra
3. Dr. N.K. Singhi
4. Shri R N. Mukerjee
- 5 Dr. K.C. Sharma
- 6 Dr. M.C. Vaish
7. Prof. K C. Joshi

2 The Committee had two meetings and took decisions about the details of Merit-cum-Promotion Scheme. The criteria of transfer of existing senior posts and the transformation of the junior ones into senior posts in these two meetings When Dr. Iqbal Narain became Vice-Chancellor he requested Prof. K.C. Joshi to become convener and complete the remaining work of the Committee concerning particularly questions of promotional avenues for class III and class IV employees. The minutes presented here are, therefore, partial in the sense that they cover only the first two meetings in which decisions were taken about teaching posts only.

3. The Committee began with the discussion of rationale for Merit-cum Promotion Scheme. It recognised that the number of senior posts in the University was far less than the number of deserving qualified persons. This had brought about a situation of frustration. It was, therefore, thought necessary that the University should be a pioneer in evolving a Merit-cum-Promotion Scheme through which the following objectives could be achieved :

- (i) Incentives for study and research may be provided;
- (ii) Disproportion between higher and lower posts may be removed;
- (iii) Deserving persons may have promotional opportunity so that situation of stagnation may not remain there and feelings of deprivation may also be removed;
- (iv) The scheme was also thought necessary to stop exodus of talent from the University to other centres of learning; and

- (v) Finally, flexibility could be provided to the existing University's structure to enable it to retain merit irrespective of number of senior posts in the department;

4 Discussions also took place about the name of the Scheme. By and large the members/prefer to call/would the Scheme as Merit Recognition Scheme rather than Merit-cum-Promotion Scheme.

5. The Committee devoted considerable time to the issue of criteria and eligibility and decided as follows :—

- (i) The Scheme should be opened to permanent employees of the University with 5 years permanent service in any cadre;
- (ii) A teacher asking for evaluation of his work for promotion to the higher post should have the UGC eligibility qualification at the time when he makes an application for this purpose; and
- (iii) There should be no bar on his applying again for re-evaluation for getting a higher post, but he should be allowed to do so only after 2 years

6. The Committee also thought about the evaluation process and decided as follows :—

- (i) The evaluation of the teacher under reference will be made by the three experts in the field;
- (ii) In case there is difference of opinion, the Vice-Chancellor will call a meeting of experts and invite the candidate for discussion also, if the experts so desire;
- (iii) The Vice-Chancellor will pick up 3 experts from the panel for evaluation of the work under reference, who should belong to the sub-field of the candidate; and
- (iv) The Staff Council will prepare a broad-based panel with specialisation in all major fields which would later be confirmed by the Academic Council.

7. The Committee would also like to suggest that the launching of the Scheme should not mean increase in work-load as far as possible because the members of the department should contribute their bit to the launching of the Scheme by agreeing to share the work-load

8. The Committee was also concerned about financial implications of the Scheme which according to it should be marginal. These could be adjusted against internal savings. The

Govt. could also be requested for special grants. The UGC may also help because it is also thinking in terms of evolving a Merit-cum-Promotion Scheme almost with the same objectives.

9. The applications for consideration in the Merit Recognition Scheme could be made any time during the year, but preferably only twice, i.e., once in March and the next in September.

10. The Committee then considered the criteria for the transfer of existing higher posts to some departments, which have not been filled so far. The Committee thought that rationalisation of number of senior posts between one department and another should not be the exclusive criteria. Academic thrust of the department and its developmental pattern, on the contrary, be the key criteria. Coupled with these, availability of talent, departmental needs and above all, inter-departmental advantage should also be kept in view.

11. The administration informed the Committee that the following posts were lying unutilised in the various teaching departments :—

- | | |
|-------------------------------|---|
| (i) Adult Education | : Reader—1 |
| (ii) Gen. Education | : Reader—2 |
| (iii) English | : out of 7 vacancies of lecturers, 4 can be transferred to other departments if the respective bodies agree |
| (iv) Chemistry | : out of 9 vacancies of lecturers, 4 can be transferred to other departments. |
| (v) Physics | : out of 10 vacancies of lecturers, 4 can be transferred to other departments. |
| (vi) Dean Students Welfare | : Professor—1 |
| (vii) Principal of Colleges | : Professor cadre—1. |
- Maharani's College.

The Committee considered the question of up-grading of some lecturership into senior posts to constitute a common pool for use in the Merit Recognition Scheme. It was thought that out of 7 vacancies of lecturers in English 4 can be used for conversion into senior posts. Similarly, 4 out of the 9 vacancies in the Chemistry department could be used for this purpose. Finally 4 out of 10 vacancies of the Physics department could be used that way.

A formula will have to be evolved for the conversion of lecturerships into readerships and professorships so that financial implications could be balanced.

Further, one readership in Adult Education and 2 readerships in Gen. Education could be placed in the common pool for use. These could also be converted into Professorships.

Finally one Professorship earmarked for Dean, Students Welfare and another for Principal for Maharani's College could be placed in the pool.

If the Scheme cannot be immediately launched, it would be desirable to transfer atleast the existing Readers and Professors posts to some department/research centres, preferably in a manner that they could serve the needs of more than one department. Actual allotment could be left to the Vice-Chancellor who could ascertain the needs of various departments on the basis of the criteria suggested above and allot accordingly.

The meeting ended with a vote of thanks to the Chair.

“I Year Science 10+2 scheme Science students may be admitted in II Year B.Sc. Home Science provided that they have obtained Ist division in Science subjects—Physics, Chemistry, and Biology and are prepared to clear I Year B.Sc. Home Science Paper VI (Group-A) Anatomy and Physiology”.

(12) The Faculty considered the following recommendations made by the Committee of course in Home Science as contained in its Res No. 12 dated the 26th October, 1979 :—

“The Committee strongly recommended and resolved that the Director, College Education, Government of Rajasthan, be apprised with the following problem involved in the teaching of Home Science in the Government Colleges affiliated to the University of Rajasthan.

(i) Health Science is a very important aspect of the subject Home Science and covers two theory papers and one practical i.e.

Paper I—I Year Arts.

Paper II—II Year Arts.

Practical (First Aid and Home Nursing)—II Year Arts
For a group of 60 students the number of classes for the above papers will be a minimum of 16 periods per week.

(ii) The subject health science incorporates teaching of Anatomy, Physiology, Hygiene, Public Health, Mother Craft, First Aid, and Home Nursing, and as such requires the teaching by a person especially

trained in these aspects to maintain the academic standards of the subject. Conventionally it must be taught by an M B B.S /M.Sc. Nursing, as quoted in the O.65 University Hand Book Part II. Vol I.

The teaching of Health Science has a practice is being done by Home Science personnel, since as per Government rules the appointment of an M.B.B S can be done only as a part time lecturer on a payment of Rs 150 -per month. No M.B.B.S. person is willing to work at such a low payment which hardly covers conveyance expenses. It is thus recommended that a full time M.B.B S lecturer be appointed to take these classes (as is done in Home Science Colleges all over India) or the remuneration be raised to a reasonable amount to interest a person in part-time teaching.

Resolved that the aforesaid proposals be accepted and forwarded to the Director of College Education, Rajasthan for necessary action.

(13) The Faculty considered the following proposal received from Shri M.L. Soni, Head of the Department of Geography, Government College, Ajmer as contained in his letter dated 7.11 79 .—

“That an alternative paper on ‘Basic Mathematics’ be included in the list of third compulsory subject viz. H I.C C , Ele. Hindi, H.I C for Ist Year T.D.C. examination in the Faculties of Arts and Social Sciences and the syllabus already prepared by the Committee appointed by the Academic Council vide its Res. No. 11 (ii) dated the 8/9th April, 78 be adopted.”

Resolved to recommend that the aforesaid proposal be accepted

“General Sanskrit” be introduced as one of the qualifying general subjects alongwith General Hindi, General English, General Education, H.I.C.C. and Elementary Mathematics and the candidates be permitted to offer General Sanskrit alongwith General Hindi and General English.

Resolved to recommend that the aforesaid proposal be *accepted*.

(15) The Faculty considered letter dated 20.11.79 received from Shri Jai Pal Singh, Government Collge, Ajmer regarding Max. Marks in the Dissertation for the M.A. Geography Examination of 1980.

In this connection, Prof. Indra Pal, Ex-Convener, Board of Studies in Geography clarified the position to the members of the Faculty.

In view of the clarification given by the ex-convener, the Faculty did not consider any change to be necessary and, therefore, *resolved that* no change in the Max. Marks be made for the M.A. Examination of 1980.

(16) The Faculty considered the question of granting exemption to ex-students of Diploma in Journalism examination from appearing in practical examinations already cleared by them. In this Connection it was reported to the Faculty that :—

“In the scheme of examination one practical examination of 50 marks has been prescribed and the candidates are required to secure 36% marks for a pass in the same, since in the case of other examination under the Faculty of Social Sciences, the candidates who have once passed in practicals are not required to reappear in practicals at

their subsequent reappearance, the Vice-Chancellor has passed orders as a very special case to exempt the candidates to reappear in practicals at the Diploma examination in Journalism, 1979, provided they have passed in the same in the proceeding year as earlier."

Resolved to recommend that :

- (i) The aforesaid orders passed by the Vice-Chancellor be confirmed,
- (ii) The said relaxation be allowed to the students in future also, and
- (iii) Necessary ammendments be made in the relevant rules

- (i) Psychology subject be included in the Science Faculty and be taught as an optional subject as has been done in case of Geography.
- (ii) Some of the important topics of Psychology be included in General Education paper considering the significance of the subject in the present contest.

Resolved to recommend that (i) the proposal No. 1 be accepted and (ii) the proposal No. (2) be referred to the C.O C in General Education for consideration.

(18) The Faculty considered a proposal received from Shri K.D. Trivedi, Head of the University Department of Public Adminstration as contained in his letter No. DPA/80/2744 dated 10th March, 1980 to the effect that the paper "Rural Development" be introduced as one of the subjects under com-

pulsory Group III for students in all the Faculties in Degree courses.

Resolved to recommend that the aforesaid proposal be accepted and the subject—Rural Development be introduced as an addl. subject to be offered as a third Compulsory Subject in lieu of H.I.C.C. etc. at I Year T.D.C. Level.

(19) The Faculty also considered the following proposals made by its members in the meeting itself :—

- (i) The relaxations provided in minimum qualifications to the University staff etc. in the selection for higher posts in open selection (i.e. Lecturer, Reader, Professor, etc.) should also apply for the staff of Affiliated colleges.

(VII) BOARD OF STUDIES IN GEOLOGY :

Ref. : (a) the minutes of the meeting dated the 18/19th June, 1979, (b) Res. No. 1 of the minutes of the meeting dated the 4th Sept., 1979, (c) Res. No. 4 of the minutes of the meeting dated 15.10.1979 and (d) Res. No. 1 of the minutes of the meeting dated the 25th Feb., 1980.

In this connection it was reported to the Faculty that :

- (i) The Board of Studies in Geology at its meeting held on the 18/19th June, 1979 recommended scheme of examinations for M.Sc. (Previous) Exam. of 1980 and (Final) Examination of 1981 carrying 8 theory papers at each of the examinations instead of four which is an-adopted pattern and stands approved by the Academic Council. The courses of study, therefore, recommended by the Board were a departure from the recognised frame work and the approved scheme of examinations. The University, therefore, could not approve the said departure without due approval of the competent University bodies,
- (ii) The position was explained to the Convener, B.O S. in Geology requesting him to intimate the papers which he proposed to delete so as to bring uniformity in the

proposed papers. The Convener desired that special meeting of the Board be convened and accordingly, the special meeting was called on the 4th September, 1979.

- (iii) The Board at its special meeting held on the 4th September, 1979 reiterated its earlier stand on retaining 8 theory papers scheme in departure of 4 theory papers scheme approved in respect of other subjects.
- (iv) Since the stand taken by the Board of Studies was not commensurate with the Established pattern, the University could not accept the departure in the scheme of examinations as recommended by the Board, and the matter was explained to the Convener accordingly. On further request from Prof. M.W. Chaudhary, the Vice-Chancellor had agreed to hold a special meeting of the Board of Studies again to reconcile the matter which could not be held as none of the members of the Board turned up for the meeting scheduled on the 15th November, 1979.
- (v) On a scrutiny of the courses of study it was found that the nomenclatures of 8 papers recommended by the Board were merely bifurcation of the nomenclatures of all the papers which existed prior to the introduction of semester scheme of examinations and as such the Vice-Chancellor ordered for clubbing all the concerned papers as per pattern which existed prior to the introduction of the Semester Scheme of Examinations. A teacher of the University Department of Geology was requested to consolidate the revised courses of study recommended by the Board of Studies in Geology and club the courses of two papers suitably into one paper so that no major departure occurs.
- (vi) In view of the aforesaid, the Vice-Chancellor vide his orders dated the 13th December, 1979 approved the courses of study for the M.Sc. (Previous) Examination of 1980, M.Sc. (Final) Examination of 1981 and M.Sc. Tech. Applied Geology Examination of 1980 as clubbed by the aforesaid teacher along the pattern and scheme

of examinations which existed prior to the introduction of the semester scheme of examination and was circulated to the Univ. Department of Geology.

Resolved to recommend that :

- (A) Orders passed by the Vice-Chancellor to the effect that four papers scheme be adopted at the M.Sc. Previous Examination of 1980 and M.Sc. Final Examination of 1981 instead of 8 papers scheme as recommended by the B.O.S. in Geology, be *confirmed*,
- (B) Four papers scheme be continued for the M.Sc. Previous Examination of 1981 and M.Sc. Final Examination of 1982, and
- (C) 8 papers scheme recommended by the B.O.S. in Geology be implemented w.e.f. the M.Sc. Previous Examination of 1982 and M.Sc. Final Examination of 1983.

The recommendation made by the Board *be not* accepted and the syllabus be got printed in English version only.

- (iii) *Ref. Res. No. 5 of the minutes of the meeting dt. 19.9.1979.*

It was *noted* by the Faculty that 1979 Edition of the syllabuses have been got printed and published accordingly.

Resolved that the aforesaid orders passed by the Vice-Chancellor be confirmed.

5. The Faculty considered the recommendations made by the Board of Studies in Physics as contained in its Res. No. 5 dated the 29th June, 1979 to the effect that the (I) system of double evaluation be introduced at the P.M.T. Examination immediately, and (II) each examination be allowed lesser number of answer-books to each examination of the P.M.T. examination scripts.

The Faculty observed that the P.M.T. Examination does not come under its purview and as such the proposals be forwarded to the Vice-Chancellor for consideration and necessary action.

6. The Faculty considered the following recommendation made by the Board of Studies in Botany vide its Res No. 9 dated the 20th September, 1979 :

"A 12 paper scheme for M.Sc. Examination in Botany may be adopted. However, there will be no change in the total marks allotted to the subject at present and also in the proportion of marks between the theory and the practical examinations. The teaching periods allotted to the M.Sc. class will also remain as at present."

Resolved to recommend that the aforesaid recommendations made by the Board be accepted w.e f. the M.Sc. (Prev.) examination of 1983 and on wards.

7. The Faculty considered a proposal made by the Board of Studies in Botany vide its Res. No. 8 dated the 20th Sept, 1979 to the effect that IIIrd Semester Examination of 1979 and the IV Semester Examination of 1980 be held together at the end of the Session 1979-1980.

It was reported to the Faculty that the IIIrd and IVth Semester Examinations will be held together at the end of the session 1979-1980 and, therefore, the Faculty *dropped* consideration of the proposal.

8. The Faculty considered the following recommendations made by the Board of Studies in Physics as contained in its Res. No. 7 dated the 5th September, 1979 :—

"The Board observed that there are two sections in M.Sc. (Prev) Physics paper IV viz. "Statistical Mechanics and Electronics". These two independent and specialised portions be named as sec. 'A'—Statistical Mechanics and sec. 'B'—Electronics.

The Board resolved that two different paper-setters and examiners be appointed in the respective fields. The examinees be also given two answer books to write answers of the two different sections.

The Board also recommended that an examinee be required to attempt 2 questions from Section 'A' Statistical Mechanics and 3 questions from Sec. 'B'—Electronics.

Resolved to recommend that the aforesaid recommendations made by the Board be accepted w.e.f. the M.Sc. (Previous) Exam of 1981.

(9) The Faculty considered the recommendations made by the Board of Studies in Chemistry vide its Res. No. 6 dated the 19th Nov., 1979 to the effect that in case of any vacancy of examiners/paper-setters occurs at any examination the appointment be made by the Selection of examineer's Committee only.

Resolved to recommend that the recommendations made by the Board be not accepted and (ii) the Selection of Examiners Committee may, however, be requested to recommend as far as possible panels of examiners for each paper in all the subjects so that the vacancies of examiners, paper-setters could be filled up from amongst the panels so recommended without any delay.

(10) The Faculty considered the recommendations made by the Board of Studies in Agriculture vide its Res. No. 7 dated the 16th November, 1979, regarding minimum requirements to be prescribed by the University for recurring, non-recurring grants and expenditure on books etc. in the subject.

Resolved to recommend that the aforesaid recommendations made by the Board be accepted.

(11) *The Faculty considered* the following proposals made by Prof. B.L Saraf, Dean, Faculty of Science as contained in his letter dated the 3rd March, 1980 :—

(1) The Faculty of Science recommends the following pattern of examination-papers for the Science subjects and it may be adopted for all the examinations from March, 1981 onwards :

(i) Each Examination paper may have 20% of total marks reserved for the compulsory questions. These questions may be from any part of the syllabus.

(ii) The question paper may have a maximum of three sections and the alternative choice of questions to be answered is restricted to within each section.

- (iii) The overall choice of questions will not exceed 100% for any question paper. But a minimum of 60% choice will be given in every question paper or section other than the compulsory part.
- (2) The attendance of a candidate in the individual subject of Under-graduate examination and for individual paper in the Post-graduate examination may be recorded on the marks-sheet. This may be done irrespective of the nature of condition imposed upon the candidate to qualify or otherwise for appearing in the examination.

Resolved to recommend that :

- (i) The aforesaid proposal No. (1) (i) be *referred* to the Boards of Studies under the purview of the Faculty, for consideration.
- (ii) The aforesaid proposal No. (1) (ii) and 1 (iii) be *accepted*, and

Gupta, Reader, University Department of Chemistry as contained in his letters dated the 2nd February, 1980 to the effect that (i) three papers may be introduced in First Year T.D C, so that equal emphasis could be laid down on all the 3 branches viz. Inorganic, organic and Physical and (ii) Students of M.Sc. Final examination may be given an option to offer a special branch of 'Analytical Chemistry. like other 3 branches in view of its growing importance in the subject of Chemistry.

13. The Faculty considered recommendations made by the (i) B.O.S. in Botany, (ii) B O S. in Zoology and (iii) B.O.S. in Botany and Zoology made at its meetings held on the 14-3-1980.

Resolved to recommend that (i) the recommendations made by the aforesaid Boards be accepted, (ii) the same be implemented

w.e.f. the First Year T.D.C Exam. of 1982 (prescribing a three paper scheme in place of 2 paper scheme for Biology), Second Year T.D.C. Exam. of 1983 and Final Year T.D.C. Exam. of 1984 and (iii) the Conveners of the Boards concerned be *authorised* to make minor amendments and correct the typographical errors, if any, in the courses of study recommended by the Boards of Studies.

14. The Faculty considered the following proposals made by its members in the meeting itself :

- (I) "The teaching schedule in the Institutions should be planned in such a way that the course contents of different papers in a subject are treated in Serial succession one after the other in place of simultaneous teaching of all the papers throughout the academic session, and
- (II) The Faculty feels that time has come when in the interest of improving the standard of academic achievement of the B Sc students, a re-assessment of the total work load of students, the weightage to be given to different subjects and connected matters be immediately made

Resolved to recommend that (i) the aforesaid proposal no. (I) be accepted and (ii) a committee consisting the following members be appointed to examine the proposal No (II) in details and give its report :

“After prolonged discussions the Faculty resolved that the books recommended by the Board be prescribed in the subject of General English for the First Year TDC Examination of 1980 only.”

Kaul and on his recommendation ordered that (i) a special meeting of the BOS in English be convened to consider prescribing the book "Language Through Literature-I" (which had been formally submitted for the purpose) instead of "Language Through Literature-2" and (ii) the book Kanthapura" be retained as the Board did not give any reason for its change.
- (vii) Since the term of the Board of Studies in English expired on the 27.12.1979, the Special meeting of the Board could not be convened.
- (viii) The Vice-Chancellor, therefore, passed an order to the effect that the matter be considered by the Faculty in the circumstances.

- (1) हिन्दी-भाषा का पाठ्यक्रम यह जिम्मेदारी वहन करे कि वह सम्बन्धित मंकाय एवं विषय के विद्यार्थी को उस विषय की भापाई प्रकृति विशेष रूप से तकनीकी शब्दावली का पर्याप्त परिचय दे सकेगा ।
- (2) अपने संकाय एवम् विषय की शब्दावली के अतिरिक्त अन्य मकायो एवम् विषयो की सामान्य तकनीकी शब्दावलियों का भी परिचय कराये ताकि आज के बढ़ते हुए अन्तर्संकायो एवम् अन्तर्विषयी सम्बन्धों में असुविधा महसूस न हो ।
- (3) समय सामयिक साहित्य-कविता उपन्यास, कहानी, नाटक लेख एवम् विषेय रूप से स्तरीय समाचार-पत्रों के विषयों का सहज अध्ययन करने योग्य बना सके ।
- (4) यह पाठ्यक्रम उच्च से उच्च स्तरीय ज्ञान की सहज एवम् सामान्य अभिव्यक्ति हेतु लेखन-क्षमता प्रदान कर सके ।
- (5) भाषा के प्राथमिक एवम् आधारभूत रूप-वाचिक अभिव्यक्ति-शुद्ध और सहज रूप में बोल सकने की सामर्थ्य दे सके ।
- (6) इस पाठ्यक्रम का उद्देश्य भाषा के समसामयिक स्वरूप का ही परिचय देने का हो, उसके ऐतिहासिक एवम् पारस्परिक स्वरूप के परिचय देने का अवकाश नहीं होना चाहिए ।

(ख) वर्तमान पाठ्यक्रम की अपूर्णताएं एवम् दोष : --

- (1) हिन्दी का पाठ्यक्रम सभी सकायों के लिए समान है जो भिन्न-भिन्न मंकायों की भाषागत अपेक्षाओं के अनुरूप पर्याप्त नहीं है । सभी मकायों के लिए एक ही पाठ्यक्रम रहने के कारण सकायगत मागों के अनुसार पाठ्यक्रम में विस्तार नहीं दिया जा सकता ।
- (2) वर्तमान पाठ्यक्रम की पाठ्य-पुस्तकों में से "गद्य विविधा" के उन्नीस पाठों में से चौदह पाठ साहित्यिक विधाओं को लेकर मकलित है जब कि दो पाठ विज्ञान सबधी, दो पाठ अर्थ संबंधी एवम् एक पाठ राष्ट्र-भाषा संबंधी है । दूसरी पुस्तक 'कथानवनीत' तो प्रेमचन्द से लेकर हरिशंकर परमाई तक के हिन्दी कहानी विकास को दर्शाने वाली कहानियों का संग्रह है गोया कि यह पुस्तक हिन्दी साहित्य के विद्यार्थियों को हिन्दी कहानी के इतिहास एवं क्रमिक विकास का परिचय दिये जाने के लिए

गन्ती गई है। ऐसी स्थिति 1977-78 के पाठ्यक्रम में सम्मिलित "साहित्य रश्मियाँ" नामक पुस्तक की भी थी।

इस तरह "साहित्य रश्मियाँ" के स्थान पर 'गद्य-विविधा' और 'गद्य-विविधा' के स्थान पर अन्य कोई 'रश्मियाँ' या 'विविधाएँ' उलटते-पलटते रहने से पाठ्यक्रम सम्बन्धी अखाड़ेवाजी का ही परिचय मिलता है। दरअसल यह गभीर-पूर्वक विचार किया जाना चाहिए कि हमें हिन्दी साहित्य का परिचय नहीं मूलतः हिन्दी भाषा का परिचय देना है। हिन्दी साहित्य के विद्यार्थियों को नहीं, हिन्दी भाषा के विद्यार्थियों को गढ़ाना है। यद्यपि हिन्दी भाषा के विद्यार्थियों को भाषा के साहित्यिक स्वरूप का भी परिचय देना है किन्तु भाषा के अन्य स्वरूपों के अनुपात में ही हमें हिन्दी भाषा की उन समस्त सामर्थ्य में अवगत कराना है जो उसने विभिन्न विषयों की अभिव्यक्ति में विशेष रूप से विद्यार्थी ने सन्निहित संकाय में प्राप्त करनी है।

- (3) राजस्थान के न्द्राविद्यालयों एवं विश्वविद्यालयों में अध्ययन अध्यापन का माध्यम हिन्दी होने और होते जाने के बावजूद भी हमारा हिन्दी का पाठ्यक्रम विभिन्न संकायों एवं विषयों की तकनीकी शब्दावली का परिचय कराने के बारे में मौन है। विद्यार्थी भाषा के अपर्याप्त ज्ञान के कारण विज्ञान, वाणिज्य तथा सामाजिक विज्ञानों के अध्यापकों के लिए मिरदर्द बन जाता है। जो कार्य भाषा के अध्यापन को कराना चाहिए वह आजकल विभिन्न विषयों के अध्यापकों को करना पड़ता है। वस्तुतः वर्तमान पाठ्यक्रम में उन तकनीकी शब्दावली को कोई स्थान नहीं दिया गया है जिससे उनका अपने मुख्य विषय में एवं अन्तर्विषयी सम्पर्कों में सम्बन्ध है।

- (4) वर्तमान पाठ्यक्रम में भाषा के सर्वाधिक महत्वपूर्ण एवं आधारभूत स्वरूप उच्चारण—को कोई स्थान नहीं दिया गया है। इस प्रकार भाषा-ज्ञान के एक बड़े अंश-उच्चारण-ज्ञान के अध्यापन की दृष्टि से यह पाठ्यक्रम शून्य और निष्क्रिय है। इस दृष्टि से यह पाठ्यक्रम इस स्नातकीय एवं स्नातकोत्तर पीढ़ी को या तो नुक़्त देता है अथवा भ्रष्ट—वक्ता बना कर छोड़ देता है।

(5) इस पाठ्यक्रम में भाषा के ताजे—टटके रूप को पर्याप्त न्याय नहीं दिया गया है। हिन्दी भाषा के सामान्य विद्यार्थी को वर्म-दुर्ग, माप्ताहिक हिन्दुस्तान को कविताओं और लेखों तथा 'दिनमान', 'नवभारत टाइम्स' और 'हिन्दुस्तान' जैसे समाचार पत्रों के लेखों तथा समाचारों से सम्बन्ध रखना है। अतः उसे प्रनाद और मैथिलीशरण गुप्त की कविताओं या हजारों प्रसाद द्विवेदी और महादेवी वर्मा के गद्य की भाषा में उलझाये रखने में कोई औचित्य नजर नहीं आता। हमें पाठ्यक्रम में उसी नामयिक भाषा को रखना चाहिए जो भविष्य की भाषा के नवसे अधिक नजदीक है।

(6) भाषा एवं विद्या परिचय के नमूने के रूप में रखे गये पाठों के विषय एवं भावों का चयन भी शहर-केन्द्रित एवं समाज के उच्च वर्ग से सम्बन्धित है जबकि इनके विषय समाज के ग्राम आदमी से सम्बन्धित एवं विद्यार्थी के चारों तरफ व्याप्त परिवेश से सम्बन्धित होने चाहिए।

(ग) वर्तमान प्रश्न-पत्र के स्वरूप में कमियाँ :—

(1) भाषा का प्रश्न-पत्र हिन्दी साहित्य के प्रश्न-पत्र की पारम्परिक पद्धति पर ही आधारित है। इसीलिए अवतरणों की संदर्भ महति व्याख्या पूछी जाती है। दरअसल भाषा के विद्यार्थी के लिए विषय-नामगो प्रमुख होती, भाषा प्रमुख होती है। अतः पाठ्यक्रम में व्याख्या और विषय वस्तु सम्बन्धी तीन प्रश्न पूछे जाएंगे इसके लिए 50 अंकों का निर्धारण अनुपयुक्त है। इसी तरह अमत्यवीरपुत्र किसके लिए कहा गया है? "ब्रह्म-कमण्डल में छिपने वाली कौन है?" (प्रथम वर्ष विज्ञान, सामान्य हिन्दी प्रश्न-पत्र 1978 में पूछे गये प्रश्न) "अन्तरिक्ष में सूर्य से बड़े किन्हीं दो नक्षत्रों के नाम बताइये।" "महाभि निष्क्रमण का देवदूत कौन है?" (प्रथम वर्ष कला, सामान्य हिन्दी 1978 के प्रश्न-पत्र में पूछे गये प्रश्न) आदि प्रश्न जो कि विद्यार्थी की भ्रमण शक्ति को परखते हैं, उसकी भाषा सामर्थ्य तो नहीं, अनावश्यक है।

(2) प्रश्नों-पत्रों के अधिकांश प्रश्नों से विद्यार्थी की कल्पना-शक्ति और भाषागत रचनात्मकता की परख नहीं हो पाती जबकि भाषा की प्रकृति का मूल आधार ही उनकी रचनात्मकता है।

- (3) प्रश्न-पत्रों में ऐसी भी कोई व्यवस्था नहीं है जो विद्यार्थी को भाषण-क्षमता का भी मूल्यांकन कर सके।
- (4) व्याकरण भाग में सन्धि-समास कारक आदि की परिभाषाओं को पूछने वाले प्रश्न विद्यार्थी को भाषाई प्रयोग की कुशलता का परिचय नहीं दिलवाते। अतः इस प्रकार के सैद्धान्तिक प्रश्नों के पूछे जाने का कोई औचित्य नहीं है।

(घ) सुझाव

(अ) पाठ्यक्रम निर्धारण सम्बन्धी : -

- (1) अलग-अलग संकायों के विद्यार्थियों का पाठ्यक्रम संकायों की मांग के अनुसार अलग-अलग निर्धारित किया जाये। पाठ्यक्रम निर्धारण से पूर्व हिन्दी के अध्यापकों एवं भिन्न-भिन्न संकायों के अध्यापकों की एक ऐसी समिति बनायी जा सकती है जो भाषा एवं विषय सम्बन्धी पारस्परिक उपेक्षाओं तथा समस्याओं में परिचित होकर उसकी पूर्ति की दिशा में सुझाव प्रस्तुत करे और उसी के आधार पर पाठ्यक्रम का दिशा-निर्देश तैयार हो। इस सम्बन्ध में यह भी किया जा सकता है कि एक पुस्तक सभी संकायों के लिये भाषा के सामान्य स्वरूप से सम्बन्धित रखा ली जावे तथा एक पुस्तक भिन्न-भिन्न संकायों के लिए अलग-अलग रखी जाये—संकाय की आवश्यकतानुसार।
- (2) पाठ्यक्रम को साहित्य-केन्द्रित नहीं भाषा केन्द्रित बनाया जाये। हिन्दी भाषा शिक्षण में महत्वपूर्ण कार्य कर रही संस्था केन्द्रीय हिन्दी मस्थान आगरा से सम्पर्क स्थापित किया जाये एवं भाषा-शिक्षण में भाषा-वैज्ञानिक उपलब्धियों का उपयोग किया जाये। इसके लिए प्राध्यापकों के प्रशिक्षण की भी आवश्यकता पड़ सकती है और उसके लिए ग्रीष्मकालीन शिविरों की व्यवस्था की जा सकती है जैसा कि अंग्रेजी में होता भी है।
- (3) भिन्न-भिन्न संकायों के लिए अपेक्षित-आधार भूत तकनीकी शब्दावली की सूची सम्बन्धित संकाय के पाठ्यक्रम का ही एक आवश्यक अंग हो इसके अतिरिक्त अन्य संकायों की अत्यन्त सामान्य एवं मोटी-मोटी शब्दावली की सूची भी पाठ्यक्रम में सम्मिलित हो। हिन्दी भाषा को समर्थ माध्यम के रूप में तैयार करने के लिए यह अत्यन्त आवश्यक है।

- (4) हिन्दी के लिखित रूप के अतिरिक्त उसके उच्चरित रूप को शिक्षा के लिए भी पाठ्यक्रम में व्यवस्था की जाये। इसके लिए अलग से अंक-निर्धारण और उसकी मौखिक परीक्षा की व्यवस्था हो। ऐसा करके हम हिन्दी के बलघात अनुतान और ध्वनियों के शुद्ध उच्चारण का अध्यापन कर हम हिन्दी की आत्मा को संरक्षित और निर्मल कर सकेंगे और भाषा और विद्यार्थी दोनों की सेवा कर सकेंगे।
- (5) राजस्थान के अधिकांश विद्यार्थियों की मातृ-भाषा राजस्थानी है और हिन्दी के अतिरिक्त दूसरी भाषा उमें अंग्रेजी मीखनी होती है। भाषा सिखाने की दृष्टि से यह वैज्ञानिक पद्धति है। कि विद्यार्थी की अन्य भाषाओं की प्रवृत्ति को भी ध्यान में रखा जाये। भाषा-एक (राजस्थानी) और भाषा-दो (हिन्दी-अंग्रेजी आदि) के परस्पर सम-विषय तत्वों का अन्वेषण करके उनको विशेष रूप से पढाया जाना चाहिए। यह मत्र व्यतिरेकी और तुलनात्मक भाषा विज्ञान (कान्ट्रास्टिक और कम्परेटिव लिग्विस्टिक्स) की महायकता से सहज ही किया जा सकता है। उदाहरण के तौर पर उच्चारण एवं लेखन की दृष्टि से क, ख, ज, फ, ग्राँ, श प आदि ध्वनियों का विशेष अध्यापन कराया जा सकता है। यही पद्धति अंग्रेजी के अध्यापन में भी अपनाई जा सकती है जिसका अंग्रेजी के पाठ्यक्रम में भी नितान्त अभाव है। इस सम्बन्ध में हिन्दी अंग्रेजी और राजस्थानी के विद्वानों की एक समिति ठोस मुझाव प्रस्तुत कर सकती है।
- (6) हिन्दी के पाठ्यक्रम में कविता के समसामयिक रूप का ही परिचय दिया जाये ताकि छात्र सामयिक एवं भावी कविता का अध्ययन सहज ही कर सकें। इन संदर्भ में प्रसाद, मैथिलीशरण को कविताओं को भाषा-शिक्षण की दृष्टि से पाठ्यक्रम में रखने का कोई सबल औचित्य नहीं है। उनका साहित्य के पाठ्यक्रम में रखा जाना ही उचित है।
- (7) गद्य के पाठ भी अत्यन्त सामयिक विषयों एवं सामयिक भाषायी स्वरूप में सम्बन्धित हो। उनमें किसी भी प्रकार की पारम्परिकता या कनैसिव होने का आग्रह नहीं होना चाहिए।

- (8) उन पाठों को सम्मिलित किया जाये जो विज्ञान अर्थ, वाणिज्य आदि से सम्बन्धित तो हो किन्तु जिनमें भाषा दे ताजा और रचनात्मक रूप का प्रयोग किया गया हो। भाषा के इसी रूप का परिचय देकर अन्य शुद्ध विषयों की रोचक अभिव्यक्ति को प्रोत्साहित कर सकेंगे।
- (9) हिन्दी व्याकरण के अध्यापन का ढांचा बहुत कुछ मस्कृत के आधार पर है। मस्कृत के विलम्बात्मक भाषा होने के कारण उसमें मन्वि, समाम आदि का विशेष महत्व था किन्तु हिन्दी की प्रकृति विदिलम्बात्मक है अतः इसके व्याकरण में मन्वि-समाम के पारस्परिक आग्रह को समाप्त कर कारक चिन्ह, पद परिचय, वाक्य-विश्लेषण और विशेष रूप से विरामचिह्नों एवं वर्तनी पर अधिक ध्यान देना चाहिए। वर्तनी जैसी व्यापक समस्या के लिए मात्र दो-तीन अक्षरों का निर्धारण पर्याप्त नहीं है।

दृष्टिकोण

आज के शिक्षित युवक की विडम्बना यह है कि उसके पास सक्षम-अभिव्यक्ति के लिये कोई भी भाषा नहीं है, राजस्थान प्रान्त में यद्यपि हिन्दी का शिक्षण प्रथम भाषा के रूप में किया जाता है किन्तु विद्यार्थियों की क्षमता की दृष्टि से हिन्दी का स्तर अत्यन्त शोचनीय है, इसके दो प्रमुख कारण हैं :— (क) हिन्दी के प्रति विद्यार्थियों तथा शिक्षकों का उपेक्षापूर्ण दृष्टिकोण, (ख) हिन्दी में व्याकरण तथा रचना के शिक्षण तथा सत्सम्बन्धी पर्याप्त अभ्यास का अभाव। अब जब कि अखिल भारतीय स्तर पर विभिन्न प्रतियोगिताओं की परीक्षाओं में हिन्दी को स्थान मिल रहा है, हिन्दी शिक्षण के प्रति जागरूकता अत्यन्त आवश्यक हो जाती है। इसके लिए हिन्दी व्याकरण तथा रचना के शिक्षण पर विशेष बल दिया जाना और भी आवश्यक है।

राजस्थान विश्वविद्यालय में अनिवार्य हिन्दी का शिक्षण प्रथम वर्ष स्तर पर कला, विज्ञान तथा वाणिज्य संकायों के सभी विद्यार्थियों को किया जाता है, अनिवार्य हिन्दी शिक्षण का मूल उद्देश्य विद्यार्थियों को हिन्दी में अभिव्यक्ति-क्षमता का विकास करना है, इस अभ्यास पुस्तक की रचना में यह दृष्टि केन्द्र में रखी जाये कि कला, विज्ञान तथा वाणिज्य के विद्यार्थी मानक भाषा के रूप में शुद्ध हिन्दी के प्रयोग की क्षमता प्राप्त कर लें, अतः अभ्यास पुस्तक की रचना करते समय निम्नांकित बिन्दुओं को दृष्टिगत रखा जाना चाहिए :-

1. अभिव्यक्ति की मूल तथा प्रारम्भिक इकाई सार्थक वाक्य है अतः वाक्य रचना के विभिन्न रूपों का पर्याप्त अभ्यास अपेक्षित है।
2. वाक्यों के माध्यम से ही व्याकरण के विभिन्न अवयवों का ज्ञान कराया जाए ताकि अभ्यास के पर्याप्त अवसर मिल सकें— उदाहरणार्थ उपसर्ग, प्रत्यय, समास सन्धि आदि का ज्ञान वाक्य रचना के साथ उदाहरणों से ही कराया जाए।
3. व्याकरण के उन्हीं अवयवों का ज्ञान कराया जाए जो सामान्यतः मानक हिन्दी में प्रयुक्त होते हैं मस्कृत व्याकरण के बहुत से नियम तथा उदाहरण व्यवहार तथा प्रयोग की दृष्टि से अप्रासंगिक हो गये हैं, जब कि वे हिन्दी की पुस्तकों में यथावत चले आ रहे हैं, उदाहरणार्थ विसर्ग प्रयोग, रघुत्तम (स्वर सन्धि) या वध्वागमन (यणसन्धि) जैसे प्रयोग।
4. अभ्यास पुस्तक में ऐसे प्रारूपों के लेखन को आश्रय दिया जाए जो विद्यार्थियों की कल्पना शक्ति के उपयोग के पर्याप्त अवसर प्रदान करते हों।
5. अभ्यास पुस्तक में अभ्यास तथा उदाहरणों द्वारा ही व्याकरण के नियमों का ज्ञान कराया जाए।
6. अभ्यास पुस्तक में ऐसे प्रारूपों के लेखन को बल दिया जाए जिनमें विद्यार्थी कला, विज्ञान तथा वाणिज्य के विषयों से सम्बन्धित प्रचलित शब्दावली का प्रयोग कर सकें।
7. अखिल भारतीय स्तर पर होने वाली प्रतियोगिताओं से सम्बन्धित परीक्षाओं के अनुरूप सामग्री का समावेश भी इस अभ्यास पुस्तक में होना चाहिए।

इन सदस्यों ने दिल्ली में डा० बाल गोविन्द मिश्र (केन्द्रीय हिन्दी संस्थान) के साथ दिनांक 26, 27, 28 दिसम्बर, 79 को बैठक की तथा निम्नलिखित रूपरेखा प्रस्तुत की ।

दृष्टिकोण :

राष्ट्र के बदलते हुए परिवेश में, हिन्दी के व्यावहारिक स्वरूप के उत्तरोत्तर ज्ञान की आवश्यकता तीव्रतापूर्वक अनुभव की जा रही है। विश्व-विद्यालय का हिन्दी पाठ्यक्रम अब तक साहित्योन्मुख ही रहा है। भाषा के दिनोदिन प्रयोग पर, सामाजिक व्यवहार के विभिन्न स्तरों पर, हिन्दी के अधिकाधिक प्रचलन के साथ यह महसूस किया जा रहा है कि मानक हिन्दी के स्वरूप को समुचित रूप में प्रतिष्ठित किया जाये, उसे इस योग्य बनाया जाये कि जनसम्पर्क के विविध माध्यमों एवं स्तरों पर उमका सफल प्रयोग किया जा सके। समाचार पत्र, आकाशवाणी एवं दूरदर्शन के सन्दर्भ में हिन्दी के प्रयोग ने नयी दिशाओं एवं सम्भावनाओं का दोहन किया है। इस सबके बावजूद स्नातक एवं अधिस्तानक स्तर पर हमारे विद्यार्थी की अभिव्यक्ति पगु एवं अप्रभावी बनी हुई है। वह अपनी भावनाओं एवं विचारणाओं को सटीक एवं सार्थक रूप में अभिव्यक्त नहीं कर पा रहा। इस स्थिति के निराकरण की दृष्टि में व्यावहारिक हिन्दी के प्रयोग एवं शिक्षण को विश्वविद्यालय स्तर पर नयी दिशा देने हेतु यहां कतिपय प्रावधान प्रस्तुत किये जा रहे हैं।

हिन्दी साहित्य शिक्षण के वर्तमान ढांचे की अधिक परिवर्तित न करते हुए साहित्य के पाठ्यक्रम में स्तानक-शिक्षण के प्रत्येक चरण में व्यावहारिक हिन्दी के प्रयोग को प्रोत्साहित करने के लिए प्रथम वर्ष के पाठ्यक्रम में 10 अंकों के, द्वितीय एवं तृतीय वर्ष में 20-20 अंकों के अनिवार्य प्रश्नों की सन्तुति की जा रही है। तदनुसार प्रथम वर्ष में निम्नांकित इकाइयों का अध्ययन अपेक्षित है।

1. वाक्य-शोधन
2. वर्तनी-शुद्धि
3. प्राक्परा
4. अनुच्छेद-रचना
5. रिक्त स्थानों की पूर्ति
6. पारिभाषिक शब्दावली (100 शब्दों का ज्ञान)

द्वितीय वर्ग में अध्ययन के लिए इकाइयां प्रस्तावित हैं :

1. टिप्पणी
2. संक्षिप्तीकरण
3. वाक्य-शोधन
4. प्रतिवेदन
5. पारिभाषिक शब्दावली (200 शब्दों का ज्ञान)

तृतीय वर्ग के लिए अधोनिम्नित इकाइयों के अध्ययन की संस्तुति की जा रही है :

1. अंग्रेजी में हिन्दी अनुवाद
2. संवाद-लेखन
3. ईश-शोधन (ड्रूफ पठन)
4. विज्ञान-लेखन
5. पारिभाषिक शब्दावली (200 शब्दों का ज्ञान)

प्रथम वर्ग में 10 अंकों के प्रश्न को दो भागों में विभाजित किया जा सकता है। प्रथम 'क' खण्ड के अन्तर्गत 1. वाक्य शोधन 2. वर्तनी शुद्धि एवं 3. प्राक्परा को रखा जा सकता है तथा 'ख' खण्ड के अन्तर्गत : 1. अनुच्छेद रचना 2. रिक्त स्थानों की पूर्ति तथा 3. पारिभाषिक शब्दावली को लिया जा सकता है। इनसे छात्रों की अभिव्यक्ति क्षमता में अनिवृद्धि होगी और वह कामकाजी हिन्दी के प्रयोग में दक्षता प्राप्त करेगा। पारिभाषिक शब्दावली विज्ञान, वाणिज्य, अर्थ नीति एवं राजनीति के व्यापक परिवेश में गृहण की जायेगी। इसकी लक्ष्य संख्या इन स्तर पर 100 शब्दों गई हैं। शब्द-शोधन एवं वाक्य-शोधन से वह गृही और अच्छी हिन्दी लिखने की दिशा में प्रवृत्त हो सकेगा। रिक्त स्थानों की पूर्ति का अभ्यास छात्र की कल्पनाशीलता को प्रत्तरता प्रदान करेगा। अनुच्छेद रचना और प्राक्परा में लेखन-क्षमता और प्रशामनिक आवश्यक्तों की संस्तुति हो सकेगी।

द्वितीय वर्ष में टिप्पण संक्षिप्तीकरण पल्लवन, वाक्य शोधन, प्रतिवेदन एवं पारिभाषिक शब्दावली का विशेष ज्ञान प्रस्तावित है। द्वितीय वर्ष के दोनों प्रश्न पत्रों में अलग-अलग 10 अंकों के प्रश्न का प्रावधान रखा गया है। प्रथम प्रश्न पत्र में संक्षिप्तीकरण-पल्लवन एवं पारिभाषिक शब्दावली (200 शब्दों का ज्ञान) तथा द्वितीय प्रश्न-पत्र में टिप्पण वाक्य-शोधन एवं प्रतिवेदन-लेखन का अभ्यास अपेक्षित है। इससे विद्यार्थी की अर्थग्रहण एवं अभिव्यक्ति क्षमता विकसित होगी। वह हिन्दी के व्यावहारिक प्रयोग की दिशा में स्वयं को अधिक सक्षम अनुभव कर सकेगा।

तृतीय वर्ष में अंग्रेजी से हिन्दी अनुवाद संवाद-लेखन, ईश-शोधन विज्ञापन-लेखन और पारिभाषिक शब्दावली (200 शब्दों का ज्ञान) अध्ययन के लिए प्रस्तावित किये गये हैं। तृतीय वर्ष के दोनों प्रश्न पत्रों में अलग-अलग 10 अंकों के प्रश्न का प्रावधान प्रस्तुत किया गया है। प्रथम प्रश्नपत्र के अन्तर्गत सम्वाद-लेखन एवं पारिभाषिक शब्दावली के अध्ययन की सतुति की जाती है, इससे पटकथा लेखन एवं प्रशासन, व्यवसाय आदि के क्षेत्रों में भाषागत आवश्यकताओं की पूर्ति हो सकेगी। यहां तक छात्र पूर्ण पारिभाषिक शब्दों का बोध एवं प्रयोग अर्जित कर लेगा। यह शब्दावली विज्ञान, वाणिज्य, अर्थ नीति एवं राजनीति में व्यापक परिवेश में से ग्रहण की जायेगी ?

द्वितीय प्रश्नपत्र में अंग्रेजी से हिन्दी अनुवाद ईश शोधन एवं विज्ञापन लेखन के अभ्यास का प्रस्ताव रखा गया है। पत्रकारिता की आवश्यकताओं को दृष्टिगत रखते हुए एवं जन-संचार के सफल माध्यम के रूप में अनुवाद की उपयोगिता निर्विवाद है। ईश-शोधन में अध्ययन से न केवल पत्रकारिता की आवश्यकता ही पूर्ण होगी, बल्कि वह सही प्रयोग की दिशा में भी प्रवृत्त होगा। विज्ञापन-लेखन दिनों दिन उपयोगी एवं प्रभावी कला का रूप ग्रहण करता जा रहा है। इसके द्वारा व्यवसायी अपनी प्राथमिकताओं को निर्धारित एवं रेखांकित करता है। इस प्रकार विद्यार्थी का वर्तमान साहित्य केन्द्रित भाषा-शिक्षण की ओर विशेष रूप से उन्मुख हो सकेगा।

उपर्युक्त प्रस्तावों से हमारा स्नातक विद्यार्थी अभिव्यक्ति के स्तर पर समृद्ध होकर वर्तमान भाषा सम्बन्धी आवश्यकताओं की सम्पूर्ति में अग्रसर हो सकेगा और विश्वविद्यालय का साहित्य-केन्द्रित अध्ययन अधिक व्यावहारिक एवं उपयोगी बनेगा। विश्वविद्यालय का हिन्दी छात्र सामाजिक एवं राष्ट्रीय आवश्यकताओं की पूर्ति में अपना सम्यक योगदान करने में भी समर्थ होगा।

इस प्रकार हम वर्तमान संस्तुतियों में अपने छात्रों की व्यवसायोन्मुखी अपेक्षाओं को पूर्ण करने की दिशा में गतिशील होंगे । यह हमारी मान्यता है ।

संयोग की बात है कि केन्द्रीय हिन्दी संस्थान, राष्ट्रीय शैक्षिक अनुसंधान परिषद और दिल्ली विश्वविद्यालय में भी इसी प्रकार के हिन्दी भाषा शिक्षण पर गम्भीरतापूर्वक विचार किया जा रहा है ।

The Registrar,
University of Rajasthan,
Jaipur.

Dear Sir,

I am forwarding to you a letter received from the Director of Iranian Studies. He wishes to know why the recommendations of the Sub-committee appointed by the Academic Council were not placed before the academic Council.

He informs me that the proposal pertaining to Iranian Studies is in two parts. While setting up an Institute of Iranian Studies depends on financial support from the Iranian Government the introduction of Iranian Studies as an elective subject at the undergraduate stage does not. He feels that the latter can be presented to the appropriate academic body.

Prof. Dwivedi who was a member of the Sub Committee suggest that the recommendations of the Sub-committee should be submitted to the Faculty for consideration. I agree with Prof. Dwivedi's suggestion.

I am passing on the correspondence exchanged on the subject in original.

Thanking you,

Yours faithfully,

संस्कृत अध्ययन सकाय के अन्तर्गत तीन अध्ययन मण्डलों का गठन किया गया है किन्तु ऐसा करते समय आधुनिक विषयों को पूर्णतया उपेक्षित कर दिया गया । अतः प्रस्ताव है कि आधुनिक विषयों के लिए एक अलग अध्ययन मण्डल का गठन किया जाये तथा उसमें शास्त्री कक्षाओं में पढ़ाये जाने वाले प्रत्येक आधुनिक विषय का एक सदस्य रखा जावे ।

प्रस्ताव संख्या 2 .

संस्कृत अध्ययन सकाय की पिछली कई बैठकों में यह प्रस्ताव पारित हुआ था कि संस्कृत कालेजों में कार्यरत प्राध्यापकों/प्राचार्यों को विश्वविद्यालय द्वारा स्वीकृत वेतनमान दिलाये जाये किन्तु अभी तक इस अवधि में कोई प्रगति नहीं हो पाई है । इसके विपरीत संस्कृत कालेजों के शिक्षक वेतन की दृष्टि से सामान्य शिक्षा के वरिष्ठ अध्यापकों से भी पीछे रह गये । अतः प्रस्ताव है कि विश्वविद्यालय जोरदार शब्दों में राज्य सरकार को लिखे और अपने द्वारा स्वीकृत वेतनमानों को संस्कृत कालेजों के शिक्षकों को भी दिलाये ।

जब तक विश्वविद्यालय परिसर में, आचार्य कक्षाओं एवं शोध अध्ययन केन्द्र की स्थापना स्वतन्त्र प्राच्य विद्या विभाग के रूप में नहीं हो जाती तब तक दर्शन-विभाग तथा संस्कृत विभाग नयुक्त रूप से इस प्रोजेक्ट को चालू करें तथा उसकी समिति में चारों वेदों के एक विद्वान को भी अवश्य संयुक्त करें ।”

16 संस्कृत अध्ययन संकाय राजस्थान के ₹०५० राज्यपाल, राजस्थान उच्च न्यायालय के सेवानिवृत्त मुख्य न्यायाधीश एवं राजस्थान विश्वविद्यालय के भूतपूर्व कुलपति जस्टिस श्री वेदपाल जी त्यागी के स्वर्गारोहण पर अपनी आदर-पूर्ण श्रद्धाजलि अर्पित करती है तथा उन्हें स्नेह महित स्मरण करते हुए उनके महान आदर्शों का अनुकरण करने का व्रत लेती है ।

राजस्थान विश्वविद्यालय की हैण्डबुक पार्ट II वाल्यूम I के अध्यादेश 65 अध्याय xx शीर्षक ix Faculty of Sans. : studies के अन्तर्गत पैरा A.B.C तथा शीर्षक xi Minimum qualification for Principals of Aff. College के अन्तर्गत पैरा (1) में वर्तमान में मंजूर हेतु निम्न प्रस्ताव प्रस्तुत हैं :—

प्रस्ताव संख्या I.

पैरा (ए) का सब पैरा (i) For teaching main optional Sub के लिये वर्तमान निर्वाहित योग्यता "आचार्य" उपाधि के साथ वैकल्पिक योग्यता एम.ए. (संस्कृत) उपाधि का निर्धारण और किया जाना चाहिए। अतः प्रस्ताव स्वीकृत कर इन सब-पैरा के अन्तर्गत समग्र रूप में निम्नलिखित प्रकार संशोधित योग्यता अभिलिखित करना अपेक्षित है :-

(I) For teaching main optional Subjects :

At least a second class Acharya Degree in the subject concerned.

Or

At least a second class Master of Arts Degree in San. with the specific group of papers in the subject concerned.

उक्त संशोधन — प्रस्ताव का औचित्य यह है कि :

(क) राजस्थान विश्वविद्यालय द्वारा 'आचार्य' उपाधि तथा एम.ए. (संस्कृत) उपाधि की परस्पर समकक्षता स्वीकार की गई है। अतः जिस कक्षा स्तर एवं विषय के लिये "आचार्य" उपाधि को अध्यापनार्थ मान्य किया गया है एवं तद्वत् कक्षा स्तर एवं विषय के अध्यापनार्थ एम.ए. (संस्कृत) उपाधि को भी स्वाभाविक रूप से मान्य किया जाना चाहिए।

(ख) आचार्य उपाधि की भांति एम.ए. संस्कृत उपाधि भी वेद, साहित्य दर्शन, वर्णशास्त्र इत्यादि मुख्य विषय-वर्ग लेकर निष्पन्न होती है। अतः विषय निशेध को पढ़ाने हेतु तत्तत् विषय की आचार्य उपाधि के समान ही तत्तत् विषय की एम.ए. (संस्कृत) उपाधि को भी अर्हता का नैसर्गिक अधिकार बनता है।

(ग) आचार्य तथा एम ए (संस्कृत) दोनों ही उपाधियों के तत्त्वत् विषय विज्ञेय की पाठ्य वस्तु में भी प्रायः एक-रूपता है। यथा-साहित्य विषय में।

प्रस्ताव संख्या २ :

पैरा (A) के सब-पैरा (ii) For Teaching Samanya Sans के लिये वर्तमान निर्धारित योग्यता "आचार्य" उपाधि के साथ वैकल्पिक योग्यता एम ए. (संस्कृत) का भी निर्धारण कर इस सब-पैरा के अन्तर्गत समग्र संशोधित योग्यता निम्न प्रकार अभिलिखित की जानी चाहिये :—

(II) For teaching Samanya Sanskrit :

At least a Second Class Acharya Degree in any subject.

Or

At least a Second Class Master's Degree in Sanskrit

उक्त संशोधन-प्रस्ताव का औचित्य है—

(क) प्रस्ताव सं १ के औचित्य में विवरित बिन्दु (क) तथा ग) के अनुसार।

(ख) शास्त्री कक्षाओं में सामान्य संस्कृत विषय का पाठ्यक्रम साहित्य व व्याकरण मूलक है। इस विषय के अध्यापनार्थ किसी भी विषय (वेद, ज्योतिष, धर्मशास्त्र, पौरुहित्य जैन दर्शन इत्यादि) की आचार्य उपाधि जितनी मक्षम है, नि.संस्देह उससे सक्षमता में एम ए. (संस्कृत) उपाधि न्यून नहीं हो सकती, क्योंकि एम.ए. (संस्कृत) उपाधि में वर्णित विषय (सामान्य संस्कृत) की पाठ्यवस्तु का पूर्णतः पारायण भी हो जाता है।

प्रस्ताव संख्या ५ .

वर्तमान पैरा (C) For Heads of Acharya Departments (यदि उपर्युक्त प्रस्ताव सं ४ के अनुसार संशोधित हो जाता है तो (बी) For Professor of Acharya Deptt. के लिये वर्तमान निर्धारित योग्यता "आचार्य" उपाधि के साथ वैकल्पिक योग्यता "एम ए. (संस्कृत)" का भी निर्धारण किया जाना चाहिए तथा आचार्य परीक्षा के पाठ्यक्रमानुसार मुख्य वैकल्पिक विषय एवं "प्राचीन भारत का साहित्यिक सांस्कृतिक इतिहास व तुलनात्मक भाषा विज्ञान" विषय के लिए योग्यता का निर्धारण पृथक-पृथक दो सब-पैराज में किया जाय ताकि वर्तमान अभिलिखित N.B. की आवश्यकता नहीं रहे। साथ ही उक्त योग्यता निर्धारण में संस्कृत शिक्षा सेवा नियम 1977 के अधीन समान सेवा

नवर्ग के पदों को भी नियुक्ति पदोन्नति हेतु मनाविष्ट किया जाना चाहिए। अतः वर्तमान पैरा को संशोधित कर नौ स्वीकार कर समान स्तर में निम्न प्रकार अभिलिखित किया जाना चाहिए :—

For Professors of Acharya Departments :

(i) For teaching main optional Subject—

First class Acharya Degree in the subject or First class Masters Degree in Sanskrit with the group of papers in the subject with five years teaching experience of Shastri and or Acharya Classes.

Or

Second class Acharya Degree in the subject, Second class Masters Degree in Sanskrit with the group of papers in the subject with five years experience of not below shastri classes of which atleast three years experience of teaching Acharya classes provided that the condition of three years teaching experience of Acharya classes shall not apply in the case of a Candidate who possesses a recognised research Degree. The experience of encadared posts viz—Principals Shastri Upadhyaya collegea Dy. Inspectors will be deemed to be equivalent to the experience of Principal of Shastri College for the purpose of computing the required teaching experience.

(ii) For teaching the subject of Leterary and Cultural History of Ancient India and Comparative Philology-A Mater of Arts Degree in Sanskrit or Acharya Degree of the University of Rajasthan held in 1973 and on-wards. Division and experience of teaching remaining the same.

उक्त प्रस्ताव संख्या 5 का औचित्य यह है कि—

- (क) उक्त पूर्व प्रस्ताव संख्या 1 के औचित्य में विवक्षित विन्दु में
(क) तथा (ख) तथा (ग) के अनुसार।
- (ख) राजस्थान विश्वविद्यालय की आचार्य परीक्षा 1973 में आचार्य उपाधि में भी प्राचीन भारत का साहित्य सांस्कृतिक इतिहास व भाषा विज्ञान विषय के पाठ्यक्रम का मनावेष्ट हो जाने के कारण।
- (ग) संस्कृत शिक्षा सेवा नियम 1977 में प्रिन्सिपल गाल्त्री उपाध्याय कॉलेज तथा उपनिरीक्षक पदों का समान सेवा-संवर्ग एवं प्रोफेसर महायक निवेगक एवं निरीक्षक पदों का समान सेवा-संवर्ग होने,

तथा इन समान सेवा संवर्ग के पदों से ही ऊपर के पदों पर पदोन्नति प्रावधान होने के कारण ।

- (घ) उक्त विन्दु (ग) में वर्णित स्थिति का संदर्भित समानान्तर प्रावधान कॉलेज शिक्षा सेवा (Collegiate Branch) नियम 1971 में भी किया गया है जिसे राजस्थान विश्वविद्यालय द्वारा अनुमोदित किया हुआ है ।

प्रस्ताव सत्या 6

अध्यादेश 65 के अध्याय (xx) शीर्षक XI Minimum qualification for Principals of affiliated college के पैरा (J) सब पैरा (i) Principals for Acharya College and Sub-Para (ii) Principals for Shastri College वर्तमान निर्धारित योग्यता आचार्य उपाधि के साथ वैकल्पिक योग्यता "एम.ए." (संस्कृत) उपाधि का भी निर्धारण किया जाकर समान सेवा-संवर्ग के पदों की स्थिति के अनुसार अनुभव प्रावधान रखा जाना चाहिए । एतदनुसार उक्त पैरा (J) के सब-पैराज (i) तथा (ii) को संशोधित रूप में समग्र रूपेण निम्न प्रकार अभिलिखित किया जाना अपेक्षित है :—

महोदय,

उपाध्याय परीक्षा संस्कृत पाठ्यक्रम की मूल परीक्षा है तथा शास्त्री प्रथम वर्ष परीक्षा, 1979 तथा 80 के लिए निर्वागित नियमावली के अनुसार अध्यादेश 329 एम-11 के नोट नं. 2 के अन्तर्गत हायर मैकेण्डरी (संस्कृत महित) उत्तीर्ण छात्र शास्त्री प्रथम वर्ष में वर्ष (II) के अन्तर्गत मुख्य विषय केवल साहित्य ही से मकेगा । . पूर्व में हायर मैकेण्डरी संस्कृत महित उत्तीर्ण छात्रों को यह सुविधा प्रदान की गई थी ।

2. अब Notification No 15 दिनांक 12-10-79 के अनुमार जो परिवर्तन किये गये हैं उनमें क्रम. I की और हम आपका ध्यान आकर्षित करते हैं :—

Note No. 2 of Ordinance 329 M-11 be reworded so as to read as under.—

2. “Candidates appearing at the Shastri I year examinations after passing Higher Secondary (with Sanskrit) shall be required to offer any one of the following subjects under group II mains optionals.

1. Sahitya, 2. Any Veda, 3. Dharmshastra, 4. Jyotish, Pourohitya etc.

3 जहां हायर मैकेण्डरी संस्कृत को केवल साहित्य विषय लेने को ही छूट थी वहां अब उसे इतना योग्य मान लिया कि ज्योतिष, वेद आदि कोई विषय ले सकता है जबकि उपाध्याय उत्तीर्ण छात्र नहीं ले सकता क्योंकि अध्यादेश 329 एम. 11 का Note No 1 पूर्ववत है जिनमें उध्याय के मुख्य विषय के आधान पर शास्त्री प्रथम वर्ष में विषय लेने की नीमित छूट है ।

4. हमारा न्याय संगत निवेदन यह है कि अध्यादेश 329 एम ।। के Note No 2 में जो परिवर्तन कर विषय लेने की छूट दी गई है वह इसी अध्यादेश के Note No. 1 में भी मान्य की जाय ताकि हम इच्छित विषय ले सकें अर्थात् उपाध्याय व्याकरण या साहित्य उत्तीर्ण छात्रों को ज्योतिष या वेद लेने की छूट दी जावे । निर्णय से तुरन्त अवगत कराने की कृपा करे वयोकि काफी समय निकल चुका है तथा फार्म भरे जाने है ।

डिग्री के सम्बन्ध में।

महोदय,

निर्देशानुसार लेख है कि जुलाई 1974 से ‘प्री आयुर्वेद’ पाठ्यक्रम राज्य के आयुर्वेद महाविद्यालयों में चालू किया गया था। इस पाठ्यक्रम को बिना राज्य सरकार की अनुमति के संस्कृत कालेजों में संचालित किया जा रहा है जबकि राज्य सरकार द्वारा “प्री-आयुर्वेद’ में प्रवेश हेतु आयुर्वेदिक कालेजों में सीटों की संख्या निर्धारित की हुई है। अतः “प्री-आयुर्वेद’ की परीक्षाये आयुर्वेद फ़ैकल्टी से ही होनी चाहिये।

मैन्ट्रल काउंसिल आफ इण्डियन मेडिसिन, नई दिल्ली के निर्देशानुसार 1974 से आयुर्वेद के साढ़े पाच वर्षीय पाठ्यक्रम उत्तीर्ण करने वाले स्नातको को सन् 1980 से ही “आयुर्वेदाचार्य (बैचलर आफ आयुर्वेदिक मेडिसिन एवं सर्जरी)” की डिग्री दिया जाना उचित है और इसे बदलने का कोई औचित्य नहीं है अन्यथा छात्रों में अमन्तोष होगा। कृपया इस विषय में आवश्यक निर्णय करावे।

प्रस्ताव

आचार्य में 40 अंक का भाषा विज्ञान है, जिसके लिये प्रोफेसर का पद दिया गया है, किन्तु उपाध्याय से आचार्य तक व्याकरण और साहित्य के कुल 14 पत्र होते हैं, इनके लिये केवल प्राध्यापक का ही पद है, जो सर्वथा संस्कृत विरोधी है। क्योंकि व्याकरण और साहित्य जैसे कठिन विषयो में श्रम करने के बाद भी जब प्रोफेसर बनने का अवसर नहीं मिलने वाला है तो कोई इन शास्त्रो में श्रम क्यों करेगा।

इसलिये प्राचार्य के अतिरिक्त दो प्रोफेसरो का पद मुख्य विषय का होना चाहिये।

विषय :—संस्कृत अध्ययन संकाय में प्राधुनिक विषयों को समुचित स्थान दिलाने हेतु ।

महोदय,

सादर निवेदन है कि प्रारम्भ में संस्कृत अध्ययन संकाय के अन्तर्गत प्राधुनिक विषयों की एक उप समिति गठित की गई थी लेकिन बाद में इसका विघटन इस उद्देश्य से कर दिया गया था कि ये विषय कला संकाय (Arts Faculty) के अन्दर आ जाते हैं, लेकिन तभी से यह देखा गया है कि पाठ्यक्रम निर्माण आदि में संस्कृत शिक्षा में इन विषयों की समस्याओं को ध्यान में नहीं रखा जाता है और मनमाना पाठ्यक्रम लागू कर दिया जाता है, इस लिए न्यायसंगत तरीका यही होगा कि या तो कला संकाय में संस्कृत शिक्षा के प्राधुनिक विषयों को प्रतिनिधित्व दिया जावे या फिर संस्कृत अध्ययन संकाय में प्रतिनिधित्व दिया जाना चाहिए ? उपेक्षा की नीति के परिणाम निश्चय ही निराशाजनक होंगे ।

मुझे आशा ही नहीं बल्कि पूर्ण विश्वास है कि संस्कृत अध्ययन संकाय इस विषय पर अवश्य ही ठोस निर्णय लेगी ।

APPENDIX-VIII

(Ref.. Res. No. 17 of the minutes of the meeting of the Syndicate dated the 12.1.80).

Copy of letter dated 12.11.1979 from Dr. A. K. Singh, Lecturer in E.A.F.M. University of Rajasthan addressed to the Registrar, University of Rajasthan, Jaipur

Sub.—Appointment to the post of Reader in Business Administration

That 3 posts of Reader in the Business Management had been advertised by the University of Rajasthan against which selections had been made on 11.8.1979 and Syndicate approved these selections on 19.8.1979. In these selections following 3 persons were selected to be appointed as Reader :-

1. Dr. R. B. Upadhyaya
2. Dr. G. D. Sharma
3. Dr. P. K. Srivastava

The Selection Committee also prepared a reserve list in which the only candidate included is me

2. That Dr. R. B. Upadhyaya who has been placed at No. 1 in the Select list is actually a Lecturer in the Business Admin. in the University of Rajasthan and holds a lien against this post. He is already working as Director, Rajasthan Hindi Granth Academy on the basis of a fresh selection and appointment on this post under the Government of Rajasthan while maintaining his lien in the University of Rajasthan against the post of Lecturer. The post of Director held by Dr. Upadhyaya under the Government of Rajasthan is a post in a still higher pay scale and grade than that of Reader in Business Administration in the University of Rajasthan and in fact it is a post in the pay scale and grade identical to that of a Professor in the University of Rajasthan.

3. That Dr. Upadhyaya already holds a lien on the post of the Lecturer in the University. That lien cannot be terminated even with his consent unless and until he acquires lien on some other post. Dr. Upadhyaya is working on the post of Director Hindi Granth Academy on two year's probation which will be completing some time in the year 1981 and thus he being on probation on the post of Director, does not hold any lien against that post. The post of a Reader in Business Administration in the University of Rajasthan is not a post of promotion but the appointment on the post of Reader is by direct recruitment. Dr. Upadhyaya has not chosen to join this appointment by direct recruitment and there is no question of

treating him as holding lien against the post of Reader as there cannot be any confirmation before the completion of the period of probation and since he has not even joined as Reader there is no question of his confirmation on the post of Reader and consequently the lien thereon.

4. That the fact-situation therefore is that Dr. Upadhyaya has not availed the appointment on the post of Reader and according to the rules I being the only person in the reserve list deserve to be appointed as Reader as one of the 3 selected candidates has not joined. Dr. Upadhyaya's appointment as Reader stands abandoned by him and he cannot be taken to occupy the post of Director under the Government of Rajasthan as also that of Reader in the University of Rajasthan nor can he simultaneously hold lien against more than one post, may it be Lecturer and Reader or Lecturer and Reader or Lecturer and Director or Reader and Director. In these circumstances I deserve to be appointed as Reader in Business Administration and even if the Univ. wrongly choose to allow Dr. Upadhyaya to continue on the post of Director and treat him to have joined on the post of Reader yet I should be appointed as Reader till he gives up his appointment as Director and actually returns on the post of Reader provided he further continues to remain on the post of Reader.

It is, therefore, requested that the appropriate order be passed appointing me as Reader in Business Administration w.e.f. 19.8.1979 or forthwith.

Thus may be treated as notice for demand of justice and the reliefs desired be granted within a period of 10 days of the receipt of this notice, failing which I shall be constrained to seek relief from the Court of Law.

With kind regards.

- (IX) *Ref: Resolution No. 8 of the Board: and further reference to Appendix-A of M.E.R.C. in Ophthalmology :*

In this connection, the Faculty *resolved* that the various remarks appearing under the name of the college against each internal examiner in the panel be treated to have been deleted.

- (X) *Ref: Resolution No. 8 (VII) of the Board :*

It stands disposed off vide Res. No. 4 of these minutes.

- (XI) *Ref: Resolution No. 11 of the Board :*

It be accepted. The Faculty authorised Dr. S.K. Sharma, Convener, M.E.R.C. in pharmacology (professor and Head of the Dept. of Pharmacology, J.L.N. Medical College, Ajmer) to suggest necessary amendments to the ordinances in the light of existing provisions of the University Hand Book Part-II directly to the Vice-Chancellor for ensuring safe conduct of the next examinations.

- (4) With reference to Resolution No.8 (VII) (i) dated the 21st/22nd December, 1979 of the Board of Studies in Medicine, the Faculty considered the recommendations made by the Medical Education and Research Committee in Forensic Medicine at its meeting held on the 22nd of September, 1979 :-

In this connection, the Faculty also perused the following :

- (i) Recommendation No. 8 (VII)/i), referred to herein above, of the Board under which it was observed that in view of the divergent recommendation of the Committee and difference of opinion of the members of the Board, the consideration and the decision was entrusted to the Faculty,
- (ii) Letter addressed to the Vice-Chancellor, University of Rajasthan, Jaipur by Dr. M.R. Goel (Member, M.E.R.C. in Forensic Medicine and Faculty) Reader and Head of the dept. of Forensic Medicine, S.M.S. Medical College, Jaipur (*Vide Appendix-I*) pointing out to the Faculty that the minutes which were circulated to the members of the Faculty are not the same which were drawn immediately

after the meeting of M.E.R.C. and signed by all the members including the convenor of the Committee who were present

Dr. Goel vide his aforesaid letter requested the Vice-Chancellor to make investigations of the subsequent changes made in the original recommendations and desired that the unauthorised portion included therein be expunged and only the original recommendations be considered by the Faculty and Dr. Asawa who committed this breach of faith be removed from convenorship.

- (iii) The orders dated 18.2.80 passed on the said representation by the Vice-Chancellor to the effect that the aforesaid representation be placed before the Faculty of Medicine and Pharmaceutics alongwith the office record, referred to in the communication.
- (iv) the office record containing the papers of original recommendations signed by all the members of the M.E.R.C. as also the subsequent minutes received from Dr. Asawa, were placed before the Faculty in terms of the orders, passed by the Vice-Chancellor.

The Faculty after perusing the aforesaid office records and discussing the matter from all its aspects came to the conclusion that the changes in the original recommendations were made by Dr. B.L. Asawa in his capacity as Convener, M.E.R.C. in Forensic Medicine while approving the final draft minutes which were sent to him by the office for signatures after bringing the same in proper format.

The Faculty also noted that Dr. Asawa subsequently inserted an N.B. containing his note of dissent to the recommendation No 2 of the minutes while he had agreed and signed the recommendations when he was present in the said meeting. The Dean asked Dr. Asawa who was also present in the meeting of the Faculty to clarify the position about the allegation of Dr. Goel regarding tampering of minutes by him. He accordingly placed his point of view before the Faculty for the need of changes made by him.

In the light of the observation of the members, Dr. Asawa regretted for the same and desired that the additions and alterations made by him be treated to have been withdrawn and the original minutes signed by all the Four members be considered by the Faculty.

The Faculty, therefore, considered the original recommendations of the M.E.R.C. signed by all the four members of the Committee (*Vide Appendix-II*).

Resolved to recommend that the recommendations of the Committee *be accepted* with the following modifications/observations :-

(I) *Ref: Resolution No. 2 and further reference to Appendix-A of the minutes :*

(i) The words "No person of outside Rajasthan should be included as internal examiners" given at the end of the names of internal examiners *be deleted*.

(ii) The words "External examiners should be called as per serial order" given at the end of the names of external examiners *be deleted*.

(iii) The Dean, Faculty of Medicine *be authorised* to add more names to the panel of external examiners of the Forensic Medicine from the panel which existed prior to this revised panel.

(5) Arising out of the discussions made on the foregoing Resolution No. 3 (VIII) of these minutes, the Faculty *resolved to recommend* as follows :

(I) A clarification about the mode of appointment of internal examiners in an institution where the required number of qualified eligible persons are not available *be obtained* from the M.C.I.

(II) Till a clarification is received from the M.C.I., the procedure approved for appointment of internal examiners in all the subjects/specialities in which a Professor and/or Reader is not available at an institution, the lecturers who have taken atleast five years previously a post-graduate degree of a recognised university or an equivalent qualification

in the particular subject/speciality and has atleast five years of total teaching experience in the subject/speciality concerned or in the allied subject be considered eligible for appointment as an internal examiner in the institution concerned.

(6) The Faculty considered the recommendations made by the Committee of courses in Nursing at its meeting held on the 9th of February, 1980.

Resolved to recommend that the recommendations of the Committee of Courses *be accepted* with the following modifications/ observations :

(I) *Ref: Resolution No. 2 of the C.O.C.*

It be not accepted as such. However, the Principal College of Nursing may, at his own level write in the regard to the University as well as to the State Government so that the observations made by the C.O.C be taken care of.

(II) *Ref: Resolution No. 4 of the C.O.C.*

It be referred to the Board of Inspection for consideration.

(7) With reference to the Resolution No. 12 (iv) of the Faculty of Medicine and Pharmaceutics. dated 18th of August, 1979, the Faculty considered the following proposal made by Dr. B.B. Maitrya. Professor and Head of the Deptt. of Physiology. S.P. Medical College, Bikaner as contained in his letter. dated the 16th of July, 1979.

“There should not be disparity in the remuneration rates of all subjects in M.B.B S. examination as well as for all subjects in M.Sc. (Med.), M.D./M.S. Examinations.”

In this connection, the Dean apprised the Faculty that a similar decision for the revision of the rates of remuneration in the Faculty of Medicine has been taken by the Faculty vide its Res. No. 21, dated 26/27-11-76 which in turn was referred to the Finance Committee by the Academic Council vide its Res. No. 22 (V) dated 1.3 1977 for immediate decision

The Faculty, therefore, *strongly recommended* revision in the rates of examination remuneration as recommended by the Faculty previously and authorised the Dean to look into the matter and take such steps as might ensure early implementation of the recommendations.

(8) The Faculty considered a memorandum dt. nil received from clinical psychologist, psychiatric Centre, Jaipur pointing out certain difficulties in the qualifications prescribed under O.65-VII of the University Hand Book Pt. II for the post of Lecturer in Psychology at the various affiliated Medical Colleges (Vide Appendix-III).

In this connection, the Faculty noted :

(10) With reference to the resolution No. 4 of the Faculty dated 15/16-12-75, read with Syndicate Res. No. 3 dated 18.5.1976 and

Academic Council Res. No. 15. dated 27.4.1976 it was reported to the Faculty :-

- (i) Receipt of letter No F. 18 (80) M.E /74 dt. the 15 9.79, of Shri V.N. Sharma, Officer on Special Duty, Medical and Health Gr. I Department, Govt. of Rajasthan, Jaipur conveying the sanction of the Government to the bifurcation of the combined departments of (i) Physiology and Biochemistry, (ii) Pathology and Microbiology and (iii) Radiology into separate departments of (a) Pathology (b) Microbiology, (c) Physiology, (d) Biochemistry. (e) Radio diagnosis and (f) Radio-therapy (*Vide Appendix-V*)
- (ii) Section 24-A (2) (iii) of the University Act read with O 50 of the University Hand Book Part-II interalia provides that the Heads of the Department in the combined subject of pathology and Microbiology in degree colleges affiliated to the University shall be ex-officio members to serve on the Faculty of Medicine and Pharmaceutics
- (iii) The heads of the bifurcated departments viz. (i) Heads of the deptt. of pathology and (ii) Heads of the Deptt. of Microbiology in terms of the aforesaid provisions are now not eligible to be enlisted as ex-officio members of the Faculty.

Resolved to recommend as follows

- (I) *the following consequential amendments be made to O.50 of the University Hand Book Part-II*
 - (i) the subjects appearing under the heading "Subjects (Medicine)" at Srl No. 5 "Pathology and Microbiology" *be deleted* and instead the following subjects be inserted at Srl. Nos 5 and 6 :-
 5. Pathology,
 - 6 Microbiology,
 - (ii) The existing serial Nos. 6 to 14 be re-numbered as serial nos 7 to 15.
- (II) A committee consisting of the following member- *be appointed* to examine and suggest the revised scheme of

examinations in the subjects of Pathology and Microbiology which should be on the lines of the revised recommendations of the Medical Council of India on the undergraduate curriculum :

1. Dr. Som Nath Gupta. Convener
2. Dr. M.L. Sharma
3. Dr. H.N. Mangal

(11) The Faculty considered the following proposals made by Dr. O.P. Gupta, Professor and Head of the Deptt. of Pathology, R.N.T. Medical College, Udaipur as contained in his letter dated the 9th, Feb., 1980 :

- (i) Non-appearance in an examination should be counted as an attempt for examination.
- (ii) For the recognised guide and for internal examinership one has to apply to the University and it should be put before faculty.
- (iii) For Ordinance of O.278 (C) sub-section 4. the post-graduate teachers should be defined as in O.278 (C) sub-section 2.
- (iv) In ordinance 278-E. subsection (b), the line "housemanship in any department will be considered as housemanship in an allied department alternatively", it should be replaced by following :

"Housemanship in a department, where there is no facility for post-graduation. can be taken as an allied department for the subject which in under-graduate curriculum from its sub-speciality."
- (v) Indian Society of Hematology may be recognised by the University (Now it is meeting separately from Association of Physician from next year.)

Resolved to recommend as follows :

- (I) *Reference proposal No. (i). (ii), (iii) and (iv) above :*

These be *not* accepted and status quo be maintained.

(II) *Reference proposed No. (v) above.*

It be *accepted* and be processed through the appropriate bodies/authorities of the University in normal course

(12) The Faculty considered latter No 5275/M.C /G.S./80 dated 11th of February, 1980 received from the Principal and Controller, S.M S Medical College, Jaipur, suggesting the criteria of the selection of candidates for the D.M./M Ch. Examinations drafted in consultation with the Professors/Guides of the speciality viz Paed Surgery and Genito-Urinary-Surgery (Vide Appendix-VI).

The Faculty after a good deal of deliberations *resolved to renomend* that the proposed criteria of the selection of the candidate for the D.M /M.Ch Examinations be *not accepted* as such. However, the Faculty suggested the following criteria to be given due weightage for determining the merit of the candidate on the basis of his performance :

- A Academic Record at the undergraduate classes. as well as the post-graduate classes.
- B. Research papers and
- C. Admission test in theory as well as practical to be conducted by the Institution concerned.

(13) With reference to the Res. No. 10 of the Board of Studies in Medicine and Pharmaceutics, dated the 21st/22nd of December 1979, the Faculty considered the recommendations of the Medical Education and Research Committee in Anatomy made at its meeting held on the 21st of September 1979 received from the Chairman of the Committee (Vide Appendix-VII)

Resolved to recommend that the recommendations of the aforesaid Committee be *accepted*.

(14) With reference to the resolution No 8 (III) (ii) of the Board of Studies in Medicine & Pharmaceutics dated the 21st/22nd of December 1979, the Faculty considered the recommendations made by the Committee appointed by the Board of Studies at its meeting held on the 17th of February, 1980 in respect of the common scheme of examina-

tion and detailed syllabi for the M.Sc. (Med.) Examination (Vide Appendix VIII).

Resolved to recommend that the recommendations of the aforesaid committee *be accepted* with the following modifications, observations :-

- (I) *Ref: Annexure-I to the recommendation: further reference clause-I "Eligibility for admission" of proposed Ordinance 278F :*

The words "in the first attempt" *be inserted* prior to the words "with not less than 60 marks" wherever occurring in the paragraph :

- (II) *Ref: Clause-II "Selection of Candidates"*

It be so approved as to be at par with the provisions approved for other P.G. Examinations in the Faculty.

Accordingly the said clause be amended so as to read as under :

"Selection for M.Sc. (Med.) shall be done strictly on merit judged on the basis of academic records in the under graduate courses out of those applicants who fulfill the above mentioned pre-requisites. These selections would be done once in a calendar year ordinarily in the month of July/August by a selection Committee consisting of the Head of the Institution and the various guides in the subject/speciality concerned. The ratio of medical and non-medical students to be admitted to the course in a year shall be 2: 1 i.e. out of three seats two for medical and one for non-medical. If a candidate fails to report to his guide within a period of 6 months after selection as a P.G. Student, his selection shall be cancelled."

- (15) Arising out of the discussions on the foregoing Resolution No. 3 (I) of these minutes, the Faculty discussed about the various other measures helpful in bringing about improvement in the performance of clinical and practical competence of the students. It was felt by the Faculty that the poor knowledge of English language of the students needs to be taken care of.

Resolved to recommend that (i) necessary arrangements for teaching English be made at the Medical College level also and (ii) the State Government be requested to provide proper facilities for teaching English at all the affiliated medical colleges.

(16) The Faculty considered a letter dated 8.2.1980 received from Dr H.L. Arora, Prof. and Head of the Deptt. of Microbiology, S P. Medical College, Bikaner requesting that registrations for the combined degree in the *spéciality/subject of* M.D. Pathology including Microbiology (instead of registration for the separate degree of M.D. in Pathology and M.D. in Microbiology) be allowed (Vide Appendix-IX)

In this connection, the Faculty also *noted* that (i) prior to 15th of September, 1979, the State Government did not bifurcate the combined departments of Radiology, Pathology including microbiology, physiology and Biochemistry into the separate departments of *Physiology, Biochemistry, Pathology, Bacteriology, Radio-diagnosis and Radio-therapy*. The Colleges were specifically allowed to register students for the combined departments and (ii) the bifurcation of the aforesaid combined departments has since taken place w.e.f. 15th, September, 1979 as communicated by the State Govt. vide their letter No. F. 18 (80) M E /74/dt. 15 9.1979, and consequently the Principal of the affiliated medical colleges were requested to register students only for the bifurcated degrees and *not for* the combined degrees with effect from the registrations to be made in the year 1979 after the respective bifurcated departments were inspected for the purpose of registrations.

The Faculty, therefore considered the whole issue and observed that the process of inspections of the bifurcated departments for registrations of the students in the separate degrees shall take another one year.

Under the circumstances the Faculty *resolved to recommend* that (i) in order to avoid ambiguity in registrations in the aforesaid degree, the registrations for the year 1979 and 1980 *be also allowed* in the combined degrees i.e. M.D. Pathology and Microbiology and M D Radiology at the various medical colleges provided that the department is duly recognised for the aforesaid degrees, and (ii) the

Principals of the affiliated medical colleges be requested to get their departments inspected by the University as well as by the Medical Council of India, New Delhi so that registrations from the year 1981 could be made only in the bifurcated degrees and not in the combined degrees,

(17) The Faculty considered the following preposals made by Dr. J.C. Sharma, Prof. and Head of the department of Orthopaedics, S.N. Medical College, Jodhpur in the meeting itself :

1. Number of P.G. Examination in one academic session should be restricted to two only,
2. External examiners may be called from any state in the country. They need not necessarily be from the neighbouring states only,
3. Relaxation of All Travel Rules : If Air Travel saves times it should be permitted irrespective of the basic pay limit of Rs. 2000/-.
4. Thesis must be examined by that external examiner who really conducts the examination and not by the examiner who was originally appointed but could not come to conduct the examination for some reasons.

Resolved that (i) a committee consisting of the following, persons *be appointed* to examine the aforesaid preposals :

- | | |
|---------------------------|----------|
| 1. Dr. Som Nath | Convener |
| 2. Dr. S.K. Pande, | |
| 3. Dr. P. Chatterjee, and | |
| 4. Dr. M.K. Patni | |

and (ii) the report of the aforesaid committee be placed before the Board of Studies in Medicine and Pharmaceutics at its next-meeting.

(18) The Faculty considered the following proposals made by Dr. Ramavtar Sharma, Prof. and Head of the Department of Medicine, J.L.N. Medical College, Ajmer as contained in his letter, dt. 12.2.80:-

1. It is proposed that the procedure of assessing thesis by both the internal as well as External examiner as per existing University rules be continued. The decision of the University of not sending the thesis for evaluation of the Internal examiner and only sending to two examiners by passing the Faculty is regrettable,
2. The disparity in the remuneration in conducting the practical examination between External and Internal Examiners is unjustified and be discontinued immediately. The Internal examiners should also be paid the basic minimum remuneration for conducting the practical examination of M.D. / M.S. etc. as in case of external examiners.
3. The action of the University of granting extra examination without attempt jeopardises esteemed position of the examiners. Therefore, it is proposed that no such action be taken by University in future directly by passing the Faculty.

Resolved to recommend as follows :-

Ref. Proposal No. 1 above :

The controller of Examinations office informed the Faculty that the University decision was based on the previous decision taken by the Faculty and approved by the Syndicate.

Ref. Proposal No 2 above :

The matter has already been disposed off vide foregoing Resolution No. 7 of these minutes

Ref. Proposal No. 3 above :

- The Dean explained in details the circumstances under which a Principals' meeting was called by the Vice-Chancellor to consider the representation of students failing in Medicine and Surgery at Medical College, Jodhpur, and also the reasons for making this recommendation.

However, during the discussions it was brought out that the Vice-Chancellor had also exercised his special powers

to change the Internal Examiners in Medicine and Surgery at Jodhpur and the Internal Examiner in Medicine at Medical College, Ajmer, although the Principals meeting did not recommend any action against the examiners

The members of the Faculty felt very much aggrieved at this decision of the Vice-Chancellor to change the Internal Examiners on the representation of the students, and the Faculty decided to form a Sub-committee to apprise the Vice-Chancellor with the feelings of the Faculty. The Sub-Committee shall consist of :—

1. Dr. Som Nath
2. Dr. S.K. Pande
3. Dr. P. Chatterjee
4. Dr. M.K. Patni

(19) The Faculty considered a proposal received from Dr. B.B. Maitrya, Principal, S.P. Medical College, Bikaner as contained in his letter no. Nil dt. 18-2-80 addressed to the Vice-Chancellor, University of Rajasthan, Jaipur to the effect that for non-medical teachers M.Sc. (Med.) shall be sufficient qualifications for appointment as lecturer only. But for promotions to higher teaching posts, they must possess the Ph.D. degree in the subject concerned.

Resolved to recommend that a reference be made to the Medical Council of India and the reply when received be placed before the Faculty of Medicine and Pharmaceutics for consideration.

(20) The Faculty considered a letter dt. 14.2 1980 received from Shri Vinod Kumar Agrawal, Radiology Department, S.P. Medical College, Bikaner requesting for inclusion of the post of Radiophysicist and its qualifications in the University Hand Book Part-II (Vide Appendix-X).

Resolved that the request be not accepted.

The meeting ended with a vote of thanks to the Chair.

Sub : Tempering with the recommendations made by the
M.E.R C. in Forensic Medicine by Dr. B.L. Asawa,
Convener of the M.E.R C.

Dear Sir,

The meeting of the M.E.R.C. in Forensic Medicine was held on 22nd September, 1979 and the recommendations were immediately drawn then and there and all the members of the committee including the convener signed those recommendations which were given to the University Office.

The members were surprised to find that the minutes which were circulated had been subsequently tempered with and some of the recommendations were materially changed.

I understand that the provisions of the University do not prevail the Convener of any committee or University Office to subsequently change the original recommendations. On enquiry from the Registrar office I was told that the office has not made any change and that only the Convener to whom the minutes in proper form were sent for signatures changed them in respect of some recommendation which I consider to be material in nature.

The matter, therefore, needs investigation and the unauthorised portion included by the Convener in the minutes vide Rec. No. 2 be expunged and for future Dr. Asawa who has committed this breach of faith be removed from the Convener'ship.

This matter may be regarded as Most-urgent.

Thanking You,

Yours faithfully,

Sub. :—Rajasthan Public Service Commission, Advertisement No. 10/78-79, Post No. 1, Lecturer in Psychology in a Medical College

Sir,

In relation to the above-mentioned post, I seek your permission to bring following points in your kind notice :—

1. That the Qualification—M.Sc./Ph.D./D.Sc./M.D. (Physiology/Pharmacology/P.S.M.) with thesis in Psychology. is not a qualification in Psychology. Writing a thesis on a Psychological topic in above-mentioned courses does not make a sufficient ground to become a lecturer in Psychology.
2. That a person is not considered competent to become a lecturer in subjects, other than the subject in which he holds his main qualification. For example a person with M.D. in Physiology is not selected for the post of lecturer in P.S.M. A person with a qualification in Pharmacology is not selected for the post of lecturer in Physiology or Biochemistry. Just as a qualification of M.A./M.Sc./Ph.D./D.Sc. in Psychology, with a thesis on a topic from Physiology, or Pharmacology will not make a person competent to become a lecturer in Physiology, Pharmacology, so also a qualification in Physiology or Pharmacology or P.S.M. with a thesis in a topic from Psychology will not render a person competent to become a lecturer in Psychology.
3. That qualifications for Professions such as lecturer in Biochemistry (Medical) Biophysics (Medical) etc. which are of the same cadre and same grade as that of lecturer in Psychology, the requisite qualification for these posts, is from the speciality of their respective subjects. Nowhere a medical man with qualifications for M.B., B.S., M.D., Ph.D or D.Sc. in a Medical Faculty is appointed on these posts
4. That the University of Rajasthan does not have a Ph.D. or M.D. in Psychology in the Faculty of Medicine.

Moreover the post of a Demonstrator or/Tutor in Psychology does not exist : not ever existed in any of our five medical colleges in Rajasthan.

Here also, it will be worth while to draw your kind attention, toward the fact that such a proposal for the creation of a post of tutor in clinical psychology was put forward in the year 1967 by the Superintendent, Mental Hospital, Jaipur, vide his letter No. 3574 dated 21.11.1967. However, the then Principal and Controller, S.M S. Medical College and attached group of Hospitals, did not agree to it (Attested copies of the correspondence attached-Encl. No. 3 and 4).

5. That a person with M.B.B S. and D.P.M qualifications is eligible to become a lecturer in Psychiatry, which is already a separate speciality of Medicine. Also, M. B B. S with two years D. P. M. directly leads to practice in the speciality of Psychiatry as Psychiatrists.
6. That the post of Lecturer in Psychology, is a post of Psychology-a subject which is a basic speciality in itself-a speciality which has it's distinct and separate identity.

However, the major field of Psychology has various sub-specialities and specialisations. A Ph.D./D Sc. in Psychology, without a mentioned of field of specialisation or the branch of Psychology in which the work for Ph.D. or D.Sc. has been done, is again too vague a criteria for a post in Medical College, which will need a specific medical orientation. To be more exact, a person working in a medical set up should have his academic background of training qualification and experience in medical psychology.

7. That in India institutions such as National Institute of Mental Health and Neuro-Sciences, Bangalore, and Hospital for Mental Diseases, Kanke Ranchi, grant a Post-Gtaduate Diploma in Medical and Social Psychology—(D.M. and S P.) The course is run by the Central Government and has a duration of two years training after Post-graduate in Psychology. It qualifies Psychologists to work in the speciality of Medicine, and other social fields Therefore, if a person is to be appointed as a lecturer in Psychology in a medical college, he has to have his basic post-graduation qualification in the subject of Psychology such as M A. or M.Sc. in Psychology. Diploma in Medical and Social Psychology (D. M. and S P) will be an additional qualification to render that person more suitable to work in medical field.

8. That the qualification M.A. in Psychology with D.M. and S.P. (Bangalore or Ranchi) is also a qualification which has already been approved by the Medical and Health Department, Government of Rajasthan, for the post of Clinical Psychologist vide order No. F. 17(376) MPH 65-Gr. II dated Jaipur 18th May, 1974 (A copy of the order is attached herewith Encl. 2)
9. That there are a Clinical Psychologists working in Medical and Health Department Government of Rajasthan, for more than a decade. There are two posts of clinical psychologists at the psychiatric centre, Jaipur, and one post of Clinical Psychologist at P.B.M. Hospital, Bikaner. These posts are so far alien posts, and persons working on these posts have no avenue for their promotions. It will be relevant here to bring to your kind notice, that I have put in 3 years of service as Clinical Psychologist in Medical and Health Department, without any promotion of any sort, and under present circumstances, without any hope for it.

Looking to these points, I may submit to your goodself that the requisite qualifications in the Rajasthan Public Service Commission, Advertisement No. 10/78-79 for Post No. 1, Lecturer in Psychology, on Prima-Facia, do not appear to be correct qualifications for the post of a Lecturer in Psychology in a Medical College.

I may submit humbly to your goodself that the qualifications approved by the Medical & Health Department vide its order No. F 17 (376) MPH/65-Gr. II dated Jaipur 18 May, 1974 (Copy attached—Encl No 2) be substituted in place of the qualifications advertised, adding an appropriate number of years of experience as clinical psychologists. This will provide a channel of promotion to Psychologists working in the department since long, under your kind control.

Thanking You,

Yours faithfully,

(Ref. Res. No. 9 of the minutes)

Copy of letter No. V. 11015/12/78-M.E. (Policy) dated 18th June, 1979 from Deputy Secretary to the Government of India, Ministry of Health and Family Welfare (Department of Health) addressed to All the State Government/Union Territories.

Sub. :—British Medical qualification—De-recognition of regarding

Sir.

I am directed to say that certain medical qualification awarded by Universities in United Kingdom were included in the 2nd Schedule to the Indian Medical Council Act, 1956, and were being considered as sufficient recognised medical qualifications for the purpose of the said Act. General Medical Council of United Kingdom in 1975 decided unilaterally to withdraw recognition being given to the medical qualifications awarded by the Universities in India, resulting in termination of reciprocity in regard to mutual recognition of Medical qualifications awarded by the two countries. It was, therefore, decided to withdraw recognition to United Kingdom medical qualifications when held by foreign nationals and accordingly the United Kingdom medical qualifications included in 2nd Schedule to the Indian Medical Council Act, 1956, were deleted from the said schedule with effect from 11.11.75. These qualifications were, however, included in the Part II of the 3rd Scheduled to the said Act and continued to be recognised medical qualifications when held by Indian nationals only. Recognition to these qualifications has now been completely withdrawn with effect from 11th November, 1978, and are no more recognised medical qualifications for the purposes of the Indian Medical Council Act, 1956, even when held by Indian nationals. Copies of notification No. V. 11015/47/75-MPT, dated the 9th December, 1975 and No. V. 11015 12/78-ME (Policy), dated the 29th August, 1978, issued in this connection which were already endorsed to all State Government are again enclosed herewith for information and guidance. British Medical Qualifications obtained by foreign nationals after 11th November, 1975 and by Indian nationals after 11th November, 1978 would not, therefore, be recognised as acceptable qualifications for registration with the Medical Council of India.

2 I am to request that the Government of Andhra Pradesh etc. may kindly take the above position into account while making recruitment to the various medical teaching posts and where necessary amend the relevant recruitment rule accordingly. The State Public Service Commissions may also be advised suitably.

Sub :—Registration in Microbiology for M.D. Degree.

Through : Proper Channel

Sir,

It is to inform you that the Department of Pathology and Microbiology has been bifurcated into Deptt. of Pathology and deptt. of Microbiology vide Principal's letter No F. (EG) SPMC/ 79/1643 dated 29-12-79. The post-graduate students registered in the year 1979 for M.D. Pathology and Microbiology have been permitted for the registration in Pathology only. The combined department was recognized by the University of Rajasthan, Jaipur and Medical Council of India, New Delhi for the post-graduate training, thesis and examination in Pathology and Microbiology. It means facilities were existing equally for Pathology as well as for Microbiology. I do not understand why the University has given the recognition for Pathology only without any inspection for M.D. degree in Pathology and refused for registration in M.D. Microbiology.

The bifurcation has been done to promote these subjects independently and to produce the specialists in individual branches. No one will come to join Microbiology for post-graduation when the department is not recognized. It will create the deficit of Microbiologists in the State and thus, the purpose of bifurcation will be defeated. It is, therefore, requested that you kindly reconsider the matter and recognize both the subjects equally so that post-graduate students may get the opportunity and justice to get registration in M.D. Microbiology.

Yours faithfully

From : Vinod Kumar Agarwal

 The Registrar
 University of Rajasthan

Subject : To specifically incorporate the post of Radio-Physicist as a basic teaching post in Radiation Physics in O. 65 (VII) of the University Hand book Part-II.

Dear Sir,

This is to request that at present, in the O. 65 (VII) of the University Hand book part-II the qualifications and experience are mentioned only upto the post of Lecturer. To be Lecturer one requires teaching experience of atleast two years as a Physicist. That obviously means that the post of Radio-Physicist is a teaching post. However it is not specifically mentioned as a basic teaching post, as in case of Bio-Physics or Physiology or Biochemistry there is a basic teaching post of Senior Demonstrator or refractionist in Ophthalmology, below the post of Lecturer.

This is to request your honour that on the same pattern the post of Radio-Physicist below the post of Lecturer in Radiation Physics may please be incorporated, in the teaching cadre.

At present in the O. 65 (VII) University Hand Book Part-II qualification and experience for teachers in Radiation physics are mentioned in chapter XX page 211-212 as under :

S.No.	Post	Academic Qualifications	Teaching experience
(a)	Professor	Ph.D. (Physics) with Electronics/Nuclear Physics or X-Ray as one of the papers in M. Sc. (Physics) or one year's training	As Associate Professor, Reader, Asstt. Professor, Lecturer in Radiation Physics for five years in a Medical College after requisite recognised

course of Radiological Physics conducted at the Bhabha Atomic Research Centre Trombay, Bombay or equivalent.

post-graduate qualification. Of these five years at least three years must be as Associate Professor or Reader.

(b) Reader

—do—

Three years in the subject of which at least two years must be as Lecturer in the Medical College.

(c) Lecturer

or

M.Sc (Physics) with Electronics Nuclear Physics or X-Ray as one of the papers and with one year's training course of Radiological Physics by (B. A. R. C.) Trombay, Bombay.

At least two years as physicist/Tutor/Demonstrator in Radiology Department of a Medical College/Hospital.

My request is to specifically incorporate the post of Radiophysicist as under so as to avoid any ambiguity, by adding line (d), to the above table which mentioned the requirement of special academic qualifications and teaching/Research Experience on page 211-212, O. 65 (VII) University Hand Book Part-II

As Associate Professor, Reader, Asstt. Professor. Lecturer in Radiation Physics for five years in a Medical College after requisite recognised post-graduate qualification. Of these five years atleast three years must be as Associate Professor or Reader.

(b) Reader	—do—	Three years in the subject of which at least two years must be as Lecturer in the Medical College.
(c) Lecturer	—do— or M.Sc. (Physics) with Electronics/Nuclear Physics or X-Ray as one of the Papers and with one year's training course of Radiological Physics by (B.A.R.C.). Trombay, Bombay.	At least two years as physicist Tutor/ Demonstrator in Radiology Department of a Medical College Hospital.
(d) Radiophysicist	—do—	NIL

I earnestly request your honour to consider my request by including the post of Radiophysicist at Sl. No (d) i.e. below the post of Lecturer in the teaching cadre in your hand book to on the pattern suggested in the above table

This incorporation of the post of Physicist in the teaching cadre will bring the staffing pattern of Radiation Physics at par with Bio-Physics or Biochemistry and other such allied branches.

It may be worth while mentioning that even as a Radiophysicist one teaches Radiological physics to the post graduate students of Radiology, which constitutes quite a significant part of the post-graduate curriculum.

Once again soliciting for an early and favourable action.
Thanking you,

Yours faithfully,

1. राजस्थान विश्वविद्यालय के अन्तर्गत कई संस्थाएं बी०एड० स्तर पर पत्राचार पाठ्यक्रम संचालित कर रही हैं। इसका पूरा नाम “ग्रैजुएटलीन तथा पत्राचार पाठ्यक्रम” है। इसमें आठ सप्ताह का ग्रेजुएटलीन मिलन तो हो जाता है, किन्तु पत्राचार

[Correspondence) भाग ये संस्थाएं किस प्रकार चलाती है, ये संस्थाएं पाठ किन स्तर के बनाती हैं; बनाकर छात्रों को भेजती हैं अथवा नहीं तथा उन्हें किस प्रकार के मार्ग निर्देशन दिये जाते हैं आदि प्रश्नों पर विचार करना है। जब तक पत्राचार भाग तथा उनमें सम्बन्धित मार्ग निर्देशन भली प्रकार नहीं होता, तब तक पत्राचार पाठ्यक्रम के उद्देश्य पूरे नहीं होते। अतः निवेदन है कि संकाय पत्राचार के सुधार हेतु आवश्यक कदम उठाये।

2. एक ही व्यक्ति को एक ही वर्ष दो बार प्रायोगात्मक परीक्षाओं का परीक्षकत्व कार्य देना उपयुक्त नहीं है, ऐसा मेरा विचार है संकाय इस पर विचार करे ऐसा मेरा अनुरोध है।
3. प्रायोगिक परीक्षाओं में महाविद्यालय के प्राचार्य को आन्तरिक परीक्षक बनाया जाए, यह वैज्ञानिक नहीं है क्योंकि प्राचार्य प्रत्येक छात्र के विषय में इतना नहीं जान पाते। सुझाव है कि दो बाह्य परीक्षकों के साथ विषय प्राध्यापक आन्तरिक परीक्षक का कार्य करें। कई राज्यों में यही पद्धति है। सभा में बैठक कई प्राचार्य इस प्रस्ताव का विरोध करेंगे, क्योंकि उनको आर्थिक क्षति होगी, किन्तु प्रस्ताव तर्क संगत व वैज्ञानिक है।"

Resolved to recommend as follows :

(i) *Ref. : Proposal No. 1 above :*

In this connection the Faculty noted that in order to bring uniformity in the courses of study in the scheme of examination etc. for the B.Ed./B.Ed. (S.S.C.C.)/ Shiksha Shastri Examinations certain provisions in respect of imparting instructions through correspondence course could not be inserted in B.Ed. (S.S.C.C.) Course.

Accordingly the Faculty (a) authorised the Convener. B.O.S. in Education to prepare the outlines of the omitted provisions to be incorporated in the syllabus of B.Ed. (S.S.C.C.) and for being forwarded to the

Dean Faculty of Education and the same be implemented w.e.f. the examinations of 1981, and (b) a Committee consisting of the following members *be appointed* to review and bring about the uniformity in imparting instructions in the B.Ed (SSCC) Course :

1. Dean, Faculty of Education, Convener,
 2. Principals of all colleges affiliated in the B.Ed. (SSCC),
 3. Shri G L. Bhargava, Coordinator, ICS & CE, Jaipur.
 4. Shri A.R. Sharma.
- (If necessary the Committee may coopt more persons)

(ii) *Proposal Nos 2 and 3 above :*

Consideration of these proposals *be postponed*.

5. The Faculty considered whether a candidate who fails in any one of the theory papers at the B.Ed. (SSCCC) examination and secures atleast 48% marks in the aggregate of the remaining papers may be allowed to reappear at the examination in the immediately following year in the paper in which he has failed on the condition that he shall be declared to have passed, i.e. he secures minimum pass marks, prescribed for the paper, in which he has appeared and shall be deemed to have secured minimum pass marks only prescribed for the paper (irrespective of the marks actually secured by him) for the purpose of determining the Division in accordance with the scheme of examination. In case he fails at the examination, he be required to repeat all the papers again.

Resolved to recommend that the aforesaid proposals be accepted and consequential amendments be made to O.329-L-52 and O 329-L-70 as follows :

O.329-L-52 and O.329-L-70 :

The following proviso *be inserted* at the end of O 329-L-52 and O.329-L-70

Provided that a candidate who fails in any one of the theory papers and secures at least 48% marks in the aggregate of the remaining theory papers may be allowed to re-appear

at the examination in the immediately following year in the paper in which he failed only. He shall be declared to have passed if he secures minimum pass marks, prescribed for the paper in which he appeared, and shall be deemed to have secured minimum pass marks only prescribed for the paper (irrespective of the marks actually obtained by him) for the purpose of determining his division in accordance with the scheme of examination. The candidate shall have to repeat the whole examination in subsequent year in case he fails to clear the paper in which he failed."

6. The Faculty considered the letter No. F.SSCC/Uni./210386, dated the 21st Sept, 79 from the Principal Regional College of Education, Ajmer regarding permission to include Urdu as one of the teaching subjects in B.Ed. (SSCC) Course already being run in the Regional College of Education, Ajmer. (*Vide Appendix-I*).

Resolved to recommend that (i) the subject of 'Urdu' be inserted as one of the teaching subjects under papers V and VI in the B.Ed. (SSCCC) syllabus at Serial No. 23 of R. 43-B-6 and (ii) the Syllabus be the same as prescribed under Group E (iii) of B.Ed. (Regular) syllabus, 1979 edition.

7. The Faculty considered whether the candidates who have failed at the B.Ed. Summer School-cum-Correspondence Examination of 1979 and are eligible to appear at the said examination of 1980 as ex-students be allowed to appear according to the new scheme or according to the old scheme. In case they are allowed to appear at the ensuing examination according to the new scheme, it may be clarified as to how the sessional marks of Ex.Students be carried forward as the nomenclatures of the papers prescribed under the new scheme are different from those prescribed under the old scheme.

Resolved to recommend that the candidates who have failed at the B.Ed. (SSCCC) Examination, 1979 and are eligible to appear at the said examination of 1980 only as ex-students be allowed to appear according to the old scheme of Examination.

8. The Faculty noted that :

- (i) The Academic Council vide its Res. No. 19, dated the 1st October, 1978 referred the following proposal of Shri Moti Lal Joshi as contained in his letter, dated the 25th September, 1979 :

“जिन प्रकार अध्यादेश 211 द्वारा शास्त्री बी.ए. को एम.ए. में प्रवेश की सुविधा दी गयी है, उसी प्रकार शिक्षा शास्त्री ‘बी.एड.’ को एम.एड. में प्रवेश सुविधा हेतु सम्बन्धित बी.एड. प्रवेश के अध्यादेश में संशोधन कराया जाय—ताकि शिक्षा शास्त्री उत्तीर्ण छात्र अग्रिम उच्च अध्ययन की सुविधा में वंचित न रहने पावें।”

- (ii) The Faculty of Education while considering the afore-said proposal of Shri Joshi vide its resolution No. 20(i) dated the 9/10th March, 1979 *resolved to recommend* that in view of the fact that the Scheme of Examination and Courses of Study of the Shiksha Shastri Examination shall be identical with B.Ed. Examination of 1980 and onwards, the proposal be accepted with effect from the admissions to be made to M.Ed. Classes from the session 1980-81 for such candidates only as passed Shiksha Shastri Examination under identical scheme of Examinations and courses of study.
- (iii) The Academic Council vide its Resolution No. 8 (vi) dated the 15th May, 1979 while considering the afore-said recommendations of the Faculty *resolved that* the recommendations made by the Faculty be accepted and the Faculty be requested to suggest the consequential amendments in the relevant Ordinance 327 of the University Hand Book Part—II

Accordingly, the Faculty suggested the consequential amendments in-O.327 as follows :

O.327

- (i) The words “Shiksha Shastri” be inserted between the words “passed the B.Ed.” and “B T. or L.T.” occurring in the Ordinance.

- (ii) The following N.B. *be added* at the end of the Q.327 of the Univ. Hand Book Part—II :

“Candidates passing Shiksha Shastri Examination and seeking admission to M.Ed., Courses shall be considered eligible for admission to M.Ed. if the candidates have passed in Shiksha Shastri Examination with courses of Study as are identical to B.Ed. This shall be operative from the session 1980-81.”

9. The Faculty considered a letter No. P. 12/(2) Education—I (79) dated the 1st September, 1979 received from the Dy. Secretary Education, Group—3, Government of Rajasthan, Jaipur together with the (i) minutes of the meeting of Coordination Committee of the three Vice-Chancellor's and (ii) comments received from the Dean, Faculty of Edu.. (*Vide Appendices II & III*) respectively.

Resolved to recommend that the observations made by the Dean, Faculty of Education with regard to the points incorporated in note of the Coordination Committee of Vice-Chancellors *be accepted* with the following modification :—

Ref: Observation No. 2 of the Dean

It *be reworded* so as to read as follows :

राज्य में कोई भी नया बी.एड. महाविद्यालय नहीं खुले ।

Note : Dr. B.N. Kaushik, Principal, Behani Shiksha Mahavidyalaya, Srigananagar *dissented* with the above.

10. The Faculty considered the following proposal moved by Shri B.N. Kaushik, Principal, Behani Shiksha Mahavidyalaya, Srigananagar in the meeting itself :

‘प्रस्तावित किया जाता है कि दस वर्ष एवं दस वर्ष से अधिक अवधि में चलते आ रहे शिक्षा महाविद्यालयों को अनुदान सीमा में किया जाना मौलिक नमूलति के लिए आवश्यक है । अतः बीएड में बीएड अनुदान प्रक्रिया आरम्भ हो जिनसे शिक्षा महाविद्यालय नतिपूर्वक कार्य कर सकें ।’

In this connection, the Faculty also considered the following proposal moved by Dr. Ratan Lal Sharma, Kota :

“प्रस्तावित किया जाता है कि ममीक्षा समिति की अभिवृत्ति पर यथास्थिति रखी जाये। भविष्य में जो महाविद्यालय विश्वविद्यालय अनुवर्धन पूर्ति सीमा में आते हैं व जिन्हें पाँच वर्ष हो गये हैं, निरीक्षणोपरान्त स्थायीकरण दिया जाये। साथ ही दस वर्ष से सेवारत महाविद्यालयों को अनुदान सीमा में लिया जावे।”

Resolved to recommend that the aforesaid proposal of Shri Kaushik be accepted with the modification that the requirements of 10 years be reduced to 5 years.

11. The Faculty considered only the following one of the several proposals made by Shri G M. Yajnik, Principal, Govt. T.T. College, Bikaner as contained in his letter No. GTTC/5421, dated the 18th February, 1980 .

“Often the actual working session starts too late because of the defective admission process and schedule, resulting in incompleteness or haphazard completion of courses. A sub-Committee be appointed to examine all this and suggest appropriate measures to increase total duration of the session”.

In this connection the Faculty also considered the following proposal moved by Shri Raj Pal Singh, B.V. College of Education, Banasthali in the meeting itself :

“Duration of the B Ed. programme be raised from one academic year to one academic year and three months. One complete session may be devoted to theory work. The Three months July, August & Sept. be utilized for practice of teaching and the practical examination.”

Resolved to recommend that the proposals of Shri Yajnik and Shri Raj Pal Singh be not accepted. However, efforts be made to declare the results of the University Examinations as early as possible

12. The Faculty strongly recommended that copy of each syllabus be sent to the members of the Faculty of Education.

13. The Faculty *postponed* consideration of the following items of the agenda. All the postponed items are given as *Appendix IV*.

जयपुर, दिनांक 1 सितम्बर, 1979

1-कुल सचिव,

(क) राजस्थान विश्वविद्यालय, जयपुर ।

विषय:—कुलपतियों की समन्वय समिति के विचारार्थ वी एड महा-
विद्यालयों के कार्य की समीक्षा ।

महोदय,

निदेशानुसार लेख है कि दिनांक 21-9-78 को हुई कुलपतियों की समन्वय समिति की बैठक में लिये गये निर्णयों के अनुसार वी एड महाविद्यालयों के कार्य की समीक्षा करने तथा आवश्यकतानुसार उनकी तथा अन्य आवश्यक स्थानों की मध्या निर्धारित करने के लिए गठित समिति की रिपोर्ट राज्य सरकार को प्राप्त हो गई है । जिसकी एक प्रतिलिपि इस पत्र के साथ संलग्न की जा रही है । आपसे निवेदन है कि कृपया इस प्रश्न पर विचार कर कुलपतियों की समन्वय समिति की आगामी बैठक दिनांक 7-9-79 में अपने विचारों से लाभान्वित करावें ।

(प्रथम)

कुलपतियों की समन्वय समिति की बैठक में लिये गये निर्णय :

उप कुलपतियों की समन्वय समिति को बैठक में लिये गये निर्णयों के अनुसार शिक्षक प्रशिक्षण महाविद्यालयों की कार्य समीक्षा तथा सीटों की संख्या का नियन्त्रण करने के लिए जो समिति गठित की गई थी उसका प्रतिवेदन प्राप्त हो गया है (जो संलग्न है) कृपया अवलोकन करें ।

प्रतिवेदन के अनुसार मुख्य बिन्दु निम्नवत हैं :—

- (1) राजस्थान में 24 शिक्षक प्रशिक्षण महाविद्यालय हैं जिनमें लगभग 3500 स्थान हैं। उसके अतिरिक्त ग्रीष्मावकाश एवं पत्राचार पाठ्यक्रम के माध्यम से भी लगभग 800 सेवारत शिक्षकों को प्रशिक्षण का लाभ होता है ।
- (2) राजस्थान में जनशक्ति सर्वेक्षण एवं आपूर्ति के अनुसार प्रतिवर्ष लगभग केवल 422 नये प्रशिक्षित (बी.एड.) अध्यापकों की आवश्यकता होती है। इस प्रकार प्रतिवर्ष लगभग 2500 प्रशिक्षित स्नातक अध्यापक बेरोजगारों की श्रेणी में जुड़ जाते हैं ।
- (3) यह वांछनीय है कि भावी जनशक्ति आवश्यकताओं को ध्यान में रखते हुए बी. एड. प्रशिक्षण में तुरन्त स्थान कम किये जायें ताकि प्रशिक्षित बेरोजगार अध्यापकों की संख्या विस्फोटक न बन जाये । एवं नवीन समस्याओं को जन्म न दें । इस हेतु समिति ने निम्न सुझाव दिये हैं :—
 1. भविष्य में एक भी नया बी. एड. महाविद्यालय प्रारम्भ नहीं किया जाये ।
 2. वर्तमान में चल रहे निम्नस्तरीय बी.एड. महाविद्यालयों की निम्न बिन्दुओं के आधार पर जांच करवाकर उन्हें तुरन्त बन्द कर दिया जावे ।
 - (क) ऐसे महाविद्यालय जिनके पास स्वयं का पर्याप्त भवन नहीं है ।
 - (ख) ऐसे महाविद्यालय जिनके पास छात्र छात्राओं के लिए अलग-अलग एवं पर्याप्त छात्रावासों की सुविधा उपलब्ध नहीं है ।

- (ग) जिनके पास विश्वविद्यालय द्वारा निर्धारित मान-दण्ड के अनुसार पर्याप्त भौतिक साधन सामग्री एवं सुविधायें नहीं है ।
- (घ) जहां वांछित योग्यता एवं अनुभव वाले पूर्ण कालिक पर्याप्त प्रवक्ता एवं प्रोफेसर नहीं है ।
- (ङ) जिनकी आर्थिक स्थिति सतोपजनक नहीं है ।
3. वर्तमान में चल रहे महाविद्यालयों में 60 के एक यूनिट के स्थान पर 50 छात्र/छात्राओं का यूनिट निर्धारित किया जाये तथा अध्यापक/छात्र अनुपात 1:2 के स्थान 1:10 रखा जाये ।
 4. किसी महाविद्यालय को 3 से अधिक यूनिट नहीं दिये जायें ।
 5. जब तक विज्ञान शिक्षण के लिए पर्याप्त प्रयोगशालायें एवं भौतिकशास्त्र, रसायनशास्त्र एवं जीवविज्ञान के लिए अलग-अलग प्रवक्ता न हों उस महाविद्यालय में विज्ञान शिक्षण की सुविधा नहीं दी जाये ।
 6. इसी प्रकार जिन महाविद्यालयों में कॉमर्स शिक्षण की पर्याप्त एवं उचित सुविधायें उपलब्ध नहीं हैं वहां इस विषय के शिक्षण की अनुमति नहीं दी जाये ।
 7. राज्य में छात्राओं के लिए अलग से 5 शिक्षक प्रशिक्षण महाविद्यालय रखने का कोई प्रावधान नहीं है जबकि अन्य सभी महाविद्यालयों में उनके लिए 20 प्रतिशत स्थान सुरक्षित हैं ।
 8. जिन महाविद्यालयों से मलगन पर्याप्त संख्या में प्रैक्टिस टीचिंग विद्यालय नहीं हैं उन्हें बन्द कर दिए जायें ।
 9. शिक्षा शास्त्री कालेज बन्द कर दिये जायें ।
 10. राजस्थान विश्वविद्यालय में बी.एड. पत्राचार पाठ्यक्रम तुरन्त बन्द कर दिया जावे क्योंकि विश्वविद्यालय में इस

हेतु कोई फैकल्टी नहीं है, फीस बहुत ज्यादा है, इसका कोई भवन, प्रेक्टिस टीचिंग स्कूल आदि भी नहीं है।

11. महेश शिक्षक प्रशिक्षण महाविद्यालय का ग्रीष्मावकाश/पत्राचार पाठ्यक्रम तुरन्त बन्द कर दिया जाये क्योंकि यहां प्रशिक्षण में 24 माह का समय लगता है तथा फीस भी बहुत ज्यादा है।

विभागीय टिप्पणी

समिति की अनुशंसायें जनशक्ति की आवश्यकताओं को देखकर तथा शिक्षक महाविद्यालयों के निम्न स्तर को ध्यान में रखकर दी गई हैं वास्तविकता यह है कि एक बार निश्चित मंजूरी में सीटें देकर पुनः उन्हें कम करना बहुत कठिन कार्य है। इसमें अभिभावकों व अध्यापकों में असंतोष भी होता है यदि हम सीटें कम न भी करें तो यह तो विश्वविद्यालय के कुलपति समन्वय समिति की अनुशंसा के आधार पर कह ही सकते हैं कि कोई विश्वविद्यालय अब किसी कालेज में कोई सीटें बिना राज्य सरकार की अनुमति के न बढ़ाये और इसी प्रकार अब कोई नया बी एड कालेज न खोले। गतवर्ष भी विश्वविद्यालय ने उदयपुर में एक नया शिक्षा शास्त्री कालेज खोल दिया। यह विचित्र स्थिति है। इन बारे में विश्वविद्यालयों को आग्रहपूर्वक लिखना उपयुक्त होगा।

इसी प्रकार जिन प्रशिक्षण महाविद्यालयों को अस्थायी मान्यता मिली हुई है (क्योंकि उन्होंने विश्वविद्यालय की गत पूरी नहीं की हैं तथा वे निम्न स्तर के हैं) उनकी मान्यता में भी बिना राज्य शिक्षक प्रशिक्षण बोर्ड की अनुमति के वृद्धि न की जाये। इससे यह लाभ होगा कि या तो वे उचित स्तर के बनेंगे या फिर बन्द हो जावेंगे। इनमें किसी प्रकार की उदारता न बरती जाय। शिक्षण प्रशिक्षण बोर्ड की अनुमति इसलिए भी आवश्यक है ताकि स्तर में एकरूपता व उचित तालमेल रखा जा सके। ऐसी व्यवस्था करने से समिति की अनुशंसा क्रमांक 2 के क,ख,ग,घ भाग स्वयं हल हो जायेंगे।

जहां तक छात्र अध्यापक अनुपात के बारे में अनुशंसा क्रमांक 3 है वह विश्वविद्यालय की एकेडेमिक काउन्सिल निर्णय करें तो उपयुक्त होगा। राज्य सरकार को इन अनुशंसित अनुपात के बारे में कोई आपत्ति नहीं है।

अनुशंसा क्रमांक 5,6 व 8 हैं। उन पर भी विश्वविद्यालय से उचित निर्णय लेने के लिए कहना उपयुक्त होगा।

अनुसूचा क्रमांक 7 को मानना उचित नहीं है क्योंकि छात्राओं के अलग कालेजों को वन्द करना महिला शिक्षा के प्रसार की दृष्टि से उपयोगी नहीं होगा ।

इसी प्रकार अनुसूचा क्रमांक 10, 11 जिसमें बी० एड० पत्राचार को समाप्त करने की बात कही गई है, उचित नहीं जान पड़ती । विश्वविद्यालय अनुदान आयोग पत्राचार प्रणाली को प्रोत्साहन दे रहा है अतः हमें आज के युग में इन माध्यम को वन्द नहीं करना चाहिये । इससे शिक्षकों में भी असंतोष होगा । संक्षेप में हमें समिति द्वारा प्राप्त अनुसूचाओं पर निम्नांकित कार्यवाही करनी चाहिये :—

1. भविष्य में कोई नया बी०एड० कालेज या शिक्षा वास्त्री कालेज न खोला जाये ।
2. विश्वविद्यालय को लिखा जाय कि वे प्रत्येक बी० एड० कालेज में पूर्व में निर्धारित सीट से अधिक वृद्धि न करें ।
3. विश्वविद्यालय को लिखा जाय कि वे बिना राज्य सरकार की अनुमति के किसी कालेज की अस्थायी मान्यता में वृद्धि न करें ।
4. जो प्रशिक्षण महाविद्यालय निम्नस्तर के किराये के भवनों में चलते हों, जिनके अपने कोई प्रेक्टिसिंग स्कूल न हों, जिनके पास छात्रावास न हो अथवा जिनके पास निर्धारित योग्यता के अध्यापक न हों उन्हें किसी भी स्थिति में अस्थायी मान्यता भी न दी जाये ।
5. छात्र अध्यापक अनुपात का अन्य शैक्षिक शर्तों की पूर्ति पर विश्वविद्यालय पुनः विचार कर उपयुक्त स्तर के मानदण्ड बनाये ।

APPENDIX-III

(Ref. Res. No. 9 of the minutes)

द्वय हलगतियों की समन्वय समिति की रिपोर्ट पर अधिष्ठाता, शिक्षा संकाय के विचार ।

समन्वय समिति ने जो विचार प्रकट किये उन पर मेरा अपना मत निम्न प्रकारेण है :—

1. मैं इस बात से सहमत नहीं कि वर्तमान शिक्षक प्रशिक्षण महा-विद्यालयों में सीटें कम करने में कोई वाजिव हल निकल आयेगा । आज राजस्थान के अलावा कई राज्य ऐसे हैं जहां पत्राचार पाठ्यक्रम अवाधानि में चल रहे हैं कतिपय पाठ्यक्रमों में तो सीटें कई हजार तक हैं । इस बात की क्या गारंटी है जो राजस्थान में प्रशिक्षण प्राप्त करने वाले ये विद्यार्थी इन पत्राचार पाठ्यक्रमों के माध्यम से प्रशिक्षित नहीं होंगे । बेकारी की समस्या तो फिर भी बनी रहेगी ।
2. राज्य में कोई भी नया बी०ए०डि० महाविद्यालय न खुले । इसी वर्ष शिक्षा शास्त्री का उद्योग में ही एक नया महाविद्यालय खुला चलाने हैं ।
3. किसी भी महाविद्यालय को नया मैकान खोलने की स्वीकृति न दी जाये ।
4. बी०ए०डि० का पाठ्यक्रम वस्तुतः 6-7 नदिने का ही पाठ्यक्रम न रहे । 10-12 अतिरिक्त सीटें देने की प्रथा बंद की जाये । जहां तक न्यूनतम आवश्यकताओं का प्रश्न है विश्वविद्यालय उन्हें खुद से पूरा करवाते हैं इसका सीटों की कमी में सीधा सम्बन्ध नहीं (मिन्टर्स नं. 5,6) ।
5. छात्रों का आरक्षण बंद करने में कोई रुक नहीं । आरक्षण की मांगी समस्या पर अलग से विचार किया जाये । किसी एक श्रेणी विद्यार्थी का आरक्षण समाप्त करता उन्हें प्राकृतिक न्याय में बंदिन करना है (मिन्टर्स नं. 7)
6. वर्तमान में जितनी सीटें हैं उनको कम करना ठीक नहीं । इसे कानूनी चुनौती दी जा सकती है ।

7. सम्प्रति युनिट 60 का ही रहे । अध्यापक / छात्र अनुपत्ता 1 12 वाजिव है ।
8. पर्याप्त सख्या मे प्रेविटस टीचिंग विद्यालय नहीं,उन्हे बढ कर दिया जाये । इसमे सख्या की तरफ देने के वजाय जरूरत इस बात की है कि हर विद्यार्थी 40 पाठ यथावश्यक रूप मे पढाता है या नहीं जहां नहीं पढाये ऐसे महाविद्यालयो के प्रति कारंवाई की जानी चाहिए ।
9. शिक्षा शास्त्री कालेज बन्द करना न्यायोचित नहीं । हा उनकी सख्या न बढे इस पर ध्यान दिया जाये व वहा की व्यवस्था पर विशेष नजर रखी जाये ।
10. विश्वविद्यालय का पत्राचारप्रशिक्षण पाठ्यक्रम अगर विश्वविद्यालय ठीक न चला पाये तो बढ कर देना चाहिए । इसमें प्रवेश प्राप्त छात्रो की व्यावहारिक परीक्षा का प्रबन्ध व प्रायोगिक प्रशिक्षण जयपुर मे ही होना चाहिए । जोधपुर विश्वविद्यालय के पत्राचार पाठ्यक्रम मे प्रवेश सीमित किया जा सकता है पर बंद करना न्यायोचित नहीं ।
11. अस्थायी मान्यता प्राप्त महाविद्यालयो से कहा जाये कि वे तमाम आवश्यक शर्ते पूरी करे । 5 वर्ष से अधिक अस्थायी मान्यता प्राप्त रखना वाछनीय नहीं । विश्वविद्यालय एक स्वायत्त संस्था है स्थायी मान्यता हेतु राज्य सरकार की अनुमति विश्वविद्यालय के अधिकारो का हनन है ।
12. जहा तक न्यूनतम आवश्यकताओ की पूर्ति का प्रश्न है विश्व-विद्यालय सामयिक कार्यवाही करे व बार-बार चेतावनी देने पर भी अगर सुधार न हो तो उस महाविद्यालय को बढ कर दिया जाये ।

APPENDIX—IV

(Ref. Res. No. 13 of these minutes)

Postponed items of the Agenda :

4. With reference to the resolution No. 19 of the Faculty of Education, dated the 9th/10th March, 1979, *to Consider* the following proposal made by Dr. L.K. Oad, Principal, B.V. College of Education, Banasthali, as contained in his letter No. 6585/77-78, dated the 19th February, 1979 :

“The qualifications laid down for lecturers teaching science subjects should be made more explicit to avoid irregular practices in the appointment of Science Teachers. It has been observed that most of the Colleges appoint one M.Sc. with a degree in Education to teach all the science subjects. The qualifications may be specified as follows :—

Lecturers for teaching General Science and Biology :

IInd Class M.Sc. with Zoology or Botany and II Class M.Ed.

Lecturers for teaching Physics, Chemistry or Maths.

IInd class Master's Degree in the relevant subject and IInd Class M.Ed.”

5. With reference to the Syndicate resolution No. 20 (a), dated the 16th/17th December, 1979, *to consider* the following proposals received from Shri Vinod Kumar Sharma student Member Syndicate as contained in his letter dated the 16th October, 1978 :—

“1. शास्त्री परीक्षा उत्तीर्ण छात्र को बी. एड. में प्रवेश दिया जाए ।

2. शिक्षा शास्त्री के बाद एम.एड. की तरह शिक्षाचार्य की उपाधि की व्यवस्था की जाय ।”

7. With reference to the Ac.C. Res. No. 5, dated the 8-4-78, *to consider* the (i) recommendations, dated the 12th May, 1979 of the committee appointed by the Ac. Council and (ii) the recommendations dated the 18th Oct. 1979 of the Sub-committee appointed by the V.C. for introduction of Physical Education as an Optional Subject at degree level together with the proposed Syllabi recommended by the Sub-committee.

8. *To consider* a proposal as contained in letter No. 101/1024/CC, dated the 18th February, 1980 received from Shri K.C. Tondon, Principal, C.R. College of Education, Rohtak (external

member of the faculty) regarding constituting a moderation board for internal assessment in the faculty of Education. (Copy of letter sent herewith).

10. *To consider* the following proposals made by Dr. Ravindra Agnihotri, G.P. College of Education, Bagar as contained in his letter dated the 16th January, 1980 :—

Proposal No 1 : According to the University requirements a lecturer in a College of Education should have a post graduate degree in a school subject alongwith the post-graduate degree in Education. but I've noticed a practice prevalent in some colleges of Education. They appoint a person for a subject in which he is post graduate, but ask him to teach one more subject which he studied upto graduate level only.

I wish to bring this fact to the notice of the faculty and request that this practice should not be allowed to continue. The methodology of a subject should be taught only by a qualified person.

Proposal No. 2 : I request the faculty to decide regarding the work load expected from a lecturer in college of Education. In Colleges of Education it is not only the teaching work in the class room, but also the guidance and supervision of the teaching work of pupil-teachers that has to be done by the lecturer. Therefore the quantum of work defined in terms of teaching periods expected from a lecturer of Academic College cannot be applied to these Colleges. Hence it is in the fitness of things that the faculty decides as to how many periods a lecturer should teach, how may periods he should supervise the teaching work of pupile teachers during practice in teaching programme, how many student he should guide during one round of practice in teaching etc.

6. *To consider* a letter No. 1645/79-80, dated the 25th February, 1980 received from Dr. L.K. Oad, Principal, B.V. College of Education, Banasthali regarding admission to B.Ed Examination. (Copy of letter enclosed)

12. *To consider* the following proposal made by Shri Ram Krishan Sharma, Principal, Nimbark Shikshak Mahavidyalaya, Sthal, Udaipur as contained in his letter No. निमिषवि परीक्षा/79-80 dated the 2nd January, 1980 and as desired by the Dean Faculty of Education to whom a reference was made :

“सन् 1979-80 मे शिक्षा शास्त्री उपाधि प्राप्त करने के लिए वही पाठ्यक्रम आरम्भ हो गया है जो नामान्य श्री एच. उपाधि के लिए

निश्चित किया गया है। अतः इस वर्ष से शिक्षा शास्त्री परीक्षा की अंक तालिका में तथा उपाधि में शिक्षा शास्त्री के साथ कोष्ठक में (बी.एड.) भी संकित कर दिया जाना चाहिए क्योंकि शिक्षा शास्त्री पाठ्यक्रम के अध्ययनार्थ छात्राध्यापक राजस्थानेतर राज्यों से भी आते हैं और वहां सभी राज्यों में शिक्षा शास्त्री उपाधि को बी.एड. के समकक्ष नहीं माना जाता और शिक्षा शास्त्री परीक्षा पास करने वाले छात्राध्यापकों को इसमें पूर्ण लाभ नहीं हो पाता। अतः बी.एड. उसमें संकित हो जाने पर राजस्थान की शिक्षा शास्त्री उपाधि को बी.एड. का पर्याय माना जाकर प्रशिक्षणाधियों को सर्वत्र लाभ मिल सकेगा।"

16. *To consider* the following proposals received from Shri G M Yajnik Principal Govt. T T. College Bikaner as contained in his letter No GTTC/5421, dated the 18th Feb 1980 :

- (i) The special privilege enjoyed by the management of private colleges of Education in nominating 2% candidates must be withdrawn forthwith as it has become cause of corruption at certain places.
- (ii) The University authorities must desist from allocating more seats than prescribed, on some pretext or the other and similarly the colleges of Education must also be prohibited admitting more candidates than their prescribed quota. on presumption that some candidates would leave the college.
- (iii) The University must strongly protest to the Director N.C.E.R.T. for appointing Principals as well as lecturers in the Regional College of Education, Ajmer in contravention to the University rules A similar protest should also be lodged to the Govt. of Rajasthan in case the University conditions are violated.
- (iv) It has come to our notice that a few persons in R C E, Ajmer have been admitted in B.Ed. and/or M.Ed. without obtaining leave for this purpose which violates the spirit of the resolution passed by this very faculty previously. Suitable action must be taken after due investigation.
- (v) It is regreted that the University authorities have failed so far to take action against those colleges which have been deliberately, constantly and deceitfully flouting the rules of affiliation.
- (vi) To curb undesirable tendency of inflating marks in the internal assessment both in theory and practice, it is here by proposed to indicate them separately in the certificate itself i.e.

Int. Ext.

Theory

Practice

- (viii) In SSCC course the distribution of internal and external marks in practical ought to be 100 and 200 respectively and not vice versa. Corrections in the syllabus should be made accordingly.
- (ix) The University must ensure that formalities if any should be completed at the earliest so that the revised syllabus of B.Ed. be adopted from the next session.
- (x) For bringing qualitative improvement and breaking isolation among the colleges of Education the University must earmark substantial amount for organising periodical seminars and workshops involving the teacher education
- (xi) Provision of Compulsory PT for male, B.Ed. candidates only is redundant and discrimination and as such it should be deleted from the syllabus itself.
- (xii) Too much favouratism to individuals and institutions is made while appointing examiners both in theory and practical which is objectionable. A judicious criterion must be.

(16) With reference to its Resolution No. 7, dated the 10th February, 1980 deciding that payment of remuneration for invigilation for the examinations held in August, 1979 and also for the Supplementary examinations of 1979 be made on the same lines as was made for the examinations held in April to July, 1979, the Syndicate considered the question of payment of remuneration for invigilation for the examinations of 1980 and onwards.

Resolved that since it is not possible to get the examinations conducted successfully without payment of remuneration, the remuneration for invigilation charges *be paid* to the staff engaged in this work for the examinations of 1980 and onwards on the existing rates.

(17) With reference to its Resolution No. 12, dated the 10th February, 1980 resolving inter-alia that "a specific mention be made in the letters of appointment of examiners, tabulators, checkers etc. to the effect that in case the total remuneration drawn/to be drawn by the person concerned from the examination work of any nature done by him in the University during a particular year exceeds the prescribed ceiling of Rs. 1600/-, the amount in excess of the ceiling of Rs. 1600/- having accrued or to accrue during the year shall stand forfeited to the University and that the onus for ascertaining that the work allotted by the University from time to time does not exceed the ceiling, shall be on the person concerned", the following points were brought to the notice of the Syndicate :—

- (1) If the honorarium for superintendence of examination centres and invigilation work is included in the ceiling as implied by the words-‘the examination work of any nature occurring in the aforesaid resolution, the Centre Superintendents and Additional Centre Superintendents and even some senior teachers who act as Assistant Centre Superintendent for the examinations which continue for a long time will become ineligible to act as examiners, tabulators, checkers or if they have already accepted some examinership or tabulation or checking work. they will become ineligible to act as Centre Superintendents, Addl. Centre Superintendents or Assistant Centre Superintendents.
- (2) The ceiling should be applicable for the examinations held during an academic year as decided earlier instead of ‘a particular year’ which may also mean a calender year or a financial year.

The Syndicate considered applying the ceiling to remuneration from examinership, tabulation work or its checking only as decided earlier on the recommendation of Shri L.L. Joshi Committee.

Resolved that (i) the ceiling referred to above be applied only to the remuneration from examinership, tabulation work and its checking as recommended by Shri L L. Joshi Committee and (ii) the ceiling be applied for examinations held during an Academic year i.e. from opening day of the session to the last day of the summer vacations.

APPENDIX-II

(Ref: Res. No. 8 of the minutes of the meeting of the Syndicate, dated 10-3-80).

Minutes of the meeting of the committee appointed by the Vice-Chancellor in terms of the Syndicate Res. No. 5, dated the 29th/30th April, 1979 regarding amendment to O.341 held on the 20th December, 1979 at 2.30 p.m. in the Old Syndicate Hall, University Campus, Jaipur.

Present :

1. Dr. H.C. Bhartiya (Convener)
2. Prof. A.S. Kapoor,
3. Shri P.C. Bakshi

Note :—Dr. Hari Singh and Dr. M.G. Bhatwadekar could not attend the meeting.

The Committee first of all perused (i) the contents of the Syndicate Res. No. 5 dated the 29/30th April, 1979 and (ii) the provisions as contained in O.341 of the University Hand Book Part II, regarding composition of the Sports Board.

(I) The Committee observed that at present there is no designation as 'Asstt. Director' in Physical Education and, therefore, the words 'Asstt. Director' appearing under clauses 4 and 8 of O.341 be deleted. Since Maharani's College is a Unit of the University, the words "including the University Maharani's College" appearing within brackets under the clauses 4 and 8 of O.341 be also deleted.

Accordingly the existing clauses 4 and 8 of the O.341 of the University Hand Book Part-II be reworded so as to read as follows :-

- (4) "Four physical Instructors/Directors--Three from the, affiliated colleges nominated by the Syndicate provided that one of the three shall belong to a college affiliated in Medical/Ayurveda/Engineering and Technology/Teachers Training courses, and one from the University Teaching Wing"
- (8) "Director of Physical Education from the University Teaching Wing nominated by the Vice-Chancellor shall act as the Member Secretary."

(II) The Committee considered the question of giving representation to the President, Students Union on the Sports Board, It observed that the Sports Board is responsible for organising Sports activities both in the teaching wing as well as the affiliated wing (colleges)

of the University. It would, therefore, be discriminatory to give representation to the Students Union of the teaching wing alone. As far as the representation of the students on the Sports Board is concerned they are duly represented by 2 captains of the University teams under clause 7 of O.341.

(III) The Committee considered the question of inclusion of the Directors of Ayurveda and Sanskrit Education under clauses No. 9 and 10 to O.341 of University Hand Book Part II and *resolved to recommend* that these 2 Directors of the aforesaid Departments be not included as members of the Sports Board in view of the reasons given below :-

- (i) Since the Directors of Medical and Technical Education are not represented on the Sports Board, it is discriminatory to include the Directors of only Ayurveda and Sanskrit Education as members on the Sports Board.
- (ii) The participation of Colleges affiliated under the purview of these two Directorates in Sports and Games is negligible.

The meeting ended with a vote of thanks to the Chair.

Personal hearing held on 13.2.1980.

CASE NO. 1 :

The case of use of Unfairmeans adopted by Surendra Kumar Sharma, Roll No. 93 of III Ayurvedacharya (New Scheme) was considered by the Committee appointed by the Syndicate for this purpose. The brief history of the case is as follows :—

The Invigilator has reported that the candidate was caught copying from a Chit. When the Centre Supdt. showed this chit to the candidate, he snatched the chit and tried to eat up the same. The Centre Supdt. has stated in his remarks that when the candidate had written 5 lines of Q.No. 1, he was caught copying by the Invigilator and snatched the chit from which he was copying. When the Centre Supdt. went to show the chit to the candidate and asked whether this chit was with you? Then, the candidate snatched the chit from the hand of the Supdt., and tried to put it in his mouth. The Centre Supdt. snatched two pieces of the chit before the whole chit could reach in the mouth of the candidate. The candidate did not fill in the form but had signed the form. The Head Examiner has reported that as the words on the pieces of the chit are not legible, he

could not read them. Further, he has stated that it does not seem that the candidate could have made use of the material.

The candidate was given personal hearing on 13.2.1980 and he was present before the Committee. He has admitted his guilt. After hearing the candidate, the Committee resolved to recommend that only his present examination be cancelled.

CASE NO. 2 :

The case of use of Unfairmeans adopted by Shri Chander Mohan Sharma, Roll No. 14971, of M.A. History (Final), was considered by the Committee appointed by the Syndicate for this purpose. The brief history of the case is as under :—

The Invigilators have reported that when search was made by the F/s, two hand written slips were recovered from the handkarchief of the candidate. On being caught, the candidate ran away from the examination room leaving his answerbook. The Centre Superintendent has endorsed the report made by the invigilators. The Head Examiner has reported that the candidate has made use of the material in answering Q.Nos. 8 and 10.

The candidates was given personal hearing on his request and he was present before the Committee on 13.2.1980. After the hearing of the candidate, the Committee resolved to recommend that the present examination of the candidate be cancelled and he be further debarred from appearing at any examination to be held in 1980.

CASE NO. 3 :

The case of use of Unfairmeans in respect of Virendra Rajpal, Roll No. 11028 of III year T.D.C. Commerce, was considered by the Committee appointed by the Syndicate for this purpose. The brief history of the case is as follows :—

The candidate was caught using unfairmeans in the Supplementary Examination of II year due paper (E.A.F.M.-I) twice on 28.9.79. The invigilator, who caught the candidate at 8.20 A.M., has reported that after 5 minutes of distribution of papers, he announced that if any examinee has in his possession any incriminating material, he should surrender the same to him. Again after 5 minute he repeated the warning. When the invigilator was sure that this candidate has some such material; then he personally twice asked this candidate to hand over the material, which seems to be in his possession. But, the candidate paid no need to the invigilator's warnings, instead he asked the invigilator for water. As the invigilator went out to call the Waterman, the candidate first put the papers in his answer book, and then, in fear, he put the papers under his left thigh. The invigilator then called the Addl. Centre Supdt. and in

his presence also he (invigilator) asked the boy to handover if he has something but, he denied. Then the invigilator asked the Addl. Supdt. to recover the material from under the left thigh of the candidate (printed papers from page 47 to 52) The Addl. Supdt. took in his possession all this material and took him to the office. After that, when the candidate returned, he gave many threatenings to the invigilator. The Addl Supdt. had confirmed the report of the invigilator. The candidate has denied the charges. The Supdt. has forwarded the case for necessary action.

The candidate was again caught using Unfairmeans by the another invigilator at 10 00 A.M. the same day i.e 28.9.79. The invigilator has reported that at 9.45 A.M. when the candidate was going for making water with his permission, he warned the candidate not to do any mischievous thing this time. After two minutes the chowkidar informed the invigilator that the candidate is reading some paper. When the invigilator looked to that side he saw that the candidate was reading a paper (written in his handwriting) in the urinals. When the invigilator reached there, the candidate put the paper in his pocket. When he came out from urinals, he handed over the paper when demanded by the invigilator. The candidate did not make any statement. The Centre Supdt. has forwarded the case for necessary action. The Head Examiner has reported that the candidate has used the material in Q.No. 6 in the second answerbook.

The candidate was called for personal hearing on 13.2.1980 and he was present before the Committee. After hearing the candidate and looking into the reports, the Committee has resolved to recommend that his present examination be cancelled and he be further debarred from appearing at any Examination to be held in 1980.

CASE NO. 4 :

The case of use of unfairmeans adopted in the examination by Jeet Singh, Roll No. 2407 of M.Com III & IV Semester (A.B S T. Gr.) was considered by the Committee appointed by the Syndicate for this purpose. The brief history of the case is as follows :—

The invigilator has reported that the candidate sought permission for going out for making water at 5.40 p.m., therefore, he was not permitted to go out. But, in spite of absence of permission, the candidate went out of the examination room forcefully and near the urinals he put out a piece of paper from his pocket and began to read it. When the invigilator asked for handing over the paper, the candidate ate up the paper and misbehaved with the invigilator.

Another invigilator has also reported that the candidate in spite of not allowing him for going out by Shri H.R. Swami (the other invigilator), he went away from the examination room. The Centre Supdt. has reported that the examinee has refused to sign. In the

absence of any material, the Head Examiner could not give any of opinion.

The candidate was called for personal hearing on 22.1.1980 and he was present before the Committee. The Principal & Centre Supdt. was also requested to ask the invigilator concerned to attend the meeting on 22.1.1980. The concerned invigilator could not attend the meeting on 22.1.1980. On the request of the candidates, the invigilators and the candidate were again requested telegraphically to appear before the Committee on 30.1.1980. But on 30.1.80 also only the candidate was present before the Committee. Therefore, registered letters were sent to the invigilators concerned requesting them to please appear before the Committee on 13.2.1980. This time the candidate was not called by the Committee. The two invigilators concerned appeared before the Committee on 13.2.1980.

After hearing the candidate twice and the invigilator concerned on 13.2.1980, the Committee resolved to recommend that the present examination of the candidate be cancelled and he be further debarred from appearing at any examination to be held in 1980.

CASE NO. 5 :

The case of use of Unfairmeans by Rajesh Chaturvedi, Roll No 38560 of III year T.D.C Commerce was considered by the Committee appointed by the Syndicate for this purpose. The brief, history of the case is as under :-

The invigilator reported that the candidate was caught copying openly with a paper in his hand. Prior to this also both the invigilators had warned him not to do such thing. Immediately after seeing the paper (on which something was written), the invigilator, wanted to take the paper in his possession, but the candidate put it in his mouth and ate up the same and tried to misbehave with the invigilator. (The report has been signed by both the invigilators). The candidate had, however, denied the allegation and stated that the invigilator has some enmity with him. The Centre Supdt. has forwarded the case. In the absence of the material, the Head Examiner could not give his report about the use of the material.

The candidate was called for personal hearing on 28.11.79. The Invigilators concerned were also requested, through the Principal and Centre Supdt., to attend the meeting of the Committee on 28.11.79. But, only the candidate was present before the Committee on 28.11.79. After hearing the candidate, the Committee decided that the case will again be heard on 23.1.1980 and all the concerned persons i.e. the candidate, the Centre Supdt. and the invigilators concerned be requested to attend this meeting. But, again on 23.1.1980 only the candidate was present before the Committee and he was heard. After hearing the candidate, the Committee expressed its desire of

giving no further chance of personal hearing before the committee. But, the candidate requested the Committee to give one more chance and he also made a representation to the Vice-Chancellor for again calling the Centre Supdt. and invigilators concerned. The Pro-Vice-Chancellor has passed orders on 25.1.1980 to call the Invigilator concerned once again. Therefore, the Committee desired that a registered letter be sent to the Centre Supdt. requesting him to attend the next meeting of the Committee on 13.2 1980 alongwith the invigilators at 3 00 p.m. But a letter was received from the Centre Supdt. that he could not come on 13th Feb., 1980. Moreover, he could not come to Jaipur to meet the Committee before the last week of Marh, 1980. On this, the Supdt. was requested telegraphically to come alongwith the two invigilators and the candidate either on 11th or 12th Feb , 1980. But, neither the Centre Supdt., nor the invigilators nor the candidate came on 11th or 12th Feb., 1980. None of them had turned up on 13th Feb., also. This showed that the Centre, Supdt. or the invigilators concerned have nothing to say more of what they have already mentioned. Therefore, the Committee resolved to recommend that the present examination of the candidate be cancelled and he be further debarred from appearing at any examination to be held in 1980.

I do not agree to the list of the candidates recommended for the posts of Director of Physical Education as it does not contain the name of Smt. Sarla Rastogi who has been serving the University continuously for the last ten years as Asstt. Director/Director of Physical Education in a temporary capacity. Whether considered a teacher or a non-teacher she should have found a place in the list of those recommended for permanent appointment.

NOTE OF DISSENT

(Item No 24--agenda Syndicate meeting dated 10th March, 1980).

I do not consider the deliberations of the Selection Committee for selection of Professor of Business Management valid (which took place on the 16th February, 1980) for the following reasons :

1. The denial of opportunity to Dr. H.C. Sharma, Reader in the Faculty of Management and presently working in the Poddar Institute, and to Dr. B.C Mehta, Reader in Economics, was unjust.

(i) Dr. H.C. Sharma's M.A. Degree in Economics with 58%marks alongwith B Com. degree fully entitled him to belong to the Commerce Faculty. Hence the rejection of his candidature on the ground of 54% marks in his M.Com. examination was blatantly wrong and unjustified.

(ii) Again the rejection of Dr.B.C. Mehta's candidature on the plea that the term "allied subjects" had not been defined and since he belongs to the Department of Economics and not the Commerce Faculty, he was not entitled to be called for interview, is un-academic and illogical. If Economics is not an allied subject for the Business Management Faculty, what else could be in that category?

The Economists have headed some famous Management Institution of the country.

2. Even if the above pleas is accepted, Dr. H.C. Sharma, belonging to the Faculty of Commerce from early fifties could not be debarred from appearing in the interview on the ground of "not fulfilling the minimum revised qualifications". All the inservice candidates are entitled to be called for interview, if they had fulfilled the minimum qualifications at the time of their initial appointment.

3. It appears rather very intriguing that such eminently qualified person as Dr. M.L. Mishra (presently the Dean of the Management Faculty) was not found Suitable even for the reserve list.

I am, therefore, of the opinion that these recommendations be treated void and fresh selection be held.

APPENDIX—I

(Ref: Res. No. 1 of the minutes)

A brief note on the sequence of events leading to the closure of the University on 14-4-1980.

A series of meetings were held in which the authorities tried to persuade the President and the Inter-hostel Union to abandon their idea of holding an All India Inter-hostel Youth Festival. In some of these meetings the Vice-Chancellor was also present. But despite best efforts of the administration, the President remained adamant. In view of this, it was decided by the Union to hold the festival from 14th to 16th April, 1980. As a result of the intervention of the Wardens, all the Secretaries agreed to pool their individual budgetary allocations for the purpose.

But at each stage, despite the persuasion of the Patron and the Wardens Incharge, the President did not sufficiently consult the Cultural and Literary Secretaries whose separate budget allocations had been pooled. This led to a grave disagreement in the Inter-hostel Union.

In the meeting of the Executive held on 5th April, 1980 the Cultural and Literary Secretaries along with others insisted that the President should submit account of Rs. 1900/- which she had taken as an advance for the organisation of the function. They also alleged that the President had not complied with the various decisions of the Inter-hostel Union earlier. So great was the disagreement between the President and other members that at one stage even the idea of abandoning the function altogether was also discussed. However, once again the timely intervention of the wardens saved the situation.

Since the 10th of April was the last date of the receipt of entries, the Inter-hostel Union met on the 11th morning to take a final stock of the situation. It was discovered that only two entries had been received in writing by the President. The Cultural and Literary Secretaries once again raised various issues of alleged disregard of the earlier decisions of the Union by the President including the submission of the particulars of the amount collected from the public on the basis of receipt books got printed by her and the arbitrary printing of the brochure in complete violation of the draft prepared by the Union.

The Cultural and Literary Secretaries also alleged that the President was mis-using the Metador placed at her disposal by the University for the purpose of collecting advertisements and funds from the public. It was further alleged that the funds were being collected under duress from the public thus tarnishing the image of the Hostel executives as well as the University. They also alleged

that the President had organised a hurried Press Conference in Natraj Hotel without consulting either the Patron or the Conveners. It was later discovered that she did not even care to consult any of the members of the Union.

The Chief Warden then persuaded the President to submit the relevant papers so that the matter could be sorted out to the satisfaction of all concerned. At this stage, the President left the meeting saying that she was going to bring the relevant papers from her room in Malviya Hostel. But instead of going to the Hostel, she came back with three students including one from the Kisan Hostel. One of them, Shri Vinod Choudhary, misbehaved with the Chief Warden and other Wardens and disturbed the meeting. Shri Vinod Choudhary also tried to man-handle the Cultural Secretary and the timely intervention of Wardens saved the situation. In view of this the Chief Warden decided to adjourn the meeting. Looking to the tension among the members he also decided that the function scheduled to be held from 14th to 16th April, 1980 would not be held. He, however, added that if all the members of the Union could express their unanimity on the issue and that if there was no apprehension of breach of law and order he along with other Wardens would willingly cooperate with the organisation of the function.

The President in the meanwhile convened a meeting of her supporters in the name of a General Body Meeting of the Hostels at the Chief Warden's office without prior permission from the authorities concerned. The meeting was reportedly attended by about 40 students including non-hostellers. It was reportedly decided to go ahead with the arrangements for the function regardless of the decision of the University authorities.

It may be added here that the supporters of the President also tried to intimidate the office staff of the Chief Warden and the D S W. The staff was so terrorised that they decided to proceed on leave unless the University ensured their security.

After consulting the Vice-Chancellor on phone about the happenings in the morning of 11th April, 1980 the Chief Warden in consultation with other Wardens wrote a letter to the President asking her to explain her conduct. He also informed her of the cancellation of the function in view of the mounting tension between members of the Union and also in view of her increasing arrogance and defiance of earlier decision of the Union.

At 2.00 p.m. on the same day the Chief Warden received a letter jointly signed by all the 4 Secretaries of the Union requesting the Patron (1) to cancel the function in view of the mounting tension in the matter and (2) to take disciplinary action against Shri Vinod Choudhary who had mis-behaved in the meeting in the morning. In the meanwhile the President along with some students went

to the Vice-Chancellor and requested him to intervene. On their request the Vice-Chancellor suggested to the Chief Warden to convene another meeting of the Union at 7.00 p.m. at his residence to explore the possibility of arriving at an agreed solution. The meeting was held in a very tense atmosphere at the residence of the Chief Warden which was then surrounded by students belonging to different groups in the University. The members of the Union failed to arrive at any decision. The Chief Warden along with other Wardens re-iterated their earlier stand that they were prepared to help in organising the function provided members came to an agreed solution. They felt that in view of the increasing tension in the University an agreement was necessary to avert a major crisis.

It may be pointed out that as per the Constitution of the Inter-hostel Unions, each Secretary shall organise his/her activities in his/her sphere in consultation with the President and the Warden In-charge. The Cultural and Literary Secretaries insisted throughout that notwithstanding the decision by 3:2 in the meeting held in the evening at the residence of the Chief Warden, they along had the right to organise the activities in their respective spheres in case they disagreed with the proposal of the President to organise Inter-University hostel functions. Even the two members who supported the President insisted that disciplinary action should be taken against Shri Vinod Choudhary, a close associated of the President who had mis-behaved with the Chief Warden.

This was followed by a series of meetings of the students with the Vice-Chancellor. In some of these meetings the Chief Warden and the Chief Proctor were also present. But all these meetings failed to persuade the members of the Union to come to an agreed decision. The position of the Chief Warden and the Wardens had been the same throughout as in the previous meetings that they could risk a function at this stage only if there was unanimity on this issue. They were of the unanimous view that if the University decided to hold the function in the absence of an agreement on the Union, there would be pitched battles on the campus.

On 13th April the President along with some of her supporters once again went to the Vice-Chancellor. The meeting was attended by Pro-Vice-Chancellor, Chief Warden, Chief Proctor and other Associate Proctors. Once again the meeting failed to resolve the differences. At this stage it was decided that the function which Miss Kusum Kulhar, President of the Inter-hostel Unions would be holding on 14th April would be an unofficial one. Thereupon the Chief Warden insisted that he along with other Wardens would not be responsible in organising the informal function as was decided earlier in a meeting of the Inter-hostel Union on 11-4-80.

The organisers of the function were later on permitted by the University to use the Humanities Hall for the purpose of holding the

unofficial function Miss Kusum Kulhar started making preparation for the next day's function. This incensed the other group of students which led to two serious clashes on the campus in which many students sustained serious injuries. Another student was reportedly abducted from the J.C. Bose Hostel and later on admitted in the S M.S. Medical Hospital with severe injuries.

On the 14th morning a meeting of the University functionaries was held at the V.C.'s lodge with Vice-Chancellor in the Chair. In view of the gravity of the situation it was decided to postpone the informal function, to close the University for 3 days and to request the District and Police authorities to intervene and restore normalcy on the campus.

In spite of this, the group which did not want the function to be held was picketing at the gates and the other group was insisting that they would see that the function is held. It was under these circumstances that the police had to disperse the crowd assembled at the main gate of the University and some arrests were made from both the groups.

Since then the two groups had been meeting the Vice-Chancellor in large numbers demanding particularly punishment to persons who had been involved in assaults. They have also expressed concern at the closure of the University, though one group wanted immediate opening and the other after the situation had cooled down. The University has appointed a committee consisting of the following to investigate the entire events on the night of 13th April and suggest action to be taken in regard to the persons involved:

1. Dr. Kashi Prasad
2. Shri N.M. Kothari
3. Dr. Y.K. Gupta
4. Dr. S.D. Mishra
5. Dr. T. Bhattacharya

Simultaneously, the decision has already been taken to open the University in stages. Today only the Registrar's office is being opened, it will be followed by the opening of the library to morrow from 11 to 5 p.m. and finally, it is hoped that it would be possible to start the normal functioning of the University from Monday, the 21st April.

Before the decision to open the University in stages was taken the Vice-Chancellor, the Pro-Vice-Chancellor, the Chief Warden and his colleagues, the Chief Proctor and his staff and other senior colleagues have been contacting the student leaders and appealing to them to restore normalcy. They had also been visiting the hostels at night to ensure that there was no panic, among students and there were adequate arrangements for their safety. The district

administration, inclusive of police administration, has although extended a helping hand not merely in maintaining law and order but also in creating conditions in which normal working of the University may be possible.

* The objective of the present meeting is to apprise the Hon'ble members of the Syndicate with what happened and to seek their advice for further course of action.

Accordingly, the meeting of the Staff Committee was called on 2nd April, 1980 and a copy of the resolution of the Staff Committee meeting has already been forwarded to you.

On 1st April, 1980 Mr. Suresh Deman wrote a letter to me (copy enclosed herewith) (Vide Annexure A) which is self-obvious and contains derogatory remarks. While the Staff Committee meeting was taking place, certain students were allegedly instigated against me and on the cyclostyled name-sheets, fake signatures were made and that cyclostyled list was attached with an application containing allegations against me. I had already shown you that application. At the same time, a demand-charter was also handed over to me under the same alleged conditions. All this has happened for the first time in the Department.

In the evening, the same day, students met me and expressed their regrets and told me that they were deceived and they were never told that an application was being written making allegations against me. Some of them expressed their deep regrets both verbal and in writing. After that, when I went to my residence, I observed certain suspicious characters moving around me.

Yesterday, I received another letter from Mr. Deman whose copy is being attached for your kind perusal. Such threatening letters written to me particularly when I have nothing to do with his teaching or otherwise are most uncalled for and leave much to be desired.

Sir, it is on record that the aggrieved students addressed written applications to you and it was by your order that Dr. B.C. Mehta

was requested to take up the teaching of the paper. In fact, you had yourself written to Dr. Mehta about the teaching of the paper. Subsequently Dr. Mehta himself had talked to you on phone expressing his difficulty-vis-a-vis Mr. Deman. Some few students are almost daily instigated in order to disturb the peace and academic atmosphere of the Department. In fact a charge has been levelled by Mr. Deman of conspiracy against him on the part of certain members in the Department, which must be refuted at all cost. I fear, violence and under the present situation, it is very difficult, in fact, almost impossible for me to carry on the work of the Department as Head of the Department unless appropriate remedial measures are taken at your end.

With sincere regards

Encl. Copies of two letters

Yours truly,

The Head,
Deptt. of Economics,
Univ of Rajasthan, Jaipur.

Ref : Paper Mathematical Economics, M.A. (Pre.)
assigned to the undersigned for teaching.

Dear Sir,

I have learnt from Dr. B.C Mehta that the above paper is being transferred for teaching to him. You will recall that in the last meeting of the staff Council of the Deptt. it was resolved that the paper is to be taught by me. I had been teaching the same regularly and without any default whatsoever. Since the above resolution of the Staff Council there has been no change regarding the paper of Mathematical Economics.

Since the very beginning of the session I have found that I am not getting the required co-operation from you. On the contrary I have also learnt that a conspiracy is being hatched against me, with the involvement of senior colleagues. On one such instigation the students were made to lodge a false report against me. As I understand and as the arbitrary transfer of the above paper shows the conspiracy continues unabated till date. I would therefore emphasise that such arbitrary conspiratorial acts be taken note of and suitable action be taken in the matter. Meanwhile the meeting of the staff council of the department be convened at the earliest to consider the issue relating to the paper of Mathematical Economics.

Thanking you.

Yours truly,

ANNEXURE—A (II)

The Head,
Department of Economics.
University of Rajasthan,
Jaipur-4.

*Ref :—*Your communication on behalf of the staff-committee vide letter.No. DE SCF/80/200. dated 3-4-80.

Dear Sir.

I want to submit following facts for your consideration and immediate action :

1. I have learnt that you had written a letter to the Vice-Chancellor regarding my teaching. If it is so then send me a copy of this letter.
2. The Vice-Chaneellor had written you a letter regarding Mathematical Economics paper which may kindly be sent to me for information, if it is not personal and confidential.
3. That you had sent a letter to Dr. B.C. Mehta about change of paper and assigned him time-table. A copy of letter should be sent to me.
4. That I requested you to call a meeting of the staff-council vide my letter dated 31-3-80. Contrary to my suggestion you had called a meeting of the staff committee in which Dr. B. C. Mehta (an interested party) a non-member was invited. The notification dated 2-4-80 of the staff Committee reads out as follows :
“as desired by the Vice-Chancellor, I would like to have a copy of the desire of the Vice-Chancellor for such a meeting. At the same time I would like to know, was it a desire of the Vice-Chancellor to invite Dr. B.C. Mehta as a special invitee ?
5. Being an agrieved party I should have been given an opportunity to explain my position under the article 311 of natural justice provided in the Indian Constitution. in such a meeting which discusses matters related to me. Therefore, the proceedings of such a meeting are unconstitutional and unlawful and not acceptable to me.

I, therefore. request you once again that an emergency meeting of the staff council be called to discuss the above matter. Any attempt on your part or on the part of interested teacher,

to interrupt in my teaching affair will be unlawful, unconstitutional and highly discriminatory, which I shall fight with all the lawfull means (inclusive of hunger-strike) available to me. An early action in the matter is solicited.

Yours sincerely.

(ii) वैद्य प्रभु दयाल पारीक, द्वारा प्रस्तावित किया गया कि "स्नातकोत्तर परीक्षोत्तीर्ण छात्रों को तीन बतन-वृद्धि

अविलम्ब दिलाये जाने के लिये राज्य सरकार को आयुर्वेद संकाय की ओर से सिफारिश की जाय । इससे स्नातकोत्तर स्कोलर, स्नातकीय व्यक्तियों से अधिक अपनी योग्यता प्रकट कर सकेगा तथा उससे लागू कर स्नातकोत्तर अध्ययन करने की उपलब्धि समझी जा सकेगी । इसके बिना विकसित होने वाले विभाग छात्रों को स्वस्थ रूप से आकृष्ट नहीं कर सकेंगे और नहीं विभिन्न विषयों की अनुसंधानादि प्रवृत्तियाँ सुचारित हो सकेंगी ।”

संकाय ने उक्त प्रस्ताव को स्वीकार करते हुए इसे सचिव, जनस्वास्थ्य परिवार कल्याण विभाग, राजस्थान सरकार को भेजने की अनुमति की, तथा छात्रों के स्थान पर “ऐसे कार्यरत व्यक्तियों को प्रारम्भतः” सशोधन किया जावे ।

- (iii) वैद्य राम प्रसाद मिश्र, जयपुर द्वारा प्रस्तावित किया गया कि ‘इस विश्वविद्यालय में विदेशी छात्रों को प्रवेश देने हेतु कोई नियम निर्धारित नहीं है परन्तु एक जापानी विदेशी छात्रा हीरोएइनामुरा ने भारतीय चिकित्सा पद्धति में असीम जिज्ञासा प्रस्तुत करते हुये विश्वविद्यालय में प्रवेश लेने हेतु प्रार्थनापत्र प्रस्तुत किया है । जिस पर भारत के सम्पूर्ण विश्वविद्यालयों के मगठन (एसोशियेशन आफ इण्डियन यूनिवर्सिटी) ने अपनी सहमति प्रकट की थी एवं भारतीय चिकित्सा केन्द्रीय परिषद ने भी गुजरात आयुर्वेद विश्व-विद्यालय, जामनगर से प्रथम वर्ष उत्तीर्ण कर लेने के आधार पर इसे इस विश्वविद्यालय में द्वितीय वर्ष में प्रवेश देने की सन्तुति कर दी है परन्तु उसे विश्वविद्यालय में इसलिए अभी तक प्रवेश देने में स्वयं को समर्थ नहीं हो पाया है क्योंकि उसके पास विदेशी छात्रों को प्रवेश देने के नियमों का अभाव है । इस परिस्थिति में विश्वविद्यालय को सक्षम बनाने हेतु यह संकाय उक्त नियमों के अभाव में कुलपति महोदय से सन्तुति करती है कि उक्त विदेशी छात्रा को अपने विश्वविद्यालय में प्रवेश देकर आयुर्वेद जगत के अन्तर्राष्ट्रीय विकास में सहयोग देवे ।

इस सम्बन्ध में संकाय को यह सूचित किया कि उक्त प्रस्ताव संकाय के सम्मुख नहीं आना चाहिये क्योंकि यह विश्वविद्यालय द्वारा संकाय को अधिकृत कार्यकलापों के अन्तर्गत नहीं है। इसके अतिरिक्त यह भी संकाय को प्रतिवेदित किया कि विश्वविद्यालय कार्यालय इस संदर्भ में नियमानुसार कार्यवाही कर रहा है।

संकाय ने इस विषय पर मन्तव्य प्रकट करते हुये नियमों के अन्तर्गत सहायुक्त पूर्वक अविष्ठाता महोदय को आवश्यक अनुज्ञा करने हेतु अधिकृत किया।

- (iv) प्री-आयुर्वेद के छात्रों द्वारा प्री-आयुर्वेद में संस्कृत विषय के मौखिक प्रश्नपत्र को हटाने के सम्बन्ध में प्रस्तुत पत्र (परिशिष्ट IX) दिनांक 21-3-80 पर विचार करते हुये संकाय ने संस्तुति की कि यद्यपि संकाय भारतीय चिकित्सा केन्द्रीय परिषद नई दिल्ली द्वारा निर्धारित संस्कृत विषय के 50 अंक की मौखिक परीक्षा के प्रावधान को आवश्यक समझती है फिर भी छात्रों की मांग को भारतीय चिकित्सा केन्द्रीय परिषद को भेज दिया जावे ताकि वे इस संदर्भ में मार्ग-दर्शन करें।

- (v) द्वितीय वर्ष आयुर्वेद वाचस्पति के छात्र, राष्ट्रीय आयुर्वेद संस्थान, जयपुर के दिनांक 21-4-80 को अविष्ठाता, आयुर्वेद संकाय को लिखे गये पत्र (परिशिष्ट X) पर विचार-विमर्श किया।

College should not be more than 5 in a year and atleast 2 in a session”.

- (vi) प्रोफेसर हरि शंकर शर्मा, निदेशक/प्राचार्य, राष्ट्रीय आयुर्वेद संस्थान, जयपुर द्वारा प्रस्तुत स्नातकोत्तर छात्रों के महा-निबन्ध के गाइड के स्वीकृति हेतु विषयान्तर्गत पत्र दिनांक 30-4-80 (परिशिष्ट XI) में संकाय ने विचार किया ।

संकाय ने संस्तुति की कि राष्ट्रीय आयुर्वेद संस्थान, जयपुर में सत्र 1978-79 में प्रविष्ट 20 छात्रों में से 16 छात्रों के लिए विशेष परिस्थितियों में एसोसियेट प्रोफेसर श्री राम प्रकाश स्वामी को ही मुख्य शोध प्रबन्ध पर्यवेक्षक प्रविष्ट किया जावे । निदेशक द्वारा संस्तुत एसिस्टेंट प्रोफेसर उनके सहयोगी बन सकते हैं लेकिन शोध प्रबन्ध का अग्रपेण एसोसियेट प्रोफेसर द्वारा ही किया जावे जो नियमों के विपरीत नहीं होगा । भविष्य में इस प्रकार का पुनरावर्तन नहीं किया जावे, इसके लिए निदेशक आयुर्वेद संस्थान, जयपुर को सचेत किया जावे ।

- (vii) वैद्य वेदप्रकाश शर्मा प्रनूतितंत्र विभागाध्यक्ष, राष्ट्रीय आयुर्वेद संस्थान, जयपुर के निम्नलिखित प्रस्ताव पर संकाय ने विचार विनमय किया :

(ख) आयुर्वेद संकाय से सम्बद्धन परीक्षाओं के पनीसको के पारिश्रमिक में परिवर्तन वांछनीय है जिने मेडिकल फैकल्टी के समकक्ष और तदनु रूप किया जाय ।

(ग) सम्बद्धन महाविद्यालयों के लिए निर्धारित न्यूनतम आवश्यकताओं की पूर्ति समय पर किये जाने के प्रश्न को विश्वविद्यालय द्वारा दृढ़ता से लिया जाये ।

(ब) कार्यरत स्टाफ के लिए पदोन्नति तथा सीवे भर्ती में योग्यता विषयक प्रतिबन्ध नहीं रहे।

(ड) राष्ट्रीय आयुर्वेद मन्त्रालय, जयपुर द्वारा नियुक्ति विषयक विज्ञापन में अध्यापकों की न्यूनतम योग्यता विश्व-विद्यालय के निम्नों में होने से उक्त विज्ञापन को निरस्त करवाने का स्पष्ट आदेश विश्वविद्यालय द्वारा अविलम्ब दिया जावे।

(च) अनुसंधानानुभव तथा स्नातकोत्तर अध्यापन कालीन अनुभव के अध्यापनानुभव के रूप में मान्य करने के सम्बन्ध में स्पष्ट नीति आयुर्वेद फैकल्टी द्वारा वांछनीय है।

गहन विचार विमर्श उपरान्त संकाय ने निम्नलिखित संस्तुति की।

इन प्रस्तावों को मन्मन्मति से स्वीकार किया गया।

(ii) प्रस्ताव संख्या : व :

प्रस्ताव को सनस आधुनिकीय गिनत एवं अनुसंधान मन्त्रियों के सम्मुख विचारार्थ प्रेषित कर दिया जावे।

(vi) कुछ छात्रों द्वारा अविष्ठाता महोदय को प्रस्तुत अहस्ताक्षर-युक्त बी०ए०एन०एन० चतुर्थ वर्ष की परीक्षा अन्तिम वर्ष के साथ ली जावे के क्रम में (परिगिष्ट XIII) को संकाय ने मन्मूख रखा गया संकाय ने यह मन्तव्य प्रकट किया कि हस्ताक्षर के अभाव में यह पत्र अविचारणीय है, फिर भी वृत्ति यह छात्रों का प्रस्तावन है इसलिए यदि इनके द्वारा प्रस्तुत निवेदन को यदि स्वीकार किया जावे तो वह नियमानुकूल नहीं होगा और इस पर निर्णय से अव्यवस्था पैदा हो सकती है। अतः संकाय ने संस्तुति की कि वर्तमान व्यवस्था को ही कायम रखा जावे।

15. संकाय ने श्रीमान उपकुल सचिव महोदय (शैक्षणिक) श्री श्रीकृष्ण गीयल, एवं संकाय प्रभारी श्री रवीन्द्र भारती की उपवेगन सम्पादन मे कुशल सहयोगात्मक कार्यवाही के प्रति धन्यवाद समर्पण किया तथा संकाय की बैठक अधिष्ठाता महोदय को धन्यवाद का प्रस्ताव पारित के साथ विसर्जित हुई ।

(ख) वैद्य राम प्रकाश स्वामी अनुपस्थित रहे ।

1. सर्वप्रथम समिति ने आयुर्वेद संकाय की निश्चय संख्या 9 तथा 15(2) दिनांक 23/24 जुलाई, 79 का भली प्रकार अध्ययन कर उसे अभिलिखित किया ।

2. समिति ने इस परिप्रेक्ष्य में प्रस्तुत किये गये तत्सम्बन्धित निम्नलिखित समस्त मुद्दों का अवलोकन किया :—

(क) श्री भंवर सिंह हाड़ा, अखिल राजस्थान आयुर्वेद मंडप समिति शाखा, मदन मोहन मालवीय राजकीय आयुर्वेद महाविद्यालय, उदयपुर के पत्र दिनांक 10-12-79 में उल्लिखित मांगों में से निम्नलिखित मांग नं. 5 का अवलोकन किया :—

मांग नं. (5) "आयुर्वेद प्रवेशिका में प्रवेश योग्यता के लिये संस्कृत के साथ विज्ञान संकाय के छात्रों को प्राथमिकता दी जावे । भारतीय चिकित्सा

केन्द्रीय परिषद द्वारा जारी किये गये पाठ्य-क्रम को ध्यान में रखते हुए आवश्यक है कि आयुर्वेद के उत्थान के लिये संस्कृत के साथ जीव-विज्ञान के छात्रों को प्रवेश में अधिक प्रायनिकता दी जावे।”

- (ख) अकादमी परिषद की निम्न संख्या 26 (IV) दिनांक 27/28 जुलाई, 79 द्वारा आयुर्वेद संकाय को संदर्भित निम्नलिखित संस्तुति संख्या 5 (ग) का भी अवलोकन किया क्योंकि यह संस्तुति समिति को अधिकृत प्रश्न से सम्भवित थी :—

5 (ग) “भारतीय चिकित्सा केन्द्रीय परिषद, नई दिल्ली को प्रस्ताव किया जावे कि वह आयुर्वेद अध्ययन मण्डल एवं आयुर्वेद संकाय वाले दोहों एवं विश्वविद्यालयों से आयोजित होने वाले आयुर्वेदाचार्य (बी.ए.एम.एस.) के प्रथम वर्ष में प्रवेश के लिये राजस्थान विश्व-विद्यालय की शास्त्री परीक्षा के प्रथम वर्ष को न्यूनतम प्रवेश योग्यता के रूप में अविमूचित करें क्योंकि राजस्थान विश्वविद्यालय की शास्त्री परीक्षा का प्रथम खण्ड इन्टरमीडियट की समकक्षता रखता है।”

- (ग) श्री सतीश चन्द्र शर्मा, निवन्धक, भारतीय चिकित्सा केन्द्रीय परिषद, नई दिल्ली से प्राप्त पत्र क्रमांक 3-3/79 (आयु.) / 1/दिनांक 10-1-80 (परिगिट 1) जिसमें यह उद्धृत है कि “प्राणायुर्वेद (प्री-आयुर्वेद) पाठ्यक्रम सम्पूर्ण आयुर्वेदाचार्य पाठ्यक्रम का ही एक अंग है। अतः प्राणायुर्वेद पाठ्यक्रम को उत्तीर्ण किये बिना मुख्यायुर्वेद पाठ्यक्रम में प्रवेश की अनुमति नहीं दी जा सकती” का अवलोकन किया।

- (घ) राजस्थान सरकार, चिकित्सा एवं जन स्वास्थ्य विभाग (ग्रुप 4) के उप शासन नचिव श्री एस. पी. जैन के पत्र क्रमांक प 3 (1) आयु./79 दिनांक 21-1-80 के प्रथम अवतरण में संस्तुत राज्य सरकार के इन सम्बन्ध में निम्नलिखित मन्तव्य का अवलोकन किया :—

“जुलाई, 1974 से ‘प्री-आयुर्वेद’ पाठ्यक्रम राज्य के आयुर्वेद महाविद्यालयों में चालू किया गया था। राज्य

सरकार द्वारा 'प्री-आयुर्वेद' में प्रवेश हेतु आयुर्वेदिक कालेजों में सीटों की संख्या निर्धारित की हुई है। अतः प्री-आयुर्वेद की परीक्षा आयुर्वेद फैकल्टी से ही होनी चाहिये।"

3. समिति ने संकाय को निश्चय संख्या 9 की (व) एवं (स) संस्तुतियों पर उपर्युक्त अवतरण में अवस्थित छात्रों के, अकादमी परिपद के भारतीय चिकित्सा केन्द्रीय परिपद के तथा राजस्थान राज्य सरकार के मन्तव्यों को दृष्टिगत रखते हुए अत्यन्त गहन विचार विमर्श के उपरान्त यह निष्कर्ष निकाला कि आयुर्वेद संकाय निम्ननिर्दिष्ट समाधानों को ध्यान में रखते हुए इस प्रश्न पर पुनर्विचार करें :—

(अ) सत्र 1981-82 से प्री-आयुर्वेद पाठ्यक्रम राजस्थान विश्व-विद्यालय से सम्बद्ध आयुर्वेद महाविद्यालयों में यथापूर्व ही चलाया जावे अन्यत्र नहीं।

(व) आयुर्वेदाचार्य (वैचलर आफ आयुर्वेदिक मैडिसन एण्ड सर्जरी) में सीधे प्रवेश का प्रावधान नहीं किया जावे और विश्वविद्यालय की प्री-आयुर्वेद परीक्षा उत्तीर्ण को ही आयुर्वेदाचार्य (वैचलर आफ आयुर्वेदिक मैडीकल एण्ड सर्जरी) में वर्तमान व्यवस्था के अनुरूप ही प्रवेश दिया जावे।

(द) उक्त अवतरण 2 (घ) में उद्धृत राज्य सरकार के पत्र को आगामी संस्कृत अध्ययन संकाय के विचारार्थ रख दिया जावे ताकि वह संकाय शास्त्री प्रथम वर्ष में 'प्री-आयुर्वेद' नामक एक प्रश्न पत्र का निर्धारण करने से पूर्व राज्य सरकार के मन्तव्य से अवगत हो सके।

अधिष्ठाता द्वारा समस्त सदस्यगणों, कार्यालय की ओर से उपस्थित सहायक तथा संयोजक मंडोदय द्वारा समिति के कुशल सम्पादन के लिये धन्यवाद के मत के साथ समिति की बैठक विसर्जित हुई।

विषय : श्री-आयुर्वेद में संस्कृत मौलिक प्रश्न पत्र हटाने के सम्बन्ध में :

मान्यवर,

उपरोक्त विषय में निवेदन है कि गत वर्ष श्री-आयुर्वेद में भा. वि. प. एवं राज. वि. वि द्वारा स्वीकृत एवं पारित संस्कृत की मौलिक परीक्षा सम्पन्न नहीं करायी गयी थी जिसका छात्रों ने स्वागत किया था। इस वर्ष इसे लागू करना दृष्टान्तः अहित में है। अतः हमारा आपसे निवेदन है कि पूर्व की भांति इस वर्ष भी हम छात्रों का भविष्य एवं हित ध्यान में रखते हुए, परीक्षा में संस्कृत मौलिक परीक्षा हटाई जाये।

महोदय को स्मरण रहे कि विश्वविद्यालय एवं संकाय अविष्ठाता ऐसे समान्य परिवर्तन के प्रति निर्णय लेने में दृष्टान्तः सक्षम है।

अतः सभी छात्रों का ये निवेदन सर्वहित में है। तो आशा ही नहीं पूर्ण विश्वास है कि आप जैसे योग अविष्ठाता इन परीक्षाओं को हटाकर कृतार्थ करेंगे।

इसी आशा में श्री. आयुर्वेदीय के द्वारा

विषय :—स्नातकोत्तर उपाधि-आयुर्वेद-वाचस्पति (एम. डी. एवाई. कार्य-चिकित्सा) के परीक्षा सत्र 1981 जून हेतु शोध-प्रबन्ध पर्यवेक्षक व्यवस्था के संदर्भ में ।

मान्यवर,

सत्र 1978-79 के आयुर्वेद वाचस्पति प्रथम खण्ड का परीक्षा परिणाम घोषित हुए 6 माह व्यतीत हो रहे हैं । दिनांक 18 अक्टूबर, 1979 के घोषित परिणाम के अनुसार आयुर्वेदीय वाचस्पति प्रथम खण्ड से राष्ट्रीय आयुर्वेद संस्थान के अध्ययनरत 16 स्नातकोत्तर अध्येता उत्तीर्ण घोषित किये गये थे ।

नियमानुसार द्वितीय खण्ड में प्रवेश के बाद अध्येताओं को शोध-प्रबन्ध के विषयो का पजीयन शोध-प्रबन्ध पर्यवेक्षक को उल्लेख करते हुये यथाशीघ्र करा लेना पड़ता है ।

राजस्थान विश्वविद्यालय से सलग्न राष्ट्रीय आयुर्वेद संस्थान, जयपुर के काय चिकित्सा विभाग में सम्प्रति मान्यता प्राप्त एक ही शोध प्रबन्ध पर्यवेक्षक उपलब्ध होने से अभ्यासक्रमिका नियम क्रमांक आर 43 व 1 के अनुसार द्वितीय वर्ष के 16 अध्येताओं में से मात्र 5 अध्येताओं के लिये ही उनके शोध प्रबन्ध पर्यवेक्षण की समस्या हल हो पाती है । आवश्यक मान्यता प्राप्त शोध प्रबन्ध-पर्यवेक्षक के अभाव में अन्य 11 अध्येताओं के लिये शोध प्रबन्ध-पर्यवेक्षण समस्या अब भी बनी हुई है ।

उक्त समस्या का समाधान अब तक न हो पाने के कारण समस्याग्रस्त अध्येताओं के शोध प्रबन्ध कार्य में बाधा पड़ रही है जो अध्येताओं के भावी द्वितीय खण्ड अन्तिम परीक्षा में प्रविष्ट होने की प्रक्रिया के लिये घातक है ।

अतः विषय के संदर्भ में आपसे नम्र निवेदन है कि इस समस्या का समाधान वैधानिक प्रक्रिया से गया-छीन्न निम्नलिखित मान्यता प्राप्त होव प्रदत्त पर्यवेक्षक उपलब्ध कराने का कष्ट करें।

विषय : स्नातकोत्तर छात्रों के महानिवन्धों के गाइड की स्वीकृति हेतु संकाय के समक्ष निवेदन :

मान्यवर्य,

निवेदन है कि राष्ट्रीय श्रायुर्वेद संस्थान में मात्र एक विषय काय चिकित्सा का स्नातकोत्तर शिक्षण गतिमान है ।

इस विभाग में कोई भी प्रोफेसर पदासीन नहीं है । एक एमोसियेट प्रोफेसर है उनके पास पर्याप्त 5 छात्र महानिवन्ध का कार्य उनकी गाइडेन्स में कर रहे हैं ।

सत्र 1978-79 वर्ष में 20 छात्र स्नातकोत्तर शिक्षाणायं प्रविष्ट किये गये । इससे पूर्व म० नि० गाइड की व्यवस्था अन्य विभागों के शिक्षकों से कराई जाती रही । सत्र 1977 से शिक्षकों का विषय परक चयन कर लेने के उपरान्त संस्थान की स्क्रोनिंग कमेटी के निर्णयों के अनुसार शिक्षकों का विषय विशेष-परक नियोजन जनवरी, 79 से लागू हुआ ।

सत्र 1979-80 में मात्र 5 छात्र प्रविष्ट किये जाने शुरू किये गये ताकि उनके गाइड की व्यवस्था उसी विषय के शिक्षक के माध्यम से करा ली जाय ।

परन्तु सत्र 1978-79 में प्रविष्ट 20 छात्रों में से 16 छात्रों का गाइड एक ही व्यक्ति का होना उचित नहीं है अतएव एमिस्टेण्ड प्रोफेसर जो कि सेक्चरार से उच्च कक्षा के शिक्षक हैं तथा वि० वि० की हैण्डबुक पार्ट II वोल्युम II चैप्टर XXXIX के अनुसार मात वर्ष में अधिक की अध्यापन/अन्वेषण का अनुभव एमिस्टेण्ड प्रोफेसर वहन करते हैं उनके तत्वावधान में भी महानिवन्ध लिखवाने हेतु सिफारिश की गई है, क्योंकि संस्थान में रीडर जैना कोई पद ही नहीं है इस निवेदन को निरस्त कर दिया गया है ।

संस्थान के शिक्षकों की पद व्यवस्था ग० वि० वि० के हैण्डबुक पार्ट II, O 65 (VI.I) आयुर्वेद फ़ैक़्ट्री के अनुसार I प्रोफ़ेसर II एसोसियेट प्रोफ़ेसर, III एसिस्टेंट प्रोफ़ेसर I लेक्चरर डिमोन्स्ट्रेटर" इस क्रम से है जिसमें II रीडर नहीं नामान्तरित है। स्नातकोत्तर गाइड के लिये रीडर तक के पदों की मान्यता इतर संकायों में रूढ़ है। महानिदेशक गाइड का कार्य करने हेतु एकमात्र एसोसियेट प्रोफ़ेसर के लिये निहित छात्रों की संख्या के उपरान्त के स्नातकोत्तर छात्रों को विश्वविद्यालय के नियमान्तर्गत योग्य शिक्षित एवं अनुभवधारी दो एसिस्टेंट प्रोफ़ेसरों हेतु निवेदन किया या जो लेक्चरर से ऊपरी पद के शिक्षक हैं।

अतएव संकाय से निवेदन है कि इनकी स्वीकृति घोषित करावें। एतदर्थ कुलमन्त्रि महोदय की सेवामें निवेदन किया जाता है कि उक्त विषय को दिनांक 1.2/80 को होने वाली संकाय के समक्ष प्रस्तुत कराने की कृपा करें।

विषय : बी०ए०एम०एस० चतुर्थ वर्ष के पूरक एवं अंतिम वर्ष की परीक्षा एक साथ जाने के क्रम में ।

मान्यवर महोदय,

उपरोक्त विषयान्तर्गत निवेदन है कि बी.ए.एम.एस. प्रथम वर्ष से पंचम वर्ष तक प्रत्येक परीक्षा को उत्तीर्ण करने के लिये चार अवसर परीक्षार्थियों को दिए जाते हैं और इनका लाभ परीक्षार्थियों को मिलता रहा है, किन्तु चतुर्थ वर्ष में द्वितीय अवसर में अनुत्तीर्ण होने वाले छात्रों को यह लाभ नहीं मिल पा रहा है जिससे छः माह की समय हानि एवं आर्थिक हानि इन छात्रों को होती है । अतः इस विषय में निवेदन है कि चतुर्थ वर्ष की पूरक परीक्षा भी अंतिम वर्ष की परीक्षा के साथ ले ली जाए क्योंकि पूरक परीक्षा देने वाले छात्र पंचम वर्ष का अध्ययन भी अन्य सभी छात्रों के साथ पूर्ण कर चुके हैं ।

अतः श्रीमान से इस विषय में अनुरोध है कि हमारी इस समय एवं आर्थिक हानि को दृष्टिगत रखते हुए उपरोक्त मांग को पूर्ण करा कर अनुग्रहीत करें ।

विषय : आयुर्वेदाचार्य चतुर्थ वर्ष के द्वितीय प्रयास की परीक्षा के सम्बन्ध में ।
मान्यवर महोदय,

सादर निवेदन है कि आयुर्वेदाचार्य चतुर्थ वर्ष के द्वितीय प्रयास 1 दिसम्बर, 1979 में प्रविष्ट हुये थे परन्तु अनुत्तीर्ण हो गये । राजस्थान विश्वविद्यालय ने हमें आयुर्वेदाचार्य चतुर्थ वर्ष के प्रश्न-पत्र की परीक्षा आयुर्वेदाचार्य पंचम वर्ष जून, 1980 के साथ देने की अनुमति नहीं दी है जो न्यायसंगत नहीं है ।

इस संदर्भ में हम निम्नलिखित निवेदन प्रस्तुत करते हैं :—

- (1) आयुर्वेदाचार्य चतुर्थ वर्ष के प्रश्न-पत्र में जो विद्यार्थी अनुत्तीर्ण हैं उनकी एक प्रश्न-पत्र की परीक्षा आयुर्वेदाचार्य पंचम वर्ष जून, 1980 के साथ देने की स्वीकृति प्रदान करें । पंचम वर्ष की परीक्षा परिणाम चतुर्थ वर्ष के प्रश्न-पत्र को उत्तीर्ण करने के बाद घोषित कर दिया जावे ।
- (2) आयुर्वेदाचार्य चतुर्थ वर्ष के द्वितीय प्रयास की परीक्षा में अनुत्तीर्ण छात्रों को पुनः अंकेक्षण एवम् पुनर्मूल्यांकन की सुविधा प्रदान की जायें क्योंकि :—

(अ) प्रथम प्रयास की उत्तर-पुस्तिकाओं में जो परीक्षक अनुचित मूल्यांकन कर सकता है यह कैसे मान लिया जाये कि द्वितीय प्रयास की उत्तर-पुस्तिका का मूल्यांकन उचित ही किया हो । विश्वविद्यालय के विवरण से यह ज्ञात हुआ है प्रथम प्रयास की उत्तर-पुस्तिकाओं के मूल्यांकन में गलतियाँ हुई थी और पुनर्मूल्यांकन में छात्र उत्तीर्ण हुये थे अतः यह आवश्यक है कि द्वितीय प्रयास में अनुत्तीर्ण छात्रों को पुनर्मूल्यांकन की सुविधा प्रदान की जायें ।

(आ) आयुर्वेदाचार्य की गत मुख्य परीक्षाओं की उत्तर-पुस्तिकाओं का मूल्यांकन सामुहिक रूप से अनुचित हुआ था जिसके कारण छात्रों को अनेक कठिनाइयों का सामना करना पड़ा। विश्वविद्यालय ने उन्हीं परीक्षकों से पुनः मूल्यांकन करवाया जिससे व्यग्रता में आकर उन्होंने छात्रों का अहित किया।

- (3) सी सी आई. एम के द्वारा स्वीकृत पाठ्यक्रम के आयुर्वेदाचार्य में पूरक परीक्षा का विधान नहीं है केवल प्रयास (attempt) बतलाये गये हैं यह नियम जिन परीक्षाओं में पूरक परीक्षा का विधान नहीं है केवल प्रयास मात्र है उनमें प्रभावी नहीं हो सकता।

अतः पुनः श्रीमान से निवेदन है कि हमें पंचम वर्ष जून, 1980 की परीक्षा के साथ चतुर्थ वर्ष के प्रश्न-पत्र की परीक्षा दिलवायी जाये तथा अनुत्तीर्ण विषयों में पुनः मूल्यांकन की सुविधा प्रदान की जाये नहीं तो एक वर्ष का नुकसान होगा। अतः श्रीमान से निवेदन है कि विवेक पूर्ण निर्णय से पंचम वर्ष की परीक्षा के साथ चतुर्थ वर्ष की परीक्षा दिलवायी जाये तथा पुनर्मूल्यांकन की सुविधा प्रदान करने की कृपा करें।

भवदीय,

Having discussed the matter at length, the Council *resolved* as follows :

- (II) the aforesaid minutes of the Council *be confirmed* with the following modifications observations :

- (3) With reference to its Resolution No. 21 dated the 6th October, 1979, the Registrar reported receipt of a letter No. D-5/79-80/1858 dated the 4th October, 1979 followed by another letter No. D-5/2034 dated the 13th November, 1979 from Dr. M.L. Mishra, Director, Institute of Correspondence Studies and Continuing Education suggesting (i) discontinuance of the B.Ed. Summer School cum Corres-

pondence Course in the first letter and (ii) suggesting continuance of B.Ed. (S.S.C.C.) and also starting of M.Ed. Course in the University in the second letter (*Vide Appendices I & II*).

Resolved to recommend that (i) in view of his second letter, the first letter dated 4.10.79 of Prof. Mishra be allowed to be withdrawn and (ii) status quo be maintained with-regard to the B Ed. (S.S.C.C.) Courses and the same be continued by the Institute of Correspondence Studies and Continuing Education.

(4) Arising out of discussions on the foregoing resolution No. 3 of these minutes, the Council appointed a Committee consisting of the following persons to (i) review the various courses run by the Institute of Correspondence Studies which do not have a departmental base, and (ii) to explore the possibilities of opening a new Department of Education in the University campus :

6. Prof. V.N. Upadhyay.

(5) The Council considered letter dated the 27th August, 1979 and a subsequent letter dated the 26th November, 1979 received from Prof. A.S. Kapoor containing the following proposals :

1. The entire procedure/mechanism for the purchase of books and journals in the Central Library and by the Central Library for various postgraduate departments needs to be reviewed. The Academic Council may specially entrust the Library Committee with this task or it may take any other appropriate step for such a review.
2. The assignment of postgraduate teaching to teachers is presently being done in different ways in different departments. When an issue like this is allowed to be decided at the level of a Departmental Council, the path of least resistance invariably is to allot postgraduate teaching to every teacher of the department. The Academic Council may address itself to the question whether it is a

sound academic practice. Another dimension to this question is that in departments where the strength of the Faculty is anywhere up to 50 or 75 it results in too much fragmentation of the syllabi, to the possible detriment of the interests of the students. The Academic Council may, in the above context evolve an appropriate policy so that it is applicable uniformly to all the postgraduate departments of the University.

3. The Academic Council may review the regulations giving a variety of weightages to candidates seeking admission to the University. *If the Council is of the considered opinion that the whole variety of weightages should continue to be given.* I propose that a weight age of 5% marks should also be given to the sons and daughters of the members of all categories of staff of the University for purpose of admission to the University on the same logic on which the weightage of 5% marks is given to students passing out of the local colleges.

Resolved to recommend that (i) the aforesaid proposal No. (1) be referred to the Library Committee, (ii) the proposal No. (2) be referred to a Committee consisting of the following persons :

- 1 Prof. A.S. Kapoor, Convener,
- 2 Prof. K.C. Joshi,
3. Prof. (Mrs.) Kanta Ahuja,
4. Prof. R.C. Dwivedi,
5. Prof. Ram Ahuja,
- 6 Dr. R.N. Mookerjee,

and (iii) the aforesaid proposal No. (3) be referred to the Committee appointed by the Vice-Chancellor to streamline admissions in the University in the next session 1980-81.

- (6) The Registrar reported that :

- (i) The University Grants Commission has been laying stress upon the Universities to work on restructuring of courses at first degree level so as to make them relevant to the environment and needs of the society, particularly rural community. Accordingly, a project was submitted

to the U.G.C. by the College Development Council. The same was approved by the U.G.C. and a seed grant of Rs. 25,000/- was sanctioned to the University.

- (ii) The C.D.C. selected eight colleges including five colleges already identified by the U.G.C. and undertook survey and analysis of the needs-industrial, occupational, developmental and resources of the districts of colleges located at Tonk, Lachmangarh, Sikar, Pali and Banswara.

In this connection, the Council considered the recommendations of the Committees of Courses constituted by the Vice-Chancellor vide orders dated 1.9.79, 30.11.79 and 5.12.79 for the introduction of the following new subjects as optional subjects at first degree level at the colleges mentioned hereunder :—

N.B.—The subjects of Sheep and Wool and Livestock and Leather be incorporated amongst the core subjects to be offered at B.Com. level.

The Council also took into account the detailed explanatory note with relevant courses of study (*Vide Appendix-III*) including Annexures A to L).

The Council sought for clarifications regarding various items incorporated in the courses of study and also with regard to the scheme of examinations as has been proposed to be introduced and Dr. M.L. Sisodia (who was invited as a Special Invitee for the purpose) explained them to the satisfaction of the members

Having considered the matter in detail, the Council, appreciated the idea of introducing the aforesaid courses which have a job orientation and rural bias and *resolved to recommend as follows :*

- (I) A vote of appreciation be recorded for Shri L.P. Vaish, Co-ordinator, College Development Council for having under taken a lot of pains in taking all relevant steps and mustering support and co-operation of various persons and agencies which have been associated in framing all these courses,

(14) With reference to its Resolution No 14 dated 6th October, 1979, the Council considered the recommendations dated 4.1.1980 of the Committee appointed by it to thrash out problems connected with the establishment of a Chair in Sufism. 1. Dean, Faculty of Arts, Convener
2. Dean, Faculty of Social Sciences,
3. Dean, Faculty of Science,

(20) The Council considered the following proposal received from Dr. Fazle Imam-as contained in his letter No. UD/79-80/1966 dated the 8th January, 1980 :

“The certificate course in Urdu should be implemented from the academic session 1980-81. The Syllabus of the above course has been approved by the Competent body of the University.”

In this connection, the Council was apprised about the courses of study as recommended by the B.O.S. in Urdu vide recommendation No. 6 dated 19/20th March, 1976 endorsed by the Academic Council vide its Resolution No. 2(III) dated 27.4.1976 and finally approved by the Syndicate vide Resolution No. 6 dated 29.4.76.

The Council, therefore, *resolved to* recommend that the course be referred back to the Board of Studies in Urdu for re-consideration.

(*Vide Appendix-X*).

Consequential amendments to the Ordinance may be brought before the Council at its next meeting.

(24) The Registrar reported that (i) the ad-hoc Committee of Courses in P.G. The Council also took up for consideration item No. 24 of the agenda to the effect that the courses of study for the P.G. Degree course in Tourism and Hotel Management which have hitherto been placed under the Faculty of Commerce may now be placed under the Faculty of Management Studies.

Resolved to recommend that (i) the aforesaid matter be referred for consideration to the Committee appointed by the Council vide its foregoing Resolution No. 4 of these minutes, (ii) in the meantime status quo be maintained and (iii) the consideration with regard to the amendment to Ordinance as proposed above be taken up when a decision with regard to the aforesaid item No. 24 of the agenda is taken.

(25) The Council considered a proposal received from Dr. B.L. Sharma, Head of the University Department of Geology, Udaipur as contained in his letter No. 10/GAD/79-80/2712 dated 31-12-1979:

"The B.O.S. in Geology at its meetings held on 18/19th June, 4th September and 15th October, 79 recommended the Syllabus and Scheme of Examination for M.Sc. previous Examination 1980 M.Sc. Final Exam. 1981 and M.Sc. Tech. Exam. 1980. The Registrar vide his letter No. F. 7 (10)/Aca-I/Reg./79/20363M dated 17-12-79 has circulated a Syllabus and Scheme of Exam. which is unauthorised and hence illegal and void. The Council is requested direct the Registrar to issue the authorised Syllabus and Scheme of Examination and withdraw the present Syllabus circulated vide letter No. F. 7 (10) Aca-I/Reg/79/2036M dated 17-12-79."

Dr. B.L. Sharma, Head of the Department of Geology and a member of the Board of Studies brought to the notice of the Council the legal complications of the matter about the rights of the Board of Studies vis-a-vis. those of the Academic Council.

In this connection the Vice-Chancellor apprised the Council that the Board of Studies in Geology at its meeting held on the 18/19th June, 1979 recommended scheme of examinations for M.Sc. Previous 1980 and Final Examination of 1981 carrying 8 theory papers at each of the examinations instead of four which is an adopted pattern and stands approved by the Academic Council. The Courses

of study, therefore, recommended by the Board of Studies were departure from the recognised frame-work and the approved scheme of examinations. The University, therefore, could not approve the said departure without due approval of the competent University Bodies. The position was explained to the Convener, Board of Studies in Geology requesting him to intimate the papers which he proposed to delete so as to bring uniformity in the proposed papers. The Convener desired that a Special Meeting of the Board of Studies be convened and accordingly, the special meeting was called on the 4th September, 1979 at which the Board reiterated its earlier stand of retaining 8 theory papers scheme in departure of 4 theory papers scheme approved in respect of other subjects.

Since the stand taken by the Board of Studies was not commensurate with the established pattern, the University could not accept the departure in the scheme of examinations as recommended by the Board and the matter was explained to the Convener accordingly. On further request from Prof. M.W. Chaudhary, the Vice-Chancellor had agreed to hold a Special Meeting of the Board of Studies again to reconcile the matter which could not be held as none of the members of the Board turned up for the meeting scheduled on the 15th November, 1979.

On a scrutiny of the courses of study it was found that the nomenclatures of 8 papers recommended by the Board were merely bifurcation of the nomenclatures of the papers which existed prior to the introduction of the semester scheme of examinations and as such the Vice-Chancellor ordered for clubbing all the concerned papers as per pattern which existed prior to the introduction of the Semester Scheme of Examinations. A teacher of the University Department of Geology was requested to consolidate the revised courses of study recommended by the Board of Studies in Geology and club the courses of two papers suitably into one paper so that no major departure occurs.

In view of the above the Vice-Chancellor approved the Courses of Study as clubbed by the aforesaid teacher on the pattern and the scheme of examinations which existed prior to the introduction of the semester scheme of examinations and the same were sent to the

Department of Geology. The aforesaid orders of the Vice-Chancellor will be reported to the Faculty of Science.

The Council noted the information given by the Vice-Chancellor and perused the various provisions of the University Act laying down the functions of the Academic Council and the Board of Studies and *resolved to* recommend that (i) the aforesaid information be, recorded, (ii) the action taken by the Vice-Chancellor in the matter and orders passed by him in this regard be confirmed, (iii) the Board of Studies in Geology be requested to recommend courses of study in the examinations concerned according to the approved pattern of the scheme of examination in future, and (iv) in the event of any departure to be made in respect of scheme of examinations the Board may send its proposal for consideration of the Academic Council so that the Board is able to prepare and frame courses of study in accordance with the revised scheme of examinations approved by the Academic Council.

(26) With reference to its Resolution No. 35 dated the 8/9th April, 1978, the Council considered the recommendations dated 11-1-1980 and 15-1-1980 of the Committee appointed by the Council under the Convenership of Prof. G.C. Patni, to examine the matter of changes in the minimum qualifications for teachers of the University (*Vide Appendix-XII*).

Resolved to recommend that (i) the consideration of recommendations made under A(1) relating to the minimum qualifications for Lecturer in Education: (B) and (C) be postponed, (ii) the recommendation made by the aforesaid Committee under para A (2) relating to amendments to O.141-C (Faculty of Commerce) be accepted and consequential amendments to O.141-C be made as follows :

O.141-C :

The following words be *added* after the words "Business Administration" and before the words "and Economic Administration" appearing in general note No. (4) of the aforesaid Ordinance :

"except those covered by note No. (3) above."

and (iii) for working out the percentage of average of 55% marks of the aggregate of two examinations wherever required in various sub-clause of O.141, the marks obtained by the candidates at the two examinations concerned be added and the maximum marks of the respective examinations be also taken into account for working out the required percentage.

(27) With reference to its Resolution No. 20 (ii) dated the 6th October, 1979, the Council considered the revised panel of experts to serve on the Committee for Selection of Readers and Lecturers in Music for the session 1979-80.

In this connection, the Vice-Chancellor informed the Council about the receipt of a letter dated 10-1-1980 from the Head, University Department of Music (*Vide Appendix-XIII*).

After a great deal of discussion, the Council resolved that the Vice-Chancellor be authorised to examine the list and add more names particularly relating to the instrumental music and delete any name existing in the proposed panel as warranted by the situation. The panel so prepared be deemed to have been approved by the Academic Council.

(28) The Council considered prescribing guidelines for assessing a lecturer as Post-graduate-teacher for the purpose of allotment of workload.

In this connection, the Council was apprised that (1) according to an earlier resolution of the Academic Council a lecturer who does major work for the P.G. classes is assigned 18 periods per week and those who do not did so are allotted 21 periods per week, and (2) since major work has not been defined any teacher who takes even one or two periods for the P.G. Classes is considered by certain Heads of Departments as P.G. teacher and is given only 18 periods work per week.

Having discussed the matter, the Council *resolved to recommend* that any teacher taking at least three hours or more of teaching of the P.G. Classes be treated as a P.G. teacher for the purpose of allotment of workload.

(29) The Council considered a letter dated 18-1-1980 received from the Head of the University Department of Modern European Languages, Jaipur intimating the names of persons teaching Russian Language at the C.I.E.F.L., Hyderabad and J.L.N. University, New Delhi to form a panel of experts for the selection of lecturer in Russian in the University during the year 1979-80 in terms of Section (v) of Clause (4) of the Rajasthan Universities Teachers and Officers (Special Conditions of Service) Act 18 of 1974. -

Resolved that the panel of experts for selection of lecturer in Russian be approved (Vide Appendix-XIV).

(30) With reference to its Resolution No. 20 (vi) dated the 6th, October, 1979 the Registrar reported orders dated 18-1-1980 passed by the Vice-Chancellor in approving the revised panel of experts for the selection of Lecturer in Journalism for the year 1979-80 (Vide Appendix-XV).

Resolved that the aforesaid report of the Registrar be recorded and the orders passed by the Vice-Chancellor be confirmed.

(31) The Council *postponed* consideration of the following items of the agenda:

<i>Item No.</i>	<i>Gist</i>
30 (i)	Supplementary at B.A. (Hons.) Examination.
30 (ii)	Requirement of thesis at the M.D. and M.S. Examination.

Ref: B.Ed. (Correspondence) Case for discontinuing the teaching of the Course.

Dear Sir,

I shall request you to kindly take necessary action to assess the possibility of discontinuing the teaching of B.Ed. Course in the light of the following facts :-

- (1) That a large number of B.Ed. degree holders are unemployed in the State.
- (2) That most of the candidates admitted have primary school teaching experience while B.Ed. teaching is concerned with higher class teaching. Since these candidates have no ability to teach higher classes, it is difficult to give effective training and ultimately this results in waste of educational effort.
- (3) That these facilities are being misused as untrained persons seek entry in a school from back door, manage to continue for three years and then avail themselves of this facility. Thus trained unemployed persons suffer in this scheme.
- (4) That the Government is not recruiting untrained teachers now and they have set up two colleges for those who are in service.
- (5) That there is no Department of Education in the University and it is difficult to run the course.
- (6) That there is no permanent staff in the Deptt. so far and a decision in this matter is important at this stage.
- (7) That the U.G.C. is not giving any grant and the possibility is bleak as setting of the Deptt. is a basic condition for grant.

I shall request you to kindly get the matter screened by appropriate bodies and decision communicated as the process of admission for 1980-81 would start in January, 1980.

Thanking you,

Sd/- M.L. Mishra,
Director.

Reference . . Continuation of B.Ed. Course.

Dear Sir,

In continuation of this office letter No. D-5/79-80/158 dated the 4th October, 1979, I have to state that at the instance of a number of faculty members and teachers organizations, a thorough study of the applications of the last and current years was made by this unit. Enquiries were also made from attending students and teachers. As a result the following facts come to light which are important :

1. A number of teachers pass their degree examinations while working as teachers after passing S.T.C. These teachers do not have an opportunity to study B.Ed. as regular students. The present course would continue to help this weak section of society.
2. Normally 2,000 applications are received every year and we are admitting 240 candidates only. This reflects the present demand for B.Ed. courses

The letter sent earlier was based on the discussions made at the U.G.C. Visiting Committee. It is, therefore, requested that the matter may kindly be looked into by the Vice-Chancellor and if, thought proper, the matter may please be withdrawn from the Academic Council agenda.

It is further requested that the following steps may please be taken to improve the existing situation :

1. M.Ed. course be started by the University as no University in the state teachers Education at master's level. This implies the setting up of the Department of Education at this University. This will satisfy the basic U.G.C., condition for grant.
2. The State Government be requested to give special grant for B.Ed. courses as a large number of government employees are benefitted from this course.

Thanking you,

APPENDIX—III

(Ref Res. No 6 of the minutes of the meeting of the Academic Council dated the 19-1-80)

An Explanatory Note Regarding Introduction of New Subjects at first Degree Level under the University Grants Commission Scheme of Restructuring of Courses.

For sometime past the University Grants Commission has been laying stress upon the universities and educational institutions to re-structure the existing first degree level courses so as to make them relevant to the environment and developmental needs of the society, particularly rural and back-ward community. The concept underlying in restructuring of courses is to remodel the existing conventional three subject course at degree level by courses comprising of two of the existing subjects together with the *third* subject being re-oriented towards the field work, need-based and productivity having a bearing and direct relevance to the developmental needs of the region. In other words the orientation of the existing courses are to be reframed in such a manner that student can apply his theoretical knowledge to the problems of the region.

The task of re-orientation of existing conventional courses is of very complex nature and needs very careful planning and thought. We have to be very cautious in taking steps in a way that not only the courses may prove useful but they be readily acceptable to the students and the society at large.

The College Development Council found an immense potentiality in combining academic courses with the applied knowledge suited to solve the real problems of the rural area. (This orientation of courses may be very much helpful in discouraging the mobility of rural area students, to urban areas for seeking jobs). With this objective in view the C.D.C. came forward and submitted a concrete and viable proposal to the University Grants Commission for conducting surveys of some selected areas and hold workshops to suggest most suited need-based and region-based courses for the selected colleges located in backward and rural areas of Rajasthan. The idea of the College Development Council to organise workshops was very much appreciated by the Commission and it agreed to give seed money of Rs. 25,000/- to the University on this account.

As a first step towards implementation of this scheme, the Council selected the following eight colleges, including five colleges already identified by the Commission for pilot study :

- (1) Government College, Tonk.
- (2) " " Pali,
- (3) " " Banswara.

- | | | | |
|-----|---|---|-------------------|
| (4) | " | " | Rajgarh (Alwar) |
| (5) | " | " | Didwana. |
| (6) | " | " | Jhalawar. |
| (7) | " | " | Baran. |
| (8) | Shri Bhagwandas Todi College, Lachhmangarh—Sikar. | | |

To begin with the Council with the assistance of two faculty members undertook the survey of four districts, namely, Sikar, Tonk, Pali and Banswara with regard to occupation, industrial, developmental and resource potentialities of the rural areas, particularly, areas surrounding the Colleges. After thorough analysis of the primary and secondary data the C.D.C. Team identified one or two major areas (subjects) for each College, which, if introduced, would prove most beneficial to the rural community. The survey reports were then discussed with the Director of College Education, Rajasthan Jaipur and Officer on Special Duty, Education (Planning) Department, Government of Rajasthan, Jaipur, and it was felt that the college Development Council Team should have further detailed discussions with the Principals, Faculty members, District level Officers, students, prominent social workers and educationists of the region concerned. (*Survey Reports are at Annexure—A,B,C and D*).

Accordingly, the C.D.C. Team visited four Colleges located at Lachhmangarh, Tonk, Pali and Banswara during September/October, 1979 and discussed the scheme of restructuring of courses and survey reports with Principals, Faculty members, students, District Officers and other prominent persons. The Team was very much encouraged to find a very favourable response from all quarters.

As a result of fruitful discussions held at Colleges, a joint meeting of Principals of all the four Colleges under the Chairmanship of Director of College Education, Rajasthan, Jaipur was convened at Jaipur in October, 1979. It was unanimously decided that following new subjects be introduced in the Colleges mentioned as one of the optional subjects at first degree level in all the three faculties of Arts, Science and Commerce :—

- | | | |
|-----|-------------------------|--------------------------------|
| (1) | Shri B.D. Todi College, | .. Rearing of Sheep & Wool. |
| | Lachhmangarh. | |
| (2) | Govt. College, Tonk. | .. Livestock & Leather Tannery |
| (3) | Govt. Collge, Pali. | .. Dyeing & Printing. |
| (4) | Govt. Collge, Banswara. | .. Forestry. |

It was also decided that a student who takes need-based subject should be well conversant about his local environment, resources, social structure, administrative machinery, etc. of the district and adjoining areas, and for this a new paper "Rural Development" be developed and introduced as one of the optionals in the Compulsory Group (iii). It was also decided that a regional work-

shop consisting of 10 to 15 participants to develop course outlines of the proposed new need-based subject for a particular College be arranged for 2/3 days and benefit of the local expertise be obtained. (*Recommendations of Principals' meeting Annexure E.*).

As per decision taken in the Principals' meeting the College Development Council conducted two days regional workshops each at Lachhmangarh and Tonk in third and fourth week of November, 1979. In these workshops the experts of the subjects and other academic generalists participated and framed broad outlines of the new courses which are to be introduced as one of the optional subjects in all the three faculties. (*The Courses developed are at Annexures F & G*).

Meanwhile, the Council received a proposal from Banasthali Vidyapeeth Gyan Vigyan Mahavidyalaya, Bansasthali, for introduction of a new subject "Textile Designing" as one of the optional subjects at degree level. The proposal was considered by the Sub-Committee constituted by the C.D.C. and it was resolved that the Vice-Chancellor may be requested to constitute an expert committee of courses for consideration and finalisation of the proposed syllabi. (*Annexure H*).

The Vice-Chancellor was requested to constitute four separate Committees of experts including two academic generalists for processing and finalisation of the course contents developed in regional workshops. The Vice-Chancellor had been pleased to constitute the following Committees of Courses :—

ANNEXURE 'A'

A Survey to Identify the Major Area for Restructuring of Courses at Govt. College, Tonk.

Tonk district has a total geographical area of 718814 hectares comprising 2.1 per cent of the total geographical area of Rajasthan. It has a population of 625830 persons which is 2.42 per cent of the total population of Rajasthan. The pressure of population on land in this district is higher than the average for Rajasthan. This population is divided according to sex and residential characteristics as shown in Table. 1.

82.55 per cent of the total population of the district is rural. Only 17.45 per cent people live in the urban areas. To cater to the higher educational needs of the entire district, there is only one college located at Tonk, the district Headquarters.

In this background the major consideration for identifying any important activity at any place could only be the magnitude of the participation of people in it. With this point in view, to start with, a study of the occupations followed and participation of people in them, would be required. Table 2 gives the working and non-working population according to the sex and rural urban characteristics. It also gives the per cent distribution of working population into different occupations :—

Two-thirds of the population of the district is non-working. But in urban areas, this population is still higher. About three-fourth of the urban population is non-working due to a very high proportion of females being non-participants in work.

Thus the activities of an overwhelmingly large number of working persons in the rural areas should be the prime concern for any educational course. A look at occupational classification of the working population in Table 2, indicates that about 84% of the rural working males and 92% of the females are engaged as cultivators, agriculturists and agricultural labourers. The next important group of activity is livestock and poultry etc. followed by village industries (household and others).

Having identified the major areas of activity it is necessary now to locate the major fields within these activities viz., agriculture, livestock and household industries. The study of land utilization and cropping pattern would enable us to know the major crops of the district which should form the subject of study. Table 3 gives the land utilization pattern and Table 4 the cropping pattern of the district.

Although the net area shown and total cropped area are marginally declining, nearly two-thirds of the total area was under cultivation in the district. About 10% of the land is being utilized as permanent pastures and grazing lands.

Groundnut among oil seeds and sugarcane among commercial crops are the two most important crops of the district. There are many ancilliary village and household industries being run (Table 5) on the base material provided by these crops.

It would, therefore, be desirable that a course containing cultivation of groundnut and sugarcane together with the various uses to which their products can be put to with the help of small units at household level be developed for this college.

As observed under the land utilization pattern, due to the availability of enough pastures and grazing lands, development of livestock has taken place in this district. Table 6 gives the livestock data for the district.

SUMMARY :

The two areas identified for restructuring courses at the first degree level in Government College, Tonk based on the rural needs of the district are :-

1. Cultivation of groundnut and sugarcane and ancilliary household industries covering use of various products provided by them.
 2. Rearing of livestock, specially cattle, buffaloes and sheep (e.g. leather tanning, colouring and products; dairy products) making use of the various products of livestock.

ANNEXURE 'B'

Case For Sheep And Wool Course At Bhagwandas Todi College, Lachhmangarh.

Lachhmangarh town is situated in Sikar District and is a Tehsil Headquarter where Bhagwan Das Todi College is located. There are 10 colleges for general education and professional education in Sikar district. After the districts (having cities) like Jaipur, Ajmer, Jodhpur, Kota, Bikaner and Udaipur, this district is the second leading one behind Ganganagar in the matter of higher educational institutions. Any special course designed for the district can be run at any or some or all of the colleges located there, but since a specific request has come from the Principal, Bhagwandas Todi College, Lachhmangarh, this institution would have a prior claim for starting such a course, if only one institution is to be selected.

Sikar district has a population of 1042648 persons, out of this 73.07 percent are non-working and 26.93 percent working. Of the male working population 2.04 percent and of the female working population 7.16 percent are engaged in livestock, forestry etc. This district had 48545 hectares of land under permanent pastures and grazing lands. Among the various livestock it had a sheep population of 396596 in 1972 including 89839 in Lachhmangarh (the highest among all the 6 tehsils of Sikar District). The district has facilities for livestock breeding and rearing. The town of Fatehpur located near Lachhmangarh has got the biggest sheep-breeding centre in Asia.

Besides other animal products, the district produced 24 thousand metres of woolen Khadi in 1975-76. The district has some woolen carpet factories also. Some new are going to be established soon in the district and specially a big one in Lachhmangarh town itself.

In addition to Sikar district, the adjoining districts of Churu and Jhunjhunu have also large sheep population. In Churu district there were 420852 sheep in 1972 and in Jhunjhunu 211598. Thus the total sheep population of the three adjoining districts would cross a million mark.

Looking to the overall potential of increasing the sheep population, improving the breed of sheep, existence of livestock rearing facilities, production of wool and wool-products, establishment of woolen carpet factories, part-time and full-time skilled and semi-skilled self-employment and employment potential, etc. The development of a course for sheep-breeding, rearing and wool and wool products in consultation with the Sheep and Wool Department would definitely provide opportunities to pursue need-based course to the students of Lachhmangarh town in particular and Sikar adjoining districts in general.

candidates of Final Year T.D.C. Examinations and to those candidates whose result of Final Year Examination is with-held pending passing the failing subject (s) of First/Second Year T.D.C. Examination of 1977 and earlier years also.

6. In accordance with the rules mentioned in para (5) above, the results of the candidates who passed the Second Year T.D.C. Examination, 1978 but who had yet to clear one or more subjects of First Year were with-held. After some time the students represented that the candidates who had passed Second Year T.D.C. examination but still failed in one or more subjects of First Year should be allowed to join the Final Year T.D.C. class and clear the failing subject (s) of First Year along with the Final Year examination as was done at the examinations of 1976, 1977 and 1978. They argued that the rule requiring Second Year result to be with-held having been framed during the session 1977-78, the same should be made applicable only to those students who sought admission to the First Year class during that session and not to those who were studying in the Second Year class during that session. In view of the student representations, the 'Vice-Chancellor Committee' vide its orders dated 8.9.1978 decided that the students who were declared passed or supplementary at the Second Year T.D.C. examinations of 1978 but failed in one or more subject(s) of First Year be allowed provisional admission in the Final Year class and permitted to appear in the failing subject (s) of First Year and/or Second Year along with the Final Year examination and the students who appeared at the First Year T.D.C. examination of 1978 be governed by the new rules. Accordingly, the results of candidates who have passed Second Year Examination, 1979 but failed in one or more subject(s) of First Year T.D.C. examination have been with-held.

7. The Council may consider the proposal of allowing the candidates to appear at the Final Year T.D.C. Arts, Science and Commerce examinations along with a backlog of First Year papers. If the proposal is accepted, consequential amendments to the relevant Ordinances will be placed before the next meeting of the Council.

Copy of letter No. 638 dated January, 9, 1980 received from Dr. R.S. Bhatnagar, Head of the Department, of Philosophy, University of Rajasthan, Jaipur addressed to Registrar, University of Rajasthan, Jaipur.

Dear Sir,

During the negotiations to call off the strike of students of Maharani's College, student's representatives had made the following request among other :

It should not be necessary to clear the compulsory papers for those students who are admitted in second year T.D.C. and who have passed Intermediate Examination.

Prof. R.K. Kaul who was conducting the dialogue between the students and the College authorities had informed the students that only Academic Council could take a decision in the matter and therefore it would be placed for consideration in Academic Council.

The undersigned happened to be present in this meeting. Prof. Kaul directed the undersigned to have the request of the students placed in Academic Council for due consideration.

The request from the students may, therefore, please be considered.

Copy of letter No. 1830 dated 11th January, 1980 received from Shri Rajendra Joshi, Director, Centre for Rajasthan Studies addressed to Registrar, University of Rajasthan.

Dear Sir,

This is with reference to your letter No. F. 3 (2) Aca.I/Reg./79 20953-21017 M dated the 24th December, 1979.

This is to request you to include the following item regarding the qualifications of Research Associates in the Centre for Rajasthan Studies in the Agenda of the forthcoming meeting of the Academic Council to be held on 19th January, 1980.

The University has advertised the posts of Research Associates in the Centre but the present qualifications advertised by the University does not fulfil the requirement of the Centre. Therefore, a change has become essential. The Centre needs Research Associates who are capable of reading documents in the Rajasthani dialects. The material for the Rajasthan History is mostly available in Rajasthani. I, therefore, request you to include the following in the agenda of the 19th meeting.

The Research Associates to be appointed in the Centre for Rajasthan Studies must have an adequate knowledge of Rajasthani with a good second class M.A. degree in History."

APPENDIX-XII

(Ref. Res. No. 26 of the minutes of the meeting of the Ac. Council dated the 19th January. 1980).

Minutes of the Meeting of the Committee appointed by the Academic Council vide its Resolution No. 35 dated the 8th/9th April, 1978 to examine the matter of changes in the minimum qualifications for Teachers of the University and its affiliated Colleges, held on 11th January and 15th January 1980 in the New Building, V.C.'s Sectt., Jaipur.

The following were present :—

On 11th January, 1980

- | | |
|----------------------|--------------------|
| 1. Prof. G.C. Patni | Convener |
| 2. Dr. H.C. Bhartiya | |
| 3. Dr. R.N. Singh | } Special invitees |
| 4. Dr. M.L. Mishra | |

(Prof. Om Prakash and Shri A.B. Mathur, Director of Education could not attend the meeting).

On 15th January, 1980

|----------------------|-----------------|
| 1. Prof. G.C. Patni | Convener |
| 2. Prof. Om Prakash | |
| 3. Dr. H.C. Bhartiya | |
| 4. Prof. R.N. Singh | Special invitee |

(Shri A.B. Mathur, Director of Education could not attend the meeting).

The Committee considered various representations and queries made by the scrutinisers of the applications received by the Office in connection with the minimum qualification for the post of Lecturers in Education and Business Administration.

A. After deliberations, the Committee resolved to recommend as follows :—

1. For Lecturer in Education :

- (i) That the essential qualification (C) "Experience of the work of Correspondence Course for at least one year provided the post is for Institute of Correspondence Courses and Continuing Education" should not be essential but it should be desirable qualification.
- (ii) That the essential qualification (b) mentioned after OR be revised as "Good academic record" with Master's degree in Education or M.Phil Degree in Education with atleast 55% marks or an equivalent degree of a foreign University.
- (iii) That as there were no qualifications prescribed for the post of Readers and Lecturers in Education for recruitment in the University Teaching Department before the receipt of the U.G.C. guidelines and before the qualifications for these posts were recommended by the Committee, and accepted by the Academic Council vide its Res. No. 38 dated 11.3.1979 and by the Syndicate vide its Resolution No. 3 dated 23.3.1979, before this date viz 23rd March 1979, the minimum qualifications prescribed for the posts of Lecturers should be atleast (and not belows the same as were prescribed under Ordinance) 65 for Teachers of Education-Degree Classes viz :—

'The same qualifications as are prescribed for the teachers of the degree and post-graduate Classes in the Faculties of Arts and Science Plus atleast a Second Class B.T. or B.Ed. or L.T. with

an experience of teaching for two years in a Secondary School/Teacher's Training School/Teacher's Training College after acquiring the B.T./B.Ed./L.T. Degree.

OR

'A first or a second class M.Ed. with an experience of teaching for two years in a Secondary School/Teacher's Training School/Teacher's Training College after acquiring the first degree in Education.'

This is being recommended for the purpose of taking into account the minimum qualifications for the post of Lecturers in Education mentioned under Clause (iv) of the relaxation clauses under qualifications for the post of Lecturer in Education so that the eligibility of the temporary lecturers working as on 14th June, 1979 in the University in the faculty of Education could be assessed.

2. For Ordinance 141-C (Faculty of Commerce) :

That the qualifications prescribed for the teachers in the faculty of Commerce under this Ord in the General Note. No. 4 the following words be added after "Business Administration" and before the words "and, Economic Administration" except those covered by Note (3) above' *The amended Note (4) will now be as follows :—*

The Candidate should have also passed his B.Com. Examination for the purpose of appointment in any of the Department of Commerce viz. Accy. and Bus. Statistics, Bus. Administration (except those covered by Note (3) above), and Economic Administration and Financial Management, though a candidate who has passed B.A. or B.Sc., Examination may also be considered for

appointment in the Department of Economic Administration and Financial Management.

B. A point was raised before the Committee whether the actual marks obtained by a candidate in the Supplementary Examination or the minimum pass marks which are taken into consideration for the determination of the division are to be taken into account for the purpose of calculating the aggregate of the marks of the two examinations. The Committee is of the view that for calculating the marks of the aggregate of the two Examinations prior to the P.G. Degree or atleast 50% marks in each of the two examinations separately, the actual marks obtained by a candidate at the supplementary examination (and not the 36% marks for the purpose of calculating division) should be taken into account as required in the explanation of the clause (b) of the essential qualifications for the post of Lecturer in the various faculties.

C. The Committee also recommends that a new subclause viz, "Or (iii) Master's degree with atleast 55% marks along with First Class M.Phil. Degree and having secured an average of atleast 55% marks of the aggregate of the two examinations prior to Master's Degree or atleast 50% marks in each of the two examinations separately" be added before the words "may be appointed" and after the words "prior to Master's degree occuring in the Para commencing from the words "Provided" and ending with the words "until he fulfils this requirement" under the essential qualifications for the post of Lecturers prescribed for the various Faculties.

The amended para would now be as follows :—

"Provided that if a candidate possessing a doctorate degree is not available or is not considered suitable for appoinment, a person possessing (i) Master's degree with first class alongwith M.Phil.

degree and having secured an average of atleast 55% marks of the aggregate of the two examinations prior to Master's degree or atleast 50% marks in each of the two examinations separately, or (ii) Master's degree with first class and having secured atleast an average of 60% marks in the two examinations prior to Master's degree, or (iii) Master's degree with atleast 55% marks along-with first class M.Phil. degree and having secured an average of atleast 55% marks of the aggregate of the two examinations prior to Master's degree or atleast 50% marks in each of the two examinations separately."

- (a) Sub para II of the Resolution regarding B.E. Examinations (combined Semester Scheme) *be rewritten* so as to read as under :—

II—B.E. Examinations (combined Semester Scheme) :—

(i) Fourth B E. (VII & VIII combined Semester) Examination, April/May, 1982.

- (b) *Ref. Resolution No. 4 I (iii) of the Board (read with its appendix IV, V and VI).*

In this connection the Faculty also considered recommendations of a sub Committee at its meeting held on the 23rd & 28th May, 1980 (*Vide Appendix I*).

Resolved to recommend that (i) the scheme of Examination as recommended by the Board for III B.E. (Civil) Examination of 1982, IV B.E. (Civil) Examination of 1983 and Final B.E. (Civil) Examination of 1984 (Annual Scheme) and (ii) the Courses of study of the Elective papers under III B.E. (Civil) Examination of 1982 *be not accepted* and instead the scheme of Examination and courses of study recommended by the aforesaid Committee (*Vide Appendix—I*). *be accepted* for the aforesaid Examinations.

- (c) The recommendation made by the Board vide its Resolution No 4 (VI) (ii) *be not accepted*.

- (d) (i) The recommendation contained in Sub para 'a' of para XI (appearing under Resolution No. 4 (VI) (V) of the Board) *be reworded* as under and O.300 of University Hand Book Part II (as proposed in the recommendations of the Committee read with modifications suggested by the Board) *be amended* accordingly.

“Every student who fails in one or more passing heads (theory papers, sessionals, practicals) at a main examination will provisionally be allowed to join the next higher class subject to the provisions in clause No. i as shown herein after such provisional permission will automatically stand cancelled if his backlog exceeds the limits prescribed in para i on the results of the first additional examination provided in para b, being available”.

- (ii) The Faculty pointed out that a Sub para has wrongly been omitted from the matter given under para XI in Resolution No. 4 (VI) (V) of the Board and, therefore, desired that a new sub para ‘h’ *be inserted* after sub para ‘g’ as under and the existing sub para ‘h’ *be renumbered* as sub para ‘i’ —

“(h) Any student who fails to clear all the heads of passing in an examination after the main and the two subsequent additional examinations will have to be an ex-student and clear this backlog at the immediate next main examination”.

- (iii) A Committee consisting of the following members *be appointed* to examine the details given under para XI appearing in Res. No. 4 (VI) (v) of the Board regarding rules of Additional Examination and suggest amendments if any :

1. Prof. A V. Ramanujam—*Convener*
2. Prof. T.V Rajan
3. Prof. B. Ravindranath

The recommendations of the aforesaid committee be treated as the recommendations of the Faculty and be placed before the Academic Council directly.

(e) *Ref. Resolution No. 4 (X) of the Board :*

The Faculty *authorised* the Dean Faculty of Engineering and Technology to incorporate the elective papers in the scheme of Examinations. The Faculty however clarified that the detailed syllabi of the elective papers will be the same as exists under Semester Scheme.

(f) The Faculty, however, desired its members to go through the contents of the scheme of Examination and the courses of study recommended by the Board and if any amendments are required to be made, the same be brought to the notice of Convener, who will bring the amendments to the notice of the Academic Council directly.

(g) Dr. R.D. Verma *dissented* with the recommendations of the Board regarding switching over to the Annual Scheme of Examination, as he feels that in view of the special nature of the courses of Engineering Faculty, the assessment should be made periodically which is possible only under Semester scheme.

IV. *Ref. Resolution No. 5 of the Board :*

The Board be requested to consider the recommendations of the Committee at its next meeting as an urgent item.

V. *Ref. Resolution No. 7 of the Board :*

The recommendations made by the Committee *be not accepted*. The Faculty observed that the remuneration paid to the examiners at present is in

adequate and needs a considerable upward revision. The Faculty also observed that the Practicals/Projects/Seminar/Practical Training Should also be regarded as remunerative jobs and suitable remuneration be also fixed for these jobs.

VI. *Ref. Resolution No. 8 (i) of the Board :*

The allocation of marks in Practical Training recommended by the Board for VII, IX and X Semester *be not* accepted, in view of the fact that the provision of Practical training is now being consolidated and scheduled after the combined 7th and 8th Semester Examinations.

The total 210 marks therefore of the practical training be allocated in IX and X (combined) Semesters (instead of allocating them in 3 Semesters Viz. VII, IX and X) and the scheme of examinations *be corrected* accordingly.

Resolved further that this recommendation be given effect from the Examination of 1980.

VII. *Ref. Resolution No. 9 of the Board :*

The Faculty desired that immediate action be taken in the matter.

In this connection it was reported to the Faculty that the Vice-Chancellor vide his orders dated the 15th May, 1980 accepted the suggestion of the Principal, Malviya Regional Engineering College, Jaipur to the effect that the provisions of minimum requirement for attendance for the different Examinations under the Faculty of Engineering and Technology as recommended by the Board of Studies in Engineering and Tech. vide its aforesaid Resolution be adopted for the Examinations of 1980 to enable the students who have put in a minimum attendance of 55% in lectures and tutorials (taken together) and

66% in sessionals and Practicals, to appear at the above examinations.

The Faculty *noted* the aforesaid orders passed by the Vice-Chancellor and *resolved to recommended* that these provisions be also made applicable for the future examinations under the purview of the Faculty of Engineering and Technology.

IX. *Ref. Resolution No. 11 of the Board :*

The recommendation *be referred* back to the Board of Studies for reconsideration and to give specific resolution for consideration of the Faculty.

X. *Ref. Resolution No. 12 of the Board :*

In this connection the provisions as contained in Section 24 D (a) of the University Act are self explanatory and the Faculty therefore observed that no further clarification is necessary in the mater.

4. Under Section 24 (E) (7) of the University Act, the Faculty *appointed* the following three P.G. Heads to serve on the Board of Studies in Engineering and Technology for the residue of the term ending on the 30th June, 1981 *vice* Dr. K. S. Shah, Dr. B. Ravindranath and Dr. M.M. APPENDIX—I

(*Ref. Res. No. 3 (III) (5) of the minutes*)

Minutes of the meeting of the Committee constituted by the Principal vide his letter No. PP/12, dt. 9.5.1980 regarding courses of studies for III B.E. (C), IV B.E. (C) and V.B.E. (C).

1. The first meeting of the Committee was held at 11.00 A.M. on 23rd May, 1980. All members of the Committee (except Dr. M.B. Mawal) attended the meeting. Dr. Mawal could not attend the meeting due to some unavoidable circumstances. Detailed discussions amongst members were held on the letters received from the four staff members of the Structural Engineering Department and on the teaching and Examination scheme of III B.E. (C), IV B.E. (C) and V.B.E. (C) recently approved by the Board of studies. Prof. Dandekar and Dr. Sharda pointed out that the omission of structures Lab. from the scheme was due to some typographical error and that they would like the laboratory to be included in the scheme. The first meeting remained inconclusive.

2. The second meeting of the Committee was held at 9.00 A.M. on 28th May. All the following members attended the meeting :

1. Dr. G.S. Pandit, Prof. of Structural Engg.
2. Prof. M.M. Dandekar, Prof. of Civil Engg.
3. Dr. S.C. Sharda, Head of the Structural Engg. Deptt.
4. Shri P.N. Modi, Reader in Civil Engg.
5. Dr. M.B. Mawal, Reader in Structural Engg.
6. Dr. R.D. Verma, Prof. and Head of Civil Engg. Deptt.
—*Convener.*

The members considered the recent recommendations of the Board of Studies in Engineering and Technology (in its meeting on 14th and 15th April, 1980) pertaining to the teaching and examination of III B.E. (Civil), IV B.E. (Civil) and V.B.E. (Civil) as well as the letters received from the four staff member (Dr. G.S. Pandit, Dr. M.B. Mawal, Shri V. Venkappa and Shri S.P. Gupta). The members also reviewed the working paper prepared in April, 1980 by the Curriculum Development Cell of the Department of Civil Engineering at IIT Delhi and felt that this may provide some general guidelines to the Civil Engineering syllabi. After detailed discussions all members of the Committee agreed that the teaching and examination of III B.E. (Civil), IV B.E. (Civil) and V B.E. (Civil) in our College be adopted as per details given in Annexure A. This does not change framework adopted by the Board of

Studies in the meeting referred to above. The detailed syllabus of the III B.E. (Civil) for the changes suggested as agreed by all members of the Committee is also enclosed in Annexure B.

राजस्थान राज्य विद्युत मण्डल प्रशिक्षणार्थी अभियन्ता सघ

बी—288, दीपक मार्ग
आदर्शनगर,
जयपुर—4श्री कुलाधिपति
राज्यपाल
राजस्थान सरकार,
जयपुर ।विषय :—सत्र 1978-79 मे अशकालीन अभियांत्रिकी विद्युत,
यांत्रिकी, सिविल संकाय मे स्नातक पाठ्यक्रम आरम्भ करने
बाबत ।

महोदय,

निवेदन है कि राजस्थान राज्य मे अभियांत्रिकी कालेजों में 3½ (साढ़े तीन) वर्षीय अशकालीन विद्युत, यांत्रिकी, सिविल स्नातक अभियांत्रिकी पाठ्यक्रम आरम्भ करने बाबत आपसे पहले भी प्रशिक्षणार्थी अभियन्ता सघ के अप्रैल, सन् 1977 में मिले थे और विद्युत, यांत्रिकी, सिविल संकाय पाठ्यक्रम जयपुर, जोधपुर मे आरम्भ कराने का आपने पूर्ण आश्वासन दिया था किन्तु अभी तक भी उम विषय मे कोई प्रगति नहीं हुई जबकि सत्र 1978-79 आरम्भ हो चुका है व पुन आपसे अनुरोध है कि सत्र 1979-80 मे पूर्ण रूप मे आरम्भ करायें ।

मंघ की विज्ञप्ति 29-10-77 से राजस्थान पत्रिका द्वारा भी आपसे भाग की गई थी व इससे पूर्व भी की गई थी ।

जयपुर, जोधपुर व समस्त राजस्थान मे कार्यरत डिप्लोमा इंजिनियरों के भविष्य को मध्य नजर रखते हुए उक्त पाठ्यक्रम विद्युत, यांत्रिकी, सिविल संकाय मे स्नातक अशकालीन कक्षाये तुरन्त खुलवायें ताकि उनका भविष्य उज्ज्वल हो सके जैसा कि अन्य राज्यों तामिलनाडु, मध्यप्रदेश, पंजाब, कर्नाटक व अन्य राज्यों मे है । उच्च शिक्षा हेतु तामिलनाडु राज्य में उक्त पाठ्यक्रम साढ़े तीन वर्षीय अशकालीन स्नातक चातुर है जो निम्न प्रकार है .—

1. प्रधानाचार्य, राजकीय अभियांत्रिकी कालेज, सलीम—11
2. प्रधानाचार्य, अभियांत्रिकी वीयागराजर कालेज, मदुराय—15
3. प्रधानाचार्य पी एच.जी कालेज आफ टेक्नोलोजी पीनामडपोस्त कोडम्बाटोर—14
4. प्रधानाचार्य कोडम्बा इन्सीट्यूट आफ टेक्नोलोजी सिविल ऐरोड्रम कोडम्बाटोर 14
5. प्रधानाचार्य अभियांत्रिकी कालेज, गुड्डन्डी. मद्रास—25
6. प्रधानाचार्य, रीजनल इंजिनियरिंग कालेज. तीरुचीरापल्ली—15

अतः आज प्रगति के युग में राजस्थान ही एक ऐसा राज्य है जहां यह अंगकालीन विद्युत, यांत्रिकी, सिविल अभियांत्रिकी पाठ्यक्रम नहीं चल रहा है। संघ की आशा है कि आप अपने स्तर पर इस विषय पर ध्यान देकर साढ़े तीन वर्षीय अंशकालीन स्नातक विद्युत, यांत्रिकी, सिविल संकाय पाठ्यक्रम जयपुर, जोधपुर से आरम्भ करावें जिससे कि राजस्थान में युवा डिप्लोमा इंजिनियर भी राजस्थान के विषय में योग देने का भी लाभ मिल सके तथा राजस्थान अभियांत्रिकी में पीछे न रहे अर्थात् राजस्थान में इस क्षेत्र में पिछड़ापन दूर कर नहयोग दे सकेंगे।

Note :—Shri A.B. Mathur could not attend the meeting.

The Committee considered in all respects the criteria for fixing of merits for awards to the different categories of the University Employees including the teaching staff from University and affiliated colleges. After full deliberations the Committee unanimously felt that to make any final decision or judge people on different criteria of merits in such a short time is not possible. In view of this the Committee suggest that there should be only an announcement on the 'Foundation Day' of the University that such awards will be instituted which may actually be implemented subsequently.

At the moment because of shortage of time the Committee feels that nothing perhaps more can be done except recognising different students participating in the sports and winning awards by giving them some token cash award or certificate to be decided by the Vice-Chancellor. In future a list in all categories of employees who have got awards in the literary, scientific field etc. may be prepared and they be taken into consideration by a Committee for evaluating their merits.

Looking to the limitations the Committee could at the most recommend in this year that the senior most employees without any blemish out of the various categories of non-teaching staff (to be ascertained from Shri V. D. Qamra, Registrar) be given token awards on this Foundation Day.

The form No. 39-E on which the case of the candidate (Bal Chand Daria, Roll No. 142, Final Year Shastri) was reported, has not been sent by the examiner to the University inspite of many reminders including one D.O. Letter No. F.4(i) Exam. III/UM/79/16436 dated 31.3.1980 by the C.E.

In the absence of the report of the invigilator and the Centre Superintendent, the candidate was given a personal hearing on 18.4.80.

The candidate in his statement has admitted that :—

1. The three pieces of paper (Exhibit No. I A,B,C) enclosed with the answer book are in his own hand writing.
2. They were in his possession when caught by the invigilator.
3. He did not give the explanation, (that the other boy threw these papers on his table), which he has given now, at that time in the form No. 39-E.

The story which the candidate has presented before the Committee now appears to be an after thought and is unbelievable.

The Committee is, therefore, of the opinion that the candidate is guilty of using unfair means and that his present examination be cancelled.

The Committee is also of the opinion that strict action be taken against the examiner concerned (Shri Gajanand Gupta) for not returning the form No. 39-E to the University inspite of reminders to him.

APPENDIX—VII

(Ref. Res. 16 of the minutes of the meeting of the
Syndicate dated 2/3rd May, 1980)

Copy of letter dated 20.2.1980 from Shri S.P. Bhargava, Vice-Principal, Govt. College, Dausa addressed to Prof. Iqbal Narain, Vice-Chancellor, University of Rajasthan, Jaipur.

I wish to bring to your kind notice the following facts for your kind and favourable consideration :

1. That in the University examinations Principals is appointed as Supdt. examinations and is paid Rs. 20/- for one shift, 40/- for two shifts and Rs. 60/- for three shifts, if the number of students in a college is over 1000, while the Vice-Principal is appointed as Addl. Supdt. and that too for morning and evening shifts only (2 shifts only). The rate of payments for Addl. Supdt. is Rs. 14/- for one shift and if the number of shifts on a day are two he is allowed Rs. 24/- only instead of Rs. 8/-. I do not find any logic and justification for this step motherly treatment to Add. Supdt. His remuneration should be at least Rs. 18/- for one shift and Rs. 36/- for two shifts. But in no case as low as Rs. 24/- for two shifts is justified.

It is an open fact that in all post-graduate colleges of Rajasthan, the Principals and Vice-Principals are of the same grade. The senior one is Principal and next Vice-Principal.

It is the Vice-Principal, who is the convener of the Examination Cell and has to do most of the examination work not only during the whole session (like requisitioning answer-books doing form forwarding work, looking after fees accounts) but has to stay in college throughout the day during examinations. He is also permanent incharge of accounts (fee collection also of the college).

2. The University pay Rs. 5/- per private candidate to the centre to be divided amongst Supdt. Rs. 2.50 and rest 2.50 is paid to ministerial staff. Here the spirit seems to be that 2.50 should be divided equally amongst Supdt. and Addl. Supdt. as the rest is divided between 3 or 4 ministerial staff, but in the absence of clarity of words Supdt. (Principals) do not share it with their Addl. Supdt. I may give example. I was Supdt. examination for 14 days (from 7.7.79 to end of examination) and Addl. Supdt. for 37 days (from beginning of examination to 7.7.79) at Govt. College Tonk (I was Vice-Vice-Principal) The Principal was Supdt. Exam. for 50 days from the beginning of exam. to 7.7.79 Most of the examination of private candidates were after 7.7.79 But I was ignored for it. The payment for 1979 has not yet been done, May I request you to kindly clarify the order and make it clear that Rs. 2.50 per

private candidate is to be equally divided amongst superintendents and Addl. Supdt. Examinations.

I hope you will please look into these cases sympathetically and do justice. I may point out that I am so senior that I am likely to be Principal in next six months time, but since it is matter of policy so I have represented the facts to you for justice. Many of my friends Vice-Principals have felt like this but out of fear of annoying their principals, they have not written to University and discuss this matter here and there and sometimes amongst teaching staff.

I have a feeling that we should write to the concerned authority about facts rather than discuss it everywhere.

with respects.

The Committee considered the office proposals regarding amendment of TA Rules proposed in the Syndicate meeting held on 16/17th December, 1979. The Finance Officer pointed out that TA is paid as a compensatory allowance and as such the Officer travelling in first class should mention the ticket number to ensure that he had actually travelled in the first class. However, all the other members of the Committee felt that this was not desirable in an Institution like a University where so many outsiders are invited to conduct examinations etc. and as such the present rules of only taking certificates should be continued. It was also suggested by the Finance Officer to consider whether at least the employees of the University could be asked to mention ticket numbers if not outsiders but the members of the Committee felt that discriminatory rules should not be made. The Committee was, therefore, of the opinion that the present rules should continue and there was no need to mention ticket number.

The Committee approved the amendments in O.348 as under:

The following may be inserted as a new sub-clause (iii) to Rule 6 (4) of the O.348 of the University Hand Book Part—II :

“Where a person performs journey by his own Car/hired taxi/friend's Car and bears full propulsion charges between the places connected by train, he shall be entitled to charge only the class of fare for which he is entitled plus incidental charges as per rules.”

The Committee also felt that halting allowance should be paid for halt of more than two hours and less than 8 hours. The Committee recommended that half the DA may be paid if the halt exceeds 2 hours but less than 8 hours.

Shri M.P. Mathur suggested that the Syndicate should consider the possibility of allowing railway fare as entitled irrespective of the mode of travel.

Shri N.M. Golecha suggested that the Syndicate should consider paying 20 paise per kilometre at flat rate to a person travelling by Bus if the distance travelled is not more than 60 k m. In this case, the concerned person will not be entitled to incidental charges in addition to this mileage allowance.

(Ref Res. No. 25 of the minutes of the meeting of the Syndicate
dated 2/3-5-80)

Minutes of the meeting of the committee to consider the representation of the University teachers for fixation of their pay in the revised UGC pay scales and to consider what types of matter involving finance should be referred to the Govt. and what types of matters should be dealt with by the University at its own level without referring to the Govt. was held on 14th February, 1980 at 12-30 p.m in the Chamber of Pro-Vice-Chancellor (Central Office).

| 2. Dr. S D. Mishra | |
| 3. Finance Officer | <i>Member Secretary</i> |

1. Before discussing the matter further, the Finance Officer reported the receipt of the Govt. letter No. F. 3(4)/Edu.—3/77 dated 6-2-1980 by which the Government has conveyed rejection of the University proposals vide their letter dated 1-11-1979. Dr. S D. Mishra pointed out that in case of fixation every time the employees are given the option to opt the scale from the date of implementation or from any date till the next increment is due and this facility has been given the Govt. of India employees when the revised scales were implemented in January 1973. Not only this, the State Government has also given this facility to all its employees in this regard on above pattern and as such the requests of the teachers appear to be genuine.

2. The Committee, therefore, recommended that the Syndicate may consider this request sympathetically and again request the Government that this justifiable demands of the teachers should be accepted.

3. Regarding conditions of Block-grant, the Committee felt that the Government should be requested to add the following additional clause :

“The University may, however, implement without prior sanction of the State Government any step or plan which it considered in its interests including creating of posts or giving promotions provided that the financial implications of the same do not exceed 10% (ten percent) of the budgetary provisions.”

4. The meeting ended with a vote of thanks to the Chair.

The Vice-Chancellor,
University of Rajasthan,
Jaipur.

Dear Sir,

Last year, the Syndicate has kindly agreed to provide atleast one promotion to every teacher in his service life. Accordingly 5% promotion scheme was introduced successfully. Barring a few Deptts. like Economics, Geography, Chemistry, Drg. and Ptg. etc. in most of the Deptts. persons have been promoted to their higher rank. You also agreed to implement the same scheme in the remaining Deptts. in the near future. Barring a few Deptts, the promotions have been made by seniority. With the introduction of this new scheme, the old scheme of 55 years age has been dropped. It is causing unnecessary irritation and frustration in the minds of such senior persons who had put in more than 25 years of service in this University, and has also attained the age of 55. It was really a good clause. I, therefore, sincerely request you kindly to retain the same, so that principle of atleast one promotion to every teacher may be sustained. It will definitely create a cordial atmospheres in the University.

Yours faithfully,

Proceedings :

1. At the outset the Committee Perused the guidelines for the scheme of ex-cadre personal promotion of University teachers as accepted by the Syndicate vide its Resolution No. 2 dated 16-6-77; No. 1(I) dated 1-7-78; No. 5 dated 26-12-78; No 2 dated 6-1-79; No 3 dated 11-4-79 and No. 23 dated 27-5-79.

2. The attention of the Committee was drawn to a note dated 8-11-1977 presented by the Chairman of the present Committee before the Syndicate on December 6, 1972 in his capacity as Vice-Chancellor. The note is reproduced below :—

“(1) The University bodies may examine the possibility of devising a built in mechanism for motivating University teachers towards the attainment of new peaks of academic excellence and for recognising their long/mentorious record of work (with regard to research, teaching and other duties) through ex-cadre promotion.

(2) With this end in view, it may be desirable to lay down certain norms, in particular for Lecturers whose cases may be considered for recognition as additional Readers and for Readers who may be considered for being recognised as additional Professors. In the context of limited number of senior posts (vis-a-vis the number of teachers who might richly deserve the same) and other financial constraints, the teachers so promoted could, for the time being, continue to draw salary in their erstwhile pay-scale.

- (3) Teachers who are prepared to accept this position may have their requests forwarded to the University office through the Head of the Department concerned. Cases which are prima-facie in order may be examined by the statutory Selection Committee meant for the post concerned. The recommendations of the Selection Committee may be placed before the Syndicate for further necessary action. Teachers whose requests are not accepted by the Selection Committee may apply for re-examination of their cases after a minimum gap of six months along with supporting evidence of further work done by them during the period."

3. It was resolved to recommend that the number of Lecturers to be promoted as Readers and the number of Readers to be promoted as Professors should depend on the number of teachers able to meet the prescribed norms attached herewith a minimum of 60% over all score (and not limited to any prescribed percentage of the total strength or number etc.).

4. For promotion as Reader the minimum eligibility requirement for consideration under this scheme should be 15 years permanent (all along) and continuous service (including lien, if any) in this University as a Lecturer for those who possess the degree of Ph. D. and 18 years service for those who do not possess the degree of Ph.D.

5. For promotion as Professor the minimum eligibility requirement should be any one of the following :—

- (a) Ten years' service as Reader in this University, possessing doctoral degree, and having independently guided atleast one candidate who has obtained Ph.D. degree.
- (b) Ten years' service as Reader in this University and having guided independently at least three candidates who have obtained Ph.D. degree; and
- (c) 15 years' service as Reader in this University.

N.B. : In all these three situations the service of the incumbent must be permanent (all along) and continuous in this University (including lien, if any).

6. Those teachers who have completed the required period of service on 30th June (period of 6 months or more being treated as one year so that 14½ years service is deemed equivalent to 15 years service and so on) may have their cases to be considered under this scheme.

7 Each teacher who wishes to be considered for promotion under this scheme should be required to fill in the prescribed proforma on the basis of the attached break up of scores. The proforma should be forwarded to the University Office through the Head of the Department concerned.

8. The promotions would be made on an overall basis and not department-wise, but there would be a separate assessment committee for each department.

9. The constitution of the Assessment committee will be as follows :—

- (a) The Vice-Chancellor.
- (b) Dean of the Faculty concerned.
- (c) Senior most Professor of the subject concerned.
- (d) Member of the Syndicate nominated by the State Govt. to serve on the Statutory Selection Committee.
- (e) One senior expert to be selected by the Vice-Chancellor from the panel approved by the Committee.

10. The awards on the proforma will be given by the Selection Committee after interviewing the teacher concerned.

11. With regard to extra-curricular activities, the teacher concerned should be required to rank the following groups of activities as undertaken by them :—

- (a) Games, Sports, Scouting, N.C.C., N.S.S , Mountaineering etc.
- (b) Drama, debate, cultural activities, departmental association, magazines, organisation of conferences etc.
- (c) Admission, Time-Table, Rectorship, Proctorship, Wardenship, DSW. etc.
- (d) Library, Book Bank, Stores checking, Canteen etc.

12 The activities ranked (1) will carry 10 marks and the one ranked thereafter 6 marks, the remaining 4 marks being kept for the other activities in the case of a Lecturer seeking promotion as a Reader. For a Reader seeking promotion as Professor the respective marks should be 5, 3 and 2.

13. The teacher concerned will be required to indicate the following information :—

- (a) Whether he was incharge of the activity or only a member of the Committee concerned;
- (b) Whether the work was remunerative or non-remunerative; and
- (c) Duration of the activity.

Dated 2/3rd May, 1980*)

Copy of letter dated 5th February, 1980 received from Dr. B.C. Mehta addressed to the Vice-Chancellor.

*Sub :—*Panel for the post of Professor of Economics.

The University has decided that the panel for the post of lecturers to be appointed against permanent posts will be valid up to one year. It is therefore quite logical that the panels for the posts of Readers and professors should also be valid for a period of one year. Necessary orders for the same may be issued at an early date.

APPENDIX—XVI

(Ref. Res. No. 34 of the minutes of the meeting of the Syndicate dated 2/3-5-80)

The Vice-Chancellor,
University of Rajasthan,
JAIPUR.

Dear Sir,

The Selection process in the University as per Rajasthan Universities, Teachers and Officers (Special Conditions of Service) Act has become very much dilatory and cumbersome. The process involves a number of following steps .

1. Preparation of panel of experts by the respective staff councils.
2. Preparation of panels by a three-member committee.
3. Approval of panels by the Academic Council.
4. Nomination of an eminent educationist on the selection committee by the chancellor.
5. Nomination of a member of Syndicate on the selection committee by the state Government.
6. Nomination of an eminent educationist on the selection committee by the state government.

The nominations and the panel of experts are valid for one year only. On account of the above the selections on various posts in the university are unduly delayed.

As per Syndicate resolution No. 37 dated 10th July 78 the reserve list proposed by the selection committee is valid for six months only, even though the method and procedure of Selection has undergone a considerable change. If some persons are picked up for higher posts in the course of second round of selections within a period of six months, the persons in the reserve list get chance of appointment/promotion. But as per this cumbersome process of selection it is well nigh impossible to have second round of selections within a period of six months and as such in actual practice the reserve list is of no practical utility. Moreover, the panel of temporary lecturers once prepared in the University is usually valid for the whole session. On the same pattern the reserve list too may be valid for the whole of the year.

I, therefore, propose that the reserve list should now remain valid for one year instead of six months. This change, if effected, should come into force with effect from March, 1979 so as to

cover the cases of those whose names appear in the reserve list and in whose cases the period of one year has not yet expired.

This will enable the university to save money, time and energy which is otherwise wasted on frequent advertisements interviews and selection.

Yours truly,
Sd/-V.B.L. Mathur

APPENDIX—XVII

(Ref. Res. No. 34 of the Minutes of the meeting of the Syndicate dated 2/3-5-80)

Copy of letter No. Nil dated 11th March 1980 received from Dr. R.B. Upadhyaya, Reader in Business Administration, University of Rajasthan addressed to the Vice-Chancellor, Univ. of Rajasthan, Jaipur.

I have to bring to your kind notice that the Syndicate at its meeting held on 19th August, 1979, approved the appointment of Dr. R.N. Singh and kept the undersigned in reserve for the post of Professor in the University Teaching Department of Business Administration. Subsequently Dr. R.N. Singh joined his duties in the Deptt.

Again, the Selection Committee selected Dr. R.N. Singh for the post of Professor in R.A. Podar Institute of Management at its meeting held on the 16th February, 1980. Thus the post of Professor in the Department of Business Administration has fallen vacant.

According to Resolution No. 3 of the Syndicate passed at its meeting held on 10th July, 1978 the reserve list drawn is treated valid upto six months from the date of approval by the Syndicate of the recommendations of the Selection Committee. In my case the reserve list thus expired on 19th of February, 1980.

Had the Syndicate met between 16th and 19th of February, 1980. I would have been appointed Professor of Business Administration as per the aforesaid resolution of the Syndicate. But unfortunately for me the Syndicate could not meet for one reason or the other, at least, for no faults of mine during the aforesaid period. Calling a meeting of the Syndicate is purely an administrative decision and action and is no way connected with the merits of the case under discussion.

I think that the holding of the meeting of Syndicate should not assume such a great importance as to completely negative the spirit of the aforesaid resolution. Their appears to be a great lacuna in the rules framed by the Syndicate in this respect in the sense that if the meeting is held one is 'in' and if the meeting is not held, one is 'out'. In fact it does not appear to be rational, reasonable and just.

I have been in the Department of Business Administration since its very inception I worked as the Head of this Department for two years I have put in more than 30 years of service in education. As per its rules and traditions the University gets the work of its teachers evaluated and gives them promotions on the basis of such evaluations. My work and competence have been evaluated face-to-face by means of interview and close

scrutiny of academic record and work by the duly constituted Statutory Selection Committee. I am confident that an autonomous academic institution like a University will not get begged down in irrational technicalities of a rule, which does not appear to have been minutely vetted at the time when it was so framed.

I would further like to draw your kind attention to the fact that the panels of lecturers prepared by the statutory Selection Committee which are akin to reserve lists, are valid for one year. Thus you will kindly notice that there are two prominent anomalies in the existing rule.

I, therefore, request you to kindly treat my case falling within the scope of the aforesaid resolution for the purpose of appointing me Professor in the Department of Business Administration. In case the aforesaid resolution requires to be amended, the matter may kindly be placed before the Syndicate.

If I recollect correctly there are some precedents in the University in which cases appointment orders were issued by doing away with such technicalities of trivial nature.

APPENDIX—XVIII

(Ref. Res. No. 35 of the minutes of the meeting of the Syndicate dated 2-5-80)

Copy of letter No. Nil Dated 21st Jan., 1980 addressed to the Vice-Chancellor, University of Rajasthan, Jaipur received from 26 Lecturers in various subjects, of the University of Rajasthan, Jaipur

In continuation to our earlier representation dated Jan. 10, 1980 and arrepro our talks may be invite your attention once again on the above cited subject and submit the following facts for favour of your kind consideration and necessary orders :—

1. That considering long standing demand of temporary lecturers an ordinance was promulgated by Governor on 12th June, 1978 for regularising/absorbing the services of temporary lecturers on permanent basis working in all the three Universities of Rajasthan.
2. That since the process of screening and absorption was time bound, the Syndicate by its meeting held on 31-8-1978 approved the recommendations of the screening Committees and 106 Lecturers were appointed on substantive basis vide order No. 30026/Estt. dated 31-8-1978 in Rajasthan University.
3. The other Universities of Rajasthan viz. University of Jodhpur, and University of Udaipur also adopted the screening process and absorbed substantively the temporary lecturers working in respective Universities under the provision of ordinance, but in the light of the provisions of the ordinance they were straightaway confirmed and no probation period was kept. It is only a solitary example of our University that all the 105 lecturers were kept on two years probation.
4. When the matter was brought to the notice of the then Vice-Chancellor, a further fire was demarcated. The then V.C. put up the matter before the syndicate and the latter vide its resolution No. 5 (b) dated 26-12-1978 decided to reduce the probation period of two years to 9 months of those lecturers (out of 106) who had completed three years continuous service at the time of substantive appointment i.e. 31-8-1978.
5. Accordingly 61 Lecturers out of 106 were confirmed on 1-6-79 vide order No. 14305/Estt. dated 12-6-1979. This is a petition against discriminatory decision of the Syndicate and the then V.C.

6. That the Kothari Committee in its report recommended to consider the cases of lecturers who had breaks in service for the purposes of screening and absorption by condoning their breaks in service. The Rajasthan High Court also decided on 30-8-1978 in a petition presented by one of our colleagues to consider all such cases in view of the provisions of the ordinance and therefore the continuity of service was not at all the requirement of the ordinance.
7. Since one of us has completed more than three years of service our cases should be treated at par with other confirmed teachers under this ordinance.

We, therefore, request you to kindly look into the matter personally keeping in view the following points :—

1. That all the teachers absorbed under the said ordinance should be confirmed retrospectively from 31-8-1978 straightaway as has been done by other Universities of Rajasthan viz, Jodhpur and Udaipur.
2. The University has discriminated by keeping different probation periods among the 106 lecturers appointed under the provisions of one ordinance, one screening process and one order. This action on the part of the University is arbitrary and unconstitutional being violative of Art. 14 of Indian Constitution.

We, therefore once again request you to take immediate steps to redress our grievance.

With regards.

Sincerely yours :

Dr. I.C. Saxena,

Principal & Head.

University Law College,

No. 106

February 4, 1980

The Vice-Chancellor,
University of Rajasthan,
Jaipur.

Dear Sir,

I am thankful to the University for having appointed me Professor of Law (in absentia) in 1979. The probationary period for that post, it appears then was two years. However, on a joint representation submitted by certain teachers of the University with regard to the reduction in their period, the Syndicate vide item No. 22 (Meeting of 26th and 27th May, 1979, printed minutes page 802) resolved "that the period of probation of such teachers as have put in three years continuous service in this University be kept as one year only". Accordingly O.357-A(i) was amended.

As such the University has, I understand, confirmed a number of lecturers, Readers and Professors. However, I have been deprived of the benefit of the rule perhaps on the ground that I did not serve the University for one full year. In this connection, I have to say as follows :—

1. That I joined the service of the University of Rajasthan (on transfer from the erstwhile Government Law College, Jaipur where I started Law teaching in January, 1952) on July 1, 1953.
2. That since then I have been continuously in the service of the University of Rajasthan (Please see my establishment file).
3. That at the time I was appointed Professor of Law, I was working as a Professor of Comparative Law in the University of Malaya, Kuala Lumpur, being on leave for a period of three years from the University. I have worked as Professor of Law earlier also :
(i) Worked as Professor and Head of the Law Deptt.
(Dean, Faculty of Law & Syndicate Member

- (iii) That the grant of leave to me for three years was without any condition. No new conditions or disability can be imposed which would be to my detriment.
8. That, I understand, that Professor Dwivedi and Professor Mehta who were working as Professor at the time of their appointment were appointed without probation. I wish to point out that I too was working as Professor of Comparative Law in the University of Malaya, Malaysia at the time of my appointment as Professor in the University.

In view of the above circumstances, I request that I should be deemed to have been appointed without probation or at the most deemed to have been confirmed on 7th July, 1979 when I completed one year of service in the University in the post of Professor of Law.

Thanking you,

Yours faithfully,

Note of Dissent

(Ref. Syndicate Res. No. 38 dated 2/3 May, 1980)

(Acceptance of Professor G.C. Pande's resignation and consideration of Jagat Narain Commission Report and relevant views on it)

I do not agree to the proposal that Professor G.C. Pande's resignation should be accepted and payment of his P F. and Gratuity amount be made before the Syndicate has thoroughly discussed the issues raised in the Jagat Narain Commission Report and the views expressed by the L.L. Joshi Committee on it. I am of the firm opinion that the Syndicate should not make a mockery of such grave matter by treating it so lightly even if it pertains to a person as big as Professor Pande. It is one of the most tragic events a person as in the history of the Universities that such an extraordinary scholar of Professor Pande's eminence, abusing absolute powers during the emergency period, committed such unworthy acts which would hang any body's head in shame. Even if we take a liberal view of many things Pandeji cannot be absolved of his responsibility for favouring some persons out of all proportions like Mr. Chhote Lal Dubey alias Agneya, Shri H G. Pant, Shri Basant Jaitly etc., allotting warden's residence to Shri Agneya in between the two women's Malviya and Kastoorna, for protecting his proteges who committed grave irregularities in connection with admissions, particularly to the B.Ed. classes of Correspondence Institute, abruptly dispensing with the services of equally outstanding scholar of Professor P. N. Srivastava's (Zoology) eminence, surrendering the University to Shri R.K. Mishra and many more similar Shameful acts.

I, therefore, maintain that we should scrutinize all the relevant reports closely and reprimend Pandeji and his close associates for their un-worthy acts which they committed in this temple of learning and take such measures which would discourage and deter such persons from repeating similar acts. This, I believe, will immensely help the society in general and the academic community in particular.

No 31 dt. 16,17th Dec., 1979 regarding pay protection of the University teachers and non-teaching staff who join the University from RES cadre or from other institutions held on 2nd Feb., 1980 at 3.00 P.M. & 13th March, 1980, at 3.30 P.M. in the University Office, Jaipur.

The Committee perused the Syndicate Res. No. 14 dated the 24th Oct., 1979 and Res. No. 31 dt. the 16/17th Dec., 1979 on the subject.

The Committee recommends as under :—

1. These rules shall be applicable to all the posts in the teaching/non-teaching wings, whether the post available in the University is temporary or permanent, because it is the look-out of the candidate whether to join the University in a temporary capacity or not. The University should not make its temporary posts less attractive by not protecting the pay of a candidate duly selected by a Selection Committee.
2. These rules will, however, not apply to the cases of persons who are appointed in a purely temporary capacity or on adhoc basis without facing the Statutory

Selection Committee/duly Constituted Selection Committee.

3. The pay of such persons may be protected as were either in permanent employment or were in continuous service for atleast three years in a temporary capacity with their immediate previous employer. A detailed last pay certificate will have to be produced for this purpose
4. The Committee also considered the fixation of pay in such cases where the selected person comes from an employment where the PA had been partially or wholly merged in the scale of pay whereas in the University pay scales DA is paid in addition to the basic pay.

The Committee felt that in such cases the basic pay cannot be protected as double benefit of DA cannot be given. The employee will have to obtain a certificate from the previous employer whether his D A. was merged in the pay scale or not the D.A. component will be reduced from his/her basic pay which alone will be protected. *

5. The date of increment of the new entrant will be after completion of one year's service from the date of joining in the University, irrespective of such date in his previous employment.
6. In cases where a similar stage of pay is not available in the time scale of the University grade, in which the new entrant is selected his pay will be fixed at the next higher stage.
7. The protection of pay will be allowed under clauses (1) and (3) above only when the Vice-Chancellor is satisfied that the candidate fulfils the advertised qualifications

APPENDIX-XL

(Ref. Res. No. 48 I) of the minutes of the meeting of the Syndicate dated 2/3-5-1980).

Note of dissent of Dr. A. S. Kapoor on the recommendation of the Selection Committee for the post of Electron Microscopist in the University of Rajasthan.

I do not agree with the recommendation to appoint Dr. I. P. Jain to the post of Electron Microscopist in the University of Rajasthan. The reasons for my disagreement are as follows :

1. Dr. I. P. Jain does not satisfy the essential qualifications prescribed for the post.

Firstly, and Most Importantly, Dr. Jain does not possess specialization in either Electronics or Biophysics with the Master's degree in Physics, as required in the essential qualifications advertised for the post.

Secondly, the essential qualifications for the post further stipulate that the candidate must have adequate background knowledge of the working of an Electron Microscope. When the question was posed during discussion in the Selection Committee following interviews of the candidates whether Dr. Jain has the required competence to take up independent charge of the Electron Microscope with respect to its operation and maintenance, it was suggested by the two experts recommending his candidature that he can be sent for appropriate training for the purpose (one of them offered to train Dr. Jain in his laboratory). In response to another question these two experts also expressed the view that Dr. Jain may not be able to set right the faults and breakdowns in the microscope and that outside assistance will have to be sought if and when they occur. The question put to Dr. Jain by the third expert made it clear that he does not have any expertise for the operational maintenance of the microscope. During the course of discussions following the interviews of the candidates this expert categorically opined that Dr. Jain does not know how to open the microscope.

In the light of the above facts I can not reconcile myself to a recommendation which envisages that Dr. Jain should be appointed to such a senior position in the Readers' scale of pay *only to be sent immediately for training to enable him to acquire expertise in the job requirement for which he is being recommended for appointment and which he lacks at the time of the appointment.*

2. More than 4 years ago, Dr. I.P. Jain (alongwith Dr. Y.S. Shishodia) was deputed by the University for a period of one month to visit some of the Electron Microscopy Laboratories in the country. On their return they submitted a report on the training they had supposedly received during this flying visit.

This report was presented by Dr. Jain to the Selection Committee and is attached here as Annexure I. It claims (vide mark X on p 2) that they had acquired sufficient experties in the operation and maintenance of the Electron Microscope. Following this 'training'. Dr. Jain was given complete charge of the microscope for not less than $3\frac{1}{2}$ years until he was relieved of it last year. The Electron Microscope is lodged in my department and, on the basis of personal knowledge, I apprised the Selection Committee of the fact that Dr. Jain would not even come to look up the microscope for months at stretch during this period. I also cannot ignore the fact that Dr. Jain failed to bring the microscope to a functional state during the long period of $3\frac{1}{2}$ years he held its charge. The University eventually invited Dr. A.C. Shipstone (Head of the Electron Microscopy Unit in the Central Drug Research Institute at Lucknow) as a Visiting Professor for 3 months to help bring the microscope to its optimum functional level and to plan and set up a laboratory for the same. After examining the microscope following his arrival here, an extremely unhappy Dr. Shipstone remarked that the instrument has been mishandled. Dr. Shipstone who happens to be one of the experts on this Selection Committee, has apprised the Committee of this fact and has expressed the opinion that Dr. Jain had not corrected even such minor defects in the microscope as he should have been able to do as a physicist.

Having a direct and personal knowledge of the negative contribution of Dr. Jain as illustrated by the facts stated above I am sorry I can not agree to his appointment to the post of Electron Microscopist.

3. When Dr. Shipstone joined us on January, 3 this year for a period of three months to set up the Electron Microscopy Laboratory, we availed of this opportunity to arrange with him a 6-8 week contact programme for 10-12 permanent teachers of the Science Faculty (vide Annexure 2 to this note) *with a view to get them introduced to the fundamentals of Electron Microscopy.* Dr. Jain wanted to take this training but could not do so initially *as he is still a temporary lecturer.* Professor Loknathan, however, recommended his application and he was eventually permitted to join the programme as a special case. Dr. Jain himself told this fact to the members of the Selection Committee and so did I. The two points I am trying to drive home are :

- (a) What was the need for Dr. Jain to join this *training programme in elementary principles of Electron Microscopy* after he had already achieved "sufficient expertise in the operation and maintenance of Electron Microscope" through his earlier one month training as claimed by him in his report presented to the Committee (vide mark X on p. 2 of Annexure I to this note) ?

- (b) A person who less than 6 weeks ago was striving to participate in this training programme in elementary principles of Electron Microscopy, *a programme intended for novices*, is being recommended for the post of Electron Microscopist to assume independent charge of the Electron Microscopy Laboratory.

I regret to say that I can not reconcile myself to such an extraordinary situation.

4. During the course of his interview Dr. Jain presented to the Committee a document purporting to be the report of a training programme undertaken by him for "operating and maintaining electron microscope and organization of related research studies in various fields". Since this report has been introduced by Dr. Jain as evidence before the Selection Committee of his suitability for the post in question, I consider it my duty to go on record to state that *it is a highly misleading document*. The Committee's attention has been drawn to this fact through a series of questions that I put to Dr. Jain and his answers to them, as reproduced below in their essence :

- (a) Dr. Jain was asked what he meant by 'participation' in the context of the statement made in his report (marked Y on p. 2 Annexure I to his note) to the effect that he participated in the routine maintenance involving cleaning of various parts of microscope and removing their contamination.

Dr. Jain replied that *he observed* these procedures in the laboratory he was visiting.

- (b) Dr. Jain was asked that since he has the competence to locate and rectify *any fault* in a high voltage power supply as stated in his report (marked Z on p. 3 of Annexure I to this note), how was it that he did not raise the power supply of the microscope above the 50 KV level during the 3½ years he held charge of the microscope ?

Dr. Jain replied that he himself did not have the above competence but it was his colleague, Dr. Y.S. Shishodia, who possessed the expertise for high voltage power supplies.

- (c) Dr. Jain was asked if he had any competence in the preparation of biological samples and their study with the Electron Microscope and he replied in the negative.

In this context, the statement in his report (marked XYZ on p. 3 of Annexure I to this note) that "*A large number of biological specimens were observed by us for*

Dr. Dastoor's work" is highly misleading and the Committee's attention was drawn to this fact.

I deduce from the above questions and answers that Dr. Jain has no competence whatsoever in high voltage power supply system and in the preparation or study of biological samples nor does he have any first hand experience of cleaning the various components of the microscope and removing their contamination which is so essential for its operational maintenance.

5. Only one person from the Physics department and none from the Chemistry department opted for participation in the training programme in the fundamentals of Electron Microscopy organized by Dr. A.C Shipstone. On the other hand, a large number of teachers from Botany and Zoology departments wished to participate in it and all of them could not be accommodated. I drew the attention of the members of the Selection Committee to the fact that the Electron Microscope will find its maximum users in the Botany and Zoology departments (perhaps also in the SMS Medical College) and pointed out that it would not be in the fitness of things to recommend a person for the post of Electron Microscopist who has *no idea whatsoever* of the procedures involved in the preparation of biological samples for Electron Microscopy. The two experts recommending Dr. Jain's candidature have argued that competence in the preparation of biological samples has been advertized as a desirable and not an essential qualification. Their opinion is perhaps valid in the technical sense. However, I strongly feel that the Committee should have kept in mind our major job requirement (i. e., competence in preparation of biological samples) while making its recommendation for appointment to the post. In my opinion, Dr. S.C. Sharma is the candidate most suited for the post and should have been recommended for appointment. He has a long career throughout, has adequate experience of operational maintenance of an Electron Microscope, has maximum published work to his credit among the candidates appearing for the interview and he fulfils the essential as well as desirable qualifications advertized for the post. Alternatively, I agree with the suggestion made by the Vice-Chancellor at one stage during the course of discussion in the Selection Committee (which did not find favour by the two experts recommending Dr. Jain's candidature) that *the post may be readvertized*.

In the final analysis *Dr. Jain does not fulfil the essential qualifications advertised for the post and, therefore, can not be appointed*. He does not have the competence in any of its uses. During his 3 months' stay Dr. A.C Shipstone has been able to bring the microscope to its near optimum functional level with whatever was available here and without any new or additional accessories and without any outside expertise. Surely Dr. Jain

ANNEXURE—1

A report on the training undertaken by Dr. Y. S. Shishodia and Dr. I. P. Jain for "operating and maintaining electron microscope and organization of related research studies in various field".

The University of Rajasthan has been very fortunate in obtaining a gift of Hitachi HU-11E electron microscope from the Ford Foundation in 1971. The equipment has been installed in the Zoology Department and has never been put into operation apparently wing to lack of technical personnel to handle it. In view of the fact that such a sophisticated instrument should not remain idle but put to an optimum use we were deputed by Dr. B.L. Saraf, Senior Professor in Physics and Dean University Studies, in Science, on behalf of the University to undergo training in operation and maintenance of electron microscope. Prof. B.M. Udgaonkar, member U.G.C. offered to train a few persons at Tata Institute of Fundamental Research (T.I.F.R.) and consequently Prof. Saraf arranged for our training with Dr. B.K. Basu's electron microscope laboratory.

The purpose of the training was manifold. The foremost was the operation and maintenance of the machine. It requires stocking of various spare parts which are prone to wear out or break down (like filament), locating and repairing the leaks in vacuum system and location of the faults in the electrical system and their repair. One must also be in a position to try out alternatives if the original spares are not immediately available.

The preparation of sample is equally important. In this transmission type machine the sample thickness for biological specimen as well as physical, metallurgical specimens must be less than 500 \AA ($5 \times 10^{-6} \text{ cm}$) for good resolution, a good contrast in the photograph. The techniques for preparing these samples were to be looked into with a view of including these facilities in the electron microscope laboratory. Besides these two main considerations, during discussion with various actual users an insight into various diverse investigation which could be made using such a sophisticated machine was to be obtained.

We thought it proper to have a look at the machine and go through operating and instruction manual of this model. The aim was to become familiar with various controls, of the machine as well as to look at the installation like the mains supply, the water supply arrangement, the air conditioning humidity and dust free room. We were told that the airconditioning is not working, other installations are satisfactory.

The manufacturer recommends that the machine must always remain under vacuum even when not in use, but it appears that the present machine is not under vacuum. The humidity along

with non-usage over a period of years may lead to contamination and rusting of some parts. This information was needed so that from discussions with the maintenance people the likely degree of damage to the machine may be estimated and how one should proceed at correcting them.

It was with this motivation the state of the machine and the handicaps that we started our training in Bombay. But thanks to the academic atmosphere prevalent in the institute where scientists have freedom to fiddle around with machines, the co-operation extended by Dr. Basu's group, Prof. Saraf's large number of friends who were very willing to help in any situation as well as modest experience in installing and operating high vacuum systems in our department and design and fabrication of sophisticated electronic instrumentation both for research and student laboratories that we have been able to obtain sufficient expertise in the operation and maintenance of electron microscope. We are confident of successfully operating the machine. } X

A successful operation of electron microscope, that is recording the picture of interest with optimum resolution, with high contrast, essentially requires three stages, each of them in turn consists of several intermediate steps. They are :

1. A properly aligned, evacuated microscope;
2. A good sample;
3. Recording and developing of photograph.

An electron microscope essentially consists of an electron source, condenser lenses, objective lenses, aperture and diffraction lenses. The electrons which emerge from the filament are accelerated and focussed by the magnetic lenses and cast shadows of the object on fluorescent screen. It travels a distance of about 1 meter passing through several apertures which may be as small as 100 μ (10⁻² cm). Now all these apertures have to be aligned very precisely for the electrons to pass without any image defects on to the screen. The alignment consists of very fine movements of the various lenses, also movement of the lenses disturbs the alignment of others. Thus in a very careful and systematic way one has to approach the alignment problem.

The electron microscope at the T. I. F. R. consisted of manoeuvring five lenses for achieving the alignment. The tools of moving the lenses are usually supplied by the manufacturer. The routine maintenance of machine was done once a week, but for our sake we use to align the machine 3-4 times a week. On many occasions the alignment was disturbed intentionally and we tried to set it right, and after a few initial failures we could align it every time

The routine maintenance involved cleaning of apertures, anodecap, electron gun assembly, removal of their } Y

contamination, greasing of various vacuum parts etc. We participated in this work also.

The machine operates at a pressure of 10^{-5} Torr, and the usual combination of a rotary pump and diffusion pump is used. One has to observe the usual precautions in operating this system and since we are conversant with installing and operating such a system not much was to be learnt in this direction.

The stability of the electronic system is an extremely important matter for a successful operation of the machine. The unit used a variable high voltage supply going up to 100 kilo volts and a large number of low voltage power supplies. The stability needed is better than 0.01%. This is an extremely stringent requirement.

We have experience of constructing and operating }
several high voltage power supplies and thus are in a posi- } Z
tion to locate and rectify any fault if and when it occurs }

A serious difficulty in operating the machine at Jaipur will be the mains fluctuation. The machine will work satisfactorily for a mains variation of 10%. However, with the type of power available and its frequent failures it would be very much suitable if we could have our own generator for the machine. In the event of a power failure a set of steps have to be performed very rapidly if the damage to the machine is to be avoided. The filament burns off more frequently, the chance of contamination increases considerably in the case of frequent power failures.

Sample Preparation :

The requirements for the samples are equally stringent. The methods of preparation differ considerably depending on the material under study. Some of the broad categories are :

(1) Biological Sample :

The samples have to be of thickness less than 500 \AA . An ultramicrotome is used for cutting these thin sections. The material under study is first embedded in a suitable organic material most often it is methyl methacrylate. Various chemicals are available for electron staining. The section cutting is an art, we had occasion to see the complete process at Sir J. J. Hospital in Dr. Dastoor's laboratory.

On the microscope screen the structure of the specimen is clearly visible. If the section is thick it absorbs a larger fraction of the incident beam which leads to heating and the pattern starts moving and photography becomes impossible. A large number of biological specimens were observed by us for Dr. Dastoor's work. } XYZ

Metallurgical Samples ;

The interest is in the study of the surface structure, dislocations, fractures of the specimen. A thin sample of thickness 500 Å cannot be obtained, and therefore different technique is used. In this replication process a thin cellulose acetate tape is pressed on to the surface. Thus transferring the pattern on to the tape. This is then coated with a thin film of carbon by evaporating carbon in a vacuum evaporation unit. The tape is then dissolved in an organic solvent and the carbon film is studied and thus information about the surface structure of metallurgical specimen can be obtained.

Thin Films :

The structural study of thin films, their growth, crystal orientation, grain size are of tremendous interest in fabricating photocells, thin film devices, integrated circuits etc. Thin films are usually prepared on a glass substrate. The film is then dipped in a suitable etchant to remove it from the substrate. This is then placed on the grid and studied. We deposited thin films of carbon and studied their structure.

Particle size and mineral studies :

For these studies a thin transparent film is required to support the particles or mineral specimens on the grid. The film is usually made from an organic material known commercially as formvar. The detailed process of preparing these films was studied and several such films were made. Various particles of sand, chalk powder were placed on them and their particle size, size distribution and morphology was studied.

Recording and Developing of Photographs :

Two techniques are generally used for recording the photographs. Either a 35 mm black and white film can be used in the camera fitted to the instrument or photographic plate can be used for recording. The T. I. F. R. Machine has provisions for both but most of the uses preferred photographic plate method. After a stable pattern is obtained on the fluorescent screen the shutter exposure time is adjusted and photograph taken. Usual photographic developing process is used. The films are of high contrast type manufactured among others by kodak, ORWO, and Fuji. The complete kit consisting of film, developer, fixer has been to be obtained from same manufacturer.

The erratic voltage fluctuations and frequent power failure is one of the important factors contributing to the malfunctioning of various electrical and electronic instruments. This problem is fairly serious in Jaipur. The electron microscope will perform satisfactorily for voltage fluctuations within 10% of the rated

value. If the fluctuations are over a wider range, the quality of photographs as well as various machine adjustments can be severely effected. In the event of power failure a number of operations have to be performed rapidly to avoid contamination of column.

A possible solution to this problem is to use one's own generator. The physics department a few years ago purchased a generator for laboratory use when the former problem was very acute. It is not being used nowadays and it can be used with the electron microscope.

ANNEXURE—2

Notice

Dr. A.C. Shipstone, Head of the Unit of Electron Microscopy at the Central Drug Research Institute, has joined us as a Visiting Professor for a period of three months on the invitation of the University of Rajasthan on a specific assignment to set up our Electron Microscopy Laboratory. It has been suggested to us that some of the younger teachers from various departments in the Faculty of Science may avail of this opportunity to get themselves introduced to the fundamentals of Electron Microscopy through a contact programme with Dr. Shipstone during his stay at Jaipur. Accordingly, it has been decided to invite each of the departments of Botany, Chemistry, Physics and Zoology to depute 3 of its relatively younger faculty members for the programme. An important qualifying condition is that the deputed teachers should be in Permanent service of the University.

An integral part of the contact programme, apart from working with the microscope, will be an hour's lecture group discussion every day for the initial one month period. Gradual sieving out of participants with lesser interest or aptitude will be made by Dr. Shipstone over a period of time and those showing relatively greater aptitude will be picked up for more intensive training. In the final phase, perhaps a couple of them may be selected for further grooming here or in Dr. Shipstone's own laboratory at Lucknow for a period of 2 to 3 months. It should thus be obvious that each one who participates in the programme will gain an insight into the working of an Electron Microscope to a greater or lesser extent.

It may kindly be noted that the departments concerned will have to relieve the intending participants from their teaching responsibilities totally, or *at least* partially from 9.00 a.m. to 1.00 p.m. It is requested that the names of such participants may be sent through the respective Heads of the Departments so as to reach the undersigned latest by Friday, January 12, 1980.

ANNEXURE—A

Prof. Iqbal Narain, *Vice-Chancellor*,
University of Rajasthan,
JAIPUR.

Dear Prof. Iqbal Narain,

The recommendations of the Selection Committee for the appointment of Electron Microscopist are likely to be presented before the Syndicate on May 10, 1980. As you know I am leaving India on April 28th and hence I will not be present in the forthcoming meeting of the Syndicate.

Prof. Kapoor and Mr. A.C. Shipston had not agreed with the recommendations of the Selection Committee. Further Prof. Kapoor was permitted to submit his note of dissent some time later. I do not know the contents of his note but in view of his and Mr. Shipston's (one of the expert) disagreement, it is very likely that some discussion may take place in the Syndicate while approving the recommendation.

Since I was a member of the Selection Committee and also as a member of the Syndicate I consider it my duty to bring to light some of the facts which might be useful for the members of the Syndicate for their consideration and hence I am submitting this note with the hope that you may present my view point before the Syndicate :

1. The Electron Microscope was given to the Department of Zoology of our University in 1971 by Ford Foundation for the use and benefit of the whole state of Rajasthan.
2. Since the machine was idle Prof. Ramaswamy asked for its transfer to Bombay through ICMR in 1975. The then Vice-Chancellor Prof. G C. Pande decided to bet the machine in operation as a general facility for the concerned users in the State of Rajasthan rather than surrender it to ICMR.
3. A committee under the chairmanship of Prof. S. Loknathan was constituted and Dr. I.P. Jain was appointed as a temporary lecturer in the Department of Physics with exclusive responsibility of putting the Electron Microscope (EM) in operation and to make it available to the prospective users. Dr. Y.S. Shishodia Lecturer in Physics was also associated with this.
4. They were deputed to Bombay to get acquainted with the operation and maintenance of EM in Tata Institute of Fundamental Research, Bombay. They succeeded in putting the machine into operation in a months time

without external help. The Machine could be operated at 25 KV. There were technical difficulties because of long duration of in operation and poor up, keep and non-availability of the spare parts.

5. The EM Committee decided to make the machine available to interested persons even at this voltage which is satisfactory for most of the biological studies. Accordingly a circular was sent by Prof. Loknathan to almost all institutions in the State of Rajasthan.
6. The material to be studied by the EM requires processing and different branches of Science requires different kind of processing. For biological use an auxiliary machine called Ultramicrotome is a must. The Department of Zoology had this machine but it was not put to any use.
7. EM Committee advised Dr. Jain to procure all processing material necessary for biological studies. Accordingly the necessary material except the Ultramicrotome was imported. A few samples from other biological laboratories in Bombay and Delhi were borrowed and photographed for testing the performance of the machine.
8. Mr. Shipston was invited by Prof. Loknathan to visit Jaipur, examine the machine and help the prospective users in processing the samples. He delivered a few lectures and expressed his satisfaction about the operative conditions of the machine, but the Committee could not gather momentum of the users. Under the circumstances the machine has not been used by any research worker, even until this date.
9. Last year the University again transferred the administrative jurisdiction of the EM to the Department of Zoology. Mr. Shipston visited Jaipur. Prof. Kapoor asked me to report the condition of the machine to Mr. Shipston. Consequently I went to the EM Laboratory and explained to Mr. Shipston that the machine is operating at 50,000 Volts but if we could spend a little more time we could make it operable at 75,000 Volts but at 1,00,000 Volts there are serious difficulties. I was surprised and shocked to hear Prof. Kapoor's statement in my presence that the machine has never worked, but I thought that getting into any argument with him will be no avail.
10. Mr. Shipston is a Scientist-C (Grade Rs. 1100-1600) in the CDRI Lucknow drawing basic salary of Rs. 1450/- He has been invited by the University as visiting professors on a salary of Rs. 3,000/- p.m.

11. The Selection Committee, and in particular, the Experts had given realistic consideration to the technical needs of the University to make the EM operative and make it available to the users. Their recommendations are based on purely academic and technical consideration. If a biased view is to be looked into, it may be found only in the note of dissent.

The long history of almost ten years in allowing this machine to remain idle with very poor up keep, its obsolescence and regeneration of some of its components should be a matter of concern for all of us. In all politeness I will submit that the recommendations of the Selection Committee be approved so that this sophisticated machine could be of use to various institutions in the State of Rajasthan.

Copy of letter No. ISM-/Phy. 71 dated 22nd March 1980 received from Prof. S Loknathan.

To whom it may concern

Dr. I. P. Jain had an excellent academic career and had been a Gold medalist in M.Sc. before stating his Ph D. research on thin films under my guidance. He had to set up the thin film unit from the start and he then successfully completed his Ph.D. research in 1976. In the course of this work he had acquired experience in vacuum techniques, vacuum furnaces and material preparation.

In late 1975, Dr. Jain was given a temporary lecturer's post in Physics, with the assignment of getting the Hitachi transmission electron microscope into working condition after undergoing about a month's training at T.I.F.R.

He alongwith Dr. Y. S. Shishodia, succeeded in doing this and the unit was operating at 50 KV as against a capacity of 100 KV, there were technical problems getting into operation at full capacity.

Dr. Jain had also learnt about techniques of sample preparation and in fact, used the microscope for examining some thin films and mineral samples.

Dr. Jain has also learnt about biological sample preparation at TIFR and recently, in Dr. Shipstone's programme,

Dr. Jain has developed a wide range of technical interests and is, in my opinion, a highly competent experimentalist.

I wish him all success in his career.

1. Selection of Electron Microscopist :

I totally disagree with the recommendations of the selection committee which met on the 23rd March, 1980 to select a qualified person for the post of electron microscopist. The selection committee has, by majority vote, recommended Dr. I. P. Jain, a temporary Lecturer in Physics, for permanent appointment on the post of Electron Microscopist in the pay scale of a Reader. I disagree with the recommendations for the following reasons :

- (a) The essential qualifications advertised by the University for the post of Electron Microscopist stipulate that a candidate holding Master's degree in physics must have his specialization either in Electronics or in Bio-Physics. They further stipulate that he must have adequate background knowledge of the working of an Electron Microscope. The specialization of Dr. I P. Jain, who holds a Master's degree in Physics, is neither Electronics nor Bio-Physics. Further, he has no training or background knowledge in Electron Microscopy. Dr. Jain is thus not eligible for appointment to the post of Electron Microscopist *as he does not fulfil the essential qualifications advertized for the post.*
- (b) Proper procedures have not been followed in prescribing the qualifications for the post. Besides, I have serious reservations about the composition of the Selection Committee which interviewed the candidates.
- (c) The facts presented in the note of dissent given by Professor A S Kapoor, on the recommendation of the Selection Committee to appoint Dr. I P. Jain to the post of Electron Microscopist have already established that Dr Jain does not possess any competence whatsoever for the operational maintenance of the Electron Microscope.

Note of Dissent

(Selections of Readers in Geography held on 25-3-1980)

I register my strong resentment against such negative approach as has been adopted in the selection of readers in Geography inspite of the fact that such highly qualified persons like Dr. H. S Sharma (U. G. C. career awardee) and Dr. R. B. Singh appeared for the interview. The obervation of the Selection Committee that no one was found upto the mark, casts reflection upon the competence of the selection committee itself. The whole exercise seems to be a part of an unfair plan on the part of some powerful persons who matter much in this affair.

Selections in Sanskrit (27-2-1980)

Dr. H. C. Bhartiya,
Member Syndicate.

I do not agree with the recommendations made by the Selection Committee for appointment of Lecturers in Sanskrit, for the following reasons :

1. I find that there are as many as 4 Ph.D. holders who have found place in the reserve and adhoc/temporary categories. They have found this place since they possess certain level of competence. I, therefore, maintain that the non Ph.D. should not have been included in the list of those who have been recommended for permanent appointment.
2. The recommendation for appointment of Shri Basant Jaitly does not seem to be fair as not only that he does not possess the Ph.D. degree, but his academic career is also quite poor. Besides this, it is very unwise and unethical on the part of the University to appoint a person who was directly involved in the displacement of one of the most brilliant temporary teachers namely Dr. (Miss) Santosh Gothwal (who ultimately met a tragic end). This fact, which figures in the Jagat Narain Commission Report, should not have been overlooked.

Note of Dissent

Selection of Lecturers in Business Management (11-4-80)

The recommendation of the Selection Committee both for the permanent appointment and the reserve list, does not appear to be sound. In view of her past records and performances the selection of Dr (Miss) Anjila Rajani may not meet the requirement of the Business Management Institute. The placement of Mrs Shashi Varma (hailing from Simla) in the reserve list, seems to be a part of a long term planning which aims at inducting both Mrs. Varma and her husband Mr. Varma from Simla into the Institute of Business Management in permanent capacity. This kind of approach which seeks to delay the appointments of competent and desirable persons at the earliest will damage the academic interest of the Institute

Promotion for the post of Reader in Chemistry

(15-2 1980 and 19-3-1980)

1. I strongly object to the expression used by the Assessment Committee that Shri P.N. Varma was not qualified for ex-cadre persone promotion. The function of the Assessment Committee was to judge the suitability of the candidates concerned.

2 To my utter surprize I find that nothing has been mentioned about the suitability/un-suitability of the four candidates namely (i) Dr. N. K. Kulshreshtha, (ii) Dr. A. P. Bhargava, (iii) Dr. R.D. Goyal, and (iv) Dr. N. K. Kotiya who appeared before the Assessment Committee on 19-3-1980. The Assessment Committee should have categorically said if all the four persons had been found suitable or only two who have been recommended by the Assessment Committee were found suitable and the remaining two un-suitable.

3. I may mention that the relative merit could have been best judged only if a sound marking system had been adopted. I do not know how the relative suitability of the six candidates involved was adjudged.

APPENDIX—XLIX

(Ref. Res. No. 50 of the minutes of the meeting of Syndicate dated 2/3-5-80)

The Vice-Chancellor,
University of Rajasthan,
JAIPUR.

Respected Sir.

With due respect I beg to submit the following facts for your kind consideration :—

1. That I was appointed as Asstt. Director, Physical Education in the University Main Campus with effect from 18-9-76 and since then I have been serving as a Director, Physical Education in the main Campus of the University.

2. That during this period I was entrusted with double duty viz. University Studies in Law and University P G Girls Main Campus. I have discharged my duties to the entire satisfaction of my seniors, staff games Advisors and the Head of the Department and the students as well. As you are aware, the Law Department is a big department having a strength of students to the tune of 3600 and the activities of the Games pertaining to this department are multifarious but Sir, I don't want to boast for myself still I can say that apart from all considerations I have tried my best to win the hearts of the player students and they have learnt something out of my love, affection and knowledge. The performance of the Law Department as well as U.T.D., girls is a good performance enclosed statement of record will show the truth of my statement. Eight girls were selected for University of Rajasthan Basket Ball, Hockey, Kho-Kho, Cricket team and some of them were selected captain of the University team. In other games also the performance is appreciable. During the current session I and Mrs. Swami were holding the charge of this department and maintained the performance in an appreciable manner. As you know Law College is a nerve centre of all activities what so ever and my feminine character has not deterred my performance in any way. We both with the help of my games advisors and rectors of the Department have done remarkable work for the college and University as well.

3. That the applications for the posts (permanent posts) of Director Physical Education were invited by the University during the year, and I also applied for against one of them. I fulfilled all the requisite qualifications as well as preferential qualifications though some of the applicants do not even possess the requisite qualifications. The Scrutinising Committee composed by the University however, relaxed their conditions without any solid ground.

4. That the personal of Physical Education department hails from two classes viz. (1) who possess Master degree in Arts/Commerce Science etc with diploma in Ph Ed and Certificate Course from Institute of Sports and (2) Those who possess Master Degree in Phy.Ed. This dichotomy has resulted in groupism in this department each group was putting pressures from various quarters to exert their superiority. Representations were given in this respect to the University Authorities.

5. That the Selection Committee composed by the University for the aforesaid selection luckily or unluckily was such that it accepted one line of thinking and the expert was also one who is or has been attached to M. P Ed group. The result was obvious. He selected all the candidates who had been the students of Gwalior College i.e.,

His college leaving aside the claims of candidates belonging to Rajasthan. I became a victim of all these circumstances and despite of my good performance and the interview and a good record of past performance I was not selected. A formula of three male and one female as suggested by some quarters was adopted to ignore my claim.

Sir I have already explain you personally all the developments which were not in your personal knowledge prior to the selection meeting and the conspiracy hatched in this selection. With the result my services are at a snipe. Your goodness is kind enough to extend my services till further orders keeping in view of all the circumstances of the case.

6. That the selection of the candidates on the basis of three plus one formula as mentioned in Para 5 is violative of the principle of equality in the matters of public employment the SEX should not be a valid classification under our Constitutional framework. This is a clearcut case of violation of my Fundamental right under Article 16. So the selection of the candidates for the aforesaid post is not proper and is against the Constitutional mandate enshrined in our Constitution.

7. That in the year 1974 such a situation occurred and the selections recommended by the selection Committee were not approved by the Syndicate of the University as all the four candidates selected were hailing from Gwalior College of Physical Education, Gwalior. Professor Kedar was the Chairman of the Sports Board at that time and he vehemently criticised the selections on various grounds. All the four candidates were not offered permanent appointment by the University. This is a glaring example of bungling in selections.

8. Some of the candidates have also violated rule No. 11 of handbook of the University 1976, Vol. III Part II Page 998

They have canvassed their candidature for the aforesaid post directly and got the hint of the expert Shri Rosbsen coming from Gwalior as a member of the Selection Committee. It is reliably learnt that some of the candidates have also given him a get together while his stay at Jaipur for interview purpose and other receptions. Names of the persons selected were also made known to them.

9. In view of these circumstances and developments. I would humbly request your goodself to do justice in my case and allow me to continue in the present post. I may be also given personal hearing in matter so that I may be able to depict the picture of unreportable matters.

In the end with all humility (submit that justice has not been done with me in the selection board which has given me a lot of pain. I hope you would consider my case sympathetically and order my continuance in service as Director. Physical Education, leaving as de all other reliefs which you may think proper in the circumstances of the case.

With best regards.

JAIPUR,
Dated 8th April, 80

Yours sincerely,
Sd/

Resolved further that in future the condition to the effect that teacher fellows shall not be entitled for the examinerships be incorporated in the letter of offer for appointment as examiners.

A & F SECTION

Section—A

8. The Syndicate considered a letter dated 7-4-1980 received from Dr. Girraj Prasad, Reader in Mathematics requesting that consequent upon his promotion as Reader from 11-4-79 his pay in Reader's pay scale should be fixed granting him one increment in the Lecturer's pay scale and thereafter allowing the next higher stage in the Reader's Pay Scale.

In this connection the Registrar reported that the request is based on the provisions of Rule 26—B of the R.S.R. The said rule is already being followed in the case of University Non-teaching staff on promotion to higher post. Regarding appointments made through Selection Committee the University stand has been that such cases cannot be treated as promotions and therefore, the provisions of Rule 26—B of R S R. are not applicable.

Resolved that the Vice-Chancellor be authorised to take action in the matter.

9. With reference to its Resolution No. 18 dated the 16th/17th December, 1979 the Syndicate considered a demand made by the Rajasthan University Non-Teaching Staff Association requesting for raising rate of House Rent Allowance to 20% of the basic pay to be paid to all categories of Non-teaching employees in the light of the decision of the Syndicate referred to above when it was proposed to increase the rate of House Rent Allowance in respect of Professors invited and appointed on the post of Professor in the University.

Resolved that that aforesaid demand of the RUNTSA be not accepted and status-quo be maintained.

10. The Syndicate considered raising rate of University Contribution to the Provident Fund of the University employees by 2%.

In this connection, the Registrar reported that during the course of discussions on the demands of RUNTSA, the Vice-Chancellor agreed to increase the rate of University Contribution from 10% to 11% and from $8\frac{1}{3}\%$ to 9% and the employees subscription from $8\frac{1}{3}\%$ to 9% for all categories of staff. A letter to this effect was sent to the Government of Rajasthan on 7th Dec., 1979 for its approval. Subsequently, after further discussions, the Vice-Chancellor agreed to increase the University Contribution to the P.F. account of all the categories of the University employees by 2% only instead of 1% and accordingly a letter has also been sent to the State Government on 17-5-80, the reply to which is till awaited.

Resolved that the (i) Registrar's report be recorded (ii) the rate of the University Contribution to the Provident Fund account of all the categories of employees of the University be raised by 2%, and (iii) the employees subscription be also raised by 2%.

Resolved further that consequential amendments to the provisions of S.41 (5) and S.41 (6) of the University Hand Book Part-II be made as follows :—

(I) S.41 (5)

Substitute the figures “10-1/3%” in place of “8-1/3%”.

(II) S.41 (6)

(i) The first para beginning with the words “The University shall” and ending with the words “at the rate of 8-1/3%” *be re-worded* so as to read as follows :

“The University shall (i) in the case of each subscriber drawing salary upto Rs. 1000/-, shall make a monthly contribution at the rate of 12% of the subscriber's salary, and (ii) in the case of each subscriber drawing salary more than Rs. 1000/-, make a monthly contribution at the rate of 10-1/3%”.

(ii) In the existing note (ii) appearing under the Statute 41(6) of the University Hand Book Part II :

(a) *Substitute* the figure "Rs. 1000/- p.m for Rs. 500.00" appearing in the line No. 3 and line No. 5,

(b) *Substitute* the figures "12%" in place of "10% and 10-1/3%" in place of "8-1/3%" appearing in the last two lines of the note.

11. The Registrar reported that the Vice-Chancellor while discussing the demands of the Rajasthan University Non-Teaching Staff Association agreed to increase the rates of daily charges being paid for the supply of medicines by the approved medical attendants as cost of medicines given by them from their clinics as follows :—

<i>Category</i>	<i>Present approved rates</i>	<i>Rates now approved by the Syndicate</i>
1. Approved Private		
Allopathic	Rs. 2/-	Rs 5/-
Doctors/	per	per
Vaidyas	day	day

Resolved that (i) the Registrar's report be recorded (ii) the aforesaid increase in the rate of daily charges payable on supply of medicines by approved private medical attendants/practitioners be allowed, (iii) also that rate of daily charges payable in case of Homeopathic treatment etc. be raised from Re. 1/- to Rs. 2/- per day and (iv) the period of validity limit for payment of daily charges be limited to 20 days only for a treatment.

Resolved further that consequential amendments to the Rajasthan University Medical Attendance Rules be brought before the Syndicate at its next meeting and that the said rules be incorporated in the University Hand Book Part-II in the form of an Ordinance.

12. The Syndicate considered a demand made by the Rajasthan University Non-Teaching Staff Association to the effect that since the pay scales in the University earlier were higher than the pay scales available to their counterparts in the Government of Rajasthan including Govt. of Rajasthan Secretariat, Jaipur (before the University pay scales were equated with the pay scales of Rajasthan Government with effect from 1.9.1968) the University should revise the pay scales for Ministerial staff in the University maintaining the difference that obtained earlier in the corresponding pay scales and till the scales are revised interim relief be paid to the employees.

In this connection, the Registrar informed the Syndicate that (i) the RUNTSA has pointed out that the pay scales prevalent in the University prior to the adoption of the pay scales of the State Government with effect from 1.9.68 were higher than the pay scales available to their counterparts in the service of the Rajasthan Government including persons working in the Rajasthan Government Secretariat at Jaipur. Therefore, the Association demanded that their pay scales be suitably revised by the University maintaining the difference that existed prior to 1.9.1968, and (ii) a comparative statement of pay scales of various categories of non-teaching employees (indicating (a) the scales drawn by them before 1st September, 1968, (b) the revised pay scales adopted w.e.f. 1.9.68 and (c) further revised new pay scales available to the non-teaching employees) was circulated to the members.

Having discussed the matter at length the Syndicate felt that there is a case for consideration and, therefore, the matter be referred to the Finance Committee for consideration along with a note outlining the complete details of the case and necessary data available with the office in the light of the arguments advanced by the RUNTSA to the members of the Syndicate in support of their claims.

13. The Syndicate considered a demand made by Rajasthan University Non-Teaching Staff Association to the effect that the rates of payment of Over-Time to the employees should be revised upwards and that the payment of O.T. Claims, should be made

within 7 days from the date of completion of job for which O.T. is claimed.

In this connection, the Registrar reported that the Vice-Chancellor has appointed a Committee under the Convenership of Prof. J.M. Joshi to look into the problem of O.T. payment to the University Non-Teaching Staff.

Resolved that (i) the consideration of the matter be postponed until the report of Prof J. M. Joshi Committee is received and (ii) in the meanwhile the Vice-Chancellor be authorised to sanction payment of over-time to the staff upto a limit of three months or upto four months, in case of persons whose working beyond even three months over-time limit is considered absolutely necessary.

14. With reference to its Resolution No. 15 dated 16/17th December, 1979, the Syndicate re-considered a demand made by the Class IV Employees Association and the Rajasthan University Non-Teaching Staff Association to the effect that the condition of 50% carry home salary for sanctioning Suvega Loan to the employees getting salary of Rs 290/- and above but less than Rs. 350/-, be waived or in the alternative the deductions on account of C.D.S., L.I.C., Food Grain and Deductions on account of Co-operative Society may not be considered as deductions.

In this connection, the Registrar apprised the Syndicate that at present Suvega Loan is admissible (i) to an employee getting salary of Rs. 350/- or above irrespective of any condition as to the amount of carry home salary and to any employee getting salary between Rs. 290/- p.m. to 350/- p.m., the loan for purchase of Suvega is admissible provided that the carry home salary is at least 50% of the total admissible salary.

The Syndicate viewed the matter in the light of the prevailing situation and resolved that the requirement of the "50% Carry Home Salary" in case of employees drawing a salary between Rs. 290/- to Rs 350/- be relaxed and accordingly the aforesaid employees be considered eligible for grant of Suvega Loan, if their carry home salaries work out to at least 30% of the total admissible salary.

15. The Syndicate considered a demand made by the Staff Associations requesting for adoption of Group Insurance Scheme.

In this connection the Syndicate considered (i) University of Rajasthan Employees (Ministerial & Class IV) Group Insurance Scheme draft Rules, (ii) a letter No. GIS/Dev/dt. 1/6 5.1980 received from the Life Insurance Corporation and (iii) the following suggestions made by the Pro-Vice-Chancellor :—

- (a) The date of commencement of the Group Insurance Scheme be 1.5.1980,
- (b) The amount of insurance per employee insured be Rs. 5000/-.
- (c) The average annual premium per employee on the basis of total number of employees to be covered being 589, is Rs 21 58. The University should initially pay the full amount of premium payable at the beginning of each year of the insurance cover out of its own fund and thereafter recover at source by deduction from the salary bills of March every year.
- (d) The individual employee's agreement for the scheme should be obtained in advance;
- (e) Total financial liability for 589 employees will be Rs. 6,355/- per year and for total number of employees of class III and class IV may be about Rs. 18,000/- per annum.

Resolved that (i) the scheme of Group Insurance for Ministerial and Class IV staff be accepted as proposed with effect from 1.5.1980, (ii) every employee under the Group Insurance Scheme be insured for a sum of Rs 5,000/- (Rupees Five Thousand), (iii) The University may initially pay the full amount of premium payable at the beginning of each year of the Insurance Cover out of its own funds and thereafter recover at source by deduction from the salary bills of March every year. & (iv) the total financial liability as worked out may be met by the University for all the class III and Class IV employees.

Resolved further that future premia be paid on a 50%-50% basis i.e. 50% premium be paid by the employee concerned and

50% be paid by the University and (ii) the draft rules as proposed be approved with the amendments in the aforesaid light (*Vide Appendix—IV*).

16. Arising out of the discussions on the foregoing Resolution No. 9 of these minutes regarding increase in the rate of House Rent Allowance, the Syndicate *clarified its* intention about the decision taken under Resolution No. 18 dated 16/17th December, 1979 stating that the House Rent Allowance @ 20% be paid only to such persons as are invited by the University as Visiting Professors.

17. It was brought to the notice of the Syndicate that the construction work in the University Campus has stuck up for quite a few months which will cost the University more on account of ever increasing prices of building construction material.

The Vice-Chancellor apprised the Syndicate about (i) the reasons on account of which construction works in the campus has got 'held up' and (ii) about the efforts that he has made in this regard to enable the contractors to resume working at the earliest.

(Ref. Res. No. 19 of the minutes of the meeting of the Syndicate,
dated the 22/23rd May, 1980

Minutes of the meeting of the Committee appointed by the Syndicate vide its Res. No. 50/51 dated 16/17th December, 1979 held on Saturday the 8th March, 1980.

| 3. Dr. H. C. Bhartiya | |

Registrar

(Dr. M. P. Mathur could not attend the meeting)

The Registrar apprised the Committee about the existing rules regarding promotion of the ministerial staff. The Committee also perused letter No RUNTSA/Gen./79-80 dated 13th December, 1979 from the RUNTSA.

After deliberations the Committee suggests that the following pattern for the promotion of all categories of the ministerial staff may be followed ;

- 1 From L.D.C. to U.D.C. all the posts (100%, may be filled up by promotion based on seniority of service in the cadre and C.R.
2. From the Office Asstt. to Section Officer all the posts (100%) may be filled up by promotion on the basis of seniority in the cadre and C.R.

The University may be requested to contact the Institute of Business Management or any other similar agency to conduct an annual test in which the ministerial staff can appear and qualify themselves for promotion from U.D.C. to Office Assistant.

For this promotion an interview will be conducted by a properly constituted committee and a merit list will be prepared in which 50% of marks obtained in the written test and 5 % of marks obtained in the interview will be added to prepare the merit list and the promotion will be according to this merit list.

2. Promotion avenues to the Laboratory Staff, Technical Staff and Stenographers working in the University :

(a) The Committee recommends that a 4 grade pattern similar to the one which is existing in the case of ministerial staff (i.e. L.D.C., U.D.C. Assistant, and S.O.) may also be adopted for Laboratory Staff. The designation of these grades could be Laboratory Assistant Grade-I and Grade-II, Senior Laboratory Asstt. Gr. I and Gr. II. It also recommends that the promotion beyond Senior Laboratory Assistant (U.D.C. Grade) will be given on the basis of written examination and interview as recommended for the ministerial staff.

(b) The Committee recommends that the Stenographers Grade I may be upgraded to the grade of Section Officer. It further recommend that promotion of Stenographers Grade II to Grade I may be on the basis of 10 years service length in the University as Stenographer Gr. II and a speed of 100 w. p.m. in shorthand and 40 w. p.m. in typing (in view of this qualifying speed for recruitment to Stenographer Gr. II may be with a minimum speed of 80 w. p.m. in shorthand and 40 w p.m in typing).

(c) Since the Junior Technical Assistants are already in the grade of U.G.C. (Rs. 440-770) and the Senior Technical Assistants in the grade of (Rs. 550-1010), the Committee recommends that the grade of Senior Technical Assistant be divided into two grades namely grade I and grade II as under :—

Grade II	Rs. 550-1010
Grade I	Rs. 620-1100

It was further reported to Committee that there are several persons in the U.D.C. and Assistant cadres who were appointed on the recommendations of the Adhoc Selection Committees, and are temporary working for 2 or more years. The Committee recommends that :—

- (a) Temporary U.D C.s who are working for the last 2 or more years and whose work is satisfactory be placed on probation subject to availability of posts irrespective of their seniority.
- (b) Such temporary Assistants/Accountants who are working for the last 2 or more years and whose work is satisfactory be not required to qualify the proposed test for promotion from the post of U.D.C. to Assistant/ Accountant and they be placed on probation subject to availability of substantive posts and whose work is satisfactory irrespective of their seniority.

The meeting ended with a vote of thanks to the Chair.

**Rajasthan University Administrative officers Association
(J.N. Mathur Memorial Seminar)**

September 15,16, 1979

RECOMMENDATIONS OF THE SEMINAR

1. The University Bodies should formulate policies after taking administration in to confidence and feasibility of execution should be one of the consideration in policy formulation. For this administration should be represented on policy making bodies and the Registrar and other senior administrative officers and the representatives of the administrative officers should be consulted in advance before a policy note is presented to policy making bodies. So far as possible the policies Should not be changed frequently and abruptly.
2. There Should be a coordination mechanism in the administration to bring the policy framers and policy executors in constant interaction in a formal as well as informal manner. This may be done through a high power committee, having representatives of syndicate, senate, Academic Council and representatives of the Registrar's office. The Body should be presided over by the Vice-Chancellor. If possible, the body should meet at least once a month.
3. The rules and procedures of University working should be scientifically reframed and revised. Their implementation should be rigid and strictly in accordance to their spirit. Violation or discretionery use, if any, should be widely notified, assigning reasons.
4. The University administration in order to be autonomous and work oriented should have a unity of command. This is not possible if the superstructures (recently created) in the heirarchy of the University from outside are retained.
5. The University administration is flooded with all sorts of committee. These committees besides being expensive, dialatory and cumbersome create confusion and some of the advisory committees have over—stretched their roles as executive bodies, which eredes the authority of the administrative officers.

6. The office of the Registrar has been the biggest casualty in the University administration during last 10 years. Unless very serious and sweeping reforms are made in the University administration to strengthen the position of the Registrar, his deputies and Assistants in the administration of the University cannot maintain their high moral—The Registrar being the senior most officer at the apex of the hierarchy is a responsible and accountable officer of the University and his authority and powers should be duly recognised by all those who work under his supervision and command.
7. The University personnel should be duly trained in the art and science of University administration. For this a training programme should be devised and a very specialised kind of training should be given to new recruits and middle level officers of the University in the areas of financial administration, examination administration, office administration and University organisation. In addition, orientation courses of sandwich nature be organised for the executives and mixed courses of the teaching and non-teaching faculties may be arranged to develop a continuous interaction and a deep insight in to the professional problems of highly specialised nature.
8. The University administration can be objective oriented only when decentralisation of powers and delegation of authority are honestly attempted at each level. For this specific rules should be reframed in a scientific manner and the junior personnel should be trusted to take up responsibilities and feel like participants in the University administration.
9. The University policy making bodies, besides being plural have representation from academics, students, politics and other walks of life. It must also have representatives from the administration on them. Representatives of the administration should be given seats in University bodies like Syndicate, Senate, Finance Committee, Building committee and similar other bodies of the University administration.
10. The University administration at present operates under very stringent conditions. To make it more efficient, conditions must be made conducive for its efficient working. The extension of the present Administrative building is a condition precedent and several other facilities like telephone, water-coolers, additional staff etc. should be provided in such a manner that the employees do not feel deprived of the bare necessities.

11. The University administration being very different from secretarial administration, has to do a very difficult time bound and creative job of handling the problems of youth and educationists. Naturally the service conditions of the University employees should be at par with the academicians and once this is achieved, it can be possible to have better interaction and the notional hostility in the two wings may also get eliminated.
12. The biggest problems in the University organisation is the mounting number of students. This creates problems at all levels and the University Administration cannot cope with it in its present frame work while it has to confront with the problem within its limited resources. For this it is being suggested that a long range policy of planned development and expansion of the University may be adopted for at least ten years. A blue print or master plan may be prepared on this with some expert advice of a Board and the execution of the policy may be phased accordingly.

APPENDIX-VIII

(Ref Res. No. 22 of the minutes of the meeting of the Syndicate, dated 22/23rd May, 80)

A note on the Pay Scales of Administrative Officers in the University of Rajasthan.

The Administrative Officers in the University viz. the Registrar, the Deputy Registrars and Assistant Registrars were being allowed by the University pay scales as under :—

- | | |
|----------------------|------------------------------|
| (a) Registrar | —the pay scale of Professor. |
| (b) Dy Registrar | —the pay scale of Reader. |
| (c) Asstt. Registrar | —the pay scale of Lecturer. |

Even on date the University maintains, as would be borne by Syndicate Res. No. 25 dated 26/27-5-1979, that the Administrative Officers should be placed in corresponding pay scales allowed to University Teachers.

In 1968 when the question of laying down a well defined pattern for financial assistance to Universities was being considered by the Government of Rajasthan, further when incidentally the question of applicability of Revised pay Scales adopted by the Government on the recommendations of Ranawat Pay Commission from 1-9-1968, to non-teaching employees of the Universities also came up for consideration the Government unilaterally suggested the following equivalence of non-teaching posts in the Universities :—

- | | |
|----------------------------|--|
| (i) L.D.C. | —With L.D C. in the Govt. Secretariat. |
| (ii) U.D.C. | —with U.D.C. in the Govt. Secretariat. |
| (iii) Assistant/Accountant | —with Assistant in the Govt. Secretariat. |
| (iv) Section Supdt. | —to be re-designated as Section Officer and equated with Section Officer in the Govt. Secretariat. |
| (v) Asstt. Registrar | —with junior scale of R.A.S./ R.A.C.S. Officers. |
| (vi) Dy. Registrar | —with senior scale of R.A.S./ R.A.C.S. Officers. |

(vii) Registrar

—with Deputy Secretary of the Rajasthan Secretariat Service.

The University agreed to accept the suggested equivalence of posts upto the level of Section Officers but for Administrative Officers the University reiterated its decision to place them in pay scales allowed to University Teachers.

When the Government further revised the pay scales from 1-9-1976, in deference to the insistence of the Government that the Universities accept the equivalence of administrative posts suggested by the Government, the University proceeded to fix pay of Administrative Officers in the Revised New pay Scales from 1-9-1976, but once again reiterated its stand in the matter that Administrative Officers should be allowed the pay scales as given to University Teachers.

As a result of fixation of pay of Administrative Officers in the Revised New Pay Scales from 1-9-1976 in accordance with the equivalence of posts suggested by the Government, recoveries from some of the officers on account of excess payment of pay and allowances were indicated. The University, therefore, decided that recoveries be held in abeyance and the Government be requested to reconsider its stand in the matter and permit the University to continue to place the Administrative Officers in pay scales of University Teachers.

Regarding the pattern of equivalence of posts, it is pointed out that reasonability of the Government suggestion for departing from the pattern followed upto the level of Section Officers in the case of Administrative Officers has never been intimated by the Government in the University. The logical course would have been to adopt the following equivalence :—

- | | |
|----------------------|--|
| (a) Asstt. Registrar | with Assistant Secretary of the Rajasthan Secretariat Service. |
| (b) Dy. Registrar | with Dy. Secretariat of the Rajasthan Secretariat Service. |
| (c) Registrar | since Registrar's post could not be equated with the post of Secretary, an I.A.S. Officer, his post could be equated with the Director, College Education, a Head of Deptt. Class-I in recognition of the fact the Registrar also is the Head of the University office with wide |

administrative responsibilities in terms of the University Act.

It will not be out of place here to point out that equating the post of Registrar with the post of Deputy Secretary of the Rajasthan Secretariat Service, as suggested by the Govt. would lead to denigration of the post of Registrar and in consequence he would be placed administratively in a disadvantageous position. Naturally it would not be possible for the University to secure the services of a person on the post of Registrar who has the needed qualifications, experience and calibre.

In connection with the suggested equivalence of other Administrative posts in the University with Senior Scale and Junior Scale Officers of the Rajasthan Adm/Accts. Service it is significant to note that whereas officers in the Govt. qualify for automatic promotion from Junior to Senior Scale and from Senior to Selection Scale (in the other case up to 66% and the balance 34% on the basis of merit-cum-seniority), after completing specified period of service in each scale, Administrative Officers do not have such promotional facilities. Both University Teachers and Administrative Officers are appointed through All India open Selections in accordance with the provisions of the Rajasthan Universities Teachers and Officers (special conditions of service) Act, Act No. 18 of 1974. Even prior to 1974 the procedure for appointment of Officers was the same. It has to be appreciated that the Administrative Officers unlike the Officers of the R.A.S./R.A.C.S. do not have the benefit of even one automatic promotion through of their service period, and therefore, their placement in pay scales other than available to University Teachers would place them in a disadvantageous position.

APPENDIX—IX

(Ref. Res. No. 23 of the minutes of the meeting of the Syndicate dated the 22/23rd May, 1980.)

Minutes of the Meeting of the Committee Constituted by the Vice-Chancellor to consider the Feasibility of giving Subsidy to the wards of the Non-income-tax Paying University Employees towards their Tuition fees Charged in the various Educational Institutions, held on Monday the 19th of May, 1980 at 12.00 Noon in the New V.C. The Committee was also apprised of the data collected by the University Office regarding the present position of some of the University employees, their children getting education in various institutions and the expenditure they incur on their education.

After a good deal of discussions the Committee has recommended as under :

2. APPENDIX—X

(Ref. Res. No. 30 (B) of the minutes of the meeting of the Syndicate dated the 22/23rd May, 1-80).

Report of the committee for considering the cases of Temporary/ad-hoc Teachers.

The Committee recommends :

1. Persons who have, after facing a statutory selection committee, received appointment letters specifically stating that their posts are on an ad-hoc basis, shall not be deemed eligible for permanent appointments without again facing a statutory selection committee and been recommended by it for the same.
2. Persons who, after appearing before a statutory selection committee, have received letters of appointment explicitly stating that they are appointed on temporary basis, shall be considered eligible for absorption against any new permanent posts which arise during the course of one year from the date of the selection committee meeting. This recommendation is only for current cases referred to this committee as arising out of discussions held between the Rajasthan University Teachers Association and the University Administration.
3. The above provision for absorption to permanent posts shall not apply in those cases where a selection committee has recommended a lesser number of persons for permanent appointment than the number of permanent vacancies existing at the time when the meeting of the concerned selection committee took place.

The committee will shortly make recommendations for ensuring a uniform policy for temporary/ad-hoc appointments in future.

APPENDIX—XI

(Ref Res. No. 30 (B) of the minutes of the meeting of the Syndicate dated 22/23rd May, 1980).

Copy of letter No. 572 dated 22nd May, 1980 received from Dr. K.S. Mathur, Director, P.G. Studies in Commerce and Principal, Commerce College, Jaipur.

Dear Dr. Iqbal Narain,

I am enclosing a representation of the teachers of the Department of Business Administration, who were appointed on a temporary basis in this session (*Vide Annexure*).

The reasons given by these teachers for not making the 'lecturers appointed on ad-hoc basis' permanent are very sound and just. I strongly feel that University job is a very coveted post, and only persons who have been thoroughly interviewed by statutory selection Committees should be appointed as Lecturers (or Readers and Professors). Appointments on ad-hoc basis or temporary basis are made just as a make shift arrangement when competent persons are not available to be appointed as permanent hands. In the case of the Department of Business Administration, for example, only two candidates were found suitable to be appointed as permanent lecturers. Had other teachers given good performance, they too would have been selected as permanent lecturers.

The University has to give a good image to the public and others in respect of its academic activities. Teachers with first class academic performance can prove good teachers and satisfy the students in the classes. Poor teachers spoil the image of the teachers and are always a source of headache to the administration. There are constant complaints against such teachers and there is great indiscipline in the departments and Colleges on account of bad teaching by such teachers.

My experience has been that teachers appointed on temporary basis or ad-hoc basis have, on the whole not given satisfactory performance. It will be suicidal for the University if these teachers who have been appointed on temporary or ad-hoc basis are made permanent. It will also be a very bad precedent for other posts, whenever they lie vacant.

I request you to place my letter before the Syndicate for its consideration.

With regards.

ANNEXURE

To,

Dr. K S. Mathur
Professor in Accountancy and
Business Statistics
Director, Post Graduate Courses
Faculty of Commerce
University of Rajasthan,
Jaipur.

Sub : Appointment of "ad-hoc lecturers" on permanent basis.

Respected Dr. Mathur,

We the temporary lecturers working in the Department of Business Administration wish to place before you following facts for sympathetic consideration by yours high honour :

I. *Selection of Lecturers Against Permanent Posts :*

The Statutory Selection Committee for selection of lecturers in this Department met on 10th August, 1979. 19 candidates appeared before the committee. While there were 5 substantive posts, only 2 candidates were recommended to be appointed against such posts and the rest of the candidates were thus found unsuitable for permanent appointment.

II. *Ad-hoc Appointment :*

In view of the resolution number 38 (iii) of the Syndicate dated 18th July, 1979 that "temporary appointments be made by the Vice-Chancellor against leave or any other vacancy on the recommendations of a selection committee." the committee also recommended the appointment of 9 (Nine) candidates against ad-hoc vacancies.

III. *Appointment of "Ad-hoc Lecturers" as Permanent Lecturers :*

We have learnt that the University is seriously considering to make these lecturers permanent and the Syndicate is meeting on 22nd May & 23rd May, 1980 interalia, to make them permanent.

We strongly feel that these lecturers cannot be made permanent for such appointments would be *Illegal, Ethically Indefensible and Academically Suicidal* for the following reasons.

(i) *These lecturers are Incompetent :*

While there were 5 substantive posts, only 2 posts were filled up and 3 posts were left vacant. It is obvious that, in the opinion of the Selection Committee, except

2 candidates, none was competent or suitable for permanent appointment.

(ii) *It is illegal*

The "adhoc lecturers" have been appointed on temporary basis as per their appointment letter (A copy of their appointment letter is attached) and vide resolution 38 (iii) of the syndicate dated 18th July, 1979, which is quoted below :

"the temporary appointments lasting not more than a session may be made by the Vice-Chancellor against leave or any other vacancy on the recommendation of a selection committee constituted under the provisions of the Act which may also draw a panel for such likely vacancies in the current or ensuing session."

The Syndicate also resolved that (Resolution 38 VI)

"The persons appointed on temporary basis or recommended by the Statutory selection committee for temporary appointment shall be required to face the statutory selection committee again for permanent appointment."

Thus, if they are made permanent it would be against the resolution of the Syndicate and would also defeat the basic purpose of their appointment.

- (iii) The list of "adhoc lecturers" is not a reserve list. The selection committee did not prepare a list of candidates reserved for permanent appointment. Where the selection committee was of the opinion (in cases of Departments of Geology and Political Science) that a candidate is competent but there is no substantive post, it prepared a list to be reserved for permanent appointment. No such recommendation was made by the selection committee in the Department of Business Administration.

We earnestly request your goodself to consider this case sympathetically. We also request you to forward it to the Vice-Chancellor with your favourable recommendation.

With respectful regards,

Yours faithfully,

1. It is true that in the UGC pay scales there is no provision for promotion schemes and as such a different criteria for fixation of teachers in the UGC scales by promotion cannot be adopted. However, the committee feels that the University teachers who have been benefitted by 5% Personal Promotion Scheme or 55 years of age promotion scheme (ex-cadre) should be given the benefit of pay fixation according to the Rajasthan Service Rules [Rule 26(a)] and the government may be requested to agree to it.
- 2 The Secretary, RUTA Dr. R.B. Singh pointed out that the House rent charged by the University for University accomodation allowed to the teachers should be charged at the rates applicable in case of teaching employees of government of Rājasthan who have also been given UGC scales which was agreed.

2. Absentee examinees
3. Benefit of better performance
4. Benefit of carry forward of papers
5. Examination dates

The committee decided to recommend as under in regard to each of the above points.

1. Question of grace marks :

The Ist Year LL.B. candidates covered by the special scheme shall get 6 marks as grace marks for purpose of final aggregation of marks for passing the examination. No grace marks shall be given for enabling them to pass in separate papers (A candidate is deemed to have passed in any paper if he gets 36% of marks. He passes the examination if he makes up 48% in aggregate).

2. Absentee examinees :

If a candidate opts to take up any three papers in any of the special examinations but withdraws his option or remains absent in respect of such paper(s), then he shall be deemed to have obtained the same marks in such paper or papers as he obtained in the earlier examination(s).

3. Benefit of better performance :

If a candidate opts to take any of the three papers for any special examination held under this scheme but has obtained higher marks in the earlier examination(s) under the scheme, then he shall have the advantage of the better (best), performance.

4. Benefit of carry forward of papers :

The proposed scheme of carry forward for the LL.B Ist Yr. students admitted in 1979 should also have the benefit of carry forward of papers under the new scheme of reform in the LL.B. examination.

5. Examination dates :

The law examination for 1980 should be held subject to other relevant conditions with effect from 18th Aug. 1980. The date sheet (Ist, 2nd and 3rd year examinations) shall be prepared on the clockwise basis with a day's gap on which date examinations for LL.M. and Diploma course should be arranged.

APPENDIX—XLII

(Ref. Res. No. 52 of the minutes of the meeting of the Academic Council dated 25/26, 27th May, 1980)

Minutes of the Committee constituted by the Academic Council on 6th October, 1979.

The Academic Council vide its resolution No. 8 dated 6th October, 1979 constituted a Committee consisting of the following :

1. Prof Iqbal Narain (Convener)
2. Dr. M.L. Mishra
3. Dr. N.K. Singhi
4. Shri R.N. Mukerjee
5. Dr. K.C. Sharma
6. Dr. M.C. Vaish
7. Prof. K.C. Joshi

2 The Committee had two meetings and took decisions about the details of Merit-cum-Promotion Scheme. The criteria of transfer of existing senior posts and the transformation of the junior ones into senior posts in these two meetings. When Dr. Iqbal Narain became Vice-Chancellor he requested Prof. K.C. Joshi to become convener and complete the remaining work of the Committee concerning particularly questions of promotional avenues for class III and class IV employees. The minutes presented here are, therefore, partial in the sense that they cover only the first two meetings in which decisions were taken about teaching posts only.

3. The Committee began with the discussion of rationale for Merit-cum Promotion Scheme. It recognised that the number of senior posts in the University was far less than the number of deserving qualified persons. This had brought about a situation of frustration. It was, therefore, thought necessary that the University should be a pioneer in evolving a Merit-cum-Promotion Scheme through which the following objectives could be achieved :

- (i) Incentives for study and research may be provided;
- (ii) Disproportion between higher and lower posts may be removed;
- (iii) Deserving persons may have promotional opportunity so that situation of stagnation may not remain there and feelings of deprivation may also be removed;
- (iv) The scheme was also thought necessary to stop exodus of talent from the University to other centres of learning; and

- (v) Finally, flexibility could be provided to the existing University's structure to enable it to retain merit irrespective of number of senior posts in the department;

4 Discussions also took place about the name of the Scheme. By and large the members/prefer to call/would the Scheme as Merit Recognition Scheme rather than Merit-cum-Promotion Scheme.

5. The Committee devoted considerable time to the issue of criteria and eligibility and decided as follows :—

- (i) The Scheme should be opened to permanent employees of the University with 5 years permanent service in any cadre;
- (ii) A teacher asking for evaluation of his work for promotion to the higher post should have the UGC eligibility qualification at the time when he makes an application for this purpose; and
- (iii) There should be no bar on his applying again for re-valuation for getting a higher post, but he should be allowed to do so only after 2 years.

6. The Committee also thought about the evaluation process and decided as follows :—

- (i) The evaluation of the teacher under reference will be made by the three experts in the field;
- (ii) In case there is difference of opinion, the Vice-Chancellor will call a meeting of experts and invite the candidate for discussion also, if the experts so desire;
- (iii) The Vice-Chancellor will pick up 3 experts from the panel for evaluation of the work under reference, who should belong to the sub-field of the candidate; and
- (iv) The Staff Council will prepare a broad-based panel with specialisation in all major fields which would later be confirmed by the Academic Council.

7. The Committee would also like to suggest that the launching of the Scheme should not mean increase in work-load as far as possible because the members of the department should contribute their bit to the launching of the Scheme by agreeing to share the work-load.

8. The Committee was also concerned about financial implications of the Scheme which according to it should be marginal. These could be adjusted against internal savings. The

Govt. could also be requested for special grants. The UGC may also help because it is also thinking in terms of evolving a Merit-cum-Promotion Scheme almost with the same objectives.

9. The applications for consideration in the Merit Recognition Scheme could be made any time during the year, but preferably only twice, i.e., once in March and the next in September.

10. The Committee then considered the criteria for the transfer of existing higher posts to some departments, which have not been filled so far. The Committee thought that rationalisation of number of senior posts between one department and another should not be the exclusive criteria. Academic thrust of the department and its developmental pattern, on the contrary, be the key criteria. Coupled with these, availability of talent, departmental needs and above all, inter-departmental advantage should also be kept in view.

11. The administration informed the Committee that the following posts were lying unutilised in the various teaching departments :—

- | | |
|-------------------------------|--|
| (i) Adult Education | : Reader—1 |
| (ii) Gen. Education | : Reader—2 |
| (iii) English | : out of 7 vacancies of lecturers, 4 can be transferred to other departments if the respective bodies agree. |
| (iv) Chemistry | : out of 9 vacancies of lecturers, 4 can be transferred to other departments. |
| (v) Physics | : out of 10 vacancies of lecturers, 4 can be transferred to other departments. |
| (vi) Dean Students Welfare | : Professor—1 |
| (vii) Principal of Colleges | : Professor cadre—1. |
| Maharani's College. | |

The Committee considered the question of up-grading of some lecturership into senior posts to constitute a common pool for use in the Merit Recognition Scheme. It was thought that out of 7 vacancies of lecturers in English 4 can be used for conversion into senior posts. Similarly, 4 out of the 9 vacancies in the Chemistry department could be used for this purpose. Finally 4 out of 10 vacancies of the Physics department could be used that way.

A formula will have to be evolved for the conversion of lecturerships into readerships and professorships so that financial implications could be balanced.

Further, one readership in Adult Education and 2 readerships in Gen. Education could be placed in the common pool for use. These could also be converted into Professorships.

Finally one Professorship earmarked for Dean, Students Welfare and another for Principal for Maharani's College could be placed in the pool.

If the Scheme cannot be immediately launched, it would be desirable to transfer atleast the existing Readers and Professors posts to some department/research centres, preferably in a manner that they could serve the needs of more than one department. Actual allotment could be left to the Vice-Chancellor who could ascertain the needs of various departments on the basis of the criteria suggested above and allot accordingly.

The meeting ended with a vote of thanks to the Chair.

The committee decided to recommend as under in regard to each of the above points.

1. Question of grace marks :

The 1st Year LL.B. candidates covered by the special scheme shall get 6 marks as grace marks for purpose of final aggregation of marks for passing the examination. No grace marks shall be given for enabling them to pass in separate papers (A candidate is deemed to have passed in any paper if he gets 36% of marks. He passes the examination if he makes up 48% in aggregate).

2. Absentee examinees :

If a candidate opts to take up any three papers in any of the special examinations but withdraws his option or remains absent in respect of such paper(s), then he shall be deemed to have obtained the same marks in such paper or papers as he obtained in the earlier examination(s).

APPENDIX—XLII

(*Ref. Res. No. 52 of the minutes of the meeting of the Academic Council dated 25/26, 27th May, 1980*)

Minutes of the Committee constituted by the Academic Council on 6th October, 1979.

The Academic Council vide its resolution No. 8 dated 6th October, 1979 constituted a Committee consisting of the following :

1. Prof Iqbal Narain (Convener)
2. Dr. M.L. Mishra
3. Dr. N.K. Singhi
4. Shri R.N. Mukerjee
5. Dr. K.C. Sharma
6. Dr. M.C. Vaish
7. Prof. K.C. Joshi

2 The Committee had two meetings and took decisions about the details of Merit-cum-Promotion Scheme. The criteria of transfer of existing senior posts and the transformation of the junior ones into senior posts in these two meetings. When Dr. Iqbal Narain became Vice-Chancellor he requested Prof. K.C. Joshi to become convener and complete the remaining work of the Committee concerning particularly questions of promotional avenues for class III and class IV employees. The minutes presented here are, therefore, partial in the sense that they cover only the first two meetings in which decisions were taken about teaching posts only.

3. The Committee began with the discussion of rationale for Merit-cum Promotion Scheme. It recognised that the number of senior posts in the University was far less than the number of deserving qualified persons. This had brought about a situation of frustration. It was, therefore, thought necessary that the University should be a pioneer in evolving a Merit-cum-Promotion Scheme through which the following objectives could be achieved :

- (i) Incentives for study and research may be provided;
- (ii) Disproportion between higher and lower posts may be removed;
- (iii) Deserving persons may have promotional opportunity so that situation of stagnation may not remain there and feelings of deprivation may also be removed;
- (iv) The scheme was also thought necessary to stop exodus of talent from the University to other centres of learning; and

- (v) Finally, flexibility could be provided to the existing University's structure to enable it to retain merit irrespective of number of senior posts in the department;

4 Discussions also took place about the name of the Scheme. By and large the members/prefer to call/would the Scheme as Merit Recognition Scheme rather than Merit-cum-Promotion Scheme.

5. The Committee devoted considerable time to the issue of criteria and eligibility and decided as follows :—

- (i) The Scheme should be opened to permanent employees of the University with 5 years permanent service in any cadre;
- (ii) A teacher asking for evaluation of his work for promotion to the higher post should have the UGC eligibility qualification at the time when he makes an application for this purpose; and
- (iii) There should be no bar on his applying again for re-valuation for getting a higher post, but he should be allowed to do so only after 2 years.

6. The Committee also thought about the evaluation process and decided as follows :—

- (i) The evaluation of the teacher under reference will be made by the three experts in the field;
- (ii) In case there is difference of opinion, the Vice-Chancellor will call a meeting of experts and invite the candidate for discussion also, if the experts so desire;
- (iii) The Vice-Chancellor will pick up 3 experts from the panel for evaluation of the work under reference, who should belong to the sub-field of the candidate; and
- (iv) The Staff Council will prepare a broad-based panel with specialisation in all major fields which would later be confirmed by the Academic Council.

7. The Committee would also like to suggest that the launching of the Scheme should not mean increase in work-load as far as possible because the members of the department should contribute their bit to the launching of the Scheme by agreeing to share the work-load.

8. The Committee was also concerned about financial implications of the Scheme which according to it should be marginal. These could be adjusted against internal savings. The

Govt. could also be requested for special grants. The UGC may also help because it is also thinking in terms of evolving a Merit-cum-Promotion Scheme almost with the same objectives.

9. The applications for consideration in the Merit Recognition Scheme could be made any time during the year, but preferably only twice, i.e., once in March and the next in September.

10. The Committee then considered the criteria for the transfer of existing higher posts to some departments, which have not been filled so far. The Committee thought that rationalisation of number of senior posts between one department and another should not be the exclusive criteria. Academic thrust of the department and its developmental pattern, on the contrary, be the key criteria. Coupled with these, availability of talent, departmental needs and above all, inter-departmental advantage should also be kept in view.

11. The administration informed the Committee that the following posts were lying unutilised in the various teaching departments :—

- | | |
|-------------------------------|--|
| (i) Adult Education | : Reader—1 |
| (ii) Gen. Education | : Reader--2 |
| (iii) English | : out of 7 vacancies of lecturers, 4 can be transferred to other departments if the respective bodies agree. |
| (iv) Chemistry | : out of 9 vacancies of lecturers, 4 can be transferred to other departments. |
| (v) Physics | : out of 10 vacancies of lecturers, 4 can be transferred to other departments. |
| (vi) Dean Students Welfare | : Professor—1 |
| (vii) Principal of Colleges | : Professor cadre—1. |
| Maharani's College. | |

The Committee considered the question of up-grading of some lecturership into senior posts to constitute a common pool for use in the Merit Recognition Scheme. It was thought that out of 7 vacancies of lecturers in English 4 can be used for conversion into senior posts. Similarly, 4 out of the 9 vacancies in the Chemistry department could be used for this purpose. Finally 4 out of 10 vacancies of the Physics department could be used that way.

A formula will have to be evolved for the conversion of lecturerships into readerships and professorships so that financial implications could be balanced.

Further, one readership in Adult Education and 2 readerships in Gen. Education could be placed in the common pool for use. These could also be converted into Professorships.

Finally one Professorship earmarked for Dean, Students Welfare and another for Principal for Maharani's College could be placed in the pool.

If the Scheme cannot be immediately launched, it would be desirable to transfer atleast the existing Readers and Professors posts to some department/research centres, preferably in a manner that they could serve the needs of more than one department. Actual allotment could be left to the Vice-Chancellor who could ascertain the needs of various departments on the basis of the criteria suggested above and allot accordingly.

The meeting ended with a vote of thanks to the Chair.

Sir,

The various papers for the M.Phil. examination had been approved by the relevant bodies of the University but the detailed syllabi had not been given in the syllabus. The difficulty during the last two years was not felt because the paper-setter was internal and therefore the detailed syllabi had not been sent by the department earlier. Now that the papers are to be set by external examiners, the details of the various papers have been discussed by the M Phil. Committee and are being enclosed herewith. Kindly instruct the office to send the detailed syllabi to the paper setter so that the work of examination may not be delayed.

Yours faithfully,

महामहिम राज्यपाल एवं कुलपति महोदय,

राजस्थान सरकार, जयपुर ।

विषय :—कृषि एवं पशु चिकित्सा महाविद्यालयों में कृषि वर्ग से हायर सैकण्डरी उत्तीर्ण छात्रों को प्रवेशार्थ प्राथमिकता दिलवाने के क्रम में ।

महोदय,

उपयुक्त विषयान्तर्गत निवेदन है कि राजस्थान में मात्र चार-पांच कृषि एवं पशु चिकित्सा महाविद्यालय कृषि वर्ग के छात्रों के अध्ययनार्थ उपलब्ध है । और इनमें भी नये छात्रों के लिए स्थान सीमित हैं । इन सीमित स्थानों में भी गणित एवं विज्ञान वर्ग के छात्रों को प्रवेश में प्राथमिकता के मिलने के कारण बहुत से कृषि वर्ग से हायर सैकण्डरी उत्तीर्ण छात्रों को निराश होना पड़ता है ।

गणित एवं जीव विज्ञान के छात्रों को प्रवेशार्थ प्राथमिकता के पीछे यह तर्क दिया जाता है कि महाविद्यालय के प्रथम वर्ष में छात्रों को विज्ञान वर्ग के विषय ही पढ़ाये जाते हैं । श्रीमान की जानकारी के लिये निवेदन है कि कृषि वर्ग के विद्यार्थी भी सैकण्डरी कक्षाओं में रसायन विज्ञान एवं भौतिक विज्ञान विषयों का अध्ययन करते हैं ।

कृषि वर्ग के विषयों में बोर्ड द्वारा आयोजित परीक्षा प्रश्नपत्रों में वस्तुनिष्ठ तथा बहुविकल्प वाले प्रश्नों (भाग—अ) का अभाव रहता है । अतः निबन्धात्मक प्रश्नों की सीमित सं० के कारण छात्रों को कम अंक मिलते हैं और इस वर्ग के छात्र विज्ञान वर्ग के छात्रों से पिछड़ जाते हैं ।

उल्लेखनीय है कि विज्ञान वर्ग के छात्रों के लिये मैडिकल वेटरनी, इंजीनियरिंग आदि के द्वार खुले हैं लेकिन कृषि वर्ग के विद्यार्थियों के लिये तो कृषि महाविद्यालय के अतिरिक्त कोई चारा नहीं है ।

देश का राजस्थान ही एक ऐसा प्रदेश है जहां कि कृषि तथा पशु चिकित्सा महाविद्यालयों में विज्ञान वर्ग के छात्रों को प्रवेश में प्राथमिकता एवं कृषि वर्ग के छात्रों के प्रति उदासीनता वर्ती जाती है । जबकि देश के सभी कृषि तथा पशु चिकित्सा महाविद्यालयों में कृषि वर्ग के छात्रों को ही प्रवेश दिया जाता है ।

अतः श्रीमान से सानुरोध निवेदन है कि राज्य के सभी कृषि एवं पशु चिकित्सा महाविद्यालयों में कृषि वर्ग से हायर सैकण्डरी परीक्षा उत्तीर्ण करने वाले छात्रों को ही प्रवेश दिलवाने की व्यवस्था करवाने का आदेश प्रदान कर अनुगृहीत करें। यदि इस संस्वरूप में अगले शिफा सत्र से पूर्व आदेश प्रसारित नहीं हुए तो हमें आन्दोलनात्मक रख अपनाने को बाध्य होना पड़ सकता है : विश्वास है कि श्रीमान कृषि वर्ग के विद्यार्थियों की युवा शक्ति एवं समय को आन्दोलन का रख अपनाने से पूर्व अपेक्षित निर्णय से लाभान्वित करने की कृपा करें।

APPENDIX—IX

(Ref. Res. No. 33 of the minutes of the meeting of the Ac. Council, dated 25 26/27th May 1980)

Minutes of the committee appointed by the Academic Council vide its Res. No. 39 dated the 27/28th July, 1979 to consider the question of allowing admission to the candidates passing the Senior School Certificate Examination under 10 +2 pattern at the end of 12th year to part II of BA/BSc/BCom (Hons) courses held on 3.4.80 at 12. 0 noon in the Vice Chancellor's Secretariate. University Campus, Jaipur.

Present

1. Principal. M. M. Gupta (Convener)
2. Prof. B. L. Saraf

Note :—The Deans of the Faculties of Social Sciences/Arts/ Fine Arts could not attend the meeting.

The committee perused the contents of Academic Council Res. No. 39, dated 27/28th July, 1979 and an explanatory note prepared by the controller of Examinations on the subject. (Vide Annexure I).

The committee resolved that the candidates who qualify their 10+2 scheme are also eligible for admission to Honours course at the 2nd year level. However, the candidates will have to appear in a test examination conducted by the University at the Jaipur Centre alone which will be in the subjects of the 1st Year Honours Course. The time, duration for such a test, the contents of such a test and the paper setting procedure will be decided by the respective Boards of Studies in the respective subjects. It is recommended that these tests may be limited to a duration of one hour in subjects like Hindi and English or subsidiary subjects belonging to any faculty. Further the candidates may not be asked to appear in a test of the Honours subject because they are going to study the same subjects for their honours study during the two years that they are going to be in the Honours class.

The meeting ended with a vote of thanks to the chair.

(Convener)

ANNEXURE—I

Note on the proposal for allowing candidates passing the Higher Secondary Examination at the end of XII year under 10+2 pattern to seek admission to the Honours Pass-2 class and 3 yrs. Honours course.

The existing 3 year Honours Course was introduced w.e.f. the session 1976-77. Such candidates as have passed the Pre-University examination of the University or Higher Secondary examination of the Board of Secondary Education Rajasthan (excluding the technical 'B' course) or an examination recognised as equivalent thereto with atleast 45% marks in the aggregate, are eligible for admission to the Honour's Part-I class. There is no provision in the existing rules for direct admission to the Honours Part-II class. A candidate can switch over from Honours course to the Pass course after passing Honours Part I examination but no candidate can be admitted directly to the Honours Part II class. The scheme of examination of the existing 3 years Honours course is as follows :

B.A. (Honours)

	<i>Subsidiary subjects</i>	<i>Honours subjects</i>
Part I	Group A—2 subjects consisting of one paper each. Group B—One subject consisting of two papers.	One subject consisting of two papers.
Part II	Group A—One subject consisting of one paper. Group B—One subject consisting of two papers.	One subject consisting of two papers.
Part III	Nil	One subject consisting of four papers.

B.Sc. (Honours)

Part I	Group A—Two subjects consisting of one paper each. Group B—One subject consisting of two papers.	One subject consisting of two papers in the case of physics and Geology and 3 papers in the rest of the subjects.
Part II	Group A—One subject consisting of one paper.	One subject consisting of two papers in the case of Physics and Geology and 3 papers in the rest of the subjects.

Group B—One subject consisting of two papers.

Part III	Nil	One subject consisting of four papers.
----------	-----	--

B.Com. (Honours)

Part I	Group A—Two subjects consisting of one paper each.	One subject consisting of two papers.
--------	--	---------------------------------------

Group B—Three subjects consisting of one paper each.

Part II	Group A—One subject consisting of one paper.	One subject consisting of two papers.
---------	--	---------------------------------------

Group B—One subject consisting of two papers.

Part III	Nil	One subject consisting of 4 papers.
----------	-----	-------------------------------------

The Academic Council at its meeting held on 22nd June, 1978 (res. no. 15) considered a proposal for allowing admission of candidates passing Part I examination of the 3 year Honours Course from other Universities to Part II class of the 3 year Honours course in this University, but did not accept the same. This shows that the Academic Council was not in favour of allowing direct admission to the Honours Part II class of the 3 year Honours course to any student even if he had passed Honours Part I examination of a similar course from some other University, let alone the candidates passing First year examination of the T.D.C. Pass course or the Intermediate examination or an examination recognised as equivalent thereto.

If a candidate passing XII year examination under 10+2 pattern of the Central Board of Secondary Education, Ajmer is allowed admission to the Honours Part II class, the same facility will have to be extended to the students passing First year examination of the T.D.C. Pass course from this University or the Intermediate examination or an examination recognised as equivalent thereto.

Candidates passing First year T.D.C. examination or the Intermediate Examination of a statutory Board or University recognised by the Syndicate, are at present allowed direct admission to the II year T.D.C. class (Pass course) on the condition that along with the II year T.D.C. examination, they shall be required to appear at and pass the First Year T.D.C. examination also in such compulsory subjects as are prescribed for the First year

T.D.C. examination of the University but were not covered by them at the qualifying examination and in such core/optional subjects as they offer in the II year T.D.C. exam. but were not covered by them at the qualifying examination and are prescribed for the First year T.D.C. examination of the University. If the candidates passing the XII year examination of 10+2 pattern or the First year T.D.C. examination or the Intermediate examination, are allowed direct admission to the Honours Part-II class they will have to be required to clear such subsidiary and Honours subjects of Honours Part I examination as were not covered by them at the qualifying examination. It is for consideration whether the students will be able to carry this additional load and whether such facility will be in the interest of maintaining academic standards.

The condition of requiring students of higher classes to clear some papers of lower classes and the facility of appearing in back papers along with a higher examination creates many practical difficulties. It is felt that if students passing XII year examination of 10+2 pattern or the First year T.D.C. examination (Pass Courses) or the Intermediate examination are to be allowed admission to the Honours Part II class, they should be allowed to do so only when the aforesaid examination are considered equivalent to the Honours Part I examination and there should be no condition of clearing any papers of Honours Part I examination along with Honours Part II exam. It may be added that such candidates as are allowed direct admission to Honours Part II class, will be given a degree mentioning that they have obtained the degree after 2 years study of the Honours Course.

Sub :—Exemption of papers in which more than 50% Marks obtained in aggregate in LL.M.

Sir,

I may be permitted to invite your honour to consider the above cited subject on the following facts :—

1. That I am a student of LL.M. (Part II) class of Dungar College Bikaner.
2. That in LL.M. (Part II) Eamination, 1979 I secured 152 Marks in three papers viz, 40 in second, 42 in third and 70 in fourth paper out of 301 marks. The University has exempted only one paper whereas in these three papers I have got more than 50% marks in aggregate.
3. Similarly, in LL.M. (Part I) Examination I have already cleared two papers obtaining 103 Marks out of 200 Marks. Now in one paper I have secured 48 Marks in Paper I. The aggregate marks in three papers becomes 151 which are more than 50% Marks.

I request you kindly to consider the case and exempt me in those papers in which I have secured more than 50% marks in aggregate, both in Part I & II Examinations.

A true copy of the Mark-sheet is enclosed.

With humble regards,

Yours obediently,
